D. 3SquaresVT Allotment Tables

1. Current Tables

Monthly allotments for households of up to 10 members, as of 10/1/2014, are contained in the following tables. Locate the net income (not rounded) on the table for the correct household size. As noted, categorically eligible households of one or two members are eligible for benefits of at least $16, even if the tables do not show a benefit amount at their net income levels.

NOTE: Benefits can be figured manually for these households as follows:

thrifty food plan of household size
– net income x 30% (rounded up)
= allotment

2. Formula for Households of More Than 10 People

To determine the issuance to households of 11 or more members use the following method, illustrated here for a household of 11 with a net monthly income of $1,295.16:

a. Multiply the household's net monthly income by 30%:

$1,295.16
x 30%
$ 388.55
$ 389.00 Round up to the whole dollar.

b. For each member in excess of 10 people, add $146 to the maximum allotment (thrifty food plan) for 10 people:

1 person x $146 = $146 + $1,461 = $1,607

This is the maximum allotment for the larger household (11 people).

c. To get correct allotment, subtract the rounded 30% net income figure (a.) from the new maximum allotment (b.)

$ 1,607 max. allotment
– 389 net income
$ 1,218 allotment

This is the maximum allotment for the larger household (11 people).

3. Percentage Reduction

When demand for benefits exceeds the supply of funds, almost all households will have their allotments reduced by a certain percentage in order to stretch available benefit dollars. Currently no percentage reduction has been ordered.
