METHODS AND STANDARDS OF ESTABLISHING PAYMENT RATES - OTHER MEDICAL CARE  
(Continued)

31. Durable Medical Equipment Prosthetics/Orthotics, and Supplies (DMEPOS)

Other Durable Medical Equipment, Prosthetics/Orthotics, and Supplies Fee Schedule services not covered under the Medicare OPPS payment methodology will be paid at ~~98%~~~~100%~~ of Medicare's Vermont Rural Rate (VR rate) or Vermont Non-Rural Rate (VNR rate) when no Rural Rate was available. Rates are updated annually using the most recent Medicare rates.

For manually priced codes for dates of service on or after 1/1/2021, DVHA will reimburse invoice cost plus 30% or MSRP minus 15%, up to the billed charge, whichever is lower. The Vermont Medicaid Fee Schedule lists codes that are manually priced.

All rates are published on the DVHA website.
