ESSENTIAL EARLY EDUCATION

Essential Early Education (EEE) services are preschool special education and related services. They are provided by local school districts to children ages three through five who have a developmental delay or a medical condition which may result in significant delays by the time the child enrolls in elementary school.

These services are provided in preschool or childcare classrooms, and/or in the child's home according to the unique needs of the child

FAMILY, INFANT & TODDLER PROJECT OF VERMONT

Vermont has established 12 Regional Teams and Regional Host Agencies to implement early intervention services for children birth to three with disabilities and their families.

Each region has a Core Team composed of a Social Worker, Community Resource Parent and a Regional Early Interventionist/Local Essential Early Education Representatives.

The Core Team determines eligibility for early intervention services.

HEAD START

Each of Vermont's seven regional, federally funded Head Start programs provides education, health, nutrition, community and social services to low-income children (ages 3-5) and their families. Parent partnership is a cornerstone of the program.

Three Vermont Head Start programs also serve children from birth to age three with Early Head Start. Head Start Programs include mental health services, and services for children with disabilities.

PARENT CHILD CENTERS

The 16 parent child centers in Vermont (some are called family centers) form a network and share the common goal of enhancing the well being of children and families through coordinated services that are responsive to families needs. Parent child centers are often the settings for childcare resource & referral programs, the local Family, Infant, Toddler Project, Early Education Initiative program, Success by Six, and other programs. Some also operate licensed early childhood programs and/or play groups on site.

CHILD CARE SERVICES

The Child Care Services Division's mission is to promote the development of a comprehensive childcare system, which enhances the wholesome growth, and educational development of children.

The primary goal of the Child Care Services Division is to increase the availability of safe, affordable, high quality childcare programs in Vermont. This is done by developing and supporting services such as:

- The Child Care Subsidy Program;
- Protective Services Child Care;
- Family Support Child Care;
- Training and Technical Assistance to Child Care Providers;
- Grants for development and improvement of school age programs;
- Mini-grant for enhancing quality to child care programs;
- Grants for Resource and Referral;
- The Consumer Concern Line, and
- Regulating oversight

COMMUNITY MENTAL HEALTH AND DEVELOPMENTAL SERVICES

- **Community Mental Health/Developmental Services**

The Vermont Department of Developmental and Mental Health Services is responsible for the provision of services to children and adults who have developmental disabilities, a severe and persistent mental illness, and/or a severe emotional disturbance. The Department intends to have these services, to the extent possible, delivered within the context of the individual's family, home and community. The Department will ensure that all services are delivered in a cost effective, clinically effective, and timely fashion. It is the Department's goal to empower people to live as independently and productively as possible.

SUCCESS BY SIX

Success by Six is Vermont's comprehensive early childhood initiative. In its broad vision Success by Six is a systematic view of services and supports that cut across traditional or organizational boundaries. Neither a single program, nor a collection of programs, it is a unified strategy to promote better outcomes for all Vermont children and their families.

Each county provides Welcome Baby Visits. Local projects provide for:

- Playgroups
- Library hours
- Parent support groups
- And more.....

Children's Upstream Services

(CUPS)

CUPS is a 5-year, 5.7million federal grant project awarded by the Federal Center for Mental Health Services. The goal of CUPS is to expand community based mental health services to enhance the well-being of young children who are experiencing a severe emotional disturbance and their families.

Services being provided in the 12 regions of the state are:

Intervention Services- crisis outreach, case management, intensive home based services, respite care

Consultation for child care and other direct services providers

Training across agencies

Flexible Funding

Parent peer support
