GCR 22-102  
PROPOSED

Changes to ACO and Out-of-Network Prior Authorization Requirements

Policy Summary:
The Vermont Medicaid program proposes to remove out-of-network prior authorization requirements for elective inpatient admissions for seven out-of-state facilities enrolled with Vermont Medicaid:

1. Albany Medical Center
2. Baystate Medical Center
3. Berkshire Medical Center
4. Boston Children’s Hospital
5. Dana Farber Cancer Institute
6. Lahey Clinic
7. Tufts Medical Center

The providers above are currently considered out-of-network for Vermont Medicaid. Out-of-network hospitals require prior authorization for all elective inpatient and outpatient services. As of January 1, 2023, the above providers will no longer need to submit out-of-network prior authorization requests to Vermont Medicaid for non-urgent, non-emergency elective inpatient admissions provided to Vermont Medicaid members. This waiver of prior authorization does not include services with a special rate agreement, nor does it apply to out-of-network elective outpatient office visits or out-of-network elective outpatient procedures. Please refer to the [Department of Vermont Health Access Fee Schedule](#) to confirm prior authorization requirements. This change is being made as a result of [Act 140 of the 2020 Vermont legislative session](#).

The Vermont Medicaid program also proposes to align out-of-network prior authorization requirements to be the same for all members, regardless of whether a member is attributed to the Vermont Medicaid Next Generation Accountable Care Organization (ACO). Out-of-network prior authorization requirements are currently waived for ACO-attributed members. Effective January 1, 2023, prior authorization requirements for out-of-network elective inpatient admissions, outpatient procedures, and office visits will be reinstated for ACO-attributed members. The waiver of prior authorization for elective inpatient admissions for the providers listed above will also apply to ACO-attributed members.
Effective Date:
January 1, 2023

Authority/Legal Basis:
Medicaid State Plan
Act 140 of the 2020 Vermont legislative session

Population Affected:
All Medicaid

Fiscal Impact:
This change is expected to be budget neutral.

Public Comment Period:
November 2, 2022 – December 2, 2022
