

Rutland Northeast Supervisory Union

Below are the results from the Ready Kindergarten Questionnaire your district completed last fall. Nine kindergarten teacher in your supervisory union completed this questionnaire for 95 kindergartners in the beginning of the 2008-2009 school year. The first chart below illustrates **the percentage of kindergartners who were rated as “Practicing” or “Performing Independently” on all the items within each domain.** The items listed for each domain represent tasks and/or skills a kindergartner might demonstrate upon his/her entry into kindergarten. The second chart shows the percent of students who achieved this standard in four, three, two, one, or no domains. Note: Results for the Health & Well-Being domain are not reported, due to a high proportion of incomplete responses.

Please note that there were several important changes in the survey instrument as of the ‘04-‘05 year. These included the addition of a “don’t know” response option, and a revised set of items in the Cognitive Development & General Knowledge domain. Thus, you should use caution when comparing these results to those of prior years. These results are not meant to identify students who are “not” ready for school, but rather are offered as information about the broad skills children in your supervisory union demonstrate upon entry into kindergarten. For your further information, your supervisory union’s results are compared to the state aggregate results.

To offer you more specific information, the percentage of students who were rated as “Practicing” or “Performing Independently” is listed for each item within each domain in Table 1. The numbers in bold are the percentages that are represented in the figure above (note these are NOT averages of the individual item percentages, but the proportion of children who met the standard on *all* items within the domain). It will be important to discuss these results with your kindergarten teachers, with parents, and with child care providers in your community in order to fully interpret their meaning. Some questions to guide your discussions might be:

1. Are our kindergartners demonstrating the skills that we are hoping they would have upon entry into school?
2. Are there areas where we should focus our efforts to better prepare our future kindergartners for school?
3. How can we as a community ensure that more of our young children are “ready” for school?

Table 1: The percentage of students in the supervisory union and the state who were rated as “Practicing” or “Performing Independently” the item or skill.

Questionnaire Item	Rutland NE	State-Wide
Social and Emotional Total: “practicing” or “performing independently” on ALL items	69.1	66.9
Can meet/play with different children	87.4	87.4
Uses-problem solving skills in social situations	74.7	71.9
Separates easily from caregiver	95.1	91.9
Appropriately expresses emotions	83.2	82.2
Adapts to transitions	89.5	88.4
Interacts positively with adults	97.9	91.7
Approaches to Learning Total: “practicing” or “performing independently” on ALL items	71.3	66.2
Follows simple rules	84.2	85.1
Persists with self-directed activity	87.4	87.4
Appears enthusiastic	93.6	90.3
Uses a variety of strategies	84.2	80.5
Pays attention	77.9	79.2
Engages in conversation	82.1	84.8
Knows how and when to use adults	86.3	84.6
Initiates activities in the classroom	85.3	84.4
Is curious	91.6	85.5
Communication Total: “practicing” or “performing independently” on ALL items	86.3	81.3
Communicates needs	92.6	90.8
Understands simple directions	88.4	90.3
Cognitive Development/General Knowledge Total: “practicing” or “performing independently” on ALL items	70.6	61.2
Shows awareness of how books are organized and used	85.3	88.3
Can recall and explain sequences of events	80.2	78.9
Recognizes name in print	95.8	91.3
Engages in imaginative play	91.4	90.7
Shows beginning awareness of letter/sound correspondence	77.7	73.5
Can identify 10 or more letters of the alphabet	76.1	78.0
Uses scribbles, symbols, or letters to write or represent words or ideas	80.0	74.6
Shows ability to count 5 or more objects using one-to-one correspondence	89.5	88.2
Can identify several basic geometric shapes	93.1	88.1
Health & Well-Being Total: meeting standard on ALL items	N/A	N/A
Demonstrates self-help skills	93.7	96.0
Ability to learn rarely appears inhibited by illness	N/A	N/A
Ability to learn rarely appears inhibited by fatigue	N/A	N/A
Ability to learn rarely appears inhibited by hunger	N/A	N/A
