

State of Vermont

AGENCY OF HUMAN SERVICES

OFFICE OF THE SECRETARY
280 State Drive
Waterbury, Vermont 05671-1000

September 2022

Mr. Darryl Mayes
Director, Division of Cost Allocation
Department of Health and Human Services
26 Federal Plaza, Room 41-122
New York, New York 10278

Mr. Mayes:

Attached is the Vermont Agency for Human Services' (AHS) cost allocation plan amendment, effective July 1, 2022, with required certifications.

In compliance with the CAS requirements in the Public Assistance Cost Allocation Plan (PACAP) Checklist, changes to the documents from the previous submission have been identified using bold, yellow highlighted font and all deletions have been identified using red, strike-out font. Changes pre-dating the current quarter have been identified using blue font accompanied by an effective date of the change.

This submission includes ongoing cost pools to track allowable expenses for the federal appropriations enacted by P.L. 116-127 (Families First Coronavirus Response Act), P.L. 116-136 (Coronavirus Aid, Relief, and Economic Security Act, known as the "CARES Act"), P.L. 116-260 (Consolidated Appropriations Act, 2021), and P.L. 117-2 (American Rescue Plan Act of 2021), as well as the AHS emergency response to the COVID pandemic. Specific to the Coronavirus Relief Fund (Fund) under section 601(a) of the Social Security Act, as added by section 5001 of the CARES Act, cost allocation methodologies are updated quarterly to reflect the U.S. Treasury's most recent guidance regarding allowable uses of the Fund.

To reduce the size of this document, we will include the SPMP and RMTS material only when there is a change to the materials. We will include a statement in section XI. Time Tracking, Time Study Information and Training Guides and Appendix C. SPMP Job Descriptions and Claiming Methodologies, indicating that there were no changes in the quarter being submitted to affirm this understanding. The time study and SPMP information will be retained in our CAP files and will be available upon request.

The primary change in this amendment versus prior amendment submissions is the division of the Health Surveillance unit within the Vermont Department of Health into two units – the Laboratory Sciences and Infectious Disease unit and the Health Statistics and Informatics unit.

Please contact Candace Elmquist 802-241-9056 or AHS.COCAP@vermont.gov if you have any questions.

Sincerely,

DocuSigned by:

I. CERTIFICATIONS

CERTIFICATION OF OUTSIDE COSTS

I hereby certify that wherever costs are claimed for services provided by a governmental agency outside the State of Vermont Agency of Human Services that they will be supported by a written agreement that includes at a minimum: (i) the specific services(s) being purchased; (ii) the basis upon which the billing will be made by the provider agency (e.g., time reports, number of homes inspected, etc.); and (iii) a stipulation that the billing will be based on the actual costs incurred, except where the cost involved are specifically addressed in the State of Vermont Agency of Human Services Public Assistance cost allocation plan. The person signing the certifications must have at least a high-level understanding of the plan and its purpose.

I declare that the foregoing is true and correct.

State and Local Cost Allocation Plans

CERTIFICATION OF PUBLIC ASSISTANCE COST ALLOCATION PLAN

This is to certify that, in accordance with 45 CFR 95.507(b)(8). I have reviewed the cost allocation plan submitted herewith and to the best of my knowledge and belief:

- (1) The information contained in this cost allocation plan is prepared in conformance with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, effective December 26, 2014.
- (2) The costs are accorded consistent treatment through the application of generally accepted accounting principles appropriate to the circumstances.
- (3) An adequate accounting and statistical system exists to support claims that will be made under this cost allocation plan.
- (4) The information provided in support of the proposed cost allocation plan is accurate.

I declare that the foregoing is true and correct.

IV. INTRODUCTION

The Vermont Agency of Human Services (AHS) mission is to improve the conditions and well-being of Vermonters and protect those who cannot protect themselves. Whether helping a family access health care or child care, protecting a young child from abuse, supporting youth and adults through addiction and recovery, providing essential health promotion and disease prevention services, reaching out to elder Vermonters in need of at-home or nursing home assistance, enabling individuals with disabilities to have greater independence, or supporting victims and rehabilitating offenders, AHS serves Vermonters with compassion, dedication, and professionalism. AHS has operated since 1969 to serve as the umbrella organization for all human service activities within state government.

The Departments under AHS are: Department of Children and Family Services (DCF), Department of Disabilities, Aging and Independent Living (DAIL), Department of Vermont Health Access (DVHA), Vermont Department of Health (VDH), Department of Mental Health (DMH), and the Department of Corrections (DOC). Appropriate costs allocated as benefitting the Secretary's Office are further reallocated across all other agency-specific benefitting objectives, as described throughout this narrative.

For the administration of the CAP, AHS and the Departments use a web-based software tool to calculate the quarterly CAP results. AHS and each of the Departments have their own unique version of the application to run their costs through the software. Effective 7/1/2015, AHS switched to the web-based, proprietary cost allocation software, AlloCAP™; therefore, the quarter ending 9/30/2015 was the first quarter that processed using the software. The software was configured specific to the needs of AHS and each of the Departments' expenditures to appropriately allocate costs as described in the CAP narrative herein. The AlloCAP™ software is hosted on the vendor's server; the vendor is Public Consulting Group, Inc. (PCG). AHS is responsible for processing the CAP and does so at the close of each quarter using the vendor's software.

AlloCAP™ allows the user to import quarterly expenditure data. The data is coded according to the codes assigned to the costs in the state's accounting system and utilized to identify costs in the CAP narrative. These common cost pools are then applied against the appropriate statistics for allocation purposes, as described in the rest of this CAP narrative. Statistics allocate cost pools (Program Codes) using a four step-down methodology. Cost pools and assigned allocation statistics are identified further in this CAP narrative. Statistics used include time study results, total cost methodologies, case counts, position counts, etc. Through AlloCAP™, AHS and the Departments also have access to reports that describe where the money gets allocated to, which allocation methods are used for each cost pool, and what statistics are assigned for each allocation method.

IX. COST ALLOCATION METHODOLOGIES AND DEPARTMENTAL ORGANIZATIONAL CHARTS

A. AHS SECRETARY'S OFFICE

I. Introduction

The following narrative represents the cost allocation plan (CAP) for the State of Vermont, Agency of Human Services (AHS). For purposes of this narrative, AHS is also referred to as the "Office of the Secretary", as it is the Secretary's Office, which through its six member Departments and a network of community partners and providers, is responsible for the implementation and delivery of all human service programs within the state. Each Department has a distinct area of focus and responsibility and contributes to the creation and sustenance of an entire system of human service supports. As a single entity, the Agency builds a continuum of care that protects and supports vulnerable Vermonters, addresses individual, family and regional crises as they arise, develops and promotes whole population approaches to physical and behavioral health works to build economic self-sufficiency and keeps Vermont communities safe. The Departments are: Department of Children and Family Services (DCF); Department of Disabilities, Aging and Independent Living (DAIL); Department of Vermont Health Access (DVHA); the Vermont Department of Health (VDH); Department of Mental Health (DMH) and the Department of Corrections (DOC). Appropriate costs allocated as benefitting the Secretary's Office are further reallocated across all other agency-specific benefitting objectives.

The Agency of Human Services strives to improve the health and well-being of Vermonters today and tomorrow and to protect those among us who are unable to protect themselves. In carrying out this mission, the Agency vision to ensure this is to:

- The reduction of the impacts of poverty in our state and the creation of pathways out of poverty
- The promotion of health, well-being and safety in our communities
- An enhanced focus on accountability and effectiveness in achieving our goals
- The assurance of high quality health care for all Vermonters

II. Organizational Chart

III. Cost Allocation Methodologies

With the January 1, 2017 extension of the Global Commitment to Health 1115 Waiver, administrative costs are not included in the budget neutrality agreement. Administrative costs will be reported on the appropriate CMS-64.10 Base reporting line. However, administrative costs associated with investments that are strictly administrative in nature are subject to the budget neutrality limit and are reported on the “Investments” or “DSR investments” waiver forms. Investment administrative costs for Green Mountain Care Board, Health Research and Statistics, Patient Safety Adverse Events, and Area Health Education Centers (AHEC) receive 50% FFP.

Cost allocation methodologies are updated quarterly to reflect the U.S. Treasury’s most recent guidance regarding allowable uses of the Coronavirus Relief Fund under section 601(a) of the Social Security Act, as added by section 5001 of the Coronavirus Aid, Relief, and Economic Security Act (‘Cares Act’).

Organizational Unit 1: Indirect Cost Allocations

Nature and Extent of Services: The Agency of Human Services Secretary’s Office is assessed costs from the State of Vermont, Agency of Administration who negotiates the annual State Wide Indirect Cost Allocation Plan (SWICAP) with the Federal Government. The approved statewide indirect costs applicable to AHS are included in the CAP and allocated to the appropriate benefiting objectives.

Program Code	Program Name	Description	Allocation Method
10000.1	SWICAP- AHS	AHS Allocation of State Wide Indirect Costs	Positions Across AHS
10000.2	SWICAP- DAIL	DAIL Allocation of State Wide Indirect Costs	Direct to DAIL
10000.3	SWICAP- DOC	DOC Allocation of State Wide Indirect Costs	Direct to DOC
10000.4	SWICAP- VDH	VDH Allocation of State Wide Indirect Costs	Direct to VDH
10000.5	SWICAP- DVHA	DVHA Allocation of State Wide Indirect Costs	Direct to DVHA
10000.6	SWICAP- DCF	DCF Allocation of State Wide Indirect Costs	Direct to DCF
10000.7	SWICAP- DMH	DMH Allocation of State Wide Indirect Costs	Direct to DMH

Organizational Unit 2: Secretary's Office

Nature and Extent of Services: The Secretary's Office for the Agency of Human Services oversees the operations of the Agency (including Administrative Support), its Divisions, and Departments.

The Health Care Reform unit is responsible for planning, implementing and coordinating health care reform initiatives across state government by overseeing collaborations for health care reform among executive branch agencies, departments, offices and the Green Mountain Care Board. This includes Medicaid policy development and interpretation for eligibility and coverage including the Global Commitment to Health Waiver, Medicaid State Plan and Children's Health Insurance Program; administers grievances, appeals and fair hearings; processes public records requests; and directs quality improvement activities. These efforts are designed around four goals: reducing health care costs and cost growth, assuring that all Vermonters have access to and coverage for high quality care, assuring greater fairness and equity in how we pay for health care, and improving the health of Vermont's population.

The Policy Division is responsible overseeing the direction of policy and planning efforts across the Agency of Human Services and its six departments. Work involves a wide range of complex policy initiatives across the spectrum of health and human services and ensuring a coordinated and integrated approach to policy development, strategic planning and direction setting, and direction setting for Agency priorities and the development, implementation and support of a culture of performance accountability. The division is responsible in defining scope, direction and priorities for AHS major legislative projects and planning.

The State Refugee Office director is a federally mandated position (45 CFR 400.2) and directs the US Resettlement Program for the state, in compliance with federal statutes and regulations.

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
37004	CSO	Costs associated with the Governor's Constituent Services Office	Direct to General Funds
37101	Health Care Operations, Compliance and Improvement	Project work assigned by the AHS Secretary's Office.	Quarterly enrollment for GC, CHIP, and all other benefiting programs
37102	Health Care Reform Director	Project work assigned by the AHS Secretary's Office	Total salaries across the Health Care Reform unit
37110	Health Care Operations, Compliance and Improvement Support Staff	Support staff provides assistance for the unit.	Quarterly enrollment for GC, CHIP, and all other benefiting programs
37111	Portfolio Management Group	Costs associated with the Portfolio Management Group that cannot be attributed to the "PORT IAPDs" or another specific project.	Total Salaries across the Portfolio Group
37178	Mobile Crisis Intervention Grant	Costs associated with the Mobile Crisis Intervention Grant	Direct to Mobile Crisis Intervention Effective 4/1/2022

Program Code	Program Name	Description	Allocation Method
42040	HCBS Admin	Administrative costs associated with the HCBS Spend Plan	Direct to HCBS Spend Plan Medicaid Admin
42041	HCBS Investment	Costs associated with HCBS Spend Plan Investments	Direct to HCBS Spend Plan Investment
42044	HCBS Capital Improvement	Costs associated with HCBS Spend Plan Capital Improvement	Direct to HCBS Spend Plan Capital Improvement

Organizational Unit 3: Operations Division

Nature and Extent of Services: The Chief Operations Officer oversees many of the day to day activities of the Secretary's Office, at the direction of the Agency deputy secretary. The duties can vary considerably from working to improve operational efficiency, problem solving and handling logistics to acting as EEO and ADA Officer for the agency. This wide range of responsibilities includes the following Secretary's Office units/operations:

Boards & Commissions: Developmental Disabilities Council – The Vermont Developmental Disabilities Council is a state-wide board led by people with developmental disabilities and their families. It is charged with conducting comprehensive review and analysis of services & supports in Vermont and informing the Governor and other policymakers about issues impacting the lives of individuals with developmental disabilities. Human Services Board – The Board is a citizen's panel consisting of seven members. Its duties are to act as a fair hearing board for appeals brought by individuals who are aggrieved by decisions or policies of departments and programs within the Agency of Human Services. SerVermont - SerVermont is Vermont's State Service Commission. Its mission is to support, promote and recognize volunteerism and community service in Vermont. SerVermont is part of the Vermont Agency of Human Services, and national service is the means through which we work on the agency's mission to improve the health and well-being of Vermonters today and tomorrow, and to protect those among us who are unable to protect themselves.

Emergency Management – The Director of Emergency Management directs all aspects of activities for State Support Function 6 (mass care, emergency assistance, housing, and human services) and coordinates with all AHS Departments to meet the Agency's responsibilities for all-hazards emergency response.

Facilities – Facilities manages all of the spaces that AHS occupies in both State-owned property and leased space.

Workforce Development – Workforce development provides resources, programs, and training including leadership development, new employee orientation, and process improvement. Included in this effort is engaging the workforce in professional development, continuous improvement and organizational and cultural change.

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
37050	Operational Services	Costs associated with Operational Services.	Positions Across AHS
37181	Health Care Advocate – Vermont Legal Aid	Costs associated with the Health Care Advocate office.	Quarterly update based on total number of cases by coverage type provided by VT Legal Aid
37190	Legal Services – Vermont Legal Aid	The Agency contracts annually with VT Legal Aid to provide legal advice and representation to low income persons, such as representation in administrative proceedings before the Human Services Board, and other administrative and judicial proceedings.	Quarterly update based on caseload data provided by VT Legal Aid

Program Code	Program Name	Description	Allocation Method
37220	Human Services Board	This unit conducts fair hearings regarding clients who feel that they have been disadvantaged within the Agency of Human Services system.	Quarterly update based on Case Count of Results of Human Services Board fair hearings.
37647	DDC IHPP	Costs associated with the VDH MOU for Inclusive Healthcare Partnership Project	Direct to DDC IHPP
37648	DDC Public Health Workforce	Costs associated with DDC's Public Health Workforce grant	Direct to DDC Public Health Workforce
37649	DDC Operating – State Plan	Operating costs associated with the Developmental Disabilities Council State Plan activities	Direct to Developmental Disabilities Council
37650	DDC Administration	Salary costs associated with the Developmental Disabilities Council.	Direct to Developmental Disabilities Council
37651	DDC Steering Committee	Costs associated with the Developmental Disabilities Council Steering Committee.	Direct to Developmental Disabilities Council
37652	DDC Contracts-State Plan	Contractual costs associated with the Developmental Disabilities Council State Plan activities.	Direct to Developmental Disabilities Council
37653	DDC Leadership Series	Costs associated with Developmental Disabilities Council Leadership Series.	Direct to Developmental Disabilities Council
37654	DDC Grants	Sub-grants used in the Developmental Disabilities Council Program.	Direct to Developmental Disabilities Council
37655	DDC State Plan	Salary costs associated with the Developmental Disabilities State Plan.	Direct to Developmental Disabilities Council
37656	DDC Special Funds	Costs associated with Developmental Disabilities Council Leadership Series	Direct to DDC Special Funds
37657	DDC Operating	General operating costs associated with the Developmental Disabilities Council.	Direct to Developmental Disabilities Council
37658	DDC Contracts - Admin	Contractual costs associated with the Developmental Disabilities Council. Administrative activities	Direct to Developmental Disabilities Council
37664	DDC COVID	Costs associated with DDC's COVID grant	Direct to DDC COVID

Program Code	Program Name	Description	Allocation Method
37961	SerVermont – Competitive Grant	National and Community Service Act of 1990 for community-based initiatives.	Direct to CNCS AmeriCorps Competitive Grant
37962	SerVermont – Formula Grant	National and Community Service Act of 1990 for community-based initiatives.	Direct to CNCS AmeriCorps Formula Grant
37965	SerVermont – Administrative	Administrative costs for staff to support community-based initiatives in education, public safety, health, and the environment.	Direct to CNCS AmeriCorps Operations Grant
37966	SerVermont – Administration – General Funds	Administrative cost for staff to support community-based initiatives in education, public safety, health, and the environment.	Direct to General Funds
37969	SerVermont – Volunteers in Service to America (VISTA) Supervision	VISTA provides full-time members to nonprofit, faith-based and other community organizations, and public agencies to create and expand programs that bring low-income individuals and communities out of poverty.	Direct to VISTA
37971	SerVermont – VISTA Training	Costs associated with operating the VISTA program.	Direct to VISTA Training
37972	SerVermont – VISTA Cost Share	Costs associated with the CNCS Cost Share expenditures.	Direct to VISTA Cost Share
37973	SerVermont Fixed Comp VHCB	Costs associated with CNCS Fixed Competitive Grant for Vermont Housing and Conservation Board (VHCB).	Direct to CNCS Fixed Comp Grant
37976	SerVermont 19 Train & Tech	Costs associated with carrying out training and technical assistance for SerVermont programs.	Direct to CNCS 19 TTA Grant
37977	SerVermont Comp ARP	National and Community Service Act of 1990 for community-based initiatives funded with American Rescue Plan funds	Direct to CNCS AmeriCorps Competitive Grant
37978	SerVermont Comp Match Replacement	Match replacement for the National and Community Service Act of 1990 for community-based initiatives funded with American Rescue Plan funds	Direct to CNCS AmeriCorps Competitive Grant

Program Code	Program Name	Description	Allocation Method
37979	CNCS Admin – ARP	National and Community Service Act of 1990 for community-based initiatives funded with American Rescue Plan funds	Direct to CNCS AmeriCorps Operations Grant
37981	SerVermont Formula ARP	National and Community Service Act of 1990 for community-based initiatives funded with American Rescue Plan funds	Direct to CNCS AmeriCorps Formula Grant
37982	SerVermont Formula Match Repl	Match replacement for the National and Community Service Act of 1990 for community-based initiatives funded with American Rescue Plan funds	Direct to CNCS AmeriCorps Formula Grant
39399	COVID-19	Time and supplies used in the day-to-day infectious disease epidemiology and disease control work related to the 2019 outbreak of novel coronavirus (e.g., contact tracing, calls to contacts, microbiologists, etc).	Direct to ELC CARES

Organizational Unit 4: Field Services

Field Services has broad responsibility for the operations of all Agency of Human Services functions within each region. Regional Field Directors are charged with assuring the optimal functioning of the Agency, oversight of district offices and mobilization of the local community to design and implement a human services system which contributes to the health and well-being of all Vermonters.

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
40450	AHS Field Services	Costs associated with the Field Services staff salaries and benefits	Positions Across AHS Non-Institutional Staff
40451	COC Planning Grant	Costs associated with Field Service staff salaries and benefits as it related to the City of Burlington's programs related to serving chronically homeless individuals.	Direct to General Funds
41002	Service Coordination	Sub-grants to provide service coordination for families and individuals referred through the State as short term or temporary lead case management.	Direct to General Funds
41003	Direct Service Dollars	Sub-grants to provide direct supports and create community collaborations for individuals and families in need throughout the state.	Direct to General Funds

Organizational Unit 5: Fiscal Division of Administrative Services

Nature and Extent of Services: Fiscal Operations coordinates the development of the Agency's budget to ensure that departmental programs reflect the Governor's priorities and are in compliance with legislative requirements. The Unit develops financial status reports and manages Global Commitment and Medicaid funds state-wide, including associated federal reporting and fiscal compliance under the State's 1115 waiver. The Fiscal Unit also coordinates all federal block grant and statewide single audit functions, updates the federal cost allocation plans and manages the receipt and reconciliation of federal funds per year. In addition, the Unit is responsible for reviewing and approving all AHS contracts and grants for the Agency of Human Services and works to coordinate the financial interests of the Health Care Portfolio.

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
37003	AHS-DCF Expenses	Costs associated with DCF	Direct to DCF
37010	Fiscal Operations Unit	Financial staff assigned directly to the Secretary's Office fiscal duties.	Total Salaries across all Secretary's Office staff.
37011	Audit Unit	Costs associated with monitoring A133 audit issues and with monitoring the agreements with sub- recipients throughout the Agency.	Annual results of the AHS Schedule of Expenditures of Federal Awards (SEFA) by Department
37013	Medicaid Unit	Costs associated with monitoring and reporting of the health care expenses and revenues statewide	Quarterly enrollment for GC, CHIP, and all other benefiting programs

B. DEPARTMENT OF CHILDREN AND FAMILIES (DCF)

I. Introduction

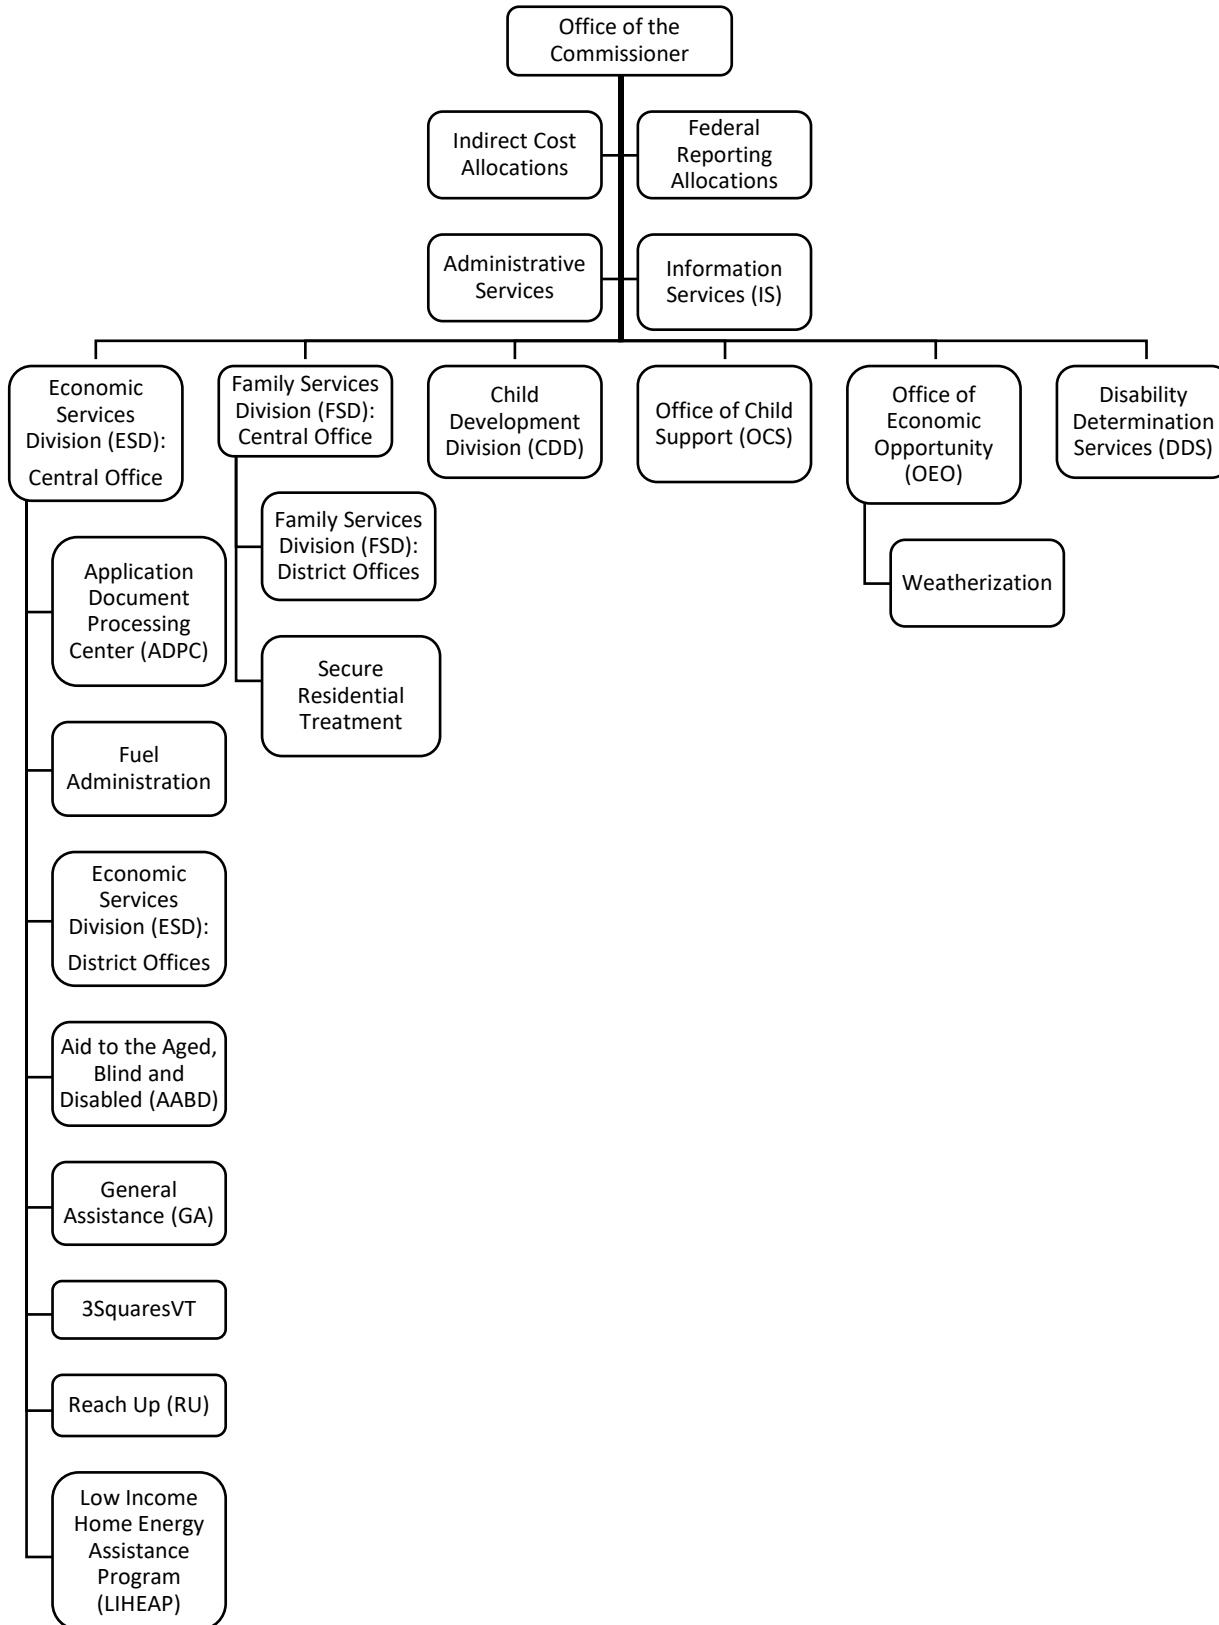

The following narrative and supporting schedules represent the public assistance cost allocation plan for the State of Vermont, Agency of Human Services (AHS), Department for Children and Family Services (DCF). DCF is the “single state agency” for the Title IV-E, Title IV-B, Title IV-D, Temporary Assistance to Needy Families (TANF), Child Care Development Fund (CCDF) and Food Stamps programs.

It is the mission of DCF to promote the social, emotional, physical, and economic wellbeing and safety of Vermont’s children and families. This work is done through the provision of protective, developmental, therapeutic, probation, economic, and other support services for children and families in partnership with schools, businesses, community leaders, service providers, families, and youths statewide.

The major Divisions and Offices within DCF are the Child Development Division (CDD), the Office of Child Support (OCS), the Family Services Division (FSD), Economic Services Division (ESD), Disability Determination Services (DDS), and the Office of Economic Opportunity (OEO).

Within this document, we have included an overview of DCF’s organizational structure and a list of the specific functions performed by DCF, referred to as plan departments or cost pools, and the allocation method for each function. Please note that cost pools are developed based on VISION program codes. VISION is the State of Vermont’s accounting system.

II. Organizational Chart

III. Cost Allocation Methodologies

With the January 1, 2017 extension of the Global Commitment to Health 1115 Waiver, administrative costs are not included in the budget neutrality agreement. Administrative costs will be reported on the appropriate CMS-64.10 Base reporting line. However, administrative costs associated with investments that are strictly administrative in nature are subject to the budget neutrality limit and are reported on the “Investments” or “DSR investments” waiver forms. Investment administrative costs for Green Mountain Care Board, Health Research and Statistics, Patient Safety Adverse Events, and Area Health Education Centers (AHEC) receive 50% FFP.

The program codes shown within each organizational unit represent the most likely unit(s) to charge expenses to these cost pools (with the exception of Organizational Units 1 and 10, Indirect Cost Allocations and Federal Reporting Allocations). These organizational units provide general guidance on the appropriate program code usage, but do not limit the use of a program code across Divisions when necessary.

Cost allocation methodologies are updated quarterly to reflect the U.S. Treasury’s most recent guidance regarding allowable uses of the Coronavirus Relief Fund under section 601(a) of the Social Security Act, as added by section 5001 of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”).

Organizational Unit 1: Indirect Cost Allocations

The Department for Children and Families (DCF) is assessed costs from both the State of Vermont, called the SWICAP, and the Agency of Human Services Central Office, for activities performed on its behalf.

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
1000.1	Statewide Indirect Cost Allocation Plan (SWICAP) DCF SWICAP	DCF allocation of Statewide Indirect Costs.	Total Salaries Across All DCF Staff (not including fringe)
1000.2	AHS Audit Unit	DCF allocation of costs related to Audit expenses	Total Salaries Across All DCF Staff (not including fringe)
1000.3	AHS Secretary’s Office	DCF allocation of AHS Secretary’s Office costs	Total Salaries Across All DCF Staff (not including fringe)
1000.4	AHS— Information Technology (IT)	DCF allocation of costs related to AHS Information Technology expenses.	Total Salaries Across All DCF Staff (not including fringe)
1000.5	Financial Statement and Internal Controls § Audit Expenses	DCF allocation of costs related to Statewide Audit and Internal Control Audit expenses	Total Salaries Across All DCF Staff (not including fringe)
1000.6	Human Services Board	DCF allocation of Human Service Board costs.	Total Salaries Across All DCF Staff (not including fringe)
1000.7	Human Resources Investigations § Staff Unit	DCF allocation of Human Resources Investigation Staff	Total Salaries Across All DCF Staff (not including fringe)
1000.8	AHS Policy	DCF allocation of costs	Total Salaries Across All DCF Staff (not including fringe)

Program Code	Program Name	Description	Allocation Method
1000.9	Comprehensive Child Welfare Information System (CCWIS) – AHS Staff	AHS staff costs incurred for work on the DCF CCWIS Project	Direct to Title IV-E - FC In Placement Admin Costs – Agency Management (Line 13a)
1000.61	Human Services Board CDD	DCF allocation of Human Service Board costs.	Total Salaries Across Child Development (not including fringe)
1000.62	Human Services Board FSD	DCF allocation of Human Service Board costs.	Total Salaries Across Family Services (including Field Staff, not including fringe)
1000.63	Human Services Board ESD	DCF allocation of Human Service Board costs.	Total Salaries Across Economic Services (including field staff, not including fringe)

C. DEPARTMENT OF DISABILITIES, AGING AND INDEPENDENT LIVING (DAIL)

I. Introduction

The following narrative and supporting schedules represent the public assistance cost allocation plan (PCAP) for the State of Vermont, Agency of Human Services (AHS), Department of Disabilities, Aging and Independent Living (DAIL). DAIL is responsible for administering Title III funded programming, Section 110 programming, and developmental disabilities case management services for the State of Vermont.

DAIL Mission Statement

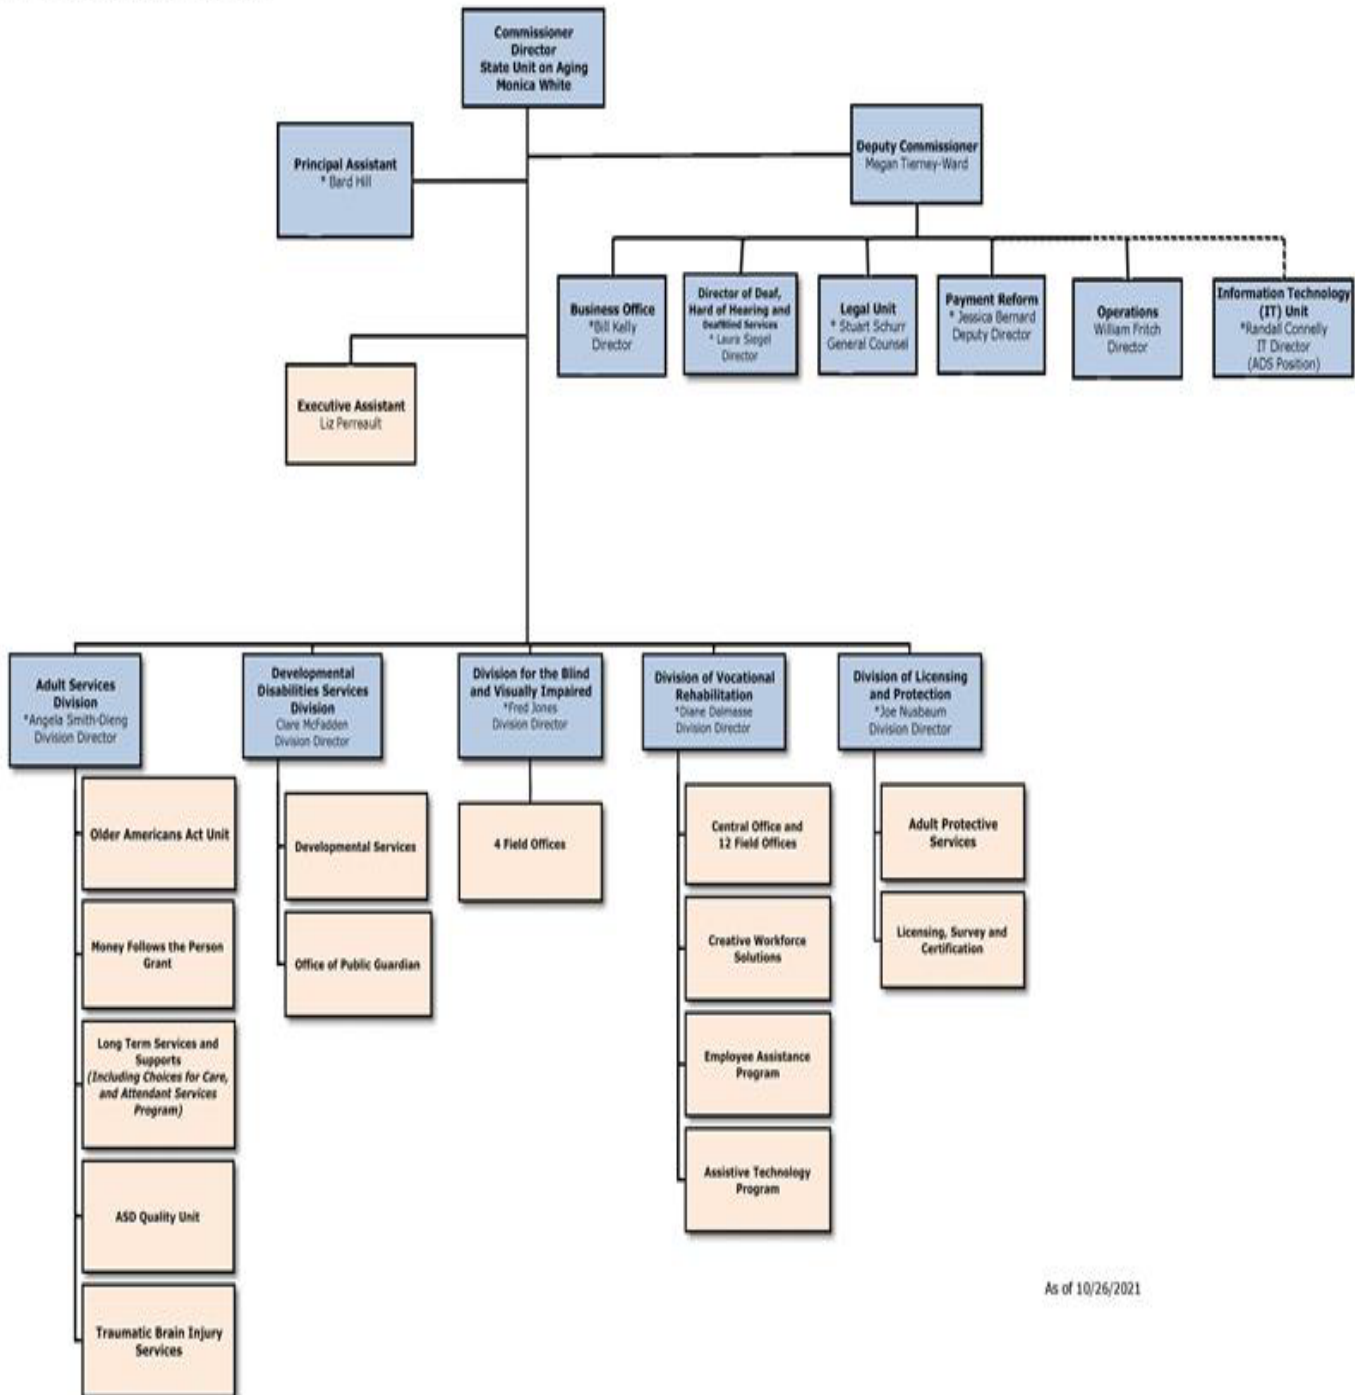

The Department of Aging and Independent Living is the center of the Agency of Human Services' program management and policy development with respect to older persons and persons with disabilities. The Department has the following goals:

- Assist older persons and adults with physical disabilities to live as independently as possible
- Assist persons with disabilities to find and maintain meaningful employment.
- Assure quality of care and life to individuals receiving health care and/or long term care services from licensed or certified health care providers and protect elderly and disabled adults from abuse, neglect and exploitation.

Within this document, we have included an overview of DAIL's organizational structure and a list of the specific functions performed by DAIL, referred to as plan departments or cost pools, and the allocation method for each function.

II. Organizational Chart

**Department of Disabilities, Aging, and Independent Living (DAIL) Organizational Chart
State Unit on Aging (SUA)**

As of 10/26/2021

* = Identifies contacts for DAIL Senior Leadership

III. Cost Allocation Methodologies

With the January 1, 2017 extension of the Global Commitment to Health 1115 Waiver, administrative costs are not included in the budget neutrality agreement. Administrative costs will be reported on the appropriate CMS-64.10 Base reporting line. However, administrative costs associated with investments that are strictly administrative in nature are subject to the budget neutrality limit and are reported on the “Investments” or “DSR investments” waiver forms.

Investment administrative costs for Green Mountain Care Board, Health Research and Statistics, Patient Safety Adverse Events, and Area Health Education Centers (AHEC) receive 50% FFP.

Cost allocation methodologies are updated quarterly to reflect the U.S. Treasury’s most recent guidance regarding allowable uses of the Coronavirus Relief Fund under section 601(a) of the Social Security Act, as added by section 5001 of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”).

Organizational Unit 1: Indirect Cost Allocations

DAIL is assessed costs from both the State of Vermont, called SWICAP, and the Agency of Human Services Central Office, for activities performed on its behalf.

Program Code	Program Code Name	Description	Allocation Method
1000.1	SWICAP	DAIL allocation of Statewide Indirect Costs	Total Salaries Across DAIL
1000.2	AHS Audit Unit	DAIL allocation of costs related to the AHS Audit Unit	Total Salaries Across DAIL
1000.3	AHS Secretary’s Office	DAIL allocation of costs related to the AHS Secretary’s Office	Total Salaries Across DAIL
1000.4	AHS Information Technology	DAIL allocation of costs related to AHS Information Technology	Total Salaries Across DAIL
1000.5	Financial Statement and Internal Controls Audit	DAIL allocation of costs related to the Single Audit – Financial Statement and Internal Controls	Total Salaries Across DAIL
1000.6	Human Services Board	DAIL allocation of costs related to the Human Services Board	Total Salaries Across DAIL
1000.7	Human Resources Investigations Unit	DAIL allocation of costs related to the Human Resources Investigations Unit	Total Salaries Across DAIL
1000.8	AHS Policy	DAIL allocation of costs related to AHS Policy	Total Salaries Across DAIL

Organizational Unit 2: Commissioner's Office

The Commissioner's Office administers oversight to DAIL and enables the department to meet its mission: to make Vermont the best state in which to grow old or to live with a disability, with dignity, respect, and independence.

Detailed explanations of individual functions are included below.

Program Code	Program Code Name	Description	Allocation Method
37700	Medicaid Administration	Staff and related expenses for administering DAIL's Medicaid programs.	Direct to Medicaid Administration
37717	IE HC 90/10 Staff	Staff costs and operating expenses related to Health Enterprise Integrated Eligibility DDI	Allocated based on the approved IAPD utilizing the CAM Toolkit.
37731	AHS COVID Response	Salaries, Contractual, Grant and Operating costs related to the AHS COVID response not funded by AHS base appropriations or federal grants. Indirect salary and fringe costs are not attributed to the CRF.	Direct to COVID Response
37732	COVID CRF Activity	Salaries, Contractual, Provider Payments, Grants and Operating costs related to the AHS COVID response Approved for Funding under COVID Relief Funding (CRF) Indirect salary and fringe costs are not attributed to the CRF.	Direct to COVID CRF
37845	EVV Staff	Staff and operating costs associated with the Electronic Visit Verification System (DDI)	Direct to CMS-MMIS EVV IAPD (90%)
37856	PADS Staff	Staff and operating costs associated with the Payment and Delivery Systems (DDI)	Direct to CMS - MMIS – PADS DDI (90%)
39234	COVID-19 Vaccination Program	All costs to support COVID-19 vaccination planning and implementation.	Direct to COVID-19 Vaccination Program - IZ
39399	2019 Novel Coronavirus	Time and supplies used in the day to day infectious disease epidemiology and disease control work related to the 2019 outbreak of novel coronavirus	Direct to ELC Cares
41642	MMIS – DDI Staff	Staff work related to the development of the MMIS.	Direct to CMS-MMIS/MES-DDI (90%)

Program Code	Program Code Name	Description	Allocation Method
43010	Commissioner's Office – Department Administration	DAIL Allocation of DAIL Commissioner's Office Indirect Costs	Total Salaries Across DAIL
43040	Leave Time	Timesheet code for all hours reported not worked.	Quarterly Results of Individual Employees Positive Reporting
43403	Investments (STC-79) – SASH (43)	Support and services at home (SASH)	Direct to Investments (STC- 79)
43404	Investments (STC-79) – HomeSharing (77)	HomeSharing	Direct to Investments (STC- 79)
43405	Investments (STC-79) – Self-Neglect (78)	Self-neglect initiative	Direct to Investments (STC- 79)
43500	General Fund	Expenses that are entirely State funded	Direct to State Fund
43570	State Health Insurance Program	Area Agencies on Aging provide outreach and assistance to Medicare beneficiaries.	Direct to State Health Insurance Program Grant
43890	State Plan Administration and National Family Care Supplemental (III-E)	Activities related to administering OAA programs & for III-E services	Direct to Admin on Aging National Family Care Supplemental III-E
43976	VT Coordinated Legal Assistance for Seniors	Direct expenses related to the Vermont Coordinated Legal Assistance for Seniors federal award.	Direct to VT Coordinated Legal Assistance for Seniors

Organizational Unit 3: Adult Services Division (ASD)

The Adult Services Division administers long-term services and supports to older Vermonters and adults with physical disabilities. ASD works with private organizations to provide a broad array of long term services and supports, including: residential support, community support, case management, family supports, respite, employment support, crisis services, clinical interventions, assistance with activities of daily living, assistive technology, guardianship services, nursing home level of care, rehabilitation services, support to live at home, information and referral, integrated health care and personal care, and traumatic brain injuries. The Division supports older Vermonters and adults with physical disabilities to live as they choose, pursuing their goals and preferences within their chosen communities. ASD seeks to ensure their basic human and civil rights, health, well-being and safety, provides effective leadership for disability and aging policy and services in Vermont, and meets federal and state mandates by developing and managing public resources effectively.

Detailed explanations of individual functions are included below.

Program Code	Program Code Name	Description	Allocation Method
37700	Medicaid Administration	Staff and related expenses for administering Vermont's Section 1115 Waivers of the Social Security Act and other Medicaid State Plan Services. Includes grant payments to Area Agencies on Aging for Medicaid outreach to Ombudsman Program.	Direct to Medicaid Administration
37710	Global Commitment Program	Expenses related to Global Commitment programs -All Medicaid claims.	Direct to Global Commitment Program
37731	AHS COVID Response	Salaries, Contractual, Grant and Operating costs related to the AHS COVID response not funded by AHS base appropriations or federal grants. Indirect salary and fringe costs are not attributed to the CRF.	Direct to COVID Response
37732	COVID CRF Activity	Salaries, Contractual, Provider Payments, Grants and Operating costs related to the AHS COVID response Approved for Funding under COVID Relief Funding (CRF) Indirect salary and fringe costs are not attributed to the CRF.	Direct to COVID CRF
37800	Social Services Block Grant	Expenses related to Social Services Block Grant	Direct to Social Services Block Grant
37845	EVV Staff	Staff and operating costs associated with the Electronic Visit Verification System (DDI)	Direct to CMS-MMIS EVV IAPD (90%)

43670	Innovation & Expansion	Expenses related to Section 110 grant.	Direct to Section 110 (Blind)
43680	Vending & Other	Expenses related to Vending	Direct to Vending and Other
43681	Vending FRRP (Financial Relief and Restoration Payments)	Expenses related to the Vending FRRP grant	Direct to Vending FRRP Grant
43750	Independent Living Grant Part B-SILC	Direct SILC expenses related to the Grant	Direct to Independent Living Grant Part B

Organizational Unit 5: Division of Vocational Rehabilitation (VR)

The Division of Vocational Rehabilitation administers a wide variety of programs and individual support services to assist Vermonters with a disability to enter or re-enter the work force. The core program (VR Section 110) enables Vermonters with a disability to assess their skills and abilities, identify a vocational goal, develop an Individualized Plan for Employment, and receive services leading to meaningful employment. VR invests heavily to service people with the most significant disabilities through supported employment programs and has developed a network of specialized Transition Counselors to support young adults from school to work. The Division operates the VR Reach Up program to serve TANF recipients with disabilities, a state wide Benefits Counseling Program to support Social Security beneficiaries to work, and the Assistive Technology (AT) Project that provides Vermonters with information and training on AT devices and services.

Detailed explanations of individual functions are included below.

Program Code	Program Code Name	Description	Allocation Method
37731	AHS COVID Response	Salaries, Contractual, Grant and Operating costs related to the AHS COVID response not funded by AHS base appropriations or federal grants. Indirect salary and fringe costs are not attributed to the CRF.	Direct to COVID Response

43100	Public Safety Fire Prevention	Expenses for staff of the Division of Fire Safety that work with the Survey and Certification staff on the licensure of facilities.	Total Salaries Across DLP programs that require facility inspections (Method H)

Program Code	Program Code Name	Description	Allocation Method
43110	Clinical Laboratory Cert. and Insp.	Costs incurred in the enforcement of federal regulations in federally certified clinical laboratories.	Direct to Clin Lab Cert and Insp
43120	Certification of Home Health Agencies	Costs incurred in the survey of Vermont Home Health Agencies to ensure compliance with all federal regulations related to HHA	Allocation Between Medicare (XVIII Funds), Medicaid (XIX Funds), and State Funds-based on CMS directive
43130	Non-Certified Health Care Facilities	Expenses incurred in the surveys, follow-up visits, and complaint investigations occurring in nursing homes that are state licensed, but not federally certified.	Direct to State Fund
43140	Hospital XVIII Non Licensed HC Facilities	Expenses incurred in the surveys of Outpatient Rehabilitation Facilities; End State Renal Dialysis Units; Rural Health Centers; Outpatient P.T.; Outpatient S.T., Independent Physical Therapists; and the Medicare-certified portion of Vermont State Hospital.	Direct to Medicare (XVIII Funds)
43150	Hospital XVIII Licensed HC Facilities	Expenses incurred in the performance of validation surveys, and substantial allegation surveys in hospitals as directly by CMS. Includes enforcement of federal regulations in psychiatric hospitals, psychiatric units of hospitals, rehabilitation units of hospitals, and swing beds.	Direct to Medicare (Title XVIII Non-SNF)
43160	State Licensure	Expenses incurred in the enforcement of State licensure requirements in Level III residential care facilities that do not provide Assistive Community Care Services; Level IV residential care facilities; assisted living facilities; and therapeutic community residences.	Direct to State Funds

Program Code	Program Code Name	Description	Allocation Method
43170	LTC – Multi, Licensure of Nursing Facilities	Expenses incurred in the surveys, follow-up visits, occurring in nursing facilities that are federally certified for participation in the Title XVIII & XIX program.	Allocation between Medicare (XVIII Funds) and Medicaid (XIX Funds) based on dually certified facilities.
43190	ICF/IIDs	Expenses incurred in the enforcement of federal ICF/IID requirements.	Direct to Medicaid (XIX Funds)
43200	Residential Care Homes & Therapeutic Community Residences	Expenses related to Level III & Level IV Residential Care Homes and Therapeutic Community Care Homes	Direct to State Fund
43210	Level III Licensed Facilities	Expenses incurred in the review and enforcement of state licensure and federal requirements related to facilities providing Assistive Community Care Services.	Allocated between Medicaid and State General Funds using number of ACCS beds billed Global Commitment for qtr by 15th of month divided by total number of ACCS beds on 15th of month beginning quarter
43240	Enhanced Residential Care	Expenses related to time spent assessing placement variance and assessments required for 1115 Waiver applications. This includes time spent on activities required beyond the normal licensing time for residential care home licensure due to the placement of a 1115 Waiver resident in a residential care home.	Direct to Medicaid Administration
43250	Outcome and Assess. Info Set (OASIS)	Cost associated with administration of the federally mandated home health agency Outcome and Assessment Information Set.	Direct to OASIS
43260	NATCEP Admin & Registry	Cost related to the nurse assistant testing competency evaluation program	Direct to NATCEP Admin & Registry and S&C Medicare XVIII LTC
43270	Minimum Data Set (MDS)	Cost associated with information technology and reporting associated with the administration of the federally mandated nursing home Minimum Data Set.	Allocation between Medicare (XVIII Funds), Medicaid (XIX Funds) and State Fund based on CMS directive

Program Code	Program Code Name	Description	Allocation Method
43310	Training ICF/IID	Covers expenses incurred by staff in attending in-services, conferences, and workshops related to the enforcement of federal regulations in ICF/IID	Direct to Medicaid (XIX Funds).
43320	Health Care Facilities Training Nursing Facilities	Covers expenses incurred by staff in attending in-services, conferences, and workshops related to the enforcement of federal regulations in certified facilities.	Direct to Medicare (XVIII Funds)
43330	Home Health Hotline	Costs for operating the Home Health Hotline.	Direct to Medicare (XVIII Funds)
43340	Nursing Home Complaints	Expenses related to nursing home complaints	Allocation between Medicare (XVIII Funds) and Medicaid (XIX Funds) based on dually certified facilities.
43350	Nurse Aid Training and Competency (NATCEP)	Costs incurred in the administration of competency tests and skills tests to nurse aides as required by federal regulations.	Direct to Nurse Aid Testing
43360	Assisted Living	Expenses related to assisted living services	Direct to State Fund
43380	Hospice Surveys	Expenses incurred while certifying Hospice Agencies (includes complaints)	Direct to Medicare Non-SNF Personnel
43390	S&C Case Mix	Time spent mining data from nursing home assessments to be sent to Rate Setting.	Direct to S&C State General Funds
43500	General Fund	Programs that are entirely State funded	Direct to State Fund
43505	Elder Justice Services Grant	Expenses related to the Elder Justice Services Grant	Direct to Elder Justice Services Grant
43506	Elder Abuse Prevention COVID	Expenses related to the Elder Justice Services Grant CRRSA Act	Direct to Elder Justice Services Grant
43507	APS Enhance ARPA	Expenses related to the Elder Justice Services Grant ARPA Act of 2021: Grants to Enhance Adult Protective Services	Direct to Elder Justice Services Grant

Program Code	Program Code Name	Description	Allocation Method
43950	Medicare Supplemental for Equipment	Specific funding dedicated by HHS/CMS Medicare to purchase equipment to upgrade/replace equipment for Nurse Surveyor's in division.	Direct to Medicare Supplemental for Equipment
55555	Communication	Expenses related to communication	Total Cost of Program Funds Expended in Quarter
66666	Supplies	Expenses related to Supplies	Total Cost of Program Funds Expended in Quarter
77777	Space	Expenses related to space	Total Cost of Program Funds Expended in Quarter
88888	Equipment	Expenses related to equipment	Total Cost of Program Funds Expended in Quarter

Organizational Unit 7: Developmental Disabilities Services Division (DDSD)

The Developmental Disabilities Services Division administers services to people with developmental disabilities, guardianship services to adults with developmental disabilities and older Vermonters. DDSD works with private organizations to provide a broad array of long term services and supports, including service coordination, family supports, community supports, employment supports, guardianship services, residential support, crisis support, clinical intervention, respite and rehabilitation services. The Division supports older Vermonters and Vermonters with disabilities to live as they choose, pursuing their individual goals and preferences within their chosen community. DDSD seeks to ensure their basic human and civil rights, health, well-being, and safety, provides effective leadership for disability and aging policy and services in Vermont, and meets federal and state mandates by developing and managing public resources effectively.

Detailed explanations of individual functions are included below.

Program Code	Program Code Name	Description	Allocation Method
37700	Medicaid Administration	Staff and related expenses for administering Vermont's Section 1115 Waivers of the Social Security Act and other Global Commitment State Plan Services. Includes grant payments to Area Agencies on Aging for Global Commitment outreach to Ombudsman Program.	Direct to Medicaid Administration
37710	Global Commitment Program	Expenses related to Global Commitment programs -All Medicaid claims.	Direct to Global Commitment Program
37731	AHS COVID Response	Salaries, Contractual, Grant and Operating costs related to the AHS COVID response not funded by AHS base appropriations or federal grants. Indirect salary and fringe costs are not attributed to the CRF.	Direct to COVID Response
37732	COVID CRF Activity	Salaries, Contractual, Provider Payments, Grants and Operating costs related to the AHS COVID response Approved for Funding under COVID Relief Funding (CRF) Indirect salary and fringe costs are not attributed to the CRF.	Direct to COVID CRF
37800	Social Services Block Grant	Expenses related to Social Services Block Grant	Direct to Social Services Block Grant
37845	EVV Staff	Staff and operating costs associated with the Electronic Visit Verification System (DDI)	Direct to CMS -MMIS EVV IAPD 90%
37856	PADS Staff	Staff and operating costs associated with the Payment and Delivery Systems (DDI)	Direct to CMS – MMIS PADS DDI (90%)

Program Code	Program Code Name	Description	Allocation Method
39234	COVID-19 Vaccination Program	All costs to support COVID-19 vaccination planning and implementation.	Direct to COVID-19 Vaccination Program - IZ
39399	2019 Novel Coronavirus	Time and supplies used in the day to day infectious disease epidemiology and disease control work related to the 2019 outbreak of novel coronavirus	Direct to ELC Care
41602	State Children's Health Insurance Program	Expenses related to the CHIP Program	Direct to CHIP
41620	Refugee Assistance Program	Expenses paid via weekly Medicaid draw for clients determined to be refugees.	Direct to Refugee Assistance Program
41642	MMIS – DDI Staff	Staff work related to-the development of the MMIS.	Direct to CMS-MMIS/MES- DDI (90%)
42011	Guardianship Services Specialists	Provide Guardianship services to the eligible developmentally disabled population	Direct to DDS Guardianship
42006	PASRR	Expenses related to Preadmission Screening and Record Review (PASRR).	Direct to Medicaid Admin - PASRR Preadmission Screening and Record Review
42040	HCBS Admin	Expenses related to ARPA HCBS community spending plan	Direct to HCBS Spend Plan Medicaid Admin
42041	HCBS Investment	Expenses related to ARPA HCBS community spending plan	Direct to HCBS Spend Plan Investment
42042	HCBS Program	Expenses related to ARPA HCBS community spending plan	Direct to HCBS Spend Plan GC Program
43021	Otto Johnson Trust	Expenses paid using Otto Johnson Special Fund revenue.	Direct to Otto Johnson
43030.116	DDSD Managers and Support Staff	Managers and support staff in the Developmental Disabilities Services Division	Total Salaries Across DDSD (Method M)
43040	Leave Time	Timesheet code for all hours reported not worked.	Quarterly Results of Individual Employees Positive Reporting
43070.116	DDSD Division Director and Support Staff	Expenses associated with the Division Director and Administrative Staff who have broad responsibilities for programs operated within the division.	Total Costs Across DDSD (Method A2)
43401	Investments (STC-79) – DS Special Payments (64)	DS special payments for medical services	Direct to Investments (STC- 79)

Program Code	Program Code Name	Description	Allocation Method
43402	Investments (STC-79) – FFF/FMR (27)	Flexible family/respite funding	Direct to Investments (STC- 79)
43406	Investments (STC-79) – Seriously Functionally Impaired -SFI (65)	Seriously functionally impaired	Direct to Investments (STC- 79)
43407	Investments (STC-79) – DS Special Payments (64) - Project Search	DS special payments for medical services - Project Search	Direct to Investments (STC-79)
43500	General Fund	Programs that are entirely State funded	Direct to State Fund

D. DEPARTMENT OF VERMONT HEALTH ACCESS (DVHA)

I. Introduction

The DVHA is the State office responsible for the management of Medicaid, the State Children's Health Insurance Program (CHIP), and other publicly funded health insurance programs in Vermont. Eligibility and Enrollment into Vermont's publicly funded programs is managed by the DVHA through the Health Access Eligibility and Enrollment Unit (HAEEU). The DVHA is the largest insurer in Vermont in terms of dollars spent and the second largest insurer in terms of covered lives.

The mission of the DVHA is to:

- Assist beneficiaries in accessing clinically appropriate health services.
- Administer Vermont's public health insurance system efficiently and effectively.
- Collaborate with other health care system entities in bringing evidence based practices to Medicaid beneficiaries.

During the fall of 2005, the State received approval from the Centers for Medicare and Medicaid Services (CMS) for a Section 1115 Medicaid Waiver known as "Global Commitment to Health Waiver." The Waiver allows the State to fundamentally restructure the Medicaid program and imposes a cap on the amount of federal funding available for services for the Medicaid population. The State exchanged the risk of operating under a capped funding arrangement for the opportunity to use federal Medicaid funds for non-Medicaid health programs.

The goals of the Waiver include:

1. Financial and programmatic flexibility to help maintain public health care coverage and provide for more effective services.
2. To lead in exploring new ways to reduce the number of uninsured.
3. Foster innovation within health care by focusing on health care outcomes.

The Waiver became effective October 2005, and allows the State to deviate from traditional federal Medicaid law and regulations in the following key ways:

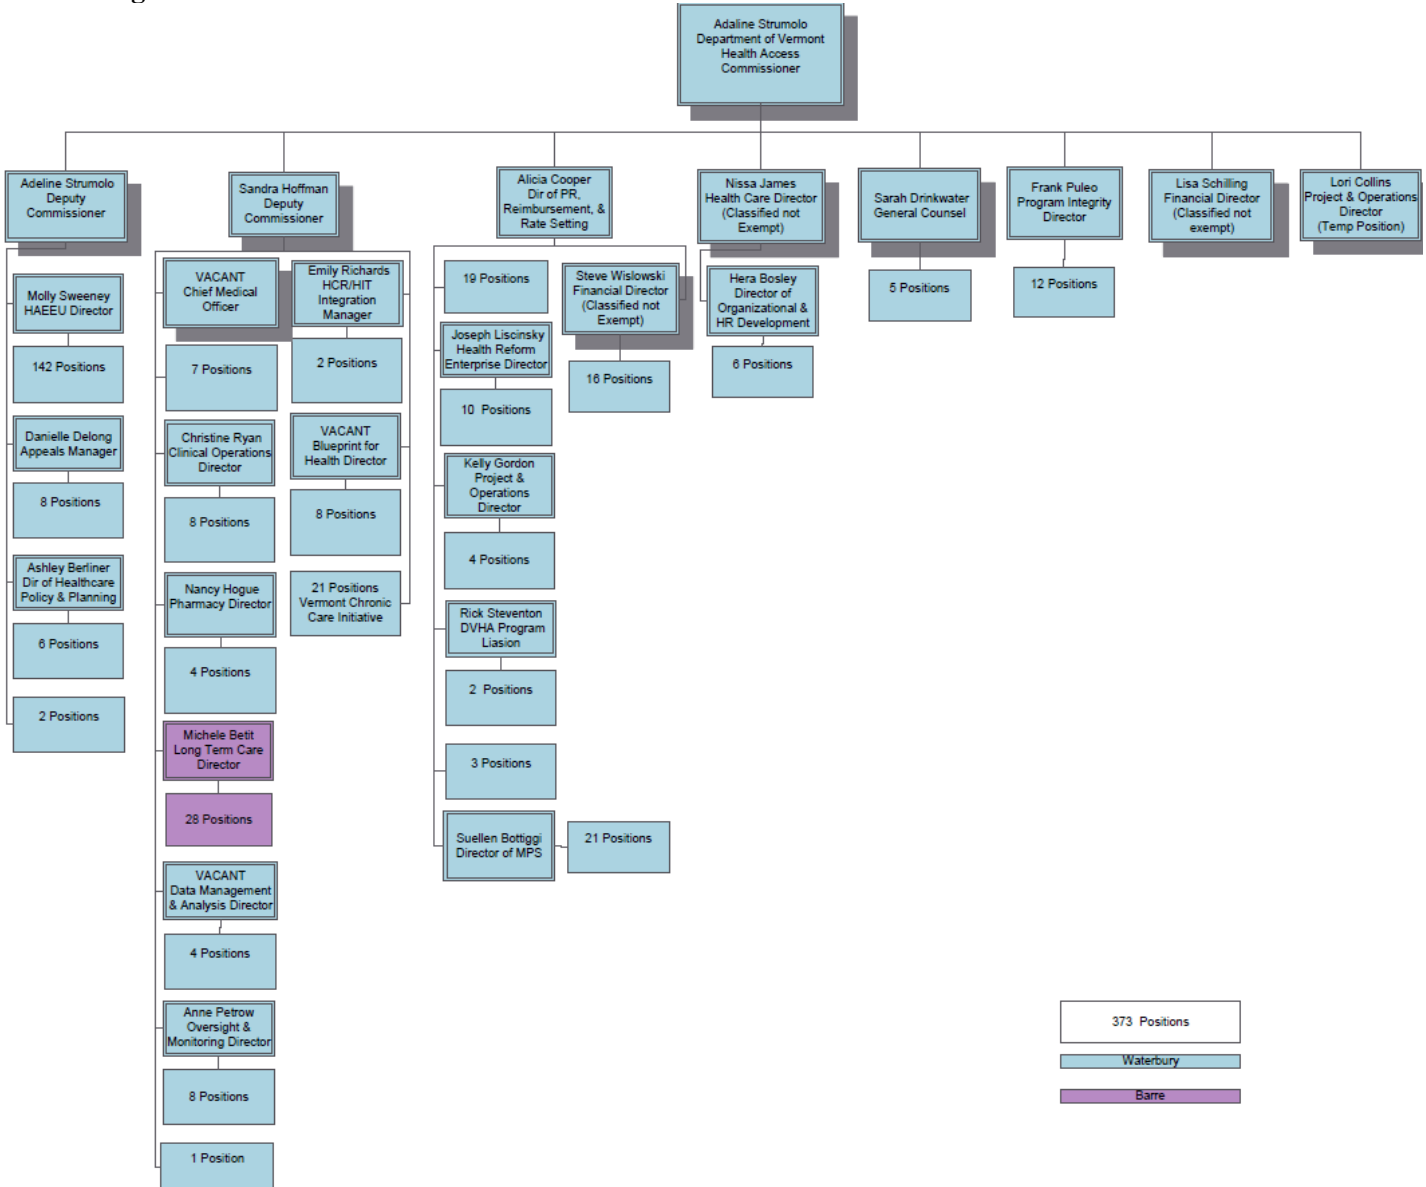

1. Imposes a per member per month cap on federal funds.
2. Establishes the DVHA as a non-risk pre-paid inpatient health plan (PiHP).
3. Allows the State to use federal Medicaid funds for state fiscal relief and non-Medicaid health programs.
4. Provides flexibility to reduce benefits, increase cost sharing, and limit enrollment for optional and expansion populations with some limits.

Within the Agency of Human Services (AHS), the Waiver will allow cross-departmental initiatives to obtain the greatest value from scarce health care dollars. The flexibility of the Waiver allows the State to effectively manage public resources, provide the tools necessary to make health care programs fiscally sustainable, and improve the Vermont health care system.

Under the Global Commitment to Health Waiver, the DVHA is a non-risk pre-paid inpatient health and must meet rules for Medicaid managed care. The DVHA has intergovernmental agreements (IGAs) with the AHS and AHS departments that make them part of the non-risk pre-paid inpatient health within the framework of the Global Commitment to Health Waiver. The AHS departments are: DAIL, VDH, DMH, DCF. The State desires to use the Global Commitment to Health Waiver flexibility to integrate a Chronic Care Management Program (CCMP) into a system of care that can be used to benefit Medicaid beneficiaries, providers, and the DVHA.

In FY 2020, the Administration authorized the Long-term care appropriation, the Choices for Care Global Commitment program to transfer to DAIL from DVHA per Sec. B.308 of Act H.542. DVHA has instructed the claims processor to modify the MMIS to support this change. Operationally in SFY 2020, DVHA will continue to pay the claims associated with the Choices for Care Program through an interdepartmental transfer from DAIL. Effective 7/1/2020, DAIL will pay these claims directly and DVHA will have no further Choices for Care costs reflected in its quarterly submissions.

II. Organizational Chart

Department of Vermont Health Access

III. Cost Allocation Methodologies

With the January 1, 2017 extension of the Global Commitment to Health 1115 Waiver, administrative costs are not included in the budget neutrality agreement. Administrative costs will be reported on the appropriate CMS-64.10 Base reporting line. However, administrative costs associated with investments that are strictly administrative in nature are subject to the budget neutrality limit and are reported on the “Investments” or “DSR investments” waiver forms.

Investment administrative costs for Green Mountain Care Board, Health Research and Statistics, Patient Safety Adverse Events, and Area Health Education Centers (AHEC) receive 50% FFP.

The program codes shown within each organizational unit represent the most likely unit(s) to charge expenses to these cost pools. These organizational units provide general guidance on the appropriate program code usage, but do not limit the use of a program code across Divisions when necessary.

Cost allocation methodologies are updated quarterly to reflect the U.S. Treasury’s most recent guidance regarding allowable uses of the Coronavirus Relief Fund under section 601(a) of the Social Security Act, as added by section 5001 of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”).

Organizational Unit 1: Indirect Cost Allocations

Nature and Extent of Services: Department of Vermont Health Access is assessed costs from both the State of Vermont, called the SWICAP, and the Agency of Human Services Central Office, for activities performed on its behalf.

Program Code	Program Name	Description	Allocation Method
1000.1	SWICAP	DVHA Allocation of Statewide Indirect Costs	Total Hours Across All Non-Indirect Program Codes
1000.2	AHS – Audit Unit	DVHA Allocation of costs related to the AHS Audit Unit	Total Hours Across All Non-Indirect Program Codes
1000.3	AHS – Secretary’s Office	DVHA Allocation of costs related to the AHS Secretary’s Office	Total Hours Across All Non-Indirect Program Codes
1000.4	AHS Information Technology	DVHA Allocation of costs related to AHS Information Technology	Total Hours Across All Non-Indirect Program Codes
1000.5	Financial Statement and Internal Controls	DVHA Allocation of costs related to the Single Audit— Financial Statement and Internal Controls Audit	Total Hours Across All Non-Indirect Program Codes
1000.7	Human Resources Investigations Unit	DVHA Allocation of the costs associated with the Human Resources Investigations Unit	Total Hours Across All Non-Indirect Program Codes
1000.8	AHS Policy	DVHA Allocation of Field Services Costs	Total Hours Across All Non-Indirect Program Codes

Organizational Unit 2: Administration

Nature and Extent of Services: The DVHA is led by the Department of Vermont Health Access Commissioner, two Deputy Commissioners. One of the deputy commissioners is responsible for oversight of the Coordination of Benefits, Data, Program Integrity, Health Access Eligibility and Enrollment, and Medicaid Projects business units. The other deputy commissioner is responsible for the operations of the Business Office, Reimbursement, Payment Reform, and Health Services & Managed Care business units. The Department of Vermont Health Access Commissioner is responsible for oversight of all of DVHA's operations.

Program Code	Program Name	Description	Allocation Method
37187	DVHA Systems Staff	ADS expenses related to non-specific DVHA IT support	Total Hours Across DVHA Program Codes

41491	Chronic Care Initiative	Extension of the above- mentioned clinical unit responsibilities with the addition of make routine visits to provider/patients	Quarterly Enrollment for Global Commitment, CHIP, and All Other benefiting Programs CHIP – Admin (99999.9903), Medicaid - Admin 50/50 Line 49 (99999.9900)
41493	Provider & Member Relations	Provide assistance to all provider groups for both incoming and outgoing communication regarding issues that affect providers	Quarterly Enrollment for Global Commitment, CHIP, and All Other benefiting Programs CHIP – Admin (99999.9903), Medicaid - Admin 50/50 Line 49 (99999.9900)
41495	Policy - Staffing	Represents DVHA in a variety of venues and furnishes required reports for the state and federal governments. Also, responsible for maintaining and revising when necessary the Vermont Medicaid State Plan, the Vermont Medicaid Rules and Procedures and the Vermont Health Access Program rules and procedures. Coordination and management of the administrative process of responding to requests for non-covered services by beneficiaries as well as representing DVHA at fair hearings	Quarterly Enrollment for Global Commitment, CHIP, and All Other benefiting Programs CHIP – Admin (99999.9903), Medicaid - Admin 50/50 Line 49 (99999.9900)

Program Code	Program Name	Description	Allocation Method
41496	Coordination of Benefits	Investigates claims potential for third party liability for areas of health insurance, court ordered medical support, Medicare Part D drug plans, estate recovery, cost effective health insurance, workers compensation and subrogation. When a liability is found, claims and/or liens are filed with the liable party obligating the party to reimburse the Medicaid paid claims	Quarterly Enrollment for Global Commitment, CHIP, and All Other benefiting Programs CHIP – Admin (99999.9903), Medicaid - Admin 50/50 Line 49 (99999.9900)
41497	Administrative Services	Responsible for fiscal and operational activities, including budget items, AR, AP, payroll and expenses, contract and grant monitoring, federal reporting, cost allocation and overall human resources and building maintenance	Total Hours Across All Other Program Codes
41613	MMIS-DDI Contracts	Contractual Expenses related to Health Enterprise MMIS DDI and IV&V	Direct to CMS-MMIS/MES – DDI (90%) (99999.9022)
41626	Health Care Reform	Time and effort associated with implementing Vermont's Healthcare Reform program. Healthcare Reform in the State of VT is made up of over 60 specific initiatives all designed to increase access, improve the quality, and contain costs of healthcare for Vermonters	Quarterly percentages of State population eligible for Medicaid to Medicaid - Admin 50/50 Line 49 (99999.9900) remainder to HIT Fund (99999.1069)
41627	Blueprint Administration	All costs associated with Blueprint for Health staff	Quarterly percentages of Medicaid attributed population of patients served by Blueprint Patient Centered Medical Homes (PCMHs) to Medicaid - Admin 50/50 Line 49 (99999.9900) remainder to Investments (STC-79) - Vermont Blueprint for Health (51) (99999.9102)
41628	Blueprint – Partnerships	Costs associated with Contractual and grant	Quarterly percentages of Medicaid attributed population of patients served by Blueprint Patient Centered Medical Homes (PCMHs) to Medicaid - Admin 50/50 Line 49 (99999.9900) remainder to Investments (STC-79) - Vermont Blueprint for Health (51) (99999.9102)

Program Code	Program Name	Description	Allocation Method
41629	Quality Improvement Division	Responsible for ensuring compliance to the State and Federal quality standards including oversight of any delegated activities; implementation, management and oversight of quality initiatives including the CHIPRA Quality Demonstration Grant; and authorization and concurrent review of inpatient psychiatric services	Quarterly Enrollment for Global Commitment, CHIP, and All Other benefiting Programs CHIP – Admin (99999.9903), Medicaid - Admin 50/50 Line 49 (99999.9900)
41636	MAPIR – EHR Incentive Payments	EHR Incentive Payments to providers	Direct to CMS - HIT EHRIP (100%) (99999.9033)
41637	MAPIR – State Customization – Contractual Costs	Contractor expenses – State Customization – contract associated with the Medical Assistance Provider Incentive Repository Program	Direct to CMS-MMIS/MES – DDI (90%) (99999.9022)
41642	MMIS – DDI Staff	Staff work related to the development of the MMIS	Direct to CMS-MMIS/MES – DDI (90%) (99999.9022)
41658	OneCare QHMMI Investment	Contract payments associated with the Quality and Health Management and Measurement Improvement Project	Direct to DSR Investment (STC-83) – One Care VT ACO Quality & Health Management (81) (99999.9109)
41659	OneCare Advanced Cmty Care	Contract payments associated with the Advanced Community Care Coordination Project	Direct to DSR Investment (STC-83) – One Care VT ACO Advanced Community Care Coordination (82) (99999.9110)
41692	HCR/HIT – Contracts	Contractual cost associated with the operation and support of the Vermont Health Information Exchange	Quarterly percentages of Medicaid attributed providers within the Vermont Health Information Exchange to Legacy MMIS Contracts O&M 75% - Line 4b (99999.9912) remainder to HIT Fund (99999.1069)
41693	HIT Implementation - Staff	Staff Expenses related to Health Enterprise HIT HIE, EHR, and Public Health final audit and closeout activities	Direct to CMS - HIT IAPD (90%) (99999.9027)
41694	HIT Implementation - Contract	Contractual Costs related to Health Enterprise HIT HIE, EHR, and Public Health final audit and closeout activities	Direct to CMS - HIT IAPD (90%) (99999.9027)
41695	MAPIR Incentive Payments	EHR Incentive Payments for Eligible Hospitals	Direct to CMS - HIT EHRIP (100%) (99999.9033)

Program Code	Program Name	Description	Allocation Method
41697	Reimbursement Unit	Administrative expenses associated with the operation and oversight of Vermont's provider assessment, Disproportionate Share Hospital (DSH) payments, cost settlement process, and value based reimbursements	Quarterly Enrollment for Global Commitment, CHIP, and All Other benefiting Programs CHIP – Admin (99999.9903), Medicaid - Admin 50/50 Line 49 (99999.9900)
41699	Managed Care and Compliance	Executive salary expenses associated with Program Integrity, Provider and Member Services, and the Substance Abuse initiative	Quarterly Enrollment for Global Commitment, CHIP, and All Other benefiting Programs CHIP – Admin (99999.9903), Medicaid - Admin 50/50 Line 49 (99999.9900)
41703	GC Administrative Contracts	Contract Expenses associated with administrative services charged to GC	Quarterly Enrollment for Global Commitment, CHIP, and All Other benefiting Programs CHIP – Admin (99999.9903), Medicaid - Admin 50/50 Line 49 (99999.9900)
41731	Portfolio Management Staff	Staff expenses related to the Health Care Portfolio	Quarterly Allocation based on VTHR Hours Across AHS Direct to MMIS and IE(DDI only) Program Codes, CMS-MMIS/MES – DDI (90%) (99999.9022) ALLOCATED, CMS-E&E/VIEWS DDI (90%) (99999.9024), SNAP-IE&E-DDI (99999.9012), QHP-IE&E-DDI (99999.9016), CHIP-IE&E-DDI (99999.9015), TANF-IE&E-DDI (99999.9013), Reach Up SSFP-IE&E-DDI (99999.9017), LIHEAP-IE&E-DDI (99999.9014), GA-IE&E-DDI (99999.9019), RMA-IE&E (99999.9920), HVP-IE&E (99999.9921)

Program Code	Program Name	Description	Allocation Method
41732	Portfolio Management Contracts	Contract expenses related to the Health Care Portfolio	Quarterly Allocation based on VTHR Hours Across AHS Direct to MMIS and IE (DDI only) Program Codes, CMS-MMIS/MES – DDI (90%) (99999.9022) ALLOCATED, CMS-E&E/VIEWS DDI (90%) (99999.9024), SNAP-IE&E-DDI (99999.9012), QHP-IE&E-DDI (99999.9016), CHIP-IE&E-DDI (99999.9015), TANF-IE&E-DDI (99999.9013), Reach Up SSFP-IE&E-DDI (99999.9017), LIHEAP-IE&E-DDI (99999.9014), GA-IE&E-DDI (99999.9019), RMA-IE&E (99999.9920), HVP-IE&E (99999.9921)
41774	TMSIS Staff	Staff and operating expenses related to T-MSIS IAPD	Direct to T-MSIS (90%) (99999.9021)
41775	TMSIS Contract	Contractual Expenses related to T-MSIS IAPD	Direct to T-MSIS (90%) (99999.9021)
41778	E&E Operations Contract	Cost associated with VHC Maintenance and Operations related contract expenses	Quarterly VHC Enrollment for Global Commitment, CHIP, Designated State Health Programs (DSHP) and QHP, VHC Sustainability (99999.9005), CHIP – Admin (99999.9903), Medicaid - Admin 50/50 Line 49 (99999.9900)
41779	E&E Operations Staff	Cost associated with VHC Maintenance and Operations related staff and operating expenses	Quarterly VHC Enrollment for Global Commitment, CHIP, Designated State Health Programs (DSHP) and QHP, VHC Sustainability (99999.9005), CHIP – Admin (99999.9903), Medicaid - Admin 50/50 Line 49 (99999.9900)
41780	E&E Eligibility – (OAPD) Contracts	Contractual costs associated with hosting, security, and maintenance & operations of VHC Medicaid eligibility related contract expenses, eligible for 75% match	Quarterly VHC Enrollment for Medicaid, CHIP, Designated State Health Programs (DSHP) and QHP VHC Sustainability (99999.9005), CHIP – Admin (99999.9903), Eligibility Systems and Staffing (75%) (99999.9029)

Program Code	Program Name	Description	Allocation Method
41784	E&E Eligibility – (OAPD) Staff	Staff costs associated with hosting, security, and maintenance & operations of VHC Medicaid eligibility, eligible for 75% match	Quarterly VHC Enrollment for Medicaid, CHIP, Designated State Health Programs (DSHP) and QHP VHC Sustainability (99999.9005), CHIP – Admin (99999.9903), Eligibility Systems and Staffing (75%) (99999.9029)
42040	HCBS Admin	Administrative costs associated with the HCBS Spend Plan	Direct to HCBS Spend Plan Medicaid Admin (99999.9420)

Organizational Unit 3: Program

Nature and Extent of Services: The following Program Codes, Program Code Names, Descriptions, and Allocation Methods are for other programmatic costs associated with DVHA programs not including salary, benefits, travel, and medical services contracts.

Program Code	Program Name	Description	Allocation Method
37714	Graduate Medical Education Payment	Graduate Medical Education Payment	Direct to Global Commitment Program (99999.9901)
37732	COVID CRF Activity	Salaries, Contractual, Provider Payments, Grants and Operating costs related to the AHS COVID response Approved for Funding under COVID Relief Funding (CRF) Indirect salary and fringe costs are not attributed to the CRF.	Direct to COVID CRF (99999.9918)
41381	Vermont All-Payer ACO	For the contract costs associated with the Vermont All-Payer ACO which allows Vermont the opportunity to create a transformation payment model that moves all payers towards a value-based reimbursement system	Direct to All-Payer Model - ACO (99999.9915)
41470	State Only Expenses	Healthcare related expenditures as identified on the MMIS quarterly expenditure reports	Direct to General Fund (99999.9001)
41601	Medicaid	Healthcare related expenditures as identified on the MMIS quarterly expenditure reports	Total Costs Across Global Commitment, Other Benefiting Programs (41601.115) to Global Commitment Program (99999.9901), (41601.117) to GC Investments (STC-79) - Patient Safety Net Services (18) (99999.9106), (41601.216) to Money Follows the Person (99999.9904) , (41601.317) to Investments (STC-79) – Family Supports (72) (99999.9108) and (41601.217) to Investments (STC-79) - Institution for Mental Disease Services: DVHA (7) (99999.9107) Based on CMS Invoice Billing
41602	CHIP Payments	Healthcare related expenditures as identified on the MMIS quarterly expenditure reports	Direct to CHIP – Program (99999.9902)
41605	State-Only Pharmacy	Healthcare related expenditures as identified on the MMIS quarterly expenditure reports	Direct to General Fund (99999.9001)

Program Code	Program Name	Description	Allocation Method
41610	HIV/INS	Healthcare related expenditures as identified on the MMIS quarterly expenditure reports	Direct to GC Investments--(STC-79)-HIV Drug Coverage (53) (99999.9104)
41615	Buy-in Part A	Medicare Part A premiums paid on behalf of Vermont residents	Total costs across (41615.115) Global Commitment Program (99999.9901), (41615.117) Investments (STC-79) - Buy-In (52) (99999.9103), (41615.118) Buy-In- Federal (99999.9906) and Other Benefitting Programs Based on CMS Invoice Billing
41620	Refugee Program	Healthcare related expenditures as identified on the MMIS quarterly expenditure reports	Direct to Refugee Medical Assistance - Program (99999.9009)
41625	Vermont Legal Aid MAP	Payments to Vermont Legal Aid for services related to the Medicare Advocacy Project	Direct to Global Commitment Program (99999.9901)
41631	GEARWAR	Financial transactions resulting from outcome of Gearwar vs. Wilson legal action	Direct to Global Commitment Program (99999.9901)
41641	Buy-in Part B	Medicare Part B premiums paid on behalf of Vermont residents	Total costs across (41641.115) Global Commitment Program (99999.9901), (41641.117) Investments (STC-79) - Buy-In (52) (99999.9103), (41641.118) Buy-In- Federal (99999.9906) and Other Benefitting Programs Based on CMS Invoice Billing
41643	Vermont Premium Assistance	Premium Assistance payments made on behalf of eligible members enrolled in a Qualified Health Plan	(41643.115) Direct to Global Commitment Program (99999.9901) or (41643.117) Direct to General Fund (99999.9001), Based on validation of remittance to carrier
41644	Cost Sharing reduction	Payments made on behalf of eligible members enrolled in a Qualified Health Plan, to assist with out of pocket medical costs	Direct to General Fund (99999.9001)
41645	DSH	Medicaid Disproportionate Share Hospital Payments	Direct to DSH (99999.9905)

Program Code	Program Name	Description	Allocation Method
41647	Drug Rebate	Drug Rebates received based on eligible Pharmacy expenditures	Allocated (41647.115) to Global Commitment Program (99999.9901), (41647.118) to CHIP- Program (99999.9902), (41647.117) to Investments (STC-79) - Patient Safety Net Services (18) (99999.9106), (41647.217) to General Fund (99999.9001) and (41647.218) to ACA Drug Rebates (99999.9907) and Other Benefiting Programs by percent of total pharmacy spend for prior 4 quarters
42041	HCBS Investment	Cost associated with HCBS Spend Plan Investments	Direct to HCBS Spend Plan Investment (99999.9421)
42042	HCBS Program	Cost associated with HCBS Spend Plan Program	Direct to HCBS Spend Plan GC Program (99999.9422)
42043	HCBS CNOM	Cost associated with HCBS Spend Plan CNOM	Direct to HCBS Spend Plan GC CNOM (99999.9423)
42044	HCBS Capital Improvement	Costs associated with HCBS Spend Plan Capital Improvement	Direct to HCBS Spend Plan Capital Improvement (99999.9424)
46405	Medicare Clawback	Per person per month payments made to CMS for Part D beneficiaries	Direct to Clawback State Funds (99999.1100)

E. DEPARTMENT OF HEALTH (VDH)

I. Introduction

The Vermont Department of Health (VDH) has three appropriations, as follows:

Administration appropriation

- Administration division

Public Health appropriation

- Emergency Preparedness, Response, and Injury Prevention
- ~~Health Surveillance~~ **Laboratory Sciences and Infectious Disease**
- Chief Medical Examiner
- Maternal and Child Health
- Health Promotion and Disease Prevention
- Office of Local Health
- Medical Practice Board
- Environmental Health
- **Health Statistics and Informatics**

Alcohol and Drug Abuse Programs appropriation

- ~~Alcohol and Drug Abuse Programs~~ **Division of Substance Use Programs**

VDH's mission statement is as follows:

Mission: To protect and promote optimal health for all Vermonters.

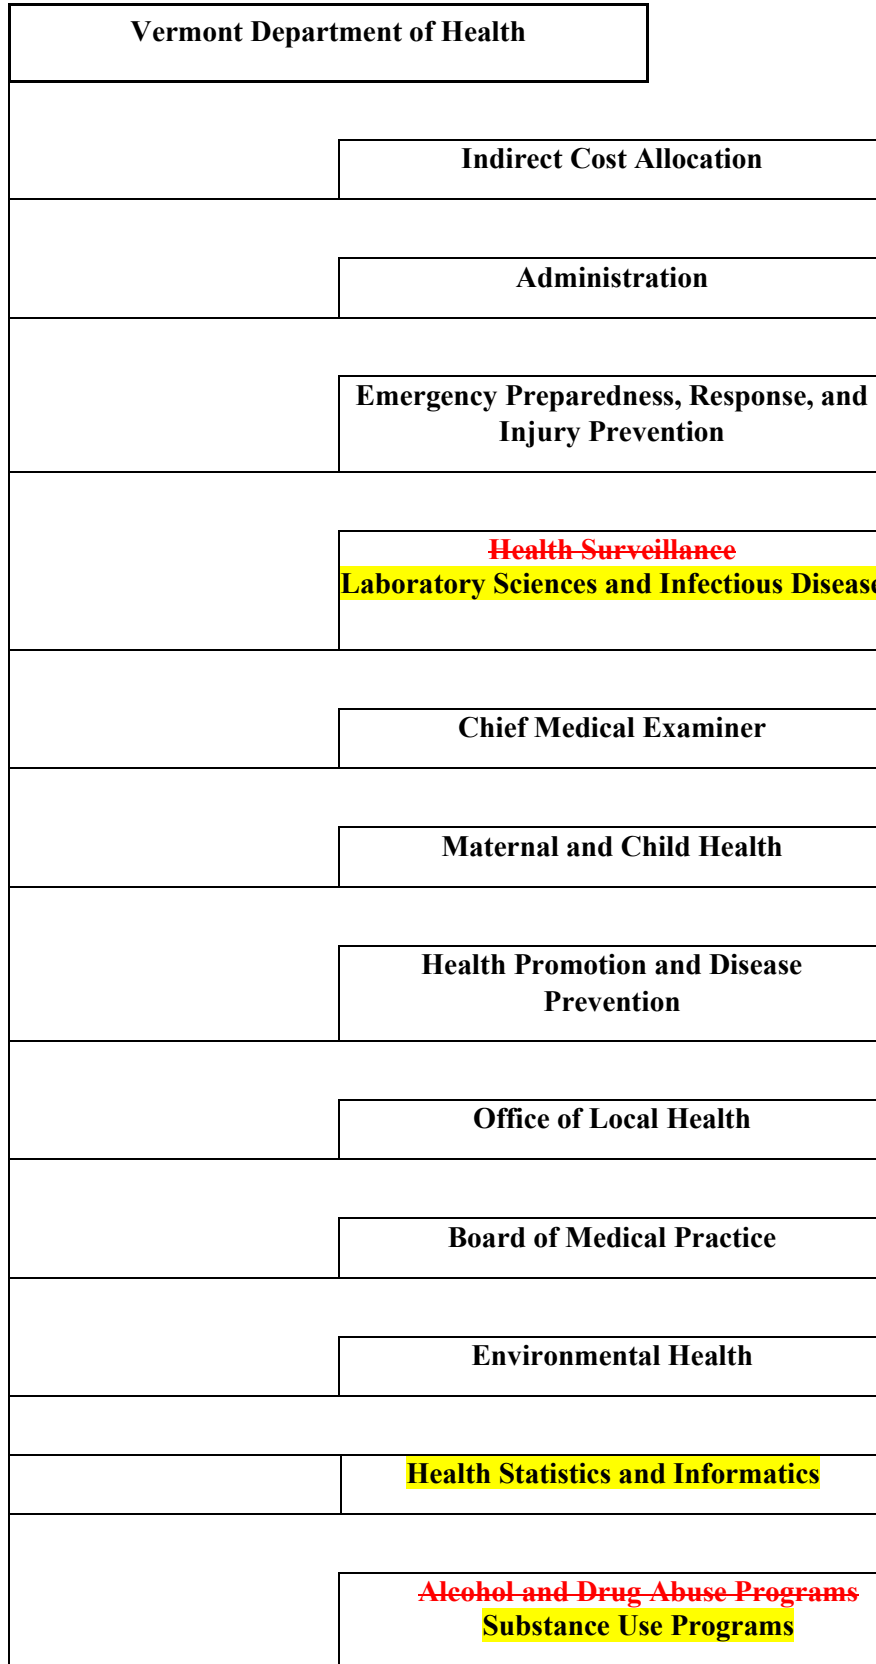

Vision: Healthy Vermonters living in healthy communities.

Goals:

1. Effective and integrated public health programs
2. Communities with the capacity to respond to public health needs
3. Internal systems that provide consistent and responsive support
4. A competent and valued workforce that is supported in promoting and protecting the public's health
5. A public health system that is understood and valued by Vermonters
6. Health equity for all Vermonters

Within this document we have included an overview of VDH's organizational structure and a list of the specific functions performed by VDH, the program code associated with the function, and the allocation method for each function.

II. Organizational Chart

III. Cost Allocation Methodologies

With the January 1, 2017 extension of the Global Commitment to Health 1115 Waiver, administrative costs are not included in the budget neutrality agreement. Administrative costs will be reported on the appropriate CMS-64.10 Base reporting line. However, administrative costs associated with investments that are strictly administrative in nature are subject to the budget neutrality limit and are reported on the “Investments” or “DSR investments” waiver forms.

Investment administrative costs for Green Mountain Care Board, Health Research and Statistics, Patient Safety Adverse Events, and Area Health Education Centers (AHEC) receive 50% FFP.

Cost allocation methodologies are updated quarterly to reflect the U.S. Treasury’s most recent guidance regarding allowable uses of the Coronavirus Relief Fund under section 601(a) of the Social Security Act, as added by section 5001 of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”).

Organizational Unit 1: Indirect Cost Allocations

Nature and Extent of Services: Vermont Department of Health is assessed costs from both the State of Vermont, called the SWICAP, and the Agency of Human Services Central Office, for activities performed on its behalf.

Program Code	Program Name	Description	Allocation Method
1000.1	SWICAP	VDH allocation of Statewide Indirect Costs	Total Salaries Across VDH
1000.2	AHS Audit Unit	VDH allocation of costs related to the AHS Audit Unit	Total Salaries Across VDH
1000.3	AHS Secretary's Office	VDH allocation of costs related to the AHS Secretary's Office	Total Salaries Across VDH
1000.4	AHS Information Technology	VDH allocation of costs related to AHS Information Technology	Total Salaries Across VDH
1000.5	Financial Statement and Internal Controls Audit	VDH allocation of costs related to the Single Audit - Financial Statement and Internal Controls	Total Salaries Across VDH
1000.6	Human Services Board	VDH allocation of costs related to the Human Services Board	Total Salaries Across VDH
1000.7	Human Resources Investigations Unit	VDH allocation of costs related to the Human Resources Investigations Unit	Total Salaries Across VDH
1000.8	AHS Policy	VDH allocation of costs related to AHS Policy	Total Salaries Across VDH

Organizational Unit 2: Administration

Nature and Extent of Services: The following program codes, descriptions, and allocation methods are for costs associated with the Commissioner's Office; Information Technology Services; Health Planning; Department Operations, and the Business Office. It had been standard practice that any staff person in the department can code costs to any program code in the department if that code is the most appropriate description of the cost until the May 16, 2013 payday. At that time the State of Vermont converted to a new payroll system. The only Cost Allocation implication of this new payroll system is that employees are given a limited number of program codes from which to choose. However, the practice is to add program codes to employees' list of available codes upon request so that any program code is made available to any employee. There have not been changes in the pattern of time reporting as a result. These program codes are shown within this Division as an approximate guide to the most likely users of these codes.

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
37731	AHS COVID Response	Salaries, Contractual, Grants and Operating costs related to the AHS COVID response not funded by AHS base appropriations or federal grants.	Direct to COVID Response
37856	PADS Staff	Staff and operating costs associated with the Payment and Delivery Systems (DDI)	Direct to CMS - MMIS PADS DDI (90%)
39001	Administration-Departmental	Costs associated with overall management of VDH including legal services, policy, development, planning, public affairs, administrative support, financial management and Board of Health activities.	Total Salaries Across VDH
39004	VDH General Fund	Expenses that are not allocable to federal programs.	Direct to State General Fund - VDH
39012	Organ Donation	Costs of activities related to increasing organ donations in Vermont.	Direct to Organ Donation.
39014	Duty Officer Time	Standby time and work time associated with assignment as Duty Officer outside of normal business hours.	Allocated to Investments (STC-79) - Epidemiology (40) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39016	Patient Safety Surveillance	All costs associated with activities related to patient safety surveillance and improvement system.	Allocated 50% to Investments (STC-79) - Patient Safety - Adverse Events (47) and 50% to State Funds

Program Code	Program Name	Description	Allocation Method
39023	Hospital Licensing	Expenses related to license applications, developing rules and monitoring compliance with same, issuance of licenses and other activities.	Direct to Hospital Licensing
39040	Area Health Education Center program support	Payments to provide support to Area Health Education Centers (AHECs) in order to improve Vermont's public health by establishing educational partnerships, supporting students and health professionals and engaging in community outreach and education.	Direct to Investments (STC-79) - Area Health Education Centers (AHEC) (21)
39042	Free Clinic Administrative Support	Payments to the Vermont coalition of clinics for the uninsured to provide outreach, enrollment, education, and care coordination to patients receiving services at any of the free clinics.	Direct to Medicaid Administration
39044	Prescription Drug Education	Payments to support an evidence-based prescription drug education program, including Academic Detailing teams, for health care professionals.	Direct to Prescription Drug Education
39047	Statewide Quality Assurance System	Funding to implement and maintain a statewide quality assurance system to evaluate and improve the quality of healthcare services rendered in Vermont.	Direct to Statewide Quality Assurance System
39411	Health Disparities Base	All costs associated with addressing and advancing health equity in Vermont by expanding state capacity and services.	Direct to Health Disparities
39412	Health Disparities Rural	All costs associated with addressing and advancing health equity in Vermont by expanding state capacity and services with a focus on rural communities.	Direct to Health Disparities

Program Code	Program Name	Description	Allocation Method
39523	Poison Control and Surveillance Activities	Activities associated with poison control and surveillance, including services currently provided by the Northern New England Poison Center.	Allocated to Medicaid Admin based on the percentage of the State's population on Medicaid, and then to Investments (STC-79) - Poison Control (48) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39530	Primary Care	Costs related to Primary Care Cooperative Agreement, including personnel, operating expenses, and grants.	Direct to Primary Care
39532	Rural Health Office	Costs associated with activities related to the establishment and operation of a State Office of Rural Health.	Direct to Rural Health Office
39534	Rural Hospital Flexibility Program	Costs associated with the activities under the ongoing Rural Hospital Flexibility Program grant from HRSA to help stabilize rural hospitals and improve access to health services in rural communities.	Direct to Rural Hospital Flexibility Grant
39538	Hospital Preparedness	Costs associated with a program to support hospitals and other health care entities in preparing public health emergencies.	Direct to Hospital Preparedness
39539	Vermont Loan Repayment	Costs associated with grants to support educational loan repayment to health care professionals.	Direct to Investments (STC-79) - Physician/Dentist Loan Repayment Program (25)
39539.1111	Vermont Loan Repayment	Costs associated with grants to support educational loan repayment to health care professionals.	Direct to AHS IDT Act 11 of 2018 Sec.C.106.1
39541	Small Hospital Improvement	Costs associated with a project to assist small hospitals in implementing prospective payments systems, improving quality, and complying with certain provisions of the Health Insurance Portability and Accountability Act (HIPAA).	Direct to Small Hospital Improvement Grant
39546	State Loan Repayment Program	All costs of those activities associated with the State Loan Repayment Program, funded under the grant from HRSA	Direct to State Loan Repayment Program.

Program Code	Program Name	Description	Allocation Method
39547	SHIP COVID Testing and Mitigation	Costs associated with a project to assist small hospitals in implementing COVID-19 testing and mitigation.	Direct to SHIP COVID Testing and Mitigation
41642	MMIS - DDI Staff	Staff work related to the development of the MMIS.	Direct to CMS-MMIS/MES - DDI (90%)

Organizational Unit 3: Emergency Preparedness, Response, and Injury Prevention

Nature and Extent of Services: The following program codes, descriptions, and allocation methodologies are for costs primarily associated with the following programs: Public Health Emergency Preparedness, **Response** and Injury Prevention (e.g., child passenger safety, **suicide prevention**, elderly falls prevention, **vulnerable road users, mental health awareness, addiction assistance**) and Emergency Medical Services. (It is standard practice that any staff person in the department can code costs to any program code in the department if that code is the most appropriate description of the cost. These program codes are shown within this Division as an approximate guide to the most likely users of these codes).

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
39101	DEPRIP Administration	Staff time and operating costs associated with overall administration of the Division of Emergency Preparedness, Response, and Injury Prevention.	Total Salaries across Emergency Preparedness-
39169	PHER Crisis Workforce Development	Funding to establish, expand, and sustain a public health workforce in response to the COVID-19 pandemic crisis.	Direct to PHER Crisis Workforce Development
39171	CRI – Cities Readiness Initiative	All costs associated with the Cities Readiness Initiative component of the Bioterrorism and Public Health Preparedness program.	Direct to Public Health Emergency Preparedness
39179	EMS Fund Activities	All costs to improve EMS services in Vermont through training and other activities, underwritten by the insurance companies.	Allocated to Investments (STC-79) - Emergency Medical Services (19) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39181	EMS Program Services	Staff time and other costs associated with the quality assurance functions performed by the Vermont Department of Health necessary to credential EMS personnel, vehicles, and organizations. Includes costs associated with statewide developmental and administrative activities including complaint investigation and technical consultation to services, hospitals, and communities.	Allocated to Investments (STC-79) - Emergency Medical Services (19) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39183	EMS for Children	Staff time, contracts, and other payments for the EMS for Children project.	Direct to EMS for Children

Program Code	Program Name	Description	Allocation Method
39189	Siren MOU	All costs associated with the SIREN project funded by the VT Agency of Transportation, Governor's Highway Safety Program.	Direct to SIREN MOU
39190	Childhood Passenger Safety MOU	All costs of those activities associated with the Childhood Passenger Safety MOU with the AOT Governor's Highway Safety Program.	Direct to Childhood Passenger Safety MOU
39191	Opioid Antagonist Program	All costs associated with the development and administration of a statewide program for the purpose of distributing opioid antagonists as required by Act 75 of 2013.	Direct to Opioid Antagonist Program
39193	Road User Safety MOU	All costs associated with running the Road User Safety MOU from the Governor's Highway Safety Program.	Direct to Road User Safety MOU
39194	CARA - Direct Service	All costs associated with direct service grant activities such as First Responder trainings, community education, and supply purchasing.	Direct to CARA First Responders
39195	CARA - Administration	All costs associated with administrative grant activities.	Direct to CARA First Responders
39196	CARA - Data collection	All costs associated with data collection, reporting, and performance measurement and assessment grant activities.	Direct to CARA First Responders
39270	PH Emergency Response	All costs associated with activities in response to public health emergency events or exercises.	Direct to PH Emergency Response
39306	Vermont Addressing Suicide Together, Suicide Prevention (VAST SP)	All costs associated with a grant to increase and sustain the capacity of a coordinated statewide public health approach to suicide prevention, and to reduce the morbidity and mortality rate of Vermonters due to suicide and self-directed violence.	Direct to Vermont Addressing Suicide Together (VAST SP)
39399	COVID-19	Time and supplies used in the day to day infectious disease epidemiology and disease control work related to the 2019 outbreak of novel coronavirus.	Allocated to ELC CARES and then to ELC Enhancing Detection based on available funds.

Program Code	Program Name	Description	Allocation Method
39399.1122	COVID-19	Time and supplies used in the day to day infectious disease epidemiology and disease control work related to the 2019 outbreak of novel coronavirus.	Direct to ELC CARES
39537	Hospital Preparedness COVID	All costs associated with a program to support hospitals and other health care entities in identifying, isolating, assessing, transporting, and treating patients with COVID-19 or persons under investigation (PUIs) for COVID-19, and preparing these entities for future special pathogen disease outbreaks.	Direct to Hospital Preparedness

Organizational Unit 4: ~~Health Surveillance~~ Laboratory Sciences and Infectious Disease

Nature and Extent of Services: The following program codes, descriptions, and allocation methodologies are for costs associated ~~the Health Surveillance Division~~ **with the division of Laboratory Sciences and Infectious Disease.**

The ~~Health Surveillance division includes~~ **division of Laboratory Sciences and Infectious Disease includes:**

- Public Health Laboratory – performs laboratory tests ~~annually~~ to identify infectious disease toxins or contaminants in air, food, water and clinical samples;
- Epidemiology – investigates and monitors **emerging and** reportable **infectious** diseases and operates programs that provide service and prevention for sexually transmitted disease, HIV/AIDS, hepatitis and tuberculosis;
- Immunizations – provides vaccine to children and adults, assures adherence to vaccination procedures and policies;
- ~~Chronic Disease – investigates and monitors chronic disease Public Health Statistics – provides statistical and analytical support to all department programs, maintains, and analyzes vital records, conducts health surveys and operates the Vermont Cancer Registry.~~
- ~~Research and Statistics – the analysis, collection, and reporting of data, research, and records that inform and guide our work to protect and promote the health of Vermonters. These resources provide the public with access to information about population health status and contributors to health.~~

(It is standard practice that any staff person in the department can code costs to any program code in the department if that code is the most appropriate description of the cost. These program codes are shown within this Division as an approximate guide to the most likely users of these codes).

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
37717	IE HC 90/10 Staff	Staff costs and operating expenses related to Health Enterprise Integrated Eligibility DDI	Allocated based on benefitting program individuals-calculated by the monthly number of individuals in the household averaged over a 12 month period ending June 30 per the IE&E approved IAPDU
37763	FEMA COVID 90/10	Salaries, Contractual, and Operating costs related to the AHS COVID response funded by FEMA.	Direct to COVID Response
39049	Antibiotic Stewardship	Costs associated with antibiotic resistance and stewardship	Allocated to Investments (STC-79) - Epidemiology (40) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39207	ELC Data Modernization	Costs associated with data modernization efforts that improve data quality, exchange, management, and use of epidemiologic and laboratory data.	Direct to ELC Data Modernization

Program Code	Program Name	Description	Allocation Method
39218	IZ Supplement 4 Addendum - Funding Vaccine Confidence	All costs associated with developing a vaccine confidence strategy for COVID-19 and routine immunization and implementing that strategy using HHS and CDC provided resources.	Direct to IZ 4+ Funding Vaccine Confidence
39219	ELC ED Expansion	Costs associated with activities related to enhancing laboratory, surveillance, informatics, and other workforce capacity per the CRRSA Act 2021.	Direct to ELC ED Expansion
39222	ELC Reopening Schools	Costs to support school-based screening testing activities intended to reopen schools and school-affiliated summer programs at the kindergarten through 12-grade level that were closed (partially or fully) due to COVID-19.	Direct to ELC Reopening Schools
39227	ELC AMD Technologies	All costs associated with increasing the amount of SARS-CoV-2 sequencing and use of genomic sequence data in the response to SARS-CoV-2 and other emerging pathogens through Advanced Molecular Detection (AMD) Technologies.	Direct to ELC AMD Technologies
39229	ELC Homeless Service Sites	Costs related to COVID-19 testing and mitigation in homeless service sites, encampments, and other congregate settings like group homes.	Direct to ELC Homeless Service Sites
39231	Vermont Vaccine Purchasing Program	All costs associated with Providing vaccines for all Vermonters	Direct to Vermont Vaccine Purchasing Program
39232	Medicaid Vaccines for Adults	Costs associated with providing vaccines to Medicaid eligible Adults	Direct to Global Commitment Program
39234	COVID-19 Vaccination Program	All costs to support COVID-19 vaccination planning and implementation.	Allocated to COVID-19 Vaccination Program – IZ and then to ELC Enhancing Detection based on available funds.
39234.1122	COVID-19 Vaccination Program	All costs to support COVID-19 vaccination planning and implementation.	Direct to COVID-19 Vaccination Program – IZ

Program Code	Program Name	Description	Allocation Method
39235	ELC PHL Preparedness	All costs associated with activities to strengthen public health laboratory preparedness and response capabilities, implement new technologies to expand infectious disease detection, and modernize laboratory data reporting.	Direct to ELC PHL Preparedness
39238	ELC SHARP	Costs related to Strengthening HAI/AR Program Capacity: healthcare associated infections (HAIs) and antimicrobial resistance (AR).	Direct to ELC SHARP
39239	ELC Confinement Facilities	Costs associated with the detection & mitigation of COVID-19 in confinement facilities, including expenses related to testing, training, quality management, outreach, and meeting resident/detainee/inmate needs.	Direct to ELC Confinement Facilities
39240	Epi Lab Capacity	All Costs of those activities of the Epi Lab Capacity Program.	Direct to Epi Lab Capacity
39242	ELC Project Firstline	All costs associated with building a foundation of infection prevention & control knowledge and a culture of expertise in the healthcare and public health communities.	Direct to ELC (Project Firstline) Supplement
39243	ELC AMD Sequencing and Analytics	Costs associated with establishing, expanding, and enhancing sequencing capacity in PHLs through advanced molecular detection (AMD) technologies for the purpose of building national sequencing capacity.	Direct to ELC AMD Sequencing & Analytics
39245	IZ Supplement 4 - Prioritizing Populations	All costs associated with a program to improve and expand messaging, education, and access to COVID-19 vaccinations, as well as develop, strengthen, leverage and support community-based partnerships to reach disproportionately affected populations.	Direct to IZ 4 Prioritizing Populations

Program Code	Program Name	Description	Allocation Method
39246	ELC STRIKE Skilled Nursing Facilities	Costs related to supporting Skilled nursing facilities during their response to SARS-CoV-2 infections, and also to build and maintain an infection prevention infrastructure.	Direct to ELC STRIKE Skilled Nursing Facilities
39248	ELC Travelers Health	All costs associated with collecting traveler data, creating solutions for communicating with travelers, and providing travel-related guidance with respect to SARS-CoV-2.	Direct to ELC PHL Preparedness
39250	ELC Enhancing Detection	All costs associated with a project intended to support a broad range of COVID-19/SARS-CoV-2 testing and epidemiologic surveillance related activities.	Direct to ELC Enhancing Detection
39251	ELC Strengthening PHL Preparedness	Costs associated with activities that strengthen PHL surveillance, detection, and preparedness through the Laboratory Response Network (LRN).	Direct to ELC Strengthening PHL Preparedness
39253	ELC STRIKE Nursing and LTC Facilities	Costs related to supporting nursing facilities and long-term care facilities during their response to SARS-CoV-2 infections, and also to build and maintain an infection prevention infrastructure.	Direct to ELC STRIKE Nursing and LTC Facilities
39300	HIV CARE Ryan White Part B Supplement	Costs associated with Part B supplement for Ryan White (Title II) HIV Care project.	Direct to HIV Care
39301	Health Surveillance Administration Laboratory Sciences & Infectious Disease Administration	Staff time and operating costs associated with overall administration of the Health Surveillance Division Laboratory Sciences & Infectious Disease division.	Total Salaries Across Health Surveillance Program LSID
39304	DAIL Aging and Disability MOU	All costs associated with the Aging and Disability MOU from DAIL.	Direct to DAIL Aging and Disability MOU IDT
39305	STD COVID Supplement	Costs associated with expanding STD services to support the public health response to COVID-19.	Direct to STD COVID Supplement
39308	Syringe Services Program IDT	Costs associated with one-time funding appropriated in Section C.1000(a)(14) of Act 11 of 2018 to fund the syringe services program.	Direct to Act 11 of 2018 SS C.1000(a)(14)

Program Code	Program Name	Description	Allocation Method
39313	Vaccinations	Costs of administration of vaccines to individuals by nurses, except when these activities are included in a more specific cost center, for example, Rabies Control or Hepatitis B.	Direct to Vaccines
39314	Immunization Services	Staff time and expenditures for Immunization Services. This includes the preparation of doctors' orders for vaccines and the distribution of vaccines to local providers.	Direct to Immunization
39316	Immunization Information System	Costs associated with the implementation and operation of an immunization information system, including the development of an information system infrastructure.	Allocated to Immunization and to Medicaid Admin based on the percent of Immunization Registry records that pertain to Medicaid eligible persons
39317.1022	Epidemiology – General	Time and supplies used in day to day routine infectious disease epidemiology and disease control work.	Allocated to Investments (STC-79) - Epidemiology (40) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39322	Vaccinations - State Employees	Costs for staff time and vaccine to immunize State employees, including vaccine administration, distribution, appointment-making and pre- and post-clinic activities.	Direct to Vaccinations – State Employees
39323	Refugee Health	Costs associated with refugee health activities.	Direct to Refugee Health
39324	HIV Prevention	Costs associated with activities related to the HIV Prevention project, including health education and risk reduction, counseling and testing and public information.	Direct to HIV/Prevention Grant
39325	State-funded HIV Prevention Activities	Payments to service organizations using State funds appropriated for HIV Prevention activities.	Direct to State HIV Prevention Activities
39327	HIV Surveillance	Costs associated with activities having to do with active surveillance for AIDS or HIV infection.	Direct to HIV Surveillance
39329	HIV Care	Costs associated with the Ryan White (Title II) HIV Care project.	Direct to HIV Care

Program Code	Program Name	Description	Allocation Method
39330	VMAP (Vermont Medication Assistance Program)	Payments for reimbursements on behalf of the Vermont Medication Assistance Program.	Direct to HIV Care
39331	Sexually Transmitted Diseases	Costs of the STD program, time, supplies, travel, etc., not to include AIDS.	Direct to Sexually Transmitted Diseases
39332	Tuberculosis Control	Cost related to the Tuberculosis Control Program, including staff time and operating expenses, except the costs of clinical services and medication provided to tuberculosis patients.	Allocated to Tuberculosis Control and Investments (STC-79) - TB Medical Services (74) based on availability of Tuberculosis Control grant award.
39333	TB Medical Services	Costs of clinical services and medication provided to tuberculosis patients in Vermont.	Allocated to Investments (STC-79) - TB Medical Services (74) and to State Funds based on the Medicaid enrolled percent of total TB Patients.
39334	Rabies Control	Staff time and other costs associated with prevention of rabies in humans and animals.	Allocated to Investments (STC-79) - Epidemiology (40) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39336	Public Health Emergency Preparedness	Costs associated with activities providing coordination and direction of the statewide effort to prepare for response to events of bioterrorism or other public health emergencies, including assessment and development of the necessary public health infrastructure and the development and exercise of a public health response plan. (Focus Area "A" of the Bioterrorism Preparedness program.)	Direct to Public Health Emergency Preparedness
39344	Enhanced Immunization Program	Time, expenses, and vaccine purchases associated with the Enhanced Immunization Program	Direct to Investments (STC-79) - Enhanced Immunization (46)
39355	Asthma	Costs associated with asthma planning and epidemiology.	Direct to Asthma
39356	Cancer Registry	Costs associated with the Vermont Cancer Registry.	Direct to Cancer Registry
39378	Nonfatal Suicide Surveillance	All costs associated with the Emergency Department Surveillance of Nonfatal Suicide-Related Outcomes.	Direct to Nonfatal Suicide Surveillance

Program Code	Program Name	Description	Allocation Method
39379	VT Violent Death Reporting	All costs associated with the Vermont Violent Death Reporting System	Direct to VT Violent Death Reporting System
39381	Vital Registration	Costs associated with the registration, collection, preservation, amendment and certification of vital records and the processing and publication of vital statistics.	Allocated to Investments (STC-79) - Health Research and Statistics (39) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39384	Research and Statistics	Costs associated with the activities related to the collection, editing, coding, key entry, processing, analysis, and publication of health statistics.	Allocated to Investments (STC-79) - Health Research and Statistics (39) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39385	GMCB-VUHDDS MOU	Research staff time and any other costs associated with management and analytics for the Vermont Uniform Hospital Discharge Data Set.	Direct to Hospital Data Council
39394	Behavioral Risk Factor Surveillance	Staff time and other costs associated with designing, administering, and conducting the behavioral risk factor survey.	Direct to Behavioral Risk Factor Surveillance
39395	Pregnancy Risk Assessment Monitoring	Costs associated with planning, developing, and implementing a pregnancy risk assessment monitoring system.	Allocated to Pregnancy Risk Assessment Monitoring based on available funds, then to Investments (STC-79) - Health Research and Statistics (39) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39398	Advanced Directives Registry	All costs associated with advanced directives registry.	Direct to Advanced Directives Registry
39432	Laboratory Certification	Costs and activities associated with certification of other laboratories.	Allocated to Investments (STC-79) - Health Laboratory (31) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.

Program Code	Program Name	Description	Allocation Method
39434	Laboratory Administration	Costs and activities associated with the overall administration of the laboratory which are not directly related to another functional area.	Allocated to Investments (STC-79) - Health Laboratory (31) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39454	Laboratory – Water Testing	Costs and activities associated with microbiological, organic, and inorganic water testing.	Allocated to Investments (STC-79) - Health Laboratory (31) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39458	Urine Drug Program	Time and materials for urine drug analysis of clinical and correction samples	Allocated to Investments (STC-79) - Health Laboratory (31) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39470	Laboratory Radiochemistry	Costs and activities associated with environmental radiochemistry and radon in air testing.	Allocated to Investments (STC-79) - Health Laboratory (31) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39481	Laboratory – Clinical	Costs and activities associated with clinical microbiology and toxicology testing.	Allocated to Investments (STC-79) - Health Laboratory (31) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39491	LFFM Microbiology	All costs related to the Laboratory Flexible Funding Model (LFFM) grant activities associated with maintaining and enhancing ISO/IEC 17025 accreditation in microbiological food testing areas, increasing food sampling and testing capacity and reporting collected surveillance data to the FDA.	Direct to Lab Flexible Funding Model

Program Code	Program Name	Description	Allocation Method
39492	LFFM Radiochemistry	All costs related to Laboratory Flexible Funding Model (LFFM) grant activities associated with maintaining and enhancing ISO/IEC 17025 accreditation for radiological food testing areas, developing a validated method for gamma emitting radionuclides in human food and reporting collected surveillance data to the FDA.	Direct to Lab Flexible Funding Model
39508	SHIP Implementation	Cost associated with State Health Improvement Plan implementation activities.	Direct to PHHS Block Grant
39528	Hepatitis Surveillance	Costs associated with rapid detection and response to Hepatitis outbreaks, and surveillance directed at implementing public health interventions for Hepatitis.	Direct to Enhanced Viral Hepatitis
39529	Hepatitis Prevention	Costs associated with supporting viral hepatitis elimination planning and maximizing access to testing, treatment, and prevention.	Direct to Enhanced Viral Hepatitis
39902	OD2A1 Emergency Dept Data	All costs associated with the collection and dissemination of timely emergency department (ED) data on suspected drug overdoses.	Direct to Overdose Data to Action
39903	OD2A2 OD Circumstances	All costs associated with the collection and dissemination of descriptions of drug overdose death circumstances using death certificates and medical examiner / coroner data.	Direct to Overdose Data to Action
39904	OD2A3 Innovative Surveillance	All costs associated with implementing innovative surveillance to support Opioid Data to Action interventions.	Direct to Overdose Data to Action

Organizational Unit 5: Chief Medical Examiner

Nature and Extent of Services: The Medical Examiner's Office has statutory authority under Vermont law to investigate deaths when a person dies:

- from violence; suddenly, when in apparent good health; unattended by a physician or a recognized practitioner of a well-established church; by casualty; by suicide; as a result of injury; in jail or prison or in a mental institution; in any unusual, unnatural or suspicious manner; or
- in circumstances involving a hazard to public health, welfare, or safety.

If the Chief Medical Examiner deems it necessary, and in the interest of public health, welfare, and safety, or in the furtherance of the administration of the law, the Chief Medical Examiner has authority under Vermont law to order an autopsy to be performed. Autopsy reports may be provided to next of kin.

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
39161	Medical Examiners Program	Expenses incurred in performing autopsies and maintaining the Office of the Chief Medical Examiner.	Direct to Medical Examiner
39164	Assistant Medical Examiner System	Cost associated with developing, implementing, and maintaining the Assistant Medical Examiner system of death investigation, including all payments to Assistant Medical Examiners for services provided.	Direct to Medical Examiner
39167	Cremation Permits	All receipts and disbursements of cremation permit fees from funeral homes, etc. to assistant medical examiners.	Direct to Medical Examiner

Organizational Unit 6: Maternal and Child Health

Nature and Extent of Services: The following program codes, descriptions, and allocation methodologies are costs associated with the various programs in support of Maternal and Child Health, including the following:

- Maternal and Child Health – administers the Maternal and Child Health federal block grant and monitors and works to improve the system of health care for women, children and families, including the work through the School Based Medicaid Administration Claiming (MAC) and the Vermont Child Health Improvement Project at the University of Vermont;
- Children with Special Health Needs – provides and/or assures that health care and support services are available to children (0-21) who have complex health problems and to their families;
- WIC – federally funded program to enhance the health of infants, young children, pregnant women, and new mothers.
- Family Planning.

(It is standard practice that any staff person in the department can code costs to any program code in the department if that code is the most appropriate description of the cost. These program codes are shown within this Division as an approximate guide to the most likely users of these codes.)

The Maternal and Child Health Division includes the School Based Medicaid Administration Claiming (MAC) program, code 39758. A key element in this program is the web-based random moment time study (RMTS) designed and implemented by the University of Massachusetts, our contractor, in cooperation with the Vermont Department of Health (VDH). VDH submitted descriptions of the RMTS to the Division of Cost Allocation and then to CMS in 2010 and 2011. There were a series of phone conversations with CMS and revisions and re-submission of documents describing the implementation of the RMTS during 2011. A letter approving Vermont's RMTS was sent by CMS Region I on May 16, 2013. Vermont did not receive this letter, however, until a copy was forwarded by DCA on November 25, 2014. The CMS letter approved the RMTS subject to ten conditions. Vermont accepts these conditions.

Specifically,

1. Vermont agrees to amend this Cost Allocation Plan whenever there is a change from the RMTS methodology approved by CMS.
2. Vermont agrees that any CMS guidelines related to RMTS or other elements of our claims will be promptly incorporated into our program on a prospective basis.
3. Vermont agrees to seek CMS advance review of any forms or documents that are subsequently developed for this program.
4. Vermont agrees to continue to monitor the overall implementation of the RMTS and to review all claims submitted.
5. Vermont agrees to monitor the RMTS for appropriateness of the use of activity codes by coders and for the proper implementation of the RMTS methodology.
6. Vermont agrees to report to CMS any changes in: the number of RMTS moments to be included in the sample (as described in the "VDH Implementation Guide for Statewide RMTS," Section 1(B) and Appendix A, Section II); the statistical validity of the sample selection and sample results; any changes in the criteria for inclusion of contractual staff in the sample; and any changes in services or administrative activities performed.
7. Vermont agrees to provide oversight of any outside entity contracted to operate or monitor the time study, as described in the "VDH Implementation Guide for Statewide RMTS," Section II, "Oversight and Monitoring."
8. Vermont agrees to submit any changes from the approved plan to CMS prior to implementation. Any such changes will be submitted as a change to this Cost Allocation Plan.
9. Vermont agrees that any costs claimed are subject to review or audit.
10. Vermont agrees to monitor the time study to assure proper use of activity codes and proper application of the methodology.

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
39517	Sexual Assault Prevention	Costs associated with activities concerned with sexual assault prevention, education, training, printing, research, media, etc. Staff time for all above activities.	Direct to PHHS Block Grant
39540	Rape Prevention and Education Program	Costs associated with a program for rape prevention and education.	Direct to Rape Prevention and Education Program
39551	Family Planning – Title X	Costs associated with grants and contracts for the family planning program including staff activities to develop and monitor programs.	Direct to Family Planning Program
39552	Family Planning – SSBG	Costs associated with grants and contracts for the family planning program.	Direct to Social Services Block Grant
39553	Family Planning	Costs associated with grants and contracts for the family planning program funded by GC Funds.	Direct to Investments (STC-79) - Family Planning (75)
39554	Family Planning Access Plan	Costs associated with the implementation of the state eligibility option for family planning services described in State Medicaid Director Letter #10-013 dated 2July2010	Direct to Investments (STC-79) - Family Planning (75)
39556	Family Planning - State	Costs associated with grants and contracts for the family planning program funded by State funds.	Direct to Family Planning - State
39579	THIS WIC (Tufts)	All costs associated with a project to design and implement telehealth innovations expected to supplement the nutrition education and breastfeeding support offered in the WIC clinic.	Direct to THIS WIC (Tufts)
39581	CSHN Administration	Staff time and operating costs associated with overall administration of the CSHN program.	Direct to MCH Grant
39593	CSHN – Special Services	Costs associated with care and treatment for children and youth who have a chronic physical or developmental condition and who also require health and related services of a type or amount beyond that required by children generally.	Direct to MCH Grant

Program Code	Program Name	Description	Allocation Method
39596	Child Development Clinic	Costs associated with the Child Development Clinic.	Direct to MCH Grant
39599	Renal Disease	Payments made to the Vermont Kidney Association for Renal Patient Fund.	Direct to Investments (STC-79) - Renal Disease (73)
39603	Early Hearing Detection and Intervention Grant	Costs associated with the Early Hearing Detection and Intervention CDC Grant.	Direct to Early Hearing Detection and Intervention Grant
39604	DCF EHDI MOU	All costs associated with the Early Hearing, Detection, and Intervention (EHDI) MOU from DCF.	Direct to DCF EHDI MOU IDT
39606	Universal Newborn Hearing Screening	All costs associated with the activities authorized under a grant from HRSA to support a program of universal newborn hearing screening.	Direct to Universal Newborn Hearing Screening
39701	Maternal & Child Health Division Administration	Staff time and operating costs associated with overall administration of the Maternal Child Health Division.	Total Salaries Across MCH
39717	WIC CVB Voucher	Costs associated with WIC Cash Value Benefit payments to increase benefits for fruits and vegetables.	Direct to WIC CVB Voucher
39721	WIC Supplemental Food	Daily EWIC payments, and other payments for direct purchase of food for families, and breast pumps and accessories.	Direct to WIC Supplemental Food
39725	WIC Program Management	Costs (direct or indirect) generally considered to be overhead or management costs. General management costs include those costs associated with program monitoring, prevention of fraud, general oversight, and food benefit accountability. Examples include WIC administrative salaries/benefits and other costs necessary to conduct outreach, food benefit reconciliation, monitoring and payment, vendor monitoring, administrative record keeping and reporting.	Allocated to WIC Admin and Investments (STC-79) - WIC Coverage (37) based on availability of WIC Admin grant award.

Program Code	Program Name	Description	Allocation Method
39731	WIC Breastfeeding Peer Counselor Program	All costs associated with development and implementation of a WIC breastfeeding peer counselor program.	Allocated to Breastfeeding Peer Counselor Project and to Investments (STC-79) - WIC Coverage (37) based on availability of WIC Breastfeeding Peer Counseling grant award.
39735	WIC Infrastructure	All Costs associated with a WIC Infrastructure funded under a grant from the USDA.	Direct to WIC Infrastructure
39739	BF Performance Bonus	All costs associated with activities related to the FNS breastfeeding performance bonus.	Direct to BF Performance Bonus
39741	MCH Block Grant Planning, Evaluation & Administration	Staff time, purchased supplies, equipment and services and other costs of MCH Block Grant planning and evaluation.	Direct to MCH Grant
39742	State Systems Development Initiative (SSDI)	A Surveillance Program to provide analytical support to the MCH Title V program.	Allocated to State Systems Development Initiative (SSDI) based on available funds, then to Investments (STC-79) - Health Research and Statistics (39) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39743	Newborn Screening	Staff and contract activity related to the Newborn Screening Program.	Direct to Newborn Screening
39758	School Based MAC	Payment to schools of Federal Medicaid Administration funds to reimburse costs of the School MAC program.	Direct to Medicaid Administration
39759	VCHIP Non-SPMP	All non-SPMP Costs associated with this project, a joint effort between UVM and the Vermont Department of Health.	Direct to Medicaid Administration
39760	VCHIP SPMP	All SPMP Costs associated with this project, a joint effort between UVM and the Vermont Department of Health.	Direct to Medicaid Administration
39763	Early Childhood Comprehensive Systems (ECCS)	Costs associated with strengthening partnerships between the Early Childhood and Maternal Child Health sectors to improve policies, services provision, and outcomes for the grant's target population and families.	Direct to Early Childhood Comprehensive Systems (ECCS)

Program Code	Program Name	Description	Allocation Method
39790	PREP-Personal Responsibility Education	All costs associated with a project to establish evidence- based comprehensive sexuality education for high risk and vulnerable youth in Vermont.	Direct to PREP-Personal Responsibility Education
39791	Maternal Depression	All costs associated with the funding to support screening and treatment for maternal depression.	Direct to Maternal Depression
39792	MCH Home Visiting	All costs associated with a project to establish an evidence-based nurse home visiting program for Vermont families with young children who are at risk.	Direct to MCH Home Visiting
39792.1123	MCH Home Visiting	All costs associated with a project to establish an evidence-based nurse home visiting program for Vermont families with young children who are at risk.	Direct to Act 11 of 2018 SS C.1000(a)(14)
39795	MIECHV Home Visiting ARPA	All costs associated with ARPA Home Visiting funds awarded to address the needs of expectant parents and families with young children during the COVID-19 public health emergency.	Direct to MIECHV Home Visiting ARPA
39796	MIECHV Home Visiting ARPA 2	Costs associated with additional ARPA Home Visiting funds awarded to address the needs of expectant parents and families with young children during the COVID-19 public health emergency, including cultural and linguistic responsive services.	Direct to MIECHV Home Visiting ARPA 2

Organizational Unit 7: Health Promotion and Disease Prevention

Nature and Extent of Services: The following program codes, descriptions, and allocation methodologies are costs associated with the **various programs in support of** Health Promotion and Disease Prevention, **division including: breast/cervical cancer and heart health (You First), brain health & dementia, physical activity & nutrition, tobacco control, oral health, comprehensive cancer control, diabetes & heart disease, asthma & lung disease and healthy workplaces. ~~Tobacco Control, Health Promotion, Dental Health.~~** (It is standard practice that any staff person in the department can code costs to any program code in the department if that code is the most appropriate description of the cost. These program codes are shown within this Division as an approximate guide to the most likely users of these codes).

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
39357	Breast and Cervical Cancer Screening Program	Costs associated with a breast and cervical cancer early detection program.	Direct to Cancer Screening
39368	Wisewoman Screening Program	Costs associated with a Well Integrated Screening & Evaluation for Women Across the Nation (WISEWOMAN) program.	Direct to Wisewoman
39375	Colorectal Cancer Screening	All costs associated with public health and health systems strategies to increase rates of colorectal cancer screening in Vermont.	Direct to Colorectal Cancer Screening
39376	Comprehensive Cancer Control	Costs associated with the activities of the Comprehensive Cancer Control component of the Cancer Prevention and Control Program.	Direct to Comprehensive Cancer Control
39501	HPDP Administration	Staff time and operating costs associated with overall administration of the Health Promotion and Disease Prevention Division.	Total Salaries Across Health Promotion & Disease Prevention
39505	BOLD - Alzheimer's & Healthy Aging	All costs to enhance and coordinate healthy aging efforts within the Healthy Brain Initiative framework to decrease preventable hospitalizations among Vermonters 65 and older with Alzheimer's and related dementias.	Direct to Alzheimer's & Healthy Aging (BOLD)
39512	PHHS Infrastructure	All costs associated with continuing education of public health personnel or accreditation of public health agencies.	Direct to PHHS Block Grant
39513	Conference Costs	Costs associated with conferences underwritten by the Department to be offset by conference fees or transfers.	Direct to Conference Costs

Program Code	Program Name	Description	Allocation Method
39521	Obesity Prevention	Costs associated with a program for nutrition and physical activity to prevent obesity and other chronic diseases.	Direct to PHHS Block Grant
39567	Dental Health Education	Costs associated with education, assessment, referrals for treatment, parent notices, in-service training, scheduling, fluoride rinse program, travel, meals, consultation, and meetings. (Schools, nursing homes, day care, etc.)	Direct to MCH Grant
39569	Fluoridation	Costs associated with school and community fluoridation, promotion, systems management time spent preparing contracts and correspondence.	Allocated to Investments (STC-79) - Fluoride Treatment (38) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39575	Dental Public Health in D.O.'s SPMP	All costs associated with SPMP tasks related to public health dental hygienists in district offices.	Direct to Medicaid Administration
39576	Oral Disease Prevention Program	All costs associated with supporting efforts to address activities associated with the CDC State-Based Oral Disease Prevention Program	Direct to Oral Disease Prevention Program
39577	Dental Public Health in D.O.'s non- SPMP	Costs associated with non- SPMP tasks related to public dental health outreach and promotion in district offices.	Direct to Medicaid Administration
39618	DVHA Self-Management MOU	All costs associated with the Self-Management MOU from DVHA.	Direct to DVHA Self-Management MOU IDT
39621	CDC Tobacco Control	Costs associated with the CDC Tobacco Prevention and Control grant.	Direct to CDC Tobacco Control
39624	Diabetes Prevention	All costs associated with the diabetes component of funding to prevent and manage diabetes, heart disease, and stroke.	Direct to Diabetes and Heart Disease Prevention
39625	Heart Disease Prevention	All costs associated with the heart disease component of funding to prevent and manage diabetes, heart disease, and stroke.	Direct to Diabetes and Heart Disease Prevention

Program Code	Program Name	Description	Allocation Method
39626	TCP Statewide Investment 76	All costs associated with STC-79 Investment #76 - Statewide Tobacco Cessation	Allocated to Investments (STC-79) - Statewide Tobacco Cessation (76) based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39627	TCP Community Investment 50	All costs associated with STC-79 Investment #50 Tobacco Cessation: Community Coalitions.	Direct to Investments (STC-79) - Tobacco Cessation: Community Coalitions (50)
39628	Tobacco Control - MSA	All costs associated with Tobacco Control Program activities funded with the MSA fund appropriation.	Direct to Tobacco Settlement
39628.1124	Tobacco Control - MSA	All costs associated with Tobacco Control Program activities funded with the MSA fund appropriation.	Direct to AHS IDT Act 11 of 2018 SS C.105.1(a)(4)
39642	Chronic Disease Disability	All costs associated with grant funding to be used to develop an internal capacity to incorporate evidence-based strategies for individuals with disabilities into current health promotion/disease prevention efforts	Direct to Chronic Disease Disability
41320	SNAP Nutrition Education	All costs Associated with the development and implementation of Vermont's Supplemental Nutrition Assistance Program Education (SNAP-Ed) nutrition education state Plan.	Direct to IDT SNAP Nutrition Education

Organizational Unit 8: Office of Local Health

Nature and Extent of Services: The following program codes, descriptions, and allocation methodologies are costs associated with the twelve District Offices around the State.

- The District Offices around the State provide the essential health promotion and disease prevention services necessary for an effective public health system. It is through these district offices that most Health Department programs reach the people of Vermont, including
 - WIC – federally funded program to enhance the health of infants, young children, pregnant women and new mothers;
 - EPSDT – consists of two main components: (1) assuring the availability and accessibility of required health care resources; and (2) helping Global Commitment recipients and their parents or guardians effectively use these resources;

(It is standard practice that any staff person in the department can code costs to any program code in the department if that code is the most appropriate description of the cost. These program codes are shown within this Division as an approximate guide to the most likely users of these codes).

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
39317.1025	Epidemiology – General	Time and supplies used in day to day routine infectious disease epidemiology and disease control work.	Allocated to Public Health Emergency Preparedness based on available funds, then to Investments (STC-79) - Epidemiology (40) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39702	Office of Local Health Administration	District Office (DO) staff time and other DO costs attributable to completion of administrative functions in support of VDH programs, including office-level planning and goal setting (not related to a program); staff meetings (not program specific); supervision; general correspondence, paperwork, budget tasks and non- program-specific public meetings, trainings, workshops, and conferences, etc.	Total Salaries Across OLH
39711	Clinic Activities – SPMP	Time of skilled medical personnel and other costs related to clinic services including intake, assessment, diet screening, nutrition education and food delivery administration. This cost center also includes activities performed by directly supporting staff providing functions supporting the activities above.	Allocated to Medicaid Administration and to WIC Administration based on Medicaid Eligibility Rate for WIC Clients.

Program Code	Program Name	Description	Allocation Method
39712	Clinic Activities – Non-SPMP	Time of staff other than skilled professional medical personnel and other costs related to clinic services, including intake, assessment, diet screening, nutrition education and food benefit administration.	Allocated to Medicaid Administration and to WIC Administration based on Medicaid Eligibility Rate for WIC Clients.
39722	WIC Client Services	Costs expended to deliver food and other client services and benefits. Examples include: WIC staff salaries/benefits and medical supplies and equipment necessary to conduct diet and health assessments required in the certification process, salary/benefits of WIC staff that issue food instruments and explain their use. WIC staff salary/benefits and other costs necessary to refer clients to other health care and social services, to coordinate services with other programs, to participate in activities which promote a broader range of health and social services for participants.	Allocated to WIC Admin and Investments (STC-79) - WIC Coverage (37) based on availability of WIC Admin grant award.
39723	WIC Nutrition Education	Costs associated with all WIC nutrition education activities.	Direct to WIC Admin
39724	WIC Breastfeeding Support	Time and operating expenses associated with promoting and supporting breastfeeding. May include group education, home visiting time, training, materials, travel, and space rental.	Allocated to WIC Admin and Investments (STC-79) - WIC Coverage (37) based on availability of WIC Admin grant award.
39744	MCH – Pregnancy/Postpartum	Costs associated with Maternal and Child Health services benefiting pregnant and postpartum women. This covers all costs including staff activities, purchases, and grants.	Direct to MCH Grant
39745	MCH – Infants	Costs associated with Maternal and Child Health services benefiting infants up to 12 months of age. This covers all costs including staff activities, purchases, grants, and contracts.	Direct to MCH Grant

Program Code	Program Name	Description	Allocation Method
39746	MCH – Children	Costs associated with Maternal and Child Health services benefiting children 1 to 21 years of age (except pregnant adolescents). This covers all costs including staff activities, purchases, grants, and contracts.	Direct to MCH Grant
39749	OLH Maternal & Child Health Coordinators	Costs associated with staff time and expenses related to MCH coordination in Local Health District Offices	Direct to MCH Grant
39750	Maternal and Child Health Medicaid SPMP	Time and other allowable costs, for tasks requiring SPMP credentials, spent in collaboration with DCF's Child Development Division and community-based partner agencies on behalf of Medicaid-eligible pregnant and post-partum women and children ages 0 through 21 years. These tasks include providing technical assistance on medical protocols, including the development of uniform policy and procedures on the care and treatment of Medicaid/Dr. Dynasaur beneficiaries; and assessing the health status and health/medical needs of children in DCF custody.	Direct to Medicaid Administration
39751	Maternal and Child Health Medicaid non-SPMP	Time and other allowable costs, for tasks that do not require SPMP credentials, on behalf of Medicaid-eligible pregnant and post-partum women and children ages 0 through 21 years. These tasks include training and education with coalitions, community agencies or providers; and coordinating with community agencies to identify, develop and/or promote health care services needed by this Medicaid population.	Direct to Medicaid Administration

Program Code	Program Name	Description	Allocation Method
39756	EPSDT Administration – SPMP	Costs associated with: preliminary assessments in the home, comparing treatment to screening abnormalities previously found, determining when a recipient has received a complete screen in accordance with the periodicity schedule and assessing the necessity for and adequacy of medical care and services required by individual recipients. This cost center also includes activities performed by directly supporting staff providing functions supporting the activities above.	Direct to Medicaid Administration

Program Code	Program Name	Description	Allocation Method
39757	EPSDT Administration Non-SPMP	Costs associated with accounting and auditing; budgeting; program management for categories of services not requiring medical expertise; emergency transportation; non-emergency transportation and home and community-based waiver services; program analysis where the emphasis is cost or utilization of services in lieu of the medical aspects of the program, cost reimbursement including all analytical work related to the program cost of covered services; cost report settlements and establishments of rates; program integrity including any investigation and follow-up activities not directly involving the determination of the medical necessity of specific services; third party liability activities/overpayment collection activities; administrative practices and procedures including the development of State plans, administrative rates, cost allocation and provider agreements; all claims processing activities except those involving medical review of complex physician bills, reviewing the medical necessity of prior authorized services and providing required second medical opinions, which would be allowable 75% functions; outreach activities such as notifying clients of required screens from a periodicity schedule, scheduling appointments, informing clients and arranging transportation; eligibility determination; legal services including administrative appeals; and contract management.	Direct to Medicaid Administration

Program Code	Program Name	Description	Allocation Method
39771	EPSDT Outreach and Informing	Development, evaluation, review, and revision of EPSDT informing letters; completion of tasks that bring about the dissemination of these letters or materials; and clarification and problem-solving, when needed, relative to Medicaid beneficiaries' receipt of informing letters; follow-up with newly eligible Medicaid beneficiaries ages zero through 20.	Direct to Medicaid Administration
39772	EPSDT Systems/Infrastructure Building (SPMP)	Time and other costs for tasks requiring SPMP credentials, that are intended to improve the system of care available to Medicaid/Dr. Dynasaur beneficiaries ages zero through 20 years and pregnant women and, in some instances, for Medicaid beneficiaries 21 years and older.	Direct to Medicaid Administration
39773	EPSDT Systems/Infrastructure Building (Non - SPMP)	Time and other costs for tasks that do not require SPMP credentials, that are intended to improve the system of care available to Medicaid/Dr. Dynasaur beneficiaries ages zero through 20 years and pregnant women and, in some instances, for Medicaid beneficiaries 21 years and older.	Direct to Medicaid Administration
39778	School-Based Health Access Program	Time and associated costs for School-based Health Access Program or Coordinated School Health tasks that are intended to improve the health of school-age Medicaid/Dr. Dynasaur beneficiaries. In limited instances, time spent by Public Health Nutritionists on Coordinated School Health tasks is also covered by this code. This does not include payments to schools that are paid under program code 39758.	Direct to Medicaid Administration

Program Code	Program Name	Description	Allocation Method
39030	Blueprint Health Systems	All costs related to changing health systems to support care for people with chronic conditions as identified in the strategic plan. Does not include health systems work associated with a specific condition or funding source.	Direct to Investments (STC-79) - VT Blueprint for Health (44)
39032	Blueprint Community Support	All costs related to enhancing community infrastructure and programs to help people manage chronic conditions. Does not include community work associated with a specific condition or funding source.	Allocated Between Investments (STC-79) - VT Blueprint for Health (44) and Medicaid Administration (Based on quarterly percentages of Medicaid attributed population of patients served by Blueprint Patient Centered Medical Homes (PCMHs))

Organizational Unit 9: Board of Medical Practice

Nature and Extent of Services: The Board of Medical Practice licenses physicians, podiatrists and physician assistants. The Board investigates all complaints and charges of unprofessional conduct against any person subject to its jurisdiction. The Board is also required by law to create individual profiles on all health care professionals licensed, certified or registered by the department and make these profiles available to the public.

The following program codes, descriptions, and allocation methodologies are for costs associated with the Board of Medical Practice.

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
39020	Medical Practice Board	Costs associated with the Medical Practice Board except those costs specifically described elsewhere.	Direct to Medical Practice Board.

Organizational Unit 10: Environmental Health

Nature and Extent of Services: The following program codes, descriptions, and allocation methodologies are costs associated with the ~~Environmental Health division~~ **various programs in support of Environmental Health, including: Environmental Tracking, Healthy Homes, and Childhood Lead Poisoning Prevention; Asbestos and Lead Regulation, Radiology and Toxicology, and Food and Lodging. Asbestos & Lead Regulatory, Chemical Disclosure, Climate & Health, Private Drinking Water, Environmental Public Health Tracking, Food & Lodging, Healthy Homes, Healthy Schools, Lead in School and Child Care's Drinking Water, Radiological Health, Radon, Recreational Water, Toxicology Sciences, Town Health Officers.** (It is standard practice that any staff person in the department can code costs to any program code in the department if that code is the most appropriate description of the cost. These program codes are shown within this Division as an approximate guide to the most likely users of these codes).

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
39107	PCB Testing in Schools	Costs associated with PCB testing in schools.	Direct to PCB Testing in Schools
39108	Lead Testing in Schools	Costs associated with lead testing in schools.	Direct to Lead Testing in Schools
39111	Environmental Toxicology – General	All costs associated with the investigation or control of environmental toxins, which cannot be coded to a more specific cost center.	Direct to Environmental Toxicology
39115	Indoor Radon Surveillance	Cost associated with providing information to general public, contractors, etc., concerning basic description of radon and methods of testing and abatement of high levels of radon. Includes attendance at workshops and seminars concerning joint State/EPA radon activities. Extensive mailings may be involved.	Direct to Indoor Radon Surveillance
39119	Lead Investigation	Staff time and other costs associated with investigating sources of exposure for severely lead poisoned children.	Direct to Lead Investigation
39120	Healthy Homes Case Management & Outreach	All costs associated with the Healthy Homes activities, including case management for children with elevated lead levels and community outreach and education. Follow-up activities for Global Commitment-eligible clients are coded to EPSDT Administration functions.	Direct to Investments (STC-79) - Healthy Homes and Lead Poisoning Prevention Program (49)

Program Code	Program Name	Description	Allocation Method
39121	EPA Lead Certification Project	Costs associated with establishing an EPA- authorized Lead Model Plan, including an equity project, processing of certification applications, public outreach, and enhanced tracking programs.	Direct to EPA Lead Certification Project
39124	Lead Poisoning Prevention & Surveillance	Costs associated with the CDC Lead Poisoning Prevention & Surveillance grant. Activities include data surveillance, community outreach and education, and prevention activities.	Allocated to Lead Poisoning Prevention based on available funds, then to Investments (STC-79) - Healthy Homes and Lead Poisoning Prevention Program (49)
39126	Private Water Supplies	Costs associated with providing information and assistance to the public regarding the quality of private water supplies other than the costs of laboratory analysis of water samples.	Direct to Private Water Supplies
39127	Asbestos Certification, Notification and Technical Assistance	Costs of activities associated with certification of asbestos removal contractors, site inspections and technical assistance.	Direct to Asbestos Certification, Notification and Technical Assistance
39128	Asbestos in Schools	Costs associated with conducting inspections of schools and providing technical assistance to schools for compliance with AHERA.	Direct to Asbestos in Schools
39129	Health Officer Assistance	Costs associated with any work dealing with Health Officers or local health issues.	Direct to PHHS Block Grant
39137	Environmental Public Health Tracking Program	All costs associated with the establishment and maintenance of a tracking network to obtain integrated health and environmental data in support of actions that improve the health of communities.	Direct to Environmental Public Health Tracking
39140	Chemical Disclosure Program	All Costs associated with the management and operation of the Chemicals of High Concern to Children program.	Direct to Chemical Disclosure Program.
39142	BRACE Climate Change	All costs of those activities and staff associated with the Building Resilience Against Climate Effects grant from the CDC.	Direct to BRACE Climate Change

Program Code	Program Name	Description	Allocation Method
39144	CDC Environmental Health Capacity (EHC)	All costs associated with a project to strengthen the Department's Environmental Health Capacity (EHC) to detect, prevent and control environmental health hazards through data driven, evidence-based approaches.	Direct to CDC Environmental Health Capacity
39145	CDC Environmental Health Capacity - Component C	All costs associated with the Environmental Health Capacity (EHC) grant Component C: enhancing capacity to address emerging or priority EH hazards and issues.	Direct to CDC Environmental Health Capacity
39146	CDC Environmental Health Capacity - Component B	All costs associated with the Environmental Health Capacity (EHC) grant Component B: strengthening EH programs and services.	Direct to CDC Environmental Health Capacity
39151	Food and Lodging – Surveillance, Technical Assistance and Licensing	Cost associated with the inspection of food and lodging establishments.	Direct to Food and Lodging
39152	Food and Lodging – Administration and Program Development	Cost associated with the administration of the food and lodging program.	Direct to Food and Lodging
39155	Manufactured Food Regulatory Program	All costs of those activities associated with the conformance with the Manufactured Food Regulatory Program Standards	Direct to Manufactured Food Regulatory Program
39156	National Retail Food Regulatory Program Standards (NRFPS)	All costs of those activities to advance conformance with the elements of retail standards.	Direct to National Retail Food Regulatory Program Standards (NRFPS)
39157	FSMA Preventative Controls for Human Food	All costs of those activities associated with conformance to the Food Safety Modernization Act's preventative controls for human food.	Direct to Manufactured Food Regulatory Program Supplement
39197	NEHA Retail Food Maintenance	Costs associated with maintaining current retail food standards that fall within public health metrics and planning for the implementation of further standards.	Direct to NEHA Retail Food Standards
39198	NEHA Retail Food Coordinator	Costs associated with managing the retail food standards program.	Direct to NEHA Retail Food Standards
39199	NEHA Retail Training & Development	Costs associated with the retail food program training and development.	Direct to NEHA Retail Food Standards

Program Code	Program Name	Description	Allocation Method
39210	Radiation Inspections	Costs associated with on site evaluation of medical/dental x- ray equipment functions, radiation shielding and exposure to employees, patients, and general public. Maintaining and updating registration program for all x- ray equipment in the state. Conducting all other types of radiation evaluations.	Direct to Radiation Inspections
39211	Mammography X-Ray Unit Inspection	Costs associated with radiation safety inspection of mammography x-ray equipment per the current agreement with the Food and Drug Administration.	Direct to Mammography X-ray Unit Inspection
39212	VT Yankee Post-Close Monitor	Costs incurred for post-closure monitoring activities at the Vermont Yankee nuclear power plant.	Direct to Vermont Yankee bill back
39216	NRC Agreement State	Costs incurred for activities related to becoming and operating as an NRC agreement state.	Direct to NRC Agreement State
39401	Environmental Health Administration	Staff time and operating costs associated with overall administration of the Environmental Health Division.	Total Salaries Across Environmental Health.

Organizational Unit 11: Health Statistics and Informatics

Nature and Extent of Services: The following program codes, descriptions, and allocation methodologies are for costs associated with Health Statistics and Informatics in Cancer Registry, Research Evaluation & Epidemiology, Infectious Disease Data Systems, Immunization Registry, Vital Records, and Research and Statistics.

(It is standard practice that any staff person in the department can code costs to any program code in the department if that code is the most appropriate description of the cost. These program codes are shown within this Division as an approximate guide to the most likely users of these codes).

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
39302	Health Statistics & Informatics Administration	Staff time and operating costs associated with overall administration of the Health Statistics & Informatics Division.	Total Salaries Across HSI
39384	Research and Statistics	Costs associated with the activities related to the collection, editing, coding, key entry, processing, analysis, and publication of health statistics.	Allocated to Investments (STC-79) - Health Research and Statistics (39) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39385	GMCB VUHDDS MOU	Research staff time and any other costs associated with management and analytics for the Vermont Uniform Hospital Discharge Data Set.	Direct to Hospital Data Council
39395	Pregnancy Risk Assessment Monitoring	Costs associated with planning, developing, and implementing a pregnancy risk assessment monitoring system.	Allocated to Pregnancy Risk Assessment Monitoring based on available funds, then to Investments (STC-79) - Health Research and Statistics (39) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.
39304	DAIL Aging and Disability MOU	All costs associated with the Aging and Disability MOU from DAIL.	Direct to DAIL Aging and Disability MOU IDT

Organizational Unit 12 11: Alcohol and Drug Abuse Programs Substance Use Programs

Nature and Extent of Services: The following **plan departments, program codes,** descriptions, and allocation methodologies are for costs associated with **Alcohol and Drug Research and Planning Alcohol and Drug Abuse Treatment; and Alcohol and Drug Prevention. Substance Use Programs including Substance Misuse Prevention, Substance Use Disorder Harm Reduction, Substance Use Disorder Treatment, Substance Use Disorder Recovery/Housing, Substance Use Research, Planning & Workforce Development.** (It is standard practice that any staff person in the department can code costs to any program code in the department if that code is the most appropriate description of the cost. These program codes are shown within this Division as an approximate guide to the most likely users of these codes).

Detailed explanations of individual functions are included below.

Program Code	Program Name	Description	Allocation Method
37732	COVID CRF Activity	Salaries, Contractual, Provider Payments, Grants and Operating costs related to the AHS COVID response Approved for Funding under COVID Relief Funding (CRF) Indirect salary and fringe costs are not attributed to the CRF.	Direct to COVID CRF
39435	SABG ARPA Supplement Operations	Costs associated with grant operations of the SABG ARPA Supplement.	Direct to SABG ARPA Supplement
39436	SABG ARPA Supplement Prevention – Non-Overdose	Costs associated with SUD Prevention – Non-Overdose Services under SABG ARPA Supplement.	Direct to SABG ARPA Supplement
39437	SABG ARPA Supplement OD Prevention	Costs associated with SUD Overdose Prevention Services under SABG ARPA Supplement.	Direct to SABG ARPA Supplement
39438	SABG ARPA Supplement Intervention	Costs associated with SUD Intervention Services under SABG ARPA Supplement.	Direct to SABG ARPA Supplement
39439	SABG ARPA Supplement Treatment	Costs associated with SUD Treatment Services under SABG ARPA Supplement.	Direct to SABG ARPA Supplement
39440	SABG ARPA Supplement Recovery	Costs associated with SUD Recovery Services under SABG ARPA Supplement.	Direct to SABG ARPA Supplement
39441	SABG ARPA Supplement WFD - Prevention	SUD Workforce Development prevention costs under SABG ARPA Supplement.	Direct to SABG ARPA Supplement
39442	SABG ARPA Supplement WFD - Non-Prevention	SUD Workforce Development non-prevention costs under SABG ARPA Supplement.	Direct to SABG ARPA Supplement

Program Code	Program Name	Description	Allocation Method
39443	SABG ARPA COVID Mitigation	Costs associated with the COVID-19 response to expand dedicated testing and mitigation resources for people with substance use disorders.	Direct to SABG ARPA COVID Mitigation
39661	SABG COVID Supplement Operations	Costs associated with grant operations of the SABG COVID Supplement.	Direct to SABG COVID Supplement
39662	SABG COVID Supplement Prevention – Non-Overdose	Costs associated with SUD Prevention – Non-Overdose Services under SABG COVID Supplement.	Direct to SABG COVID Supplement
39663	SABG COVID Supplement OD Prevention	Costs associated with SUD Overdose Prevention Services under SABG COVID Supplement.	Direct to SABG COVID Supplement
39664	SABG COVID Supplement Intervention	Costs associated with SUD Intervention Services under SABG COVID Supplement.	Direct to SABG COVID Supplement
39665	SABG COVID Supplement Treatment	Costs associated with SUD Treatment Services under SABG COVID Supplement.	Direct to SABG COVID Supplement
39666	SABG COVID Supplement Recovery	Costs associated with SUD Recovery Services under SABG COVID Supplement.	Direct to SABG COVID Supplement
39667	SABG COVID Supplement WFD - Prevention	SUD Workforce Development prevention costs under SABG COVID Supplement.	Direct to SABG COVID Supplement
39668	SABG COVID Supplement WFD - Non-Prevention	SUD Workforce Development non-prevention costs under SABG COVID Supplement.	Direct to SABG COVID Supplement
39801	Alcohol and Drug Abuse Programs Administration Division of Substance Use Programs Administration	Staff time and operating costs associated with overall administration of the Alcohol and Drug Abuse Programs Division of Substance Use Programs.	Total Salaries Across ADAP Program DSUP
39802	Public Health Information Sharing - Administration	All costs associated with the Administration of funding to support Public Health Information Sharing activities.	Direct to Public Health Information Sharing - BJA
39803	Public Health Information Sharing – Direct Services	All costs associated with Direct Services to support Public Health Information Sharing activities.	Direct to Public Health Information Sharing - BJA

Program Code	Program Name	Description	Allocation Method
39804	Substance Misuse Prevention Oversight and Advisory Council	Costs associated with the Substance Misuse Prevention Oversight and Advisory Council.	Direct to Substance Misuse Prevention Oversight & Advisory Council
39805	Fentanyl Strip Pilot Program	All costs associated with the fentanyl test strip pilot program.	Direct to Fentanyl Strip Pilot Program
39806	Clinical Suboxone Harm Reduction	All costs associated with Clinical Suboxone Harm Reduction.	Direct to Clinical Suboxone Harm Reduction
39811	Substance Abuse Prevention Consultant System	All costs associated with the Substance Abuse Prevention Consultant System including payroll, benefits, travel, operations, etc.	Direct to Substance Abuse Block Grant
39822	SUD Prevention Community Programs	All costs associated with substance use disorder prevention community grant programs, e.g., Project Rocking Horse.	Direct to Substance Abuse Grant
39824	Rx Drug Disposal Activities	All costs associated with the new legislation authorizing Prescription Drug Disposal Activities (s.243 Legislation)	Direct to Rx Drug Disposal Activities
39833	Impaired Driver Rehabilitation Program (IDRP)	Costs associated with the Impaired Driver Rehabilitation Program including DWI assessments and CRASH schools.	Allocated to Substance Abuse Block Grant and to General Fund based on availability of Substance Abuse Block Grant funding.
39838	Payments to Providers for Treatment – Residential	Payments to providers for residential treatment.	Direct to Substance Abuse Block Grant
39845	Alcohol and Drug Abuse Programs Provider Monitoring	Costs associated with monitoring activities.	Allocated to Medicaid Administration based on the quarterly Medicaid eligibility rate for ADAP clients, then to Substance Abuse Block Grant and to Investments (STC-79) - Substance Use Disorder Treatment (30) based on availability of Substance Abuse Block Grant funding.
39847	GC Program: Outpatient	All costs associated with GC Program: Outpatient	Direct to Global Commitment Program
39848	GC Program: Opiate	All costs associated with GC Program: Opiate	Direct to Global Commitment Program
39849	GC Program: Residential	All costs associated with GC Program: Residential	Direct to Global Commitment Program

Program Code	Program Name	Description	Allocation Method
39851	CHIP Program	Payments on behalf of children eligible for the Children's Health Insurance Program.	Direct to CHIP Program
39853	Treatment Improvement	Costs associated with monitoring and improvement of substance use disorder treatment system.	Allocated to Substance Abuse Block Grant and to Investments (STC-79) - Substance Use Disorder Treatment (30) based on availability of Substance Abuse Block Grant funding.
39860	ADAP non-SPMP	Costs associated with non- SPMP tasks related to Substance Use Disorder pursuant to the Global Commitment State Plan.	Direct to Medicaid Administration
39862	Payments to Providers for Opiate Treatment	Payments to Providers for Opiate Treatment	Allocated to Substance Abuse Block Grant and to Investments (STC-79) - Substance Use Disorder Treatment (30) based on availability of Substance Abuse Block Grant funding.
39863	School Based Substance Use Disorder Services	Costs associated with School Based Substance Use Disorder Services.	Allocated to Substance Abuse Grant and Medicaid Admin based on Medicaid allowable share of costs.
39867	Payment to Provider Non Resident Non Block Grant	To identify payments to providers for non-residential services that are non-block grant expenditures.	Direct to Payment to Provider Non Resident Non Block Grant
39869	Prescription Drug Monitoring Program	Costs associated with developing and maintaining a program to prevent prescription drug abuse in Vermont.	Direct to Prescription Drug Monitoring
39873	School-Based Surveillance	Costs associated with the implementation, analysis, and dissemination of the Youth Risk Behavior Survey and the School Health Profiles survey.	Direct to School-Based Surveillance
39880	Community Recovery Centers	Costs to provide seed funding to establish community-based and community-run recovery centers which provide a place for self-help, education, and referral services in the community.	Allocated to state funds based on availability of state funding, then to Investments (STC-79) - Recovery Centers (17)

Program Code	Program Name	Description	Allocation Method
39880.7089	Community Recovery Centers	Costs to provide seed funding to establish community-based and community-run recovery centers which provide a place for self-help, education, and referral services in the community.	Direct to Recovery Center State Funds
39880.7189	Community Recovery Centers	Costs to provide seed funding to establish community-based and community-run recovery centers which provide a place for self-help, education, and referral services in the community.	Direct to Recovery Center State Funds
39881	SPF Prescription Drugs – Administrative	All administrative costs associated with a program that will apply the existing state-wide Strategic Prevention Framework (SPF) infrastructure to prevent prescription drug misuse	Direct to Prescription Drugs SPF
39882	SPF Prescription Drugs – Data Collection	All data collection costs associated with a program that will apply the existing state-wide Strategic Prevention Framework (SPF) infrastructure to prevent prescription drug misuse.	Direct to Prescription Drugs SPF
39883	SPF Prescription Drugs – Direct Service	All direct service costs associated with a program that will apply the existing state-wide Strategic Prevention Framework (SPF) infrastructure to prevent prescription drug misuse.	Direct to Prescription Drugs SPF
39884	Substance Use Disorder– Transitional Housing	Costs associated with housing for clients who are engaged in substance use disorder treatment.	Allocated to Substance Abuse Block Grant and to Investments (STC-79) - Substance Use Disorder Treatment (30) based on availability of Substance Abuse Block Grant funding.
39885	Transitional Housing- Charitable Choice	Charitable Choice Grants that are non-Block Grant expenses.	Direct to Transitional Housing- Charitable Choice (state funds)
39889	Substance Abuse Prevention Administration and Planning	All costs associated with Substance Abuse Prevention including payroll, benefits, travel, operations, etc., for administration, planning, evaluation, and sub-recipient monitoring.	Direct to Substance Abuse Block Grant

Program Code	Program Name	Description	Allocation Method
39892	Substance Abuse Workforce Development	All costs associated with substance abuse workforce development and training.	Allocated to Substance Abuse Block Grant and to Investments (STC-79) - Substance Use Disorder Treatment (30) based on availability of Substance Abuse Block Grant funding.
39893	Direct Outpatient Treatment Services	Payments to providers for outpatient, intensive outpatient, or clinical case management services.	Allocated to Substance Abuse Block Grant and to Investments (STC-79) - Substance Use Disorder Treatment (30) based on availability of Substance Abuse Block Grant funding.
39896	Public Inebriate Services, Challenges for Change, Global Commitment	Crisis intervention for Mental Health and substance abuse issues; non-categorical case mgt; development of a detoxification bed program	Direct to Investments (STC-79) - Public Inebriate Services, C for C (23)
39905	OD2A Prevention	All costs associated with prevention activities under the Overdose Data to Action federal grant.	Direct to Overdose Data to Action
39906	Partnerships for Success III - Administration	All administrative costs associated with a program to reduce underage drinking, prescription drug misuse & abuse, and marijuana use among 12-25 year olds.	Direct to PFS III 2020
39907	Partnerships for Success III - Data Collection	All data collection costs associated with a program to reduce underage drinking, prescription drug misuse & abuse, and marijuana use among 12-25 year olds.	Direct to PFS III 2020
39908	Partnerships for Success III - Direct Services	All direct service costs associated with a program to reduce underage drinking, prescription drug misuse & abuse, and marijuana use among 12-25 year olds.	Direct to PFS III 2020
39910	SAMHSA COVID-19 Administration, Data and Performance	All costs associated with the administration, data collection, performance measurement, and performance assessment of the SAMHSA Emergency Grants to Address Mental and Substance Use Disorders During COVID-19.	Direct to SAMHSA COVID-19 MH and SUD

Program Code	Program Name	Description	Allocation Method
39911	SAMHSA COVID-19 Individuals with SMI and SUD	All costs associated with the SAMHSA Emergency Grants to Address Mental and Substance Use Disorders During COVID-19 to provide direct services to those with serious mental illness (SMI) or substance use disorders (SUDs).	Direct to SAMHSA COVID-19 MH and SUD
39912	SAMHSA COVID-19 Healthcare Practitioners	All costs associated with the SAMHSA Emergency Grants to Address Mental and Substance Use Disorders During COVID-19 to provide direct services to healthcare practitioners with mental disorders less severe than SMI requiring mental health care as a result of COVID-19.	Direct to SAMHSA COVID-19 MH and SUD
39913	SAMHSA COVID-19 Mental Disorder	All costs associated with the SAMHSA Emergency Grants to Address Mental and Substance Use Disorders During COVID-19 to provide direct services to individuals with mental disorders less severe than SMI.	Direct to SAMHSA COVID-19 MH and SUD
39916	State Opioid Response 2020 - Administration	All costs associated with the administration of the 2020 grant award to support opioid abuse prevention, treatment, and recovery activities.	Direct to SOR 2020
39917	State Opioid Response 2020 - Data Collection	All costs associated with data collection for the 2020 grant award to support opioid abuse prevention, treatment, and recovery activities.	Direct to SOR 2020
39918	State Opioid Response 2020 - Direct Services	All direct service costs associated with the 2020 grant award to support opioid abuse prevention, treatment, and recovery activities.	Direct to SOR 2020
39921	SAMHSA COVID-19 2021 Administration, Data and Performance	All costs associated with the administration, data collection, performance measurement, and performance assessment of the 2021 SAMHSA Emergency Grants to Address Mental and Substance Use Disorders During COVID-19.	Direct to SAMHSA COVID-19 MH and SUD 2021

Program Code	Program Name	Description	Allocation Method
39922	SAMHSA COVID-19 2021 Individuals with SMI and SUD	All costs associated with the 2021 SAMHSA Emergency Grants to Address Mental and Substance Use Disorders During COVID-19 to provide direct services to those with serious mental illness (SMI) or substance use disorders (SUDs).	Direct to SAMHSA COVID-19 MH and SUD 2021
39923	SAMHSA COVID-19 2021 Healthcare Practitioners	All costs associated with the 2021 SAMHSA Emergency Grants to Address Mental and Substance Use Disorders During COVID-19 to provide direct services to healthcare practitioners with mental disorders less severe than SMI requiring mental health care as a result of COVID-19.	Direct to SAMHSA COVID-19 MH and SUD 2021
39924	SAMHSA COVID-19 2021 Mental Disorder	All costs associated with the 2021 SAMHSA Emergency Grants to Address Mental and Substance Use Disorders During COVID-19 to provide direct services to individuals with mental disorders less severe than SMI.	Direct to SAMHSA COVID-19 MH and SUD 2021
42040	HCBS Admin	Administrative costs associated with the HCBS Spend Plan.	Direct to HCBS Spend Plan Medicaid Admin
42041	HCBS Investment	Costs associated with HCBS Spend Plan Investments.	Direct to HCBS Spend Plan Investment
42042	HCBS Program	Costs associated with HCBS Spend Plan GC Program.	Direct to HCBS Spend Plan GC Program

F. DEPARTMENT OF MENTAL HEALTH (DMH)

I. Introduction

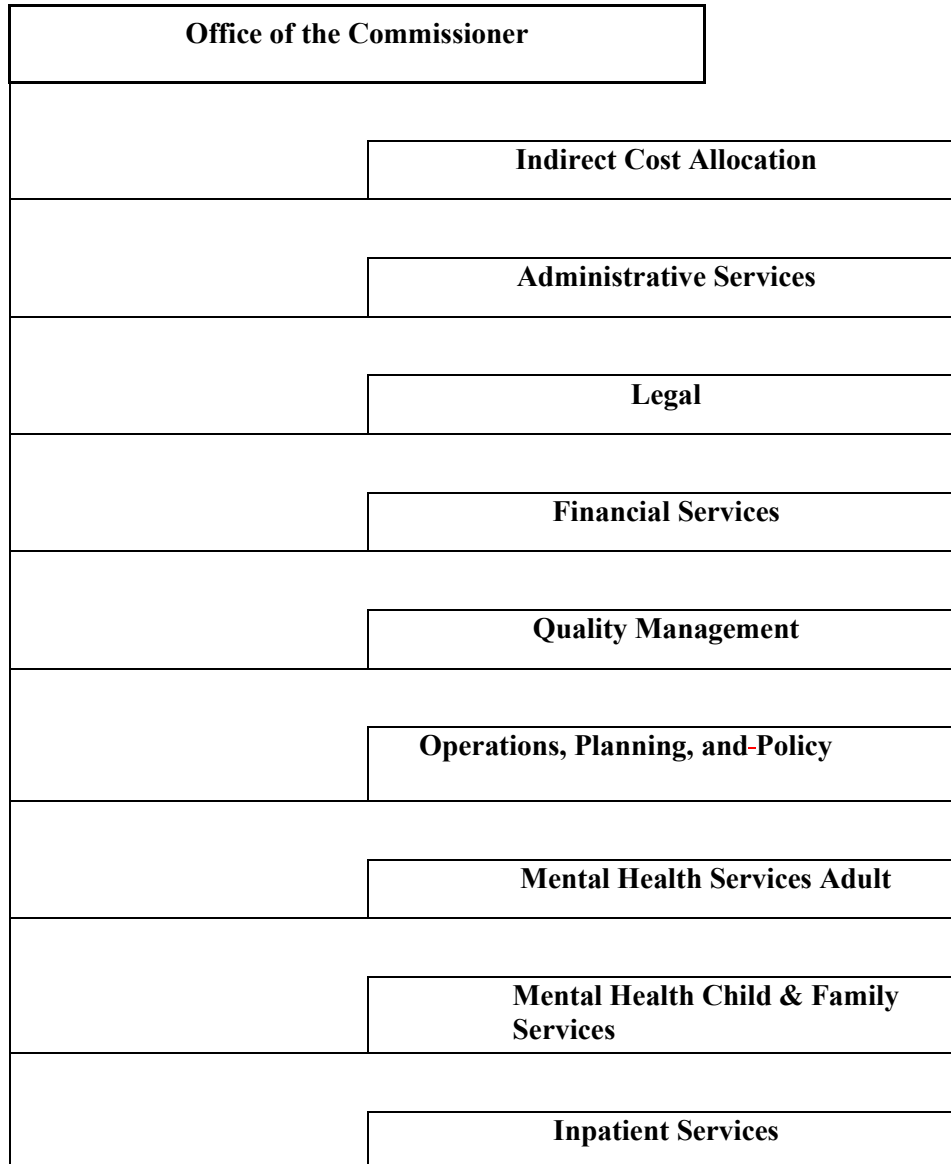

The Department of Mental Health (DMH) was established by the state legislature effective July 1, 2007.

Within this document, we have included an overview of DMH's organizational structure, and a list of the specific functions performed by DMH, referred to as plan departments or cost pools, and the allocation method for each function. Please note that the plan department numbers correspond to internal AHS program codes, from the state accounting system. Our cost allocation plan (CAP) narrative is broken out into organizational areas called "cost centers" that are based on the sections of our organizational chart. Cost centers are comprised of various plan departments or units of cost that fall under each cost center.

Staff at DMH direct code their time to the programs they support throughout their workday. DMH staff enters their time into the state's payroll system. When staffs enter timesheet information, they "direct code" their time and the data feeds the VISION accounting system. Staff performing support functions will use their assigned VISION code unless they work on a specific function where they are required to direct code their time to a specific function or program. Staff who works across multiple programmatic and direct service areas will code their time appropriately to multiple VISION codes. 100% of staff time is recorded. As a result, the staff costs in each VISION code are from staff recording their time, and an individual's cost may appear in more than one code, though it cannot exceed the total cost of that employee.

II. Organizational Chart

DMH has set up our cost allocation plan narrative to mirror the organizational structure under which it operates. Section VI of this document describes, in narrative form, our cost allocation process. We have included a table that breaks out each of our cost pools, which mimic the boxes below on the organization chart; the narrative and organizational chart crosswalk to one another, and the narrative further describes the programs that the units within DMH administer.

III. Cost Allocation Methodologies

With the January 1, 2017 extension of the Global Commitment to Health 1115 Waiver, administrative costs are not included in the budget neutrality agreement. Administrative costs will be reported on the appropriate CMS-64.10 Base reporting line. However, administrative costs associated with investments that are strictly administrative in nature are subject to the budget neutrality limit and are reported on the “Investments” or “DSR investments” waiver forms. Investment administrative costs for Green Mountain Care Board, Health Research and Statistics, Patient Safety Adverse Events, and Area Health Education Centers (AHEC) receive 50% FFP.

Cost allocation methodologies are updated quarterly to reflect the U.S. Treasury’s most recent guidance regarding allowable uses of the Coronavirus Relief Fund under section 601(a) of the Social Security Act, as added by section 5001 of the Coronavirus Aid, Relief, and Economic Security Act (‘Cares Act’).

Organizational Unit 1: Indirect Cost Allocations

Nature and Extent of Services: Vermont Department of Mental Health is assessed costs from both the State of Vermont, called the SWICAP, and the Agency of Human Services Central Office, for activities performed on its behalf.

Program Code	Program Name	Description	Allocation Method
1000.1	SWICAP	DMH Allocation of Statewide Indirect Costs	Total Salaries across departments
1000.2	AHS Audit Unit	DMH Allocation of costs related to the AHS Audit Unit	Total Salaries across departments
1000.3	AHS Secretary’s Office	DMH Allocation of costs related to the AHS Secretary’s Office	Total Salaries across departments
1000.4	AHS Information Technology	DMH Allocation of costs related to AHS Information Technology	Total Salaries across departments
1000.5	Financial Statement and Internal Controls Audit	DMH Allocation of costs related to the Single Audit – Financial Statement and Internal Controls	Total Salaries across departments
1000.6	Human Services Board	DMH Allocation of costs related to the Human Services Board	Total Salaries across departments
1000.7	Human Resources Investigations Unit	DMH allocation of costs related to the Human Resources Investigations Unit	Total Salaries across departments
1000.8	AHS Policy	DMH allocation of costs related to AHS Policy	Total Salaries across departments

Organizational Unit 2: Administrative Services

Nature and Extent of Services: This cost center is comprised of costs associated with running the department from an administrative, organizational standpoint. The Commissioner, Deputy Commissioner, Medical Director, and Executive Office Assistant are all included in this cost center.

Program Code	Program Name	Description	Allocation Method
37731	AHS COVID Response	Salaries, Contractual, Grant and Operating costs related to the AHS COVID response not funded by AHS base appropriations or federal grants. Indirect salary and fringe costs are not attributed to the CRF.	Direct to COVID Response
37732	COVID CRF Activity	Salaries, Contractual, Provider Payments, Grants and Operating costs related to the AHS COVID response Approved for Funding under COVID Relief Funding (CRF). Indirect salary and fringe costs are not attributed to the CRF.	Direct to COVID CRF
37856	PADS Staff	Staff and operating costs associated with the Payment and Delivery Systems (DDI)	Direct to CMS – MMIS PADS DDI (90%)
39234	COVID-19 Vaccination Program	All costs to support COVID-19 vaccination planning and implementation.	Direct to COVID-19 Vaccination Program - IZ
41639	ICD-10 – Contractual Costs	Contractor expenses – associated with the ICD- 10 planning	Direct to ICD-10 IAPD
41642	MMIS – DDI Staff	Staff work related to the development of the MMIS	Direct to CMS-MMIS/MES-DDI (90%)
41694	HIT Implementation – Contract	Contractual Costs related to Health Enterprise HIT HIE, HER, and Public Health Development and Implementation	Direct to CMS-HIT IAPD (90%)
42014	DMH Administration	Staff and operating costs associated with overall management of DMH programs, including Commissioner, the Medical Director, Executive Office Assistant, General Counsel, Operations Manager, Administrative Support Coordinator, and Deputy Commissioner	Total Cost of All Programs, Including Community Health and Inpatient Care
42040	HCBS Admin	Staff and operating costs associated with overall administration of HCBS	Direct to HCBS Spend Plan Medicaid Admin

Program Code	Program Name	Description	Allocation Method
42541	988 Capacity Grant Administrative	Activities to provide access to effective suicide prevention and crisis services through the three-digit phone number 988 funded by SAMHSA	Direct to 988 Capacity Grant
42600	General Funded Activities and Services	Activities that are not eligible for reimbursement under other funding sources	Direct to General Fund
42603	IDT Admin	Interdepartmental Transfers to and from DMH	Direct to IDT
42649	Children's Division Only	Staff and operating costs associated with all children's programs administered by the department	Total Cost of All Children's Programs, Including Community Health

Organizational Unit 3: Legal

Nature and Extent of Services: The Legal cost center is for all costs related to our legal services staff.

Program Code	Program Name	Description	Allocation Method
42014	DMH Administration	Staff and operating costs associated with overall management of DMH programs, including Commissioner, the Medical Director, Executive Office Assistant, General Counsel, Operations Manager, Administrative Support Coordinator, and Deputy Commissioner	Total Cost of All Programs, Including Community Health and Inpatient Care
42320	Legal Director and Assistant	Staff costs associated with the overall costs of the Legal Director and Assistant Legal Director	Total Cost of All Programs, Including Community Health and Inpatient Care
42321	Legal Services – Inpatient	Legal services costs associated with Inpatient programs	Total Cost of All Inpatient Care Programs
42322	Legal Services – Community Mental Health	Legal services costs associated with Community Mental Health programs	Cost of All Community Health Programs
42323	Legal Services – All Mental Health	Legal services costs associated with Mental Health programs	Total Cost of All Programs, Including Community Health and Inpatient Care

Organizational Unit 4: Financial Services

Nature and Extent of Services: Financial Services is comprised of all costs related to our financial Services staff.

Program Code	Program Name	Description	Allocation Method
42014	DMH Administration	Staff and operating costs associated with overall management of DMH programs, including Commissioner, the Medical Director, Executive Office Assistant, General Counsel, Operations Manager, Administrative Support Coordinator, and Deputy Commissioner	Total Cost of All Programs, Including Community Health and Inpatient Care
42313	Financial – All Programs	Staff costs within the financial unit associated with workers supporting all programs	Total Cost of All Programs, Including Community Health and Inpatient Care
42314	Financial – Adult Programs	Staff costs within the financial unit associated with workers supporting all adult programs	Total Cost of All Adult Programs
42315	Financial – Children Programs	Staff costs within the financial unit associated with workers supporting all children programs	Total Cost of All Children Programs
42316	Financial – Inpatient Programs	Staff costs within the financial unit associated with workers supporting all inpatient programs	Total Cost of All Inpatient Programs

Organizational Unit 5: Quality Management

Nature and Extent of Services: This cost center houses costs related to DMH's quality management services.

Program Code	Program Name	Description	Allocation Method
42015	Community Mental Health Administration – Adults and Children	Staff and operating costs associated with overall administration of adult and children's mental health programs, excluding inpatient care	Costs of All Programs Excluding Inpatient Care
42317	Quality Assurance	Staff costs associated with quality assurance, outcomes, and reporting efforts across the department, including coordination of oversight activities with other departments within AHS	Total Cost of All Programs, Including Community Health and Inpatient Care
42319	Technology and Data Collection	Staff costs associated managing information and data received from all state and non-state facilities	Total Cost of All Programs, Including Community Health and Inpatient Care
42648	Adult Division Only	Staff and operating costs associated with all adult programs administered by the department	Total Cost of All Adult Programs
42771	Research and Statistics Staff Costs	Costs related to data collection, analysis, and reporting conducted by staff members	Costs of All Programs that use a grant account code, Including Community Health and all Inpatient Care costs

Organizational Unit 6: Operations, Planning, and Policy

Nature and Extent of Services: This cost center is comprised of costs associated with oversight of the programs that the department provides for children, adults, and operations.

Program Code	Program Name	Description	Allocation Method
42014	DMH Administration	Staff and operating costs associated with overall management of DMH programs, including Commissioner, the Medical Director, Executive Office Assistant, General Counsel, Operations Manager, Administrative Support Coordinator, and Deputy Commissioner	Total Cost of All Programs, Including Community Health and Inpatient Care
42301	Direct Service Technical Assistance Supports	Staff costs associated with mental health Technical Assistance	Global Commitment Program or Investments (STC-79) – Acute Psychiatric Inpatient Services (13) by Statewide Medicaid Eligibility Rate
42303	Department Planning and Development	Staff costs associated with oversight of all policy development and assessment of impacts of legislative actions across the department	Total Cost of All Programs, Including Community Health and Inpatient Care
42317	Quality Assurance	Staff costs associated with quality assurance, outcomes, and reporting efforts across the department, including coordination of oversight activities with other departments within AHS	Total Cost of All Programs, Including Community Health and Inpatient Care
42534	COVID Mental Health Block Grant for Children and Families	Grant provides comprehensive community mental health services to children with serious emotional disturbance (SED). States may use this supplemental COVID-19 Relief funding to prevent, prepare for, and respond to SED needs and gaps due to the on-going COVID-19 pandemic	Direct to COVID MHBG
42649	Children's Division Only	Staff and operating costs associated with all children's programs administered by the department	Total Cost of All Children's Programs, Including Community Health

Organizational Unit 7: Mental Health Services Adult

Nature and Extent of Services: All costs associated with providing clinical services to adults are associated with this cost center.

Program Code	Program Name	Description	Allocation Method
2000.1	CRT Billings	Medicaid Billings for the CRT Program	Direct to CRT Global Commitment
2000.2	VPCH Revenue	Client Billings, Medicare, and Other Revenues	Direct to Investments (STC-79) – Institution for Mental Disease Services: DMH (3) - VPCH
2000.3	MTCR Revenue	Client Billings and Other Revenues	Direct to Investments (STC-79) – Mental Health CRT Community Support Services (16) Direct to CRT
2000.4	Behavioral Health Services Information System (BHSIS) Revenue	Contract with Eagle Technologies, Inc. to support federal reporting requirements.	Costs of All Programs that use a grant account code, Including Community Health and all Inpatient Care costs
37705	Adult Case Rate Payment	MH Case Rate Bundle Payment associated with mental health services for adults	Direct to Global Commitment (Program)
37712	Medicaid Program – Adults	Medicaid Fee for Service costs associated with mental health services for adults	Direct to Global Commitment (Program)
37719	Medicaid Program – VPCH	Medicaid Fee for Service costs associated with VPCH	Direct to Global Commitment (Program)
37731	AHS COVID Response	Salaries, Contractual, Grant and Operating costs related to the AHS COVID response not funded by AHS base appropriations or federal grants. Indirect salary and fringe costs are not attributed to the CRF.	Direct to COVID Response
37732	COVID CRF Activity	Salaries, Contractual, Provider Payments, Grants and Operating costs related to the AHS COVID response Approved for Funding under COVID Relief Funding (CRF). Indirect salary and fringe costs are not attributed to the CRF.	Direct to COVID CRF
37800	Social Services Block Grant	Social Services Block Grant costs associated with the hospital diversion program and as part of the Community Rehabilitation and Treatment program for adults	Direct to Social Services Block Grant

Program Code	Program Name	Description	Allocation Method
37856	PADS Staff	Staff and operating costs associated with the Payment and Delivery Systems (DDI)	Direct to CMS – MMIS PADS DDI (90%)
39306	Vermont Addressing Suicide Together, Suicide Prevention (VAST SP)	All costs associated with a grant to increase and sustain the capacity of a coordinated statewide public health approach to suicide prevention, and to reduce the morbidity and mortality rate of Vermonters due to suicide and self-directed violence.	Direct to VDH VAST MOU IDT
42006	Pre-Admission Screen and Resident Review (PASARR)	PASSAR contracted activities related to all mental health clients	Direct to Medicaid Admin
42014	DMH Administration	Staff and operating costs associated with overall management of DMH programs, including Commissioner, the Medical Director, Executive Office Assistant, General Counsel, Operations Manager, Administrative Support Coordinator, and Deputy Commissioner	Total Costs of All Programs Excluding Inpatient Care
42015	Community Mental Health Administration – Adults and Children	Staff and operating costs associated with overall administration of adult and children's mental health programs, excluding inpatient care	Costs of All Programs Excluding Inpatient Care
42041	HCBS Investment	Contractor support operations development and technology that will support a mobile response hub as well as develop and implement a pilot program for 988	Direct to HCBS Spend Plan Investment
42042	HCBS Program	Start-up and eligible costs for HCBS program	Direct to HCBS Spend Plan GC Program
42302	Care Management	Costs associated with care management of adult individuals who are in the custody of the department or voluntary psychiatric inpatient.	Global Commitment Program or Investments (STC-79) – Acute Psychiatric Inpatient Services (13) by Statewide Medicaid Eligibility Rate
42305	Adult Services Utilization Director	Costs associated with the oversight of Housing Supports, Utilization Review, and Employment Supports	Full Time Equivalent Count across Housing, Utilization Review, and Employment Supports

Program Code	Program Name	Description	Allocation Method
42306	Inpatient Utilization Review	Costs associated with conducting utilization review activities for inpatient services	Global Commitment Program or Investments (STC-79) – Acute Psychiatric Inpatient Services (13) by Statewide Medicaid Eligibility Rate
42410	Refugee Program	Costs Associated with the Federal Refugee Program	Direct to Refugee Program (Federal)

X. STATISTICAL INFORMATION

AHS SECRETARY'S OFFICE

Annual results of the AHS Schedule of Expenditures of Federal Awards by Department:

Costs associated with both the Audit Unit and the Federal Funds Management Unit.

Periodic update based on benefitting program individuals per the IE&E approved IAPDU:

Costs associated with specific programs are allocated based on benefitting program individuals in the household calculated by the monthly number of caseloads averaged over a 12-month period ending June 30 per the IE&E approved IAPDU

Periodic update based on benefitting program individuals per the IE&E approved IAPDU:

Allocated based on the approved IAPD utilizing the CAM Toolkit.

Positions Across AHS:

Costs associated with the Office of the AHS Secretary and Staff, Operational Services, Budget Services Unit, General Operating Expenses, Miscellaneous Grants and Contracts, IT Agency General Staff Costs to support and benefit all AHS and have an agency-wide impact are allocated based on the number of positions Agency-wide.

Positions Across AHS Non-Institutional Staff:

Costs associated with the Policy Division.

Positions Across Non-Institutional AHS Staff:

Costs associated with Service Coordination grants provided service coordination for families and individuals referred through the State as short term or temporary lead case management and Direct Service Dollar grants that provide direct support and create community collaboration for individuals and families in need throughout the state are allocated based on the number of non-institutional staff Agency-wide.

Quarterly Allocation based on VTHR Hours across AHS to the Direct to MMIS, and IE-(DDI only) Program Codes, CMS-MMIS/MES - DDI (90%), CMS-E&E/VIEWS DDI (90%)-ALLOCATED

Costs associated with specific program are allocated based on the quarterly VTHR hours during the quarter.

Quarterly VHC Enrollment for Global Commitment and Designated State Health Program (DSHP) (claim at 75% Medicaid FMAP), CHIP and QHP:

Costs associated with specific program are allocated based on the quarterly case count and enrollment numbers during the quarter.

Quarterly enrollment for GC, CHIP, and all other benefitting programs:

Costs associated with specific program are allocated based on the quarterly enrollment numbers during the quarter.

Quarterly update based on Case Count:

Costs associated with specific programs are allocated based on results of case count for each specific program during the quarter.

Quarterly update based on caseload:

Costs associated with specific programs are allocated based on results of case load for each specific program during the quarter.

Quarterly update based on cases:

Costs associated with specific programs are allocated based on results of number of cases for each specific program during the quarter.

Total Salaries:

Salaries and expenses of selected program are allocated across programs based on a ratio of total direct salary costs expended in the quarter by each respective program.

State-wide Program Population Statistic. Benefitting Programs Medicaid w/VPA, QHP, CHIP & Other statewide population:

Costs associated with specific program are allocated based on quarterly state-wide program population statistic.

Allocated based on the approved IAPD utilizing the CAM Toolkit: Costs associated with specific programs are allocated based on quarterly CAM Toolkit.

**DEPARTMENT OF CHILDREN AND FAMILIES (DCF)****ACCESS Case Count Between CHIP & Medicaid 50%:**

Costs associated with specific programs are allocated based on the quarterly case count numbers during the quarter.

Blended IV-E Pent Rate:

Costs associated with the Foster Care program are allocated based on the percentage of custody and adoption cases during the quarter that are Title IV-E eligible.

Cases Across Social Security and Medicaid-Admin 50/50:

Costs associated with the processing of medical cases are allocated based on the percentage of eligible cases to each benefitting program during the quarter.

Case Count Between CHIP, VHC & Medicaid 50%:

Costs associated with specific programs are allocated based on the quarterly case count and enrollment numbers during the quarter.

Case Count Between CHIP, VHC & Medicaid 75%:

Costs associated with specific programs are allocated based on the quarterly case count and enrollment numbers during the quarter.

Central Processing Unit (CPU) Usage Commands for Applicable Programs:

Costs associated with maintaining the ACCESS and FAMIS IT systems are allocated based on system usage by programs administered through each mainframe.

Child Subsidy Case Count:

Costs associated with the administration of the Child Development Division are allocated based on the results of case counts for each benefitting program during the quarter.

Child Subsidy Duplicated Case Count:

Costs associated with the Child Development Division IT system, BFIS, are allocated based on the results of case counts for each benefitting program during the quarter.

CIS Encounter Data:

Costs associated with the administration of the Children's Integrated Services (CIS) are allocated based on the results of case counts for each benefitting program during the quarter.

~~Child Subsidy Duplicated Case Count:~~

~~Costs associated with the Child Development Division IT system, BFIS, are allocated based on the results of case counts for each benefitting program during the quarter.~~

Economic Services Duplicated Case Count:

Costs associated with the Application Document Processing Center (ADPC) and ACCESS mainframe are allocated based on the results of case counts for each benefitting program during the quarter.

Medicaid-Admin 50/50 Eligibility Rate for Targeted Case Management:

Costs associated with Targeted Case Management (TCM) activities are allocated based on the results of eligible case counts for TCM and General Fund during the quarter.

IV-D Cases vs. Non-IV-D Cases:

Costs associated with the administration of the Office of Child Support are allocated based on the results of case counts for each benefitting program during the quarter.

IV-D Customer Contacts vs. Non-IV-D Customer Contacts:

Costs associated with the administration of the Office of Child Support are allocated based on the results of and average IV-D contact for each benefitting program during the quarter.

Percentage Direct to SNAP Certified and Economic Case Count Across Reach Up:

Costs associated with dual program claim establishment cases are allocated based on the percentage of eligible costs to each benefitting program during the quarter.

Percentage of EA and GA Dollars Spent (Allocated to TANF and State General Fund):

Costs associated with the administration of the General Assistance program are allocated based on the results of case counts for each benefitting program during the quarter.

Percentage of LIHEAP Administrative costs for ARPA: (Effective Date 04/01/2021)

Costs associated with the administration of the LIHEAP Program are allocated based on the percentage of eligible costs to each benefitting program during the quarter.

Percentage of Medicaid-Admin 50/50 and SCHIP Eligibles:

Costs associated with specific programs are allocated based on the percentage of eligible paid claims during the quarter.

Percentage of Social Security versus Medicaid-Admin 50/50 Costs:

Costs associated with the administration of the Disability Determination Services Division are allocated based on the percentage of eligible costs to each benefitting program during the quarter.

Percentage of SCHIP Eligibles as compared to the total Medicaid-Admin 50/50 Eligibles for the quarter. SCHIP current FFP:

Costs associated with specific programs are allocated based on the percentage of eligible paid claims during the quarter.

PU – Allocation based on percentage approved in IE&E IAPD All Benefiting Programs:

Costs associated with specific programs are allocated based on benefitting program caseloads for all programs calculated by the monthly number of caseloads averaged over a 12 month period ending June 30 per the IE&E approved IAPDU

PU – Allocation based on percentage approved in IE&E IAPD Health Care Projects:

Costs associated with specific programs are allocated based on benefitting program individuals for Healthcare Medicaid, CHIP, QHP calculated by the monthly number of individuals in the household averaged over a 12 month period ending June 30 per the IE&E approved IAPDU

PU – Allocation based on percentage approved in IE&E IAPD Healthcare Medicaid and CHIP:

Costs associated with specific programs are allocated based on benefitting program individuals for Healthcare Medicaid, CHIP, QHP calculated by the monthly number of individuals in the household averaged over a 12 month period ending June 30 per the IE&E approved IAPDU

PU – Allocation based on percentage approved in IE&E IAPD Reach Up Caseload:

Costs associated with specific programs are allocated based on benefitting program individuals for Healthcare Medicaid and CHIP, calculated by the monthly number of individuals in the household averaged over a 12 month period ending June 30 per the IE&E approved IAPDU.

PU - Cost of Independent Living:

Administrative costs associated with the Independent Living program are allocated based on total agreements to the Independent Living program

PU - Cost of Title IV-E Education and Training Voucher:

Administrative costs associated with the Title IV-E Education and Training Voucher (ETV) program are allocated based on total agreements to the ETV program.

PU – Across Utility Eligibility:

Administrative costs associated with the Utility Eligibility program are allocated based on an agreed upon split between utility programs based off work level effort.

Quarterly Count of FSD Agreements: ~~(Effective Date 04/01/2020)~~

Costs associated with FSD grants unit are allocated based on the number of agreements that are currently open and their funding sources.

Quarterly Employee Count Across ESD District Office:

Costs associated with office space in each ESD district location are allocated based on the number of Long Term Care versus ESD employees occupying space during the quarter.

Quarterly Enrollment for Eligibility Systems and Staffing, Medicaid, and CHIP:

Costs associated with specific programs are allocated based on the quarterly enrollment numbers during the quarter.

Quarterly Percentage of Fraud Investigations:

Costs associated with the Fraud Investigative Unit in ESD are allocated based on the percentage of investigations completed for each benefitting program during the quarter.

Reach Up Case Count (Reach Up, First, Ahead):

Costs associated with Job Retention Support Services, Reach Up Operations and Reach Up Quality Assurance, are allocated based on the results of case counts for each benefitting program during the quarter.

Results of Family Services Time Study:

Survey process that includes all the activities performed by the Family Services Division (FSD), District Social Workers within the Vermont Department for Children and Families (DCF). The Random Moment Time Study (RMTS) calculates the proportion of worker time spent on various activities then allocates salary costs to the various benefitting programs. This level of detail is required for DCF to participate in federal claiming efforts.

Results of Legal Time Study:

Excel tracking system that includes all the activities performed by the Assistant Attorney Generals (AAG). Costs associated with specific programs are allocated based on the results of hours spent on activities specific to Vermont Department for Children and Families (DCF) departments during the quarter.

Results of Economic Assistance Time Study:

Survey process that includes all the activities performed by the Economic Services Division (ESD), Benefit Programs Specialists (BPS) within the Vermont Department for Children and Families (DCF). The Random Moment Time Study (RMTS) calculates the proportion of worker time spent on various activities then allocates salary costs to the various benefitting programs. This level of detail is required for DCF to participate in federal claiming efforts.

TANF, SNAP Issue & LIHEAP:

Costs associated with the Electronic Benefit Transfer (EBT) Administrator are allocated based on the administrative fees paid for each program, during the quarter.

Title IV-E Caseload Count:

Costs associated with the adoption and foster care analysis and reporting system are allocated based on the count of custody, guardianship, and adoption cases during the quarter that are Title IV-E eligible.

Quarterly Count of Eligible Cases Across Title IV-E, Medicaid – Admin 50/50 & General Fund:

Costs associated with recruitment, placement, training, residential licensing, and other administrative activities of the Foster Care program, are allocated based on the results of eligible cases during the quarter.

Title IV-E Adoption Assistance and Guardianship Assistance:

Costs associated with the Adoption and Guardianship Services Unit are allocated based on the percentage of custody and guardianship cases during the quarter that are Title IV-E eligible.

Title IV-E Candidacy Rate:

Costs associated with the candidates for foster care program are allocated based on the portion of eligible candidates in the non-custody family support and conditional custody caseloads. The Title IV-E portion is allocated through application of the foster care eligibility rate to a pool of candidate cases.

Title IV-E Eligibility Rate and Title IV-E Eligibility Rate (IV-E Training):

Costs associated with the training, case management and legal representation of the Foster Care program are allocated based on the Title IV-E eligible population in custody during the quarter.

Title IV-E Eligibility Rate and Title IV-E Eligibility Rate (IV-E Training)/(Enhanced):

Costs associated with the training, case management and legal representation of the Foster Care program are allocated based on the Title IV-E eligible population in custody during the quarter.

Percent of Hotel/Motel Bills Paid:

Costs associated with the administration of the General Assistance Housing program are allocated based on the processed hotel/motel bills during the quarter.

Household Count by Funding Sources:

Costs associated with Reach Up Case Management are allocated based on the funding eligibility of the population served during the quarter.

Total Salaries:

Salaries and expenses of selected programs are allocated across programs based on a ratio of total direct salary costs expended in the quarter by each respective program.

Quarterly ACH Count Across Reach Up, LIHEAP and SNAP:

Costs associated with the processing fees of Automated Clearing House (ACH's), are allocated based on the count of ACH transactions per program during the quarter.

Quarterly Check Count Across Reach Up, LIHEAP, SNAP, and Medicaid-Admin 50/50:

Costs associated with the processing fees of cashing checks, are allocated based on the count of check transactions per program during the quarter.

DEPARTMENT OF DISABILITIES, AGING AND INDEPENDENT LIVING (DAIL)
Total Cost:

Salaries and expenses of selected programs are allocated across divisions based on a ratio of total direct program costs expended in the quarter by each respective division.

Total Salaries:

Salaries and expenses of selected programs are allocated across divisions based on a ratio of total salary costs expended in the quarter by each respective division.

Method A1 “Salary Cost Allocation of Indirect Costs to Divisions”:

Salaries and expenses related to SWICAP and Commissioner’s Office are allocated across all DAIL Divisions based on a ratio of total salary costs expended in the quarter by DAIL staff.

Method A2 “Total Cost; Ratio of Total Direct Program Funds Expended in Quarter (ASD)”:

Salaries and expenses related to the Division Director and Administrative Staff are allocated based on a ratio of total direct program costs expended in the quarter by ASD.

Method A2 “Total Cost; Ratio of Total Direct Program Funds Expended in Quarter (Blind and Visually Impaired)”:

Salaries and expenses related to the Division Director and Administrative Staff are allocated based on a ratio of total direct program costs expended in the quarter by DBVI.

Method A2 “Total Cost; Ratio of Total Direct Program Funds Expended in Quarter (DS)”:

Salaries and expenses related to the Division Director and Administrative Staff are allocated based on a ratio of total direct program costs expended in the quarter by DDSD.

Method A2 “Total Cost; Ratio of Total Direct Program Funds Expended in Quarter (Licensing and Protection)”:

Salaries and expenses related to the Division Director and Administrative Staff are allocated based on a ratio of total direct program costs expended in the quarter by DLP.

Method A2 “Total Cost; Ratio of Total Direct Program Funds Expended in Quarter (Voc Rehab)”:

Salaries and expenses related to the Division Director and Administrative Staff are allocated based on a ratio of total direct program costs expended in the quarter by Voc Rehab.

Method H “Costs for Buildings/Programs Requiring Inspections (Total Salary)”:

Expenses related to fire Safety prevention services performed by the Department of Public Safety, on behalf of the Division of Licensing and Protection, are allocated to all programs serving health care facilities within the division. Allocation is based on a ratio of total salary costs expended in the quarter by DLP.

Method I “Total Salaries; Salary & Expenses in Quarter – Director of Division of Licensing and Protection (Personal Services)”:

Salaries and expenses related to the Division Director and Administrative Staff within the Division of Licensing and Protection are allocated based on a ratio of total salary costs expended in the quarter by DLP.

Method J “Total Salaries; Salary & Expenses in Quarter – Licensure (Personal Services)”:

Salaries and expenses related to the Division Director and Nurse Survey Staff within the Division of Licensing and Protection, are allocated based on a ratio of total salary costs expended in the quarter by DLP.

Method M “Total Salaries; Percentage of Salary Dollars Directly Charged (DS) 43030”:

Salaries and expenses related to the Division Director and Administrative Staff are allocated based on a ratio of total salary costs expended in the quarter by DDSO.

Method M “Total Salaries; Percentage of Salary Dollars Directly Charged (ASD) 43030”:

Salaries and expenses related to the Division Director and Administrative Staff are allocated based on a ratio of total salary costs expended in the quarter by ASD.

Method O “Persons Served in Quarter by ASD”:

Administrative expenses related to the Attendant Services Program are allocated to Title III-E, State Fund and Global Commitment Administration, based on number of persons served in the State Fund PDAC and Personal Services programs over the age 60, under the age 60, and total number of persons served in the Medicaid PDAC program, respectively.

Method Q “Number of ACCS Beds Paid by Title XIX Billed by 15th/Total ACCS Beds on 15th”:

Expenses related to the licensure of Level III Residential Care Homes are allocated to State Funds and Medicaid Administration based on a ratio of ACCS beds paid by Title XIX. The number of beds paid by Title XIX is a point in time statistic, as of the 15th day following the month being reported.

Method Q “Number of ACCS Beds Paid by Title XIX Billed by 15th/Total ACCS Beds on 15th - Travel”:

Travel expenses related to the licensure of Level III Residential Care Homes are allocated to State Funds and Medicaid Administration based on a ratio of ACCS beds paid by Title XIX. The number of beds paid by Title XIX is a point in time statistic, as of the 15th day following the month being reported.

Method R “Ratio of Total Direct Program Funds Expended in Quarter by Regional Staff (Voc Rehab)”:

Salaries and expenses related to the Division’s regional staff and operating expenses are allocated based on a ratio of total direct program costs expended in the quarter by Voc Rehab.

DEPARTMENT OF VERMONT HEALTH ACCESS (DVHA)
PU – Allocated based on the approved IAPD - CAM Toolkit:

Costs associated with specific programs are allocated based on utilizing the CAM Toolkit per the approval of the 3.9 IE&E IAPD

PU – Allocated based on the approved IE OAPD –

This method is used to allocate costs of IE maintenance and operating based on utilizing an enrolment count statistic over a twelve month period

PU – CMS HIT 9027 & HIT Fund 1069:

This method is used to allocate contractual costs for Health Information Exchange contracts, specifically agreements using HIT Fair Share funds. It is updated periodically per the IAPD Program Code allocation guide sent by AHS Central Office, and a change is only made if indicated in red font.

PU – Investment Vermont Blueprint for Health (51):

This method is used for Administrative and Contractual costs for the DVHA Blueprint for Health Program. This attributed population distribution is based on clients receiving services from the Blueprint providers. It has been set up as a periodic update if a decision is made to change it.

PU - Investment VITL/HIT/HIE/HCR (8):

This method is used for Health Care Reform and HIT Grants and Contracts. It is dictated by AHS Central Office – the exception is that the “Investment – Vermont Blueprint for Health” final receiver is replaced by “Investment - Vermont Information Technology Leaders/HIT/HIE/HCR.”

PU - MMIS, E&E:

This allocation is used for PMO Staff and Contractual expenses. It is updated periodically per the IAPD Program Code allocation guide sent by AHS Central Office, and a change is only made if indicated in red font.

PU- Shared VHIE DDI:

This method is used to allocate the Vermont Health Information Exchange DDI costs using the program population statistics to benefitting programs for Medicaid w/ VPA, QHP, CHIP and other state-wide population.

PU- Shared VHIE MO:

This method is used to allocate the Vermont Health Information Exchange MO costs using the program population statistics to benefitting programs for Medicaid w/ VPA, QHP, CHIP and other state-wide population.

QU - Quarterly combined AHS and VHC Enrollment for Global Commitment, CHIP, Designated State Health Programs (DSHP) and QHP (Enrollment Broker Stat):

This method is used to allocate costs to DVHA’s Enrollment Broker Services contract. It is updated every quarter according to the average enrollment count for CHIP, Global Commitment, and QHP populations specifically with Vermont Premium Assistance (VPA). The source data comes from the VHC Effectuation Report and AHS Central Office Enrollment Report.

QU - Quarterly Enrollment for Global Commitment, CHIP, and all other benefitting programs:

This method is used for the admin costs of a variety of different units within DVHA, including: Data Unit, Program Integrity, Clinical Unit, VCCI, the Reimbursement unit, etc. This data is updated quarterly according to the average enrollment count for Global Commitment, CHIP and QHP populations without VPA. The source data comes from the VHC Effectuation Report and AHS Central Office Enrollment Report.

QU - Quarterly hours across MMIS/EE/ program codes

Costs associated with specific programs are allocated based on the quarterly VTHR hours during the quarter

QU - Quarterly number of paid claims for Global Commitment, Medicaid – Admin 50/50 Line 49, CHIP, and All Other benefiting Programs:

This method is used to allocate dollars paid to DVHA’s non-certified Fiscal Intermediary. The method is updated quarterly and utilizes paid claim counts to Global Commitment and CHIP. The data is sourced from Hewlett-Packard Enterprise’s Draw Summary files.

QU - Quarterly number of paid claims for Global Commitment, CHIP, and All Other benefiting Programs:

This method is used to allocate dollars paid to DVHA’s Fiscal Intermediary. The method is updated quarterly and utilizes paid claim counts to Global Commitment and CHIP. The data is sourced from Hewlett-Packard Enterprise’s Draw Summary files.

QU - Quarterly number of Pharmacy Claims paid for Global Commitment, CHIP, and All Other benefiting Programs:

This method is used to allocate costs to the DVHA Pharmacy unit and Pharmacy Benefit Manager. The method is updated quarterly and utilizes pharmacy paid claim count to Global Commitment and CHIP. The data is sourced from an MMIS-based query that is run by the DVHA Business Office.

QU - Quarterly VHC enrollment for GC, DSHP (75% FMAP), CHIP and QHP:

This method is similar to “Case Count between CHIP, VHC, and Medicaid 75%” with the exception that the final receiver is labeled “OAPD” and is used for OAPD related contractual and staff costs.

QU - Quarterly VHC Enrollment for Global Commitment, CHIP, Designated State Health Programs (DSHP) and QHP:

This method is used to allocate costs to DVHA VHC Operations program codes. This data is updated quarterly according to the average enrollment count for Global Commitment, CHIP and QHP populations with VPA. The source data comes exclusively from the VHC Effectuation Report.

QU - Quarterly VHC enrollment for MAGI and DSHP (90/10) and QHP Level 1C:

This allocation method is used for Exchange Level 1 and Level 2 EBCP Contracts and Staff. The data is updated quarterly according to the average enrollment of QHP without VPA (allocating to Level 1C Final Receiver). A second line contains Medicaid, CHIP, and QHP with VPA which allocates to a 90/10 Integrated Eligibility IAPD. The source data comes exclusively from the VHC Effectuation Report.

Results of HAEU Random Moment Time Study:

Due to the varying nature of HAEU’s work, CMS and AHS Central Office agreed to the utilization of a Random Moment Time Study (RMTS) to allocate staff costs based activity. Each activity corresponds with a specific set of funding sources by population or by direct activity type. Throughout the quarter HAEU staff are required to populate a randomized study and are prompted with questions about their most recent activities. These Sample Results from EasyRMTS™ feed into a spreadsheet that is used to manually populate intermediate codes in AlloCAP™ by activity type. A designated HAEU supervisor reviews subsample responses throughout the quarter and invalidates incorrect responses. Based on the percentage splits in the intermediate codes, the funding is broken out by final receiver and program code. The data source for these samples is EasyRMTS™, and the data is uploaded quarterly. It becomes available on the first business day of the month after the end of a quarter.

Results of HAEU Random Moment Time Study - Not Enhanced:

This allocation method is identical to the one described above, with the exception that only non-enhanced Global Commitment activities are included in the data. Some examples of enhanced activities NOT included in the data are VHC eligibility determinations, case reviews, eligibility notices, etc. This method is updated quarterly, and the data source for samples is EasyRMTS™.

Total hours across all program codes:

This allocation method is used to distributed indirect costs for AHS Central Office. Based on a distribution of the DVHA staff hours per program code, the AlloCAP™ system is set up to group those codes by the appropriate Final Receiver. This data is updated quarterly and is populated by the State of Vermont’s VTHR system data.

Total hours across all program - less BO:

This allocation method is used for the DVHA Business Office and functions as described above, however the hours from the Business Office itself are removed as to not skew the distribution.

Total hours across all program - less Commissioner's Office:

This allocation method is used for the DVHA Commissioner's Office and functions as described above, however the hours from the Commissioner's Office itself are removed as to not skew the distribution.

Total hours across all program - less PI:

This allocation method is used for the DVHA Program Improvement and functions as described above, however the hours from the Program Improvement itself are removed as to not skew the distribution.

Total hours across DVHA program - less DVHA Systems Staff:

This allocation method is used for the DVHA Systems Staff and functions as described above, however the hours from the DVHA Systems Staff itself are removed as to not skew the distribution.

DEPARTMENT OF HEALTH (VDH)
Allocated to Investments (STC-79) - Emergency Medical Services (19) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population:

Allocated to Investments and state funds per AHSCO determined rate.

Allocated to Investments (STC-79) - Health Laboratory (31) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population:

Allocated to Investments and state funds per AHSCO determined rate.

Allocated to Investments (STC-79) - Fluoride Treatment (38) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population:

Allocated to Investments and state funds per AHSCO determined rate.

Allocated to Investments (STC-79) - Health Research and Statistics (39) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population:

Allocated to Investments and state funds per AHSCO determined rate.

Allocated to Investments (STC-79) - Epidemiology (40) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population:

Allocated to Investments and state funds per AHSCO determined rate.

Allocated to Investments (STC-79) - Statewide Tobacco Cessation (76) based on the Medicaid, Uninsured, and Underinsured, share of total state population:

Allocated to Investments and state funds per AHSCO determined rate.

Allocated to Immunization and to Medicaid Admin based on the percent of Immunization Registry records that pertain to Medicaid eligible persons Allocated to Medicaid Admin 50/50 based on the percent of quarterly Immunization Registry records that pertain to Medicaid eligible persons. Remainder allocated to CDC Immunization Grant.

Allocated to Medicaid Admin based on the percentage of the State's population on Medicaid, and then to Investments (STC-79) - Poison Control (48) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population:

Allocated to Medicaid Admin based on Medicaid eligible population as a % of the total state population. Remainder allocated to Investments and state funds per AHSCO determined rate.

Allocated 50% to Investments (STC-79) - Patient Safety - Adverse Events (47) and 50% to State Funds:

Allocated per legislative budget directive.

Allocated to Investments (STC-79) - TB Medical Services (74) and to State Funds based on the Medicaid enrolled percent of total TB Patients:

Medicaid eligibility rate based on Medicaid clients as percent of total clients served by the TB program.

Allocated to Tuberculosis Control and Investments (STC-79) - TB Medical Services (74) based on availability of Tuberculosis Control grant award:

Expenses are charged direct to Tuberculosis Control Grant first. If those funds are exhausted, the remaining quarterly expenses are allocated to Investments.

Allocated between Medicaid Administration and Substance Abuse Block Grant based on the quarterly Medicaid eligibility rate for ADAP clients:

Medicaid eligibility rate based on Medicaid clients as percent of total clients served by the ADAP preferred provider network, and as reported to VDH by these providers.

Allocated Between Investments (STC-79) - VT Blueprint for Health (44) and Medicaid Administration (Based on percentages of Medicaid attributed population of patients served by Blueprint Patient Centered Medical Homes (PCMHs)):

Allocated to Medicaid Admin based on Medicaid eligible population as a percentage of the total state population, remainder to Investments.

Allocated to Breastfeeding Peer Counselor Project and to Investments (STC-79) - WIC Coverage (37) based on availability of WIC Breastfeeding Peer Counseling grant award:

Expenses are charged direct to Breastfeeding Peer Counselor Project grant first. If those funds are exhausted, the remaining quarterly expenses are charged to Investments.

Allocated to Medicaid Administration and to WIC Administration based on Medicaid Eligibility Rate for WIC Clients:

Medicaid eligibility rate is based on Medicaid enrollees as percent of total clients served by WIC clinics in the quarter.

Allocated to Substance Abuse Block Grant and to Investments (STC-79) - Substance Use Disorder Treatment (30) based on availability of Substance Abuse Block Grant funding:

Expenses are charged direct to Substance Abuse Block Grant first. If those funds are exhausted, the remaining quarterly expenses are allocated to Investments and state funds per AHSCO determined rate.

Allocated to Substance Abuse Grant and Medicaid Admin based on Medicaid allowable share of costs:

The Medicaid allowable share of costs is based on the number of Medicaid eligible students as a percent of the entire student population in the supervisory union or district.

Allocated to WIC Admin and Investments (STC-79) - WIC Coverage (37) based on availability of WIC Admin grant award:

Expenses are charged direct to WIC Administration grant first. If those funds are exhausted, the remaining quarterly expenses are charged to Investments.

Allocated to Lead Poisoning Prevention based on available funds, then to Investments (STC-79) - Healthy Homes and Lead Poisoning Prevention Program (49)

Expenses are charged to Lead Poisoning Prevention grant first. If those funds are exhausted, the remaining quarterly expenses are charged to Investments.

Allocated to Medicaid Administration based on the quarterly Medicaid eligibility rate for ADAP clients, then to Substance Abuse Block Grant and to Investments (STC-79) - Substance Use Disorder Treatment (30) based on availability of Substance Abuse Block Grant funding.

Medicaid eligibility rate based on Medicaid clients as percent of total clients served by the ADAP preferred provider network, and as reported to VDH by these providers. Remaining expenses are charged to Substance Abuse Block Grant first. If those funds are exhausted, the remaining quarterly expenses are allocated to Investments and state funds per AHSCO determined rate.

Allocated to Public Health Emergency Preparedness based on available funds, then to Investments (STC-79) - Epidemiology (40) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.

Expenses are charged to Public Health Emergency Preparedness first. If those funds are exhausted, the remaining quarterly expenses are allocated to Investments and state funds per AHSCO determined rate.

Allocated to state funds based on availability of state funding, then to Investments (STC-79) - Recovery Centers (17)

Expenses are charged to state funds first. If those funds are exhausted, the remaining quarterly expenses are charged to Investments.

Allocated to Substance Abuse Block Grant and to General Fund based on availability of Substance Abuse Block Grant funding.

Expenses are charged to Substance Abuse Block Grant first. If those funds are exhausted, the remaining quarterly expenses are allocated to state funds.

Allocated to ELC CARES and then to ELC Enhancing Detection based on available funds.

Expenses are charged to ELC CARES first. If those funds are exhausted, the remaining quarterly expenses are allocated to ELC Enhancing Detection.

Allocated to COVID-19 Vaccination Program – IZ and then to ELC Enhancing Detection based on available funds.

Expenses are charged to COVID-19 Vaccination Program – IZ first. If those funds are exhausted, the remaining quarterly expenses are allocated to ELC Enhancing Detection.

Allocated to Pregnancy Risk Assessment Monitoring based on available funds, then to Investments (STC-79) - Health Research and Statistics (39) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.

Expenses are charged direct to VT Pregnancy Risk Assessment Monitoring System Grant first. If those funds are exhausted, the remaining quarterly expenses are allocated to Investments and state funds per AHSCO determined rate.

Allocated to State Systems Development Initiative (SSDI) based on available funds, then to Investments (STC-79) - Health Research and Statistics (39) and to State Funds based on the Medicaid, Uninsured, and Underinsured, share of total state population.

Expenses are charged direct to MCH Set-Aside SSDI Grant first. If those funds are exhausted, the remaining quarterly expenses are allocated to Investments and state funds per AHSCO determined rate.

~~Total Salaries Across ADAP Program~~ Total Salaries Across DSUP:

Expenses related to ~~ADAP~~ **DSUP** Administration are allocated based on a ratio of total salary costs expended in ~~ADAP~~ **DSUP** in the quarter by VDH staff.

Total Salaries Across Environmental Health:

Expenses related to Environmental Health Administration are allocated based on a ratio of total salary costs expended in Environmental Health in the quarter by VDH staff.

Total Salaries Across Health Promotion & Disease Prevention:

Expenses related to Health Promotion & Disease Prevention Administration are allocated based on a ratio of total salary costs expended in Health Promotion & Disease Prevention in the quarter by VDH staff.

~~Total Salaries Across Health Surveillance Program~~ Total Salaries Across LSID:

Expenses related to ~~Health Surveillance~~ **LSID** Administration are allocated based on a ratio of total salary costs expended in ~~Health Surveillance~~ **LSID** in the quarter by VDH staff.

Total Salaries Across MCH:

Expenses related to MCH Administration are allocated based on a ratio of total salary costs expended in MCH in the quarter by VDH staff.

Total Salaries across Emergency Preparedness.

Expenses related to **Emergency** Preparedness Administration are allocated based on a ratio of total salary costs expended in **Emergency** Preparedness in the quarter by VDH staff.

Total Salaries Across OLH:

Expenses related to OLH Administration are allocated based on a ratio of total salary costs expended in OLH in the quarter by VDH staff.

Total Salaries Across HSI:

Expenses related to HSI Administration are allocated based on a ratio of total salary costs expended in HSI in the quarter by VDH staff.

Total Salaries Across VDH:

Expenses related to AHSCO and VDH Administration are allocated based on a ratio of total salary costs expended in the quarter by all VDH staff.

**DEPARTMENT OF MENTAL HEALTH (DMH)****Allocated to direct Secure Res Recovery Operating (MTCR) and Adult General (VPCH) cost centers based on FTE count:**

This statistic allocates costs of staff time associated with VPCH Nursing Administration to MTCR based on # of FTE of direct care staff at each facility.

Allocated to direct Secure Res Recovery Operating (MTCR) and Adult General (VPCH) cost centers based on meal count:

This statistic allocates costs associated with VPCH dietary costs to MTCR based on # of meals for the facility.

Full Time Equivalent Count across Housing, Utilization Review, and Employment Supports:

This statistic is the allocation of 42305 costs to 42015, 42306, and 42648 by FTE count in each program code.

Mental Health Distribution for Entire System of Care:

This statistic allocates costs from 42014 to all receivers that are in that statistic as a percentage of each receiver.

Mental Health Distribution Including Community Care:

This statistic allocates costs from 42015 to all receivers that are in that statistic as a percentage of each receiver.

Statewide Medicaid Eligibility Rate:

This statistic allocates 42301, 42302, and 42306 to Global Commitment program vs MCO Investment by patient by new admissions to level 1 for the quarter.

Total Cost of All Adult Programs:

42648 is allocated to all adult programs. This statistic is created from actual quarterly cost from department dept Id 3150070500. It is spread as a percentage of the total costs in 3150070500.

Total Cost of All Children's Programs, Including Community Health:

42649 is allocated to all children's programs. This statistic is created from actual quarterly cost from department dept Id 3150070600. It is spread as a percentage of the total costs in 3150070600.

Total Costs of All Inpatient Programs:

42321 is allocated to all inpatient programs. This statistic is created from actual quarterly cost from department dept Id 3150070300, 3150070700, and 3150070800. It is spread as a percentage of the total costs in 3150070300, 3150070700, and 3150070800.

Total Salaries across DMH Staff:

AHS indirect costs are allocated by this statistic. Costs are provided by AHS.

Updated May 2022**

RMTS DETAILS

The random moment time study (RMTS) is a survey process that includes all of the activities performed by the Economic Services Division (ESD), Benefit Programs Specialists (BPS) within the Vermont Department for Children and Families (DCF). An updated study begins on July 1, 2015. Participating staff are those who support multiple programs administered by DCF in ESD. Based on these observations, the total effort of a group of employees is determined with a high degree of confidence that approximates the same results as having observed employees for 100% of their time at work. The results of the RMTS are used in the quarterly cost allocation plan (CAP) to allocate department costs to reimbursable and non-reimbursable areas. This level of detail is required for DCF to participate in federal claiming efforts.

The RMTS must be conducted on a continuous basis to support quarterly claiming efforts.

We thank participants in advance for their time and cooperation. Please direct all questions to either Public Consulting Group, Inc. (PCG) at vtcfbbs@pcgus.com or DCF at AHS.DCFESDOverdueReport@vermont.gov. Participants may also call the PCG hotline at 866-912-2983.

How to Complete the Random Moment Time Study

Participants receive an e-mail that directs them to a website via a web link (<https://PCGEasyRMTS.com>). Participants log in to the system and then answer several different questions. Depending on the answers to the questions, they select from a list of individual activity and program codes.

After answering all of the questions provided, the user selects a Submit button to respond to the survey. The surveys must be completed within 72 hours. Participants receive a reminder e-mail 24-hours and 48-hours after each moment if the survey has not yet been completed. If a participant is working on a case, the worker is asked to provide the client's first initial, last name, and client's Case ID as a unique case identifier. If a Case ID isn't available, please include the client's initials.

The RMTS is mandatory and must be completed in a timely manner. Every survey that is assigned must be completed! Moments stay 'live' in the system for 72 hours so if a participant is on leave for a short time, they must still complete the moment upon their return.

Participants should not consider client eligibility for any specific program when responding to a moment. Moment responses should be chosen based on the activity or function being performed at the time of the moment, not the eligibility of a case or client.

RECORDING VHC ACTIVITIES

DCF BPS staff may connect Medicaid applicants to the Vermont Health Connect (VHC, the State's Health Insurance Exchange) to seek enrollment in a qualified health plan and premium tax credit and cost sharing reduction programs through the federal exchange. Staff activities in support of Medicaid or VHC eligibility determinations are considered to be part of the Medicaid program for the purpose of completing this time study.

For example: If participants direct a client to VHC, provide them with the website or phone number for VHC, connect them with HAEU staff, or provide the applicant with information on how to apply for the health insurance programs offered by the VHC, participants would select the following activity and program code combination:

**Vermont Department for Children and Families
Benefit Programs Specialists
Statewide Random Moment Time Study Instructions
Updated May 2022**

Case Specific Activity Code: Referrals to Medicaid and/or Medical/Behavioral Health Services
Program Code: Medicaid or SSI

ROOT QUESTION

The following describes each of the activities available to RMTS participants. Activities performed and programs administered on behalf of the client are described below. *Please note that meetings, phone calls, e-mails, filing, driving, and similar other administrative tasks should be tied to the activity that they are in support of; these are not general administrative activities unless they are truly not tied to a case.*

The first question a participant is asked when completing the time study is: Were you working on a Case or on behalf of a client? The participant responds Yes or No.

For the purpose of the RMTS, a case is any client where you are actively working on assisting the client to access or continue accessing state or federal benefit programs. Please review the following examples for clarity.

1. *If you are performing lobby monitoring to assist a potential client apply for a federal or state assistance program, regardless of whether a case has been opened, it is considered a case-related activity; select the Eligibility Determination and Redetermination activity and then select the federal or state program to which the client is applying.*
2. *If you are performing lobby monitoring and directing a potential client to the Vermont Health Insurance Exchange, it is considered a case-related activity; select the Eligibility Determination and Redetermination activity and then select the Medicaid program.*
3. *If you are performing lobby monitoring and there is no one in the lobby at the time of your assigned moment, it is not considered a case-related activity; select General Administrative and General Training Activities as your activity and you will not be asked to select a program(s) that the effort was in support of.*

After selecting Yes or No, the participant is asked to first identify their activity, and then select the program(s) the activity is associated with at the time of moment. Example – if activity is related to SNAP, participant should select SNAP even if the case is open to or associated with multiple programs.

Please select the activity you are performing at the time of your moment, not the type of case.

If the participant selects yes to the root question, they are then asked: “Were you performing an activity related to eligibility determination or redetermination? ***The participant responds Yes or No.***

If the participant responds yes, they are asked to choose from a list of eligibility determination or redetermination specific activities. If the participant responds no, they are asked to choose from a list of other case specific activities.

ELIGIBILITY DETERMINATION OR REDETERMINATION CASE SPECIFIC ACTIVITY CODES

1. Conducting Client interviews

- Examples include:
 - Scheduling interviews
 - Conducting or attending interviews
 - Discussing reporting requirements
 - Reading through an interview script
 - Updating system panels such as the Job Income Panel (JINC), the Statement of Need Panel (STAT), the Other Business Income Panel (BUSI)

**Vermont Department for Children and Families
Benefit Programs Specialists
Statewide Random Moment Time Study Instructions
Updated May 2022**

- Documenting the interview in the case activities panel (CATN)
- Checking the Electronic Disqualified Recipient System (EDRS)
- Individual Career Advancement Network Referral ICAN (218FS) and all other activities related to that interview

2. Processing income documents

- Examples include:
 - Reviewing pay stubs
 - Reviewing employment forms such as the Employment Information Form (218E), the Change in Employment Verification Form (218 EC), and the End of Employment Termination Verification Form (218 ET)
 - Conducting collateral calls
 - Sending a verification request (V) for paystubs

3. Processing Housing Documents

- Examples include:
 - Reviewing applications or supporting documents
 - Conducting collateral calls
 - Sending a verification request (V) for income

4. Processing all other non-income documents

- Examples include:
 - Conducting a Prisoner Verification Search (PVS)
 - Conducting collateral calls
 - Sending verification request (V) for shelter

5. Calculating deductions

- Examples include:
 - Standard Medical Deductions (FMEDS)
 - Dependent Care

6. Processing Interim Reports (IRs)

- Examples include:
 - Documenting changes
 - CATNs
 - Work related to completing the IR in OnBase

7. Issuing vouchers for prescriptions, dental emergencies, or durable medical equipment

- This activity is specific to General Assistance

These activities may be completed when the client is present or on the telephone. Meetings, phone calls, To-do's, e-mails, filing, driving, mailing, peer review, contact with case managers, working in The Interview Line, and other similar administrative tasks should be associated with and coded to an activity whenever possible. Please choose one of these activities if you are assisting a co worker with one of them.

OTHER CASE SPECIFIC ACTIVITY CODES

Vermont Department for Children and Families
Benefit Programs Specialists
Statewide Random Moment Time Study Instructions
Updated May 2022

8. Customer education regarding eligibility results

- This activity includes time spent explaining the results of eligibility determination to a customer and why they are eligible or not eligible for a specific program. It includes explaining customer responsibilities under a specific program once the determination has been made and how to maintain eligibility. This activity does not include time spent educating a customer about available programs or services not related to eligibility determination for that customer.

9. Providing EBT specific information to customer

- This activity includes providing any information to a customer who already has an EBT card including providing balance information, password resets, and access issue assistance.

10. Active Case Updates/Changes

This activity should be selected when documenting case notes or a change to the case in a client record. Examples include but are not limited to any of the following:

- a. Documenting changes regarding employment status;
- b. Documenting changes in household compensation;
- c. Documenting changes regarding the number of children in the household;
- d. Supporting an audit request/case read by rerunning/correcting budgets or producing documents missing from the file;
- e. Reviewing or performing a case read for accuracy;
- f. Processing a 218E;
- g. Splitting a case or transferring a case to another worker, county, or district;
- h. Processing over/under payments;
- i. Performing QA variances;
- j. Cleaning up the case file;
- k. Generating, printing/copying, and/or mailing notification letters to clients; and
- l. Closing a case or previewing a pending closure case due to “unable to locate”.
- m. Assisting a coworker with any of the above.

Time spent following up on “To-Do’s” or “Dailys” related to updates or changes on active cases should also be coded here. Meetings, phone calls, collateral calls, e-mails, filing, driving, mailing, peer review, contact with case managers, working in The Interview Line, and other similar administrative tasks associated with this activity should also be coded here.

11. Fraud Referrals

This activity includes all tasks involved in processing fraud referrals and responses. This activity includes:

- a. Referring to and communicating about potential fraud to a Supervisor, the Fraud Unit, or the Investigations Unit at DCF;
- b. Gathering information and documenting the referral for submission;
- c. Processing over/under payments; and
- d. Conducting QA variances due to potential fraud.

Meetings, phone calls, collateral calls, e-mails, filing, driving, mailing, peer review, contact with case managers, working in The Interview Line, and other similar administrative tasks associated with this activity should also be coded here.

12. Fair Hearings and Appeals

This activity involves all worker tasks related to fair hearings and appeals, including but not limited to:

- a. Responding to fair hearing requests;
- b. Meeting with the client for pre-hearing conferences;
- c. Attending administrative hearings;

Vermont Department for Children and Families
Benefit Programs Specialists
Statewide Random Moment Time Study Instructions
Updated May 2022

- d. Testifying at administrative hearings;
- e. Attending an appeals case; and
- f. Preparing pre-process or post-hearing paperwork or other documentation for any of these scenarios, including the 113 report.

Meetings, phone calls, collateral calls, e-mails, filing, driving, mailing, peer review, contact with case managers, working in The Interview Line, and other similar administrative tasks associated with this activity should also be coded here.

13. Reach Up Sanctions

This activity should be selected when performing activities related to Reach Up Sanctions, including processing payments to landlords on behalf of the Reach Up client until the client complies with penalties and attends a follow up meeting with the BPS. Meetings, phone calls, collateral calls, e-mails, filing, driving, mailing, peer review, contact with case managers, working in The Interview Line, and other similar administrative tasks associated with this activity should also be coded here. *Please note that the only Program allowed for selection after choosing this activity is “Reach Up”.*

14. Reach Up Controlled Vendor Payments

This activity should be selected when monitoring and making controlled vendor payments for various expenses, including money mismanagement or processing payment requests from the client. Meetings, phone calls, collateral calls, e-mails, filing, driving, mailing, peer review, contact with case managers, working in The Interview Line, and other similar administrative tasks associated with this activity should also be coded here. *Please note that the only Program allowed for selection after choosing this activity is “Reach Up”.*

15. Education Activities

This activity should be used when performing activities related to education about the assistance programs offered by DCF. This activity includes any time spent:

- a. Educating potential clients about the benefits and availability of services;
- b. Compiling and distributing educational materials about assistance programs; and
- c. Assisting a client fill out a program application.

Meetings, phone calls, collateral calls, e-mails, filing, driving, mailing, peer review, contact with case managers, working in The Interview Line, and other similar administrative tasks associated with this activity should also be coded here.

16. Referrals to Medicaid and/or Medical/Behavioral Health Services

This activity includes referral of a client to Medicaid or other governmental or private agencies for Medical/Behavioral Health services that are not part of the services offered by BPS. This activity includes time spent:

- a. Working with Community Connections related to the medical needs of the client;
- b. Connecting clients with medical/behavioral health services; and
- c. Coordinating medical/behavioral health services for the client.

Meetings, phone calls, collateral calls, e-mails, filing, driving, mailing, peer review, contact with case managers, working in The Interview Line, and other similar administrative tasks associated with this activity should also be coded here.

Please note that the only Program allowed for selection after choosing this activity is “Medicaid” or “SSI”.

17. Referrals to Non-Medicaid/Non-Medical, Community Services

This activity includes referral of client to social services, housing agencies, Family Services, or other governmental or private agencies for Non-Medical services that are not part of the services offered by BPS. This activity includes time spent:

- a. Working with Community Connections related to the non-medical needs of the client;
- b. Connecting clients with non-medical/non-behavioral health services such as social or religious groups or affiliations; and
- c. Coordinating non-medical/non-behavioral health services for the client.

Vermont Department for Children and Families
Benefit Programs Specialists
Statewide Random Moment Time Study Instructions
Updated May 2022

This activity should not be used to record activities associated with the utility programs. Meetings, phone calls, collateral calls, e-mails, filing, driving, mailing, peer review, contact with case managers, working in The Interview Line, and other similar administrative tasks associated with this activity should also be coded here.

NON-CASE SPECIFIC ACTIVITY CODES

1. Program Specific Training or Reporting

This activity should be used for program specific trainings related to your job as a BPS participant. This activity should also be used for any time you spend creating, editing, or updating program specific reports. The trainings and reports can be on any specific program you support clients with. Examples include trainings and reports on topics such as:

- a. Reach Up Financial Assistance;
- b. 3Squares;
- c. Fuel;
- d. Medicaid;
- e. SSI;
- f. General Assistance/Emergency Assistance;
- g. Essential Person;
- h. Emergency Housing;
- i. Transitional Housing

You will be asked to select which program(s) the training or report covered. Any administrative efforts related to this activity should also be coded here.

2. General Administrative and General Training Activities

This code includes activities performed not related to case work and specific clients but necessary for your job. Please use this activity code for tasks such as:

- a. Attending work-related conferences within your office;
- b. Attending conferences or one-on-ones with your supervisor to discuss non-case related issues;
- c. Attending general trainings not specifically related to your job as a BPS participant, such as:
 - a. Domestic Violence;
 - b. Long Term Care;
 - c. Eligibility Redetermination;
 - d. Interview Training;
 - e. Using the The Interview Line phone system;
 - f. Email system usage;
 - g. Fire drills;
 - h. RMTS training;
 - i. General office procedures trainings; or
- d. Bathroom or Personal Breaks;
- e. Cleaning or organizing your workspace;
- f. Completing your timesheet;
- g. Filling out or looking at the "Daily Duties" spreadsheet;
- h. Preparing for or involvement in office functions;
- i. Covering the front desk (greeting clients and answering phones);
- j. Filling out personnel forms for human resources;
- k. Attending general staff meetings not related to your cases;
- l. Processing general mail/faxes/e-mails not related to a case;
- m. Testing computer systems or working with IT to fix a computer problem; and
- n. Reading new office policies not specific to any of the programs you work with.

**Vermont Department for Children and Families
Benefit Programs Specialists
Statewide Random Moment Time Study Instructions
Updated May 2022**

o. Assisting a coworker with non-case related items (ex. Using the copier, reviewing lobby tracking, etc). You will be asked to describe the activity in your own words, and this activity should not be used for any phone call, collateral calls, e-mail, documentation activity, travel to/from meetings with clients or required trainings that you attend, or filing activity if you can tie it to a specific case. Any administrative efforts related to this activity should also be coded here.

NON-WORK RELATED ACTIVITY CODES

1. Paid Time Off (Annual/Sick/School/Administrative Leave/Comp)

This activity is used when the participant is not working but is being paid for the time off. Examples include using regular annual leave for vacation, sick time, Family Medical Leave Act (FMLA), banked leave time, union leave, or approved personal educational leave. Paid days not working due to a weather emergency would also be recorded here.

2. Unpaid Time Off: Lunch or Not Scheduled to Work/Flex Time

Any approved leave you take that you are not paid for should be coded here. Use this activity code if you were either not scheduled to work at the time of the observation, (i.e., it is before your regular start time, or after your regular end time, or the sample is received at a time when you are not scheduled to work due to your adjusted work schedule). For example,

a) you flex on Monday and the sample is received on Monday.

b) the sample is before or after your regular work hours (e.g., at 7:49 a.m. and you do not start until 8:00 a.m.).

Sick, vacation, annual leave, and “snow or weather” days should not be coded here unless you are not paid for the time off.

3. Non-DCF Activity or Other Emergency Situation

This activity should be used when the participant performs an activity unrelated to any responsibility that they would normally have as an employee of DCF. Examples may include performing a function for another state agency or working on non-human services activities in the event of a natural disaster. Participants are required to provide a brief description of the activity being performed when this activity is chosen.

PROGRAM CODES

Please select the program/program combinations you are supporting at the time of your moment. If you are assisting a client with one activity that supports multiple programs, please select the appropriate combination of programs.

1. Reach Up

Reach Up provides temporary cash and financial assistance to families with children and pregnant women who meet certain financial and nonfinancial eligibility factors in order to help them pay for living expenses such as rent, heat, utilities, clothing, food, and personal care items. This program includes two-parent families and incapacitated families, and also includes time spent on Reach First and Reach Ahead.

2. 3 Squares

3Squares provides temporary food assistance benefits to eligible households and individuals with low income to increase their food purchasing power.

3. Fuel

The Fuel program assists applicants with safe, decent, affordable housing and other essential needs, as well as assistance to help with household heat, electric, and home repair costs, when an emergency situation arises.

**Vermont Department for Children and Families
Benefit Programs Specialists
Statewide Random Moment Time Study Instructions
Updated May 2022**

4. General Assistance (GA) and Emergency Assistance (EA)

General Assistance provides financial assistance to disabled adults who are not eligible for Reach Up to meet their basic personal and shelter needs such as dental and housing assistance.

5. Essential Person (also called “Aid to the Aged, Blind, and Disabled (AABD)”)

Essential Person provides financial assistance to help aged, blind, and disabled people who have little or no income with a cash benefit to help contribute to the cost of having someone live with them to provide essential care.

6. Medicaid

The Medicaid program provides medical assistance to those who meet the financial and nonfinancial eligibility factors to ensure that essential health care services are made available to those who otherwise would not have financial resources to purchase them.

7. Supplemental Security Income (SSI)

SSI is a Federal income supplement program designed to help aged, blind, and disabled people who have little or no income with a cash benefit to provide for basic needs such as food, clothing, and shelter.

8. Reach Up/3 Squares

Includes activities in support of a Reach Up/3 Squares multi-program case or application, when the worker is assisting a client with both programs with the same activity.

9. Reach Up/GA and EA

Includes activities in support of a Reach Up/GA and EA multi-program case or application, when the worker is assisting a client with both programs with the same activity.

10. Reach Up/GA and EA/EP

Includes activities in support of a Reach Up/GA and EA/EP multi-program case or application, when the worker is assisting a client with the three programs with the same activity.

11. Reach Up/EP

Includes activities in support of a Reach Up/EP multi-program case or application, when the worker is assisting a client with both programs with the same activity.

12. Reach Up/Fuel

Includes activities in support of a Reach Up/Fuel multi-program case or application, when the worker is assisting a client with both programs with the same activity.

13. Reach Up/Fuel/GA

Includes activities in support of a Reach Up/Fuel/GA multi-program case or application, when the worker is assisting a client with the three programs with the same activity.

14. Reach Up/Fuel/GA and EA

Includes activities in support of a Reach Up/Fuel/GA and EA multi-program case or application, when the worker is assisting a client with the three programs with the same activity.

15. Reach Up/Fuel/EP

Includes activities in support of a Reach Up/Fuel/EP multi-program case or application, when the worker is assisting a client with the three programs with the same activity.

**Vermont Department for Children and Families
Benefit Programs Specialists
Statewide Random Moment Time Study Instructions

16. Reach Up/3 Squares/Fuel

Includes activities in support of a Reach Up/3 Squares/Fuel multi-program case or application, when the worker is assisting a client with the three programs with the same activity.

17. Reach Up/3 Squares/Fuel/GA and EA

Includes activities in support of a Reach Up/3Squares/Fuel/GA and EA multi-program case or application, when the worker is assisting a client with the four programs with the same activity.

18. 3 Squares/Fuel

Includes activities in support of a 3 Squares/Fuel multi-program case or application, when the worker is assisting a client with both programs with the same activity.

19. 3 Squares/Essential Person

Includes activities in support of a 3Squares/Essential Person multi-program case or application, when the worker is assisting a client with both programs with the same activity.

20. 3 Squares/ Reach Up/GA

Includes activities in support of a 3 Squares/ Reach Up/GA multi-program case or application, when the worker is assisting a client with the three programs with the same activity.

21. 3 Squares/ Reach Up/GA and EA

Includes activities in support of a 3 Squares/ Reach Up/GA and EA multi-program case or application, when the worker is assisting a client with the three programs with the same activity.

22. 3 Squares/ Reach Up/EP

Includes activities in support of a 3 Squares/ Reach Up/EP multi-program case or application, when the worker is assisting a client with the three programs with the same activity.

23. 3 Squares/ GA and EA/EP

Includes activities in support of a 3 Squares/GA and EA/EP multi-program case or application, when the worker is assisting a client with the three programs with the same activity.

24. 3 Squares/ Fuel/EP

Includes activities in support of a 3 Squares/Fuel/EP multi-program case or application, when the worker is assisting a client with the three programs with the same activity.

25. 3 Squares/GA and EA

Includes activities in support of a 3Squares/GA and EA multi-program case or application, when the worker is assisting a client with both programs with the same activity.

26. 3 Squares/Fuel/Essential Person

Includes activities in support of a 3Squares/Fuel/Essential Person multi-program case or application, when the worker is assisting a client with the three programs with the same activity.

27. 3 Squares/Fuel/GA and EA

Includes activities in support of a 3Squares/Fuel/GA and EA multi-program case or application, when the worker is assisting a client with the three programs with the same activity.

**Vermont Department for Children and Families

28. 3 Squares/Reach Up/Fuel/EP

Includes activities in support of a 3Squares/Reach Up/Fuel/EP multi-program case or application, when the worker is assisting a client with the four programs with the same activity.

29. 3 Squares/Reach Up/GA and EA/EP

Includes activities in support of a 3Squares/Reach Up/GA and EA/EP multi-program case or application, when the worker is assisting a client with the four programs with the same activity.

30. 3 Squares/Fuel/GA and EA/Essential Person

Includes activities in support of a 3Squares/Fuel/GA and EA/Essential Person multi-program case or application, when the worker is assisting a client with the four programs with the same activity.

31. Fuel/GA and EA

Includes activities in support of a Fuel/GA and EA multi-program case or application, when the worker is assisting a client with both programs with the same activity.

32. Fuel/GA and EA/Essential Person

Includes activities in support of a Fuel/GA and EA/Essential Person multi-program case or application, when the worker is assisting a client with the three programs with the same activity.

33. Fuel/EP

Includes activities in support of a Fuel/EP multi-program case or application, when the worker is assisting a client with both programs with the same activity.

34. Fuel/EP/GA and EA

Includes activities in support of a Fuel/EP/GA and EA multi-program case or application, when the worker is assisting a client with both programs with the same activity.

35. GA/EP

Includes activities in support of a GA and Essential Person multi-program case or application, when the worker is assisting a client with both programs with the same activity.

36. GA and EA/Essential Person

Includes activities in support of a GA and EA/Essential Person multi-program case or application, when the worker is assisting a client with both programs with the same activity.

37. EP/GA and EA

Includes activities in support of a Essential Person/GA and EA multi-program case or application, when the worker is assisting a client with both programs with the same activity.

38. All Programs: Reach Up/3 Squares/Fuel/GA and EA/Essential Person

Includes activities in support of a Reach Up/3Squares/Fuel/GA and EA/Essential Person multi-program case or application, when the worker is assisting a client with the five programs with the same activity.

39. Emergency Housing

Emergency Housing is a program of General Assistance that provides emergency housing to vulnerable adults and families who meet eligibility criteria to temporarily meet their immediate shelter needs.

**Vermont Department for Children and Families
Benefit Programs Specialists
Statewide Random Moment Time Study Instructions
Updated May 2022**

40. Transitional Housing

DCF Transitional Housing provides time-limited housing assistance to low-income Vermonters experiencing homelessness.

BPS RANDOM MOMENT TIME STUDY PROCEDURES

RANDOM MOMENT TIME STUDY PROCEDURE MANUAL

Benefit Program Specialists

NOTE: THIS INFORMATION IS NOT FORWARDED TO TIME STUDY PARTICIPANTS

Introduction

The purpose of this random moment time study (RMTS) is to measure the level of effort spent on various eligibility activities performed by Benefit Programs Specialists (BPS) in the State of Vermont. These staff, who are all state employees, perform integrated eligibility determination activities on behalf of residents in the state and clients served by the Department for Children and Families (DCF) and other Departments within the Agency of Human Services (AHS) umbrella. Organizationally, BPS staff work in the Economic Services Divisions (ESD) of DCF.

The time study is administered using EasyRMTS™ (<https://PCGEasyRMTS.com>), which is a tool that has been developed by Public Consulting Group, Inc. (PCG). EasyRMTS™ is an automated, web-based RMTS application that gives users a comprehensive tool for administering a time study for federal claiming, cost allocation, or other similar activities. Fully customizable for an individual agency or school district's specific requirements, EasyRMTS™ gives an administrative user the capability to assign random moments, monitor staff participation, update respondents' information, create and produce reports for federal claiming and other purposes, and view and analyze tabulated responses from participating staff. Participants of an EasyRMTS™ administered time study only need to have access to the Internet and an e-mail address in order to receive and complete their assigned random moments.

The application serves its state and local government or school district users by allowing for a timely and effective system to record staff activities performed, especially with respect to key federal programs that are supported by their staff. The automated RMTS application was developed to comply with all federal rules and regulations related to cost allocation practices and claiming for reimbursement of federal dollars. The software supports accurate reporting of reimbursable administrative activities, which are generally required by federal approving agencies to be measured through a time study. EasyRMTS™ puts the least administrative burden on staff as possible while allowing users to measure their time and claim for federal revenue. The system allows participants to indicate directly, via a series of survey questions in the software, the activities and programs they are supporting.

The purpose of this manual is to provide step by step explanation of how to complete the Vermont DCF BPS RMTS. It has been created to assist DCF in managing and administering the RMTS. It serves as a procedural guide and instructional tool for sustaining the RMTS for its ongoing support of the cost allocation plan (CAP) process.

Please note that DCF is a state administered system. The use of the word "county" or "local office" indicates where the participant is physically located. The reference is still a person employed by the state.

Operation

There is a single RMTS (2,761 moments per quarter) operated for ESD BPS staff. PCG provides the EasyRMTS™ system (via a web-hosted service), generates each quarterly sample, provides assistance to DCF with monitoring participant responses, and provides customer service. The sample is generated using data from the payroll system on a quarterly basis. Participants are responsible for selecting activity

and program codes when they respond to the RMTS. Initial training is provided by PCG, while annual refresher and ongoing new worker training is conducted by DCF. The following table displays the responsibilities of PCG and DCF when it comes to RMTS administration.

Task	DCF	PCG
Host EasyRMTS™ on Server		X
Provide DCF with System and Administrator Support/Address Technical Issues with System		X
Gather Participant Rosters	X	
Support Users on System Use through Dedicated E-mail Address	X	X
Support Users on System Use through Dedicated Hotline <i>(Note: the hotline will be staffed from 9:00 a.m. to 5:00 p.m. EST, excluding weekends and holidays; a voice-mail box will always be available in the event that a live worker is unable to answer immediately).</i>	X	X
Calendar and Work Schedule Maintenance	X

Quarterly Moment Generation	X	
Quarterly Trainings for New Hires/Participants	X	
Annual Refresher Trainings	X	

Sampling Population

The sampling population includes eligibility workers within DCF. These participants work to assess the need and determine eligibility for multiple public assistance programs. Specifically, workers included in the RMTS are Economic Services Division (ESD) Benefit Programs Specialists (BPS) within DCF.

BPS staff ensure that each person or family that applies for public assistance receives the type and level of assistance that they are eligible for. The BPS reviews the application and decides which forms and verifications are needed. The specialists then evaluate the information contained in all documents and uses complex policies and procedures to determine eligibility. The BPS also assess the needs of each person/family and provide appropriate information; making any referrals and/or contacts to persons/agencies to help them meet their needs. The BPS provide all families with information about the expectations and goals of DCF programs and maintaining eligibility. These positions also process changes as necessary on active cases.

Supervisors are not included in the RMTS.

On a quarterly basis, DCF updates the information for all staff members participating in the RMTS to account for new staff, terminated staff, and staff on long-term leave and updates the actual sample on a quarterly basis (for each new quarterly sample). Throughout the quarter and before the subsequent quarterly sample is drawn, RMTS administrators at DCF collect additions, deletions, and schedule changes and update the software system accordingly (note that these changes have no effect on the current sample). Changes are accepted by DCF until the sample is drawn for the next quarter. If a person leaves mid-way through the quarter, their supervisor notifies the RMTS administrators, and the leave information is noted so as to not initiate additional follow up. RMTS administrators change that individuals e-mail to a “dummy” e-mail address to stop e-mails from going out, but there is no type of replacement in the system. These moments are counted as non-responses.

It is important to note the DCF participants who have participated in the RMTS in the past, but whom are no longer in the sample selection (e.g., retired, left position), are not deleted from the EasyRMTS™ database but are deactivated so that prior quarter data is available for audit trail purposes.

Sampling Unit

An RMTS asks a participant what they are doing at a specific moment in time (e.g., 11:48 a.m.). The RMTS sampling unit is defined as a single minute, or sixty second length of time, randomly selected within the workday of each participant. The moments for the participants occur between the work schedules assigned to the individual workers. The moments are drawn from the core hours for each working day in a quarter, exclusive of official state holidays. Participants receive the e-mail within a few minutes after their assigned random moment time. There is no pre-notification of when a participant will have a moment assigned to them.

Responses and Response Time

Participants have 72 hours to respond to all moments. If the participant does not respond to their moment within the first 24 and 48 hours, reminder e-mails are sent to both the participant and their supervisor, requesting that they answer their moment. The moment expires after 72 hours. Reminder e-mails do not include the participant's username and password to ensure that only the participant has access to their unique login credentials and that no one other than the participant responds to their moments.

DCF RMTS administrators are cc'd on all reminder e-mails and follow-up with non-responders as needed. If a specific individual is identified as a non-responded, the RMTS administrators notify the specific supervisor so that person may be further trained on the importance of completing the RMTS. If a systemic issue is identified, communication is sent to all participants. PCG and DCF may also send out occasional e-mails over the holidays or other times when participation may be less to ensure that individuals are responding to the RMTS whenever possible.

Sampling Period

The sampling period is a calendar quarter.

Confidence and Precision Level

This level is kept at 95% confidence level with +/- 2% precision for all activities. This level is consistent with federal regulations for statistical validity. Cost Allocation Services (CAS, formerly the Division of Cost Allocation or DCA) determines that statistically validity is met when the minimum number of moments received (responded to) as determined in the formula below.

Sample Size

DCF generates 2,761 moments per quarter for the RMTS. This number is to ensure that 2,000 valid observations are obtained and is in compliance with the federally-required formula below. Specifically, the Public Assistance Cost Allocation Plan Review Guide states that:

The sample size needed may be determined from the formula included in the State Guide. The State Guide specifies that a minimum 2,000 valid observations per sample period be obtained. A "valid observation" is defined as any observation other than a "non-strike". A "non-strike" occurs whenever a selected employee could not be contacted at the selected moment, i.e., the employee no longer works in the office, the employee is on a flex-schedule and not at work at the time of the observation, etc.

The formula used to determine the baseline number of moments is as follows:

$$N = \frac{P(1-P)}{\left(\frac{SE}{T}\right)^2}$$

Where

N	=	Sample Size
P	=	Anticipated Rate of Occurrence of the Activities Being Observed
SE	=	Desired Sample Precision
T	=	Confidence Level Factor (1.96 for 95%)

With the updated system, DCF will update the maximum rate of occurrence and adjust the sample size as needed but also ensure the floor of moments responded to (2,000), as required by CAS.

Sample Calculation

Solving for N (with a maximum rate of occurrence of **54%**):

$$N = \frac{.54(1-.54)}{\left(\frac{.02}{1.96}\right)^2} = 2471$$

As mentioned above, this formula will be recalculated and updated on an annual basis. If the formula indicates a number less than 2,000 at any point, DCF will generate enough moments to still maintain 2,000 valid samples.

Please note that because the BPS RMTS is a new process, the above formula is truly a sample calculation. Once the first quarter has been completed, the sample calculation will be updated with the actual maximum rate of occurrence.

Standard Observation Form and Definitions

A standard observation form has been developed that includes numerous questions, up to 21 distinct activity codes and 22 program codes (including combinations of more than one program) that encompass the universe of activities that the population being surveyed performs.

- The sample is generated (e.g., moments are assigned to participants) just prior to the beginning of the quarter.
- E-mails are sent to the participant, indicating that they have been selected to report their activity for the moment shown (e.g., 10:12 a.m. on 1/5/14).
- The e-mail contains a username and password and link to the website to respond to the moment.
- The participant selects the link to the website. At the website, they logon and have access to the questions and activity/program codes.
- The participant answers the questions and selects the appropriate activity and program (client specific activities require the client's last name and last four digits of the client's social security number (SSN)).
- There is no advance notification of moments.

Participants are sent 24 and 48-hour reminder e-mails (if the participant has not yet responded) and have 72 hours to complete each moment for it to be considered valid. Participants are not able to respond to moments once they have expired. Expired/non-response moments are not included in the RMTS activity percentage calculations.

A participant is asked numerous questions in the time study. The root question is “Were you working on a Case or on behalf of a client?” (Y/N). Below, is the sequence of questions depending on how they answer the root (first) question.

For answering “Yes” to case-related activity.

1. Please select the activity you are performing at the time of your moment, not the type of case.
2. Please select the program(s) you were supporting at the time of your moment.
3. Please provide the client’s first initial, last name, and last four digits of the client’s social security number (SSN).

For answering “No” to case-related activity.

1. Please select the activity you were performing at the time of your moment.

Below are the case specific activity codes:

Case Specific Activity Codes

1. Conducting Client Interview
2. Processing Income Documents
3. Processing Non-Income Documents
4. Calculating Deductions
5. Processing Interim Reports
6. Issuing vouchers for prescriptions, dental emergencies or durable medical equipment
7. Customer Education regarding eligibility results
8. Providing EBT specific information to customers
9. Active Case Updates/Changes
10. Fraud Referrals
11. Fair Hearings and Appeals
12. Reach Up Sanctions
13. Reach Up Controlled Vendor Payments
14. Outreach and Education Activities
15. Referrals to Medicaid and/or Medical/Behavioral Health Services
16. Referrals to Non-Medicaid/Non-Medical, Community Services

Below are the non-case specific activity codes:

Non-Case Specific Activity Codes

1. Program Specific Training or Reporting
2. General Administrative and General Training Activities

Below are the non-work related activity codes:

Non-Work Related Activity Codes

1. Paid Time Off (Annual/Sick/School/Administrative Leave/Comp)
2. Unpaid Time Off: Lunch or Not Scheduled to Work/Flex Time
3. Non-DCF Activity or Other Emergency Situation

Below are the program codes and combination codes:

Program Codes

1. Reach Up
2. 3 Squares
3. Fuel
4. General Assistance (GA) and Emergency Assistance (EA)
5. Essential Person (also called "Aid to the Aged, Blind, and Disabled (AABD)")
6. Medicaid
7. Social Security Income (SSI)
- 8.
9. Reach Up/3 Squares
10. Reach Up/GA
11. Reach Up/Fuel
12. Reach Up/3 Squares/Fuel
13. Reach Up/3 Squares/Fuel/GA and EA
14. 3 Squares/Fuel
15. 3 Squares/Essential Person
16. 3 Squares/GA and EA
17. 3 Squares/Fuel/Essential Person
18. 3 Squares/Fuel/GA and EA
19. 3 Squares/Fuel/GA and EA/Essential Person
20. Fuel/GA and EA
21. Fuel/GA and EA/Essential Person
22. GA and EA/Essential Person
23. All Programs: Reach Up/3 Squares/Fuel/GA and EA/Essential Person

Please note that the activity and program codes are not numbered in the system. In addition, the program codes are only options if the participant selects a particular activity. Some activity codes are also only shown for case-related work, while others only appear for non case-related or non work-related activities. Not all program codes are available for every activity selection.

Please refer to the allocation matrix for the valid combinations of activity/program codes available to participants through the decision tree nature of the EasyRMTS™ software. Additionally, the following graphic represents the questions participants are walked through in order to select an activity/program combination; this graphic is provided to participants as part of the training presentation.

Date Stamp

The moment date/time is provided to the participant in the e-mail notification and is viewed by the participant when they log in to EasyRMTS™ to complete their moment. Each response is date stamped when the participant responds to the moment.

Help Desk

A Help Desk is operated where participants can call (via an 800 number) and speak to PCG if they have questions. This number is contained in all e-mails and on the RMTS system when participants log in to the system. If someone is unavailable, they can leave a message. All messages related to questions asked about activities are logged. Participants can also respond to the e-mail that they receive and receive an e-mail response.

Training

Employees must participate in a web-based training before completing their first random moment. Training sessions occur for all participants on an annual basis. Quarterly sessions are also held for workers who would like to attend or are required to attend additional trainings (participants who regularly fail to respond) as necessary. Periodic newsletters or memos are also sent to participants.

Analysis of Results

On a monthly basis, the results of the RMTS are compared to previous months to determine if there are any significant variances in the responses. If a significant variance is discovered, a review is conducted in order to determine the reason for the variance. If the reason for the variance is due to bias or improper technique, it will be determined whether to make a change to the RMTS form. Additional training may also be conducted. The state will also, as necessary, send communication and memorandum to participants to clarify any common issues.

On a monthly basis, reports are forwarded to the BPS RMTS coordinators so that they can follow up with non-responsive participants. Individual supervisors are involved as necessary. The system generates 24 and 48 hour follow-up e-mails. Additional follow-ups will be employed as necessary.

Evaluation and Modification of the System

The RMTS system, observation form, and distribution procedures are continuously evaluated to identify necessary modifications in order to improve their efficiency and effectiveness. If modifications are determined necessary, they are made promptly.

Subsample Process

For the entire BPS time study, 10% of all moments are randomly selected as part of the subsample process. Participants who are selected for the subsample are required to answer one additional question when responding to their moments, requiring them to write in their own words the activity they were performing. The RMTS administrators generate a report detailing those moments that have been selected as part of the subsample on the 18th day of the month (for moments that occurred in the first two weeks of the month) and 3rd day of every month (for moments that occurred in the second two weeks of the month). RMTS administrators will then review the reports, comparing the activity selection to the participants own description of their task to ensure that they match appropriately. If the activity selection does not match, RMTS administrators will contact the participants. If validation is not confirmed on any moments within the 10% subsample for whatever reason, these moments will be reallocated direct to state general fund. The RMTS statistic will be updated accordingly.

Documentation

All aspects of the RMTS process are documented. This documentation includes but is not limited to the following:

- Assigned moments e-mailed;
- Data related to tabulations;
- Analysis of sample results; and
- Final computation of results that are used in the cost allocation plan.

Procedural documentation is also kept on the procedures used.

Quality Control

Quality control is performed on the RMTS on an ongoing basis. Some codes require the participant to enter the client's first initial, last name, and last four digits of the client's social security number (SSN) during their random moment to ensure those cases are active for the department. For codes that require the participant to provide a description, those descriptions are reviewed by PCG and DCF to ensure the participants are using them appropriately. This information, along with other common participant errors recognized by PCG and DCF, is used to determine training needs.

The decision-tree setup of EasyRMTS™ ensures that participants cannot select incompatible combinations (please refer to the allocation matrix). If new activities are added or removed from the time study, EasyRMTS™ is reviewed and updated accordingly to ensure edits have been made correctly. Edits to the system are effective the first day of the quarter, in line with an accompanying CAP amendment. All amendments related to the RMTS process are prospective.

The following items, at a minimum, are reviewed throughout the quarter and prior to sample generation for the subsequent quarter:

- Identification of upcoming Vermont state or observed federal holidays (excluded from the sample).
- Data related to participant contact information, including full name and e-mail address.
- Participant roster updates to reactivate an employee who may have been on extended leave or to deactivate someone who will be on extended leave or no longer working in the BPS position at DCF.
- Workers who select the wrong activity (based on their own description of their work) are e-mailed directly to explain what the appropriate selection was so that the mistake does not continue to occur (either from reviewing the subsample moments or general observations regarding common mistakes made by participants).

Any employee on extended leave (exceeding six weeks during a single quarter) will be deactivated from the system until further notice. All other instances of leave will be determined on a case-by-case basis by RMTS administrators.

Quarterly Calculation of Results

DCF calculates the quarterly results based on the total number of moment received, minus the number of not scheduled to work (NSTW), and no response moments. Therefore, if 3,000 moments are generated and 500 of those moments received are a combination of unpaid time off or NSTW the denominator for the calculation is 2,500. All responses in the system, inclusive of NSTW, count as "responses" in determining the overall response rate.

Contingency Plan

In the event of a technical failure or emergency situation, when staff are not able to receive or respond to moments for longer than 5 days, DCF will take the following steps to ensure that a valid sample can still be obtained and that the time study's statistical validity is not compromised:

1. Upon resumption of the RMTS, DCF will determine how many moments were affected. DCF will then generate a concurrent sample, starting on the day the RMTS is resumed or shortly thereafter, containing the same number of moments that were affected by the outage through the end of the sample period. For example, if 200 moments were affected due to a technical failure DCF will generate a second sample of 200 moments, to run concurrently with the original sample through the end of the sample period.
2. If the situation occurs closer to the end of the quarter and a concurrent sample is not possible or if the issue will be prolonged, the prior quarter RMTS results will be used for the affected quarter.

Any situation where either option is considered will be communicated with CAS and the appropriate cognizant agencies and documented in the RMTS backup and the backup for all claims prepared using this data.

Training

RMETS Topics:

Why Do We Complete a Time Study?

E-mail Based System

Subsample Process

Which Code Should I Select?

FAQ's

Review

What is the Purpose of RMTS?

- RMTS is a system to collect information on how ESD time is spent and it is used for funding purposes.
- Each quarter, Central Office is required to collect data, which is then used to figure out how much funding is drawn down from state and federal resources.

pur·pose

/ˈpɜrpəs/

Noun

The reason for which something is done or created or for which something exists.

Why Coding is Important

Coding is tied to the money we receive.

In order to capture all the federal dollars Vermont is entitled to, we need to provide accurate RMTS data.

How RMTS Flows

1

BPS fills out RMTS as required by Federal gov't.

2

% of BPS time is allocated to specific program(s)

3

Provides data that VT uses to collect federal funding

4

Results in VT having money for ESD staff salaries.

RMETS Myths

Myth: “Big Brother” is tracking and judging my performance.

Fact: The time study is not about individual performance, it’s a tool that is collecting general Vermont data on how BPS time is being spent.

Myth: I don’t have the “right” answer.

Fact: The only “right” answer is the accurate description of what you were doing at the time of your “moment”.

Timely Participation Needed

- Every moment must be answered within **72 hours** of when you receive it. If the moment is not answered in that given timeframe, it will expire.
- You will receive 24- and 48-hour reminders if you do not respond. Your supervisor will also receive reminders.
- The sooner you respond, the easier it will be to remember your activity at a given moment.

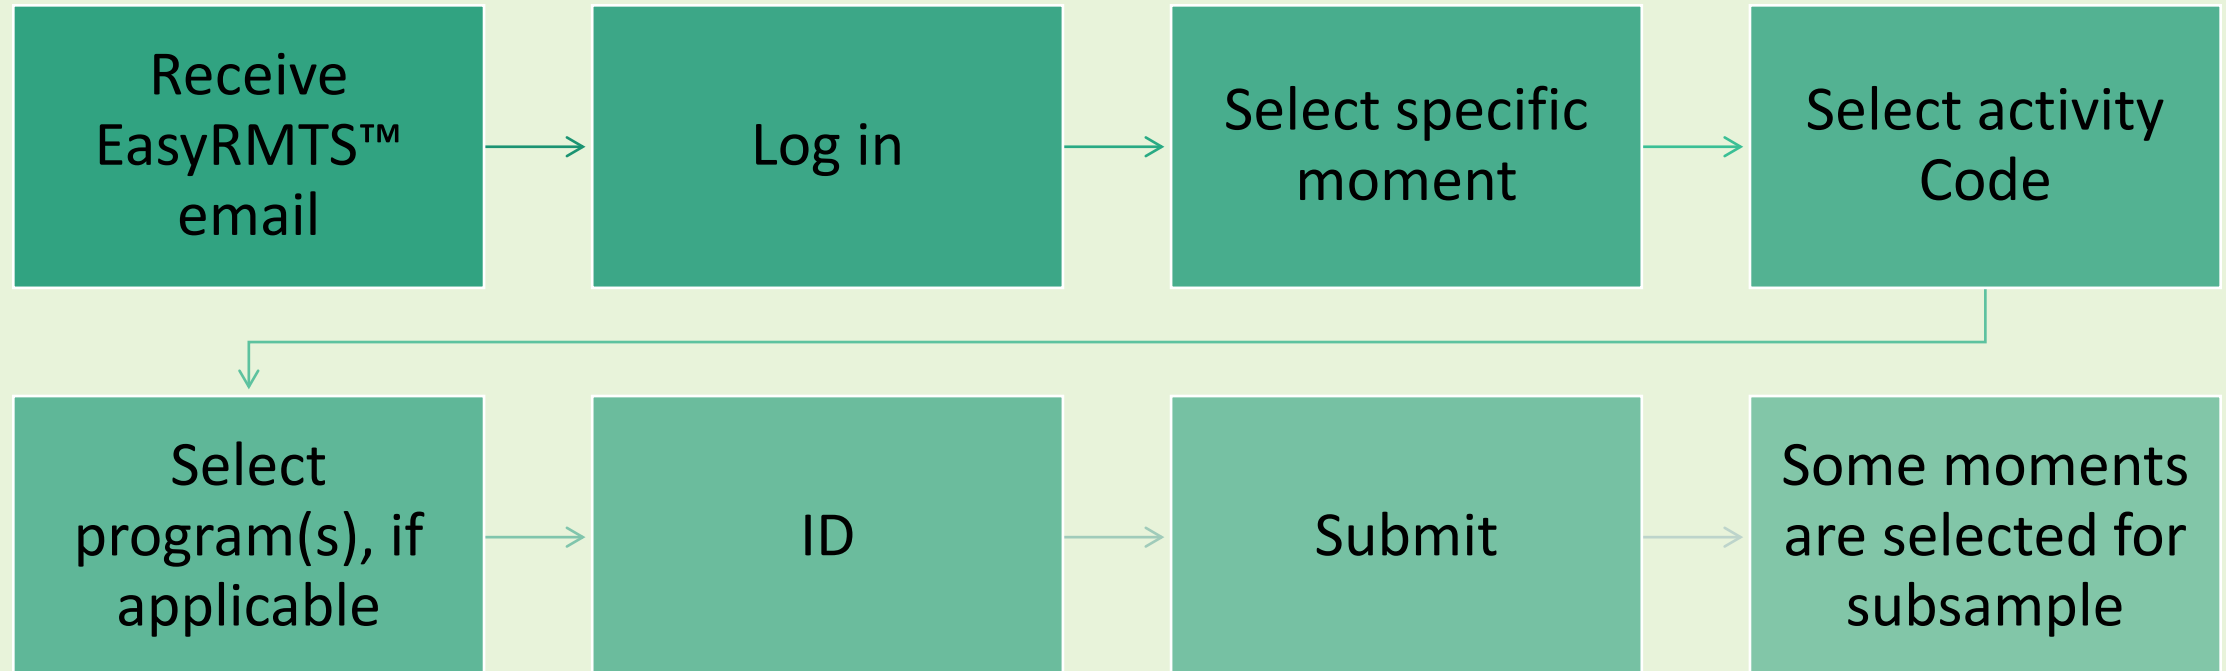

We Need
You!

In order to receive our full allotment of federal dollars, ESD needs plus/minus 3,000 completed moments each quarter!

We use EasyRMTS™ to collect them.

Overview of RMTS Process

Working with the EasyRMTS™ email- based system

Account Setup

- You will receive an automatic email when you have been added to the system.
 - The subject of the e-mail will read: “You Have Been Added to the Vermont DCF BPS Random Moment Time Study”
- The email will contain a temporary password. The temporary password is valid for only 48 hours.
- Your username will be included in the email. Log in to the system using the temporary password provided.
- Complete the security questions and set up your own password.

Example: Initial Account Setup Email

Subject: You Have Been Added to the VT DCF BPS Random Moment Time Study

Hello,

This is to notify you that you have been added to the VT DCF BPS Random Moment Time Study.

Your username is **VTDCFBPS2**

Your temporary password is: bZZ3Yt(0

This temporary password will expire in 48 hours. If you do not set up your account within 48 hours of this email, you must select the forgot password link on the EasyRMTS™ login screen to get a new temporary password.

Please logon to <https://www.easyrmtspcg.com/> to set up your account and password. You can click on the website link in this email or type the address into your web browser.

If you have any questions, please contact your PCG administrator at vtdcfbps@pcgus.com.

Login Page

- Enter your username and temporary password
- Remember your password expires after 48 hours.
- If you have difficulty logging in, try the [RMETS Login Tip Sheet](#) in SharePoint.

Lockout Warning

You will be locked out if the password is entered incorrectly 5 consecutive times. You will receive a warning notification if you have entered the wrong password 4 times.

To avoid getting locked out, reset your password by selecting the “I forgot my password” button. This will email you a new temporary password.

The screenshot shows the EasyRMTS login interface. At the top is the logo for EasyRMTS™, with the tagline "Random Moment Sampling Software". Below the logo are two input fields: "USERNAME" containing "hcaldwell" and "PASSWORD" containing a masked password "*****". A red warning message is displayed below the password field: "You have made 4 unsuccessful attempts to login. Your account will be locked out after a 5th unsuccessful attempt. To avoid getting locked out, you may reset your password using the 'Forgot Password' link provided on the EasyRMTS™ login screen." Below the warning is a blue button labeled "Login to My Account" and a link labeled "I forgot my password".

If you are locked out, contact:

- AHS.DCFHAEUSupervisor@state.vt.us or
- vtdvhahaeu@pcgus.com or
- Call the helpline at (866) 912-2984

The Email

You will receive an email that contains information that you have been selected to complete a Random Moment in Time Study for Vermont ESD.

The subject of the email will read:

“URGENT! TIME SENSITIVE RMTS RESPONSE REQUIRED.”

Date: November 30, 2020 at 1:46:04 PM EST
To: vtcfbbs@yopmail.com
Subject: URGENT! TIME SENSITIVE RMTS RESPONSE REQUIRED
Reply-To: vtcfbbs@pcgus.com

Hello,

This is to notify you that you have been randomly selected to complete a random moment time study (RMTS) for the Vermont Department for Children and Families.

The date and time of your moment is: 11/30/20 12:11 PM

Your username is VTDCFBPS

If you have forgotten your password, or your temporary password has expired, please click "Forgot my password" on the login screen and follow the steps.

You will receive a reminder of your sampled moment after 24 hours and 48 hours if you have not yet responded to the moment.

Please logon to <https://www.easyrmtspcg.com/> to access your moment after the selected time. You can click on the website link or type the address into your web browser.

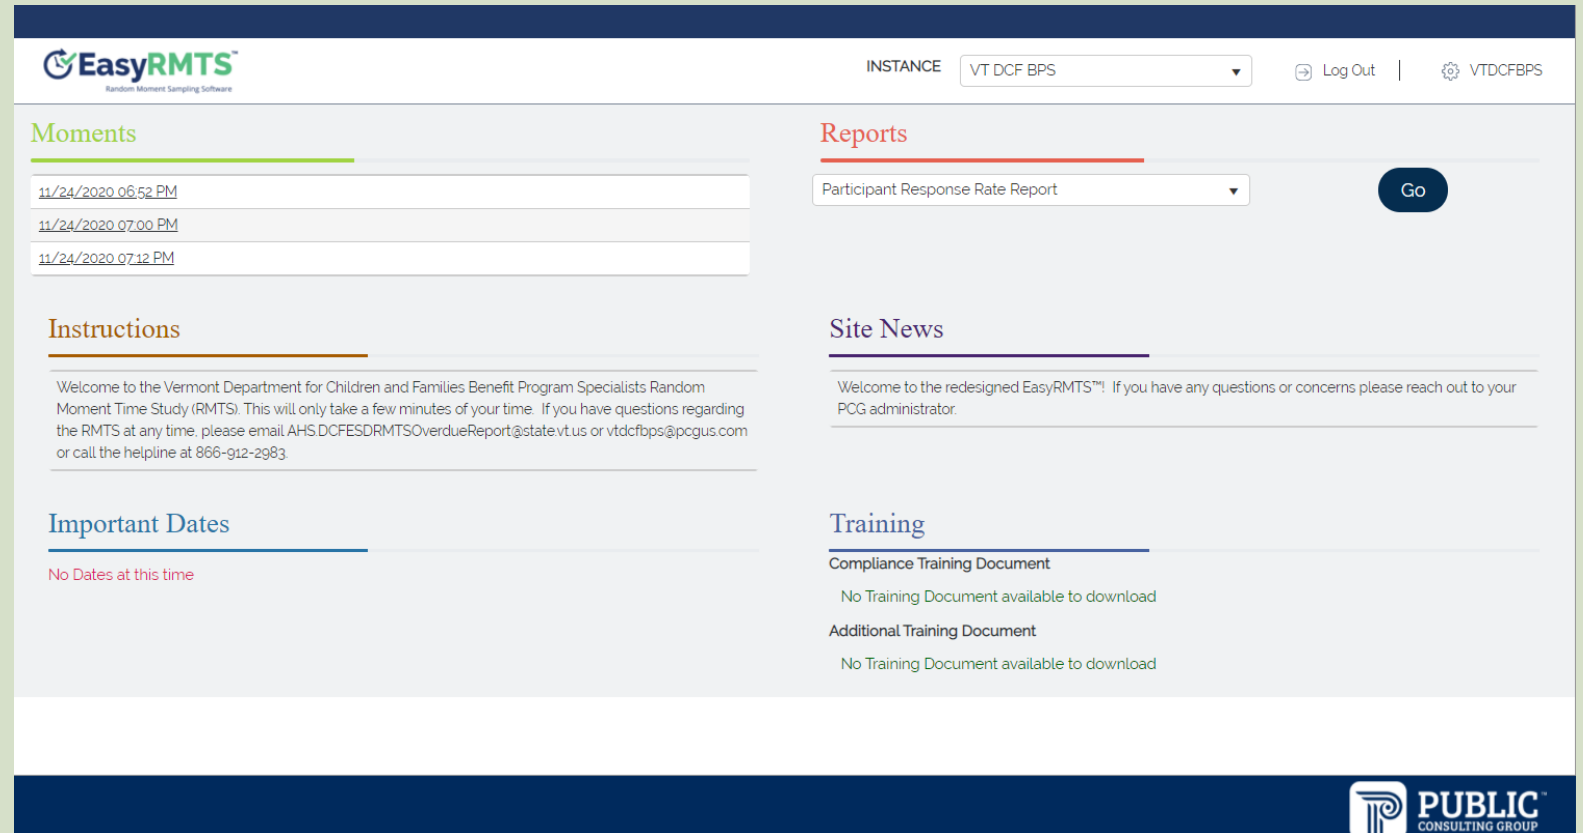

Copy and paste the username rather than typing it in.

If you have any questions, please email AHS.DCFESDRMTSOverdueReport@state.vt.us or vtcfbbs@pcgus.com, or call 866-912-2983.. Please note it may take up to nine rings to reach the voicemail.. If you do leave a voicemail, we will return your call as soon as possible.

Thank you!

Participant Dashboard

- The participant dashboard provides users with access to multiple pieces of information at once
- The dashboard contains:
 - The list of outstanding moments
 - Time study instructions and important messages regarding the time study
 - Important Dates
 - Participant reports
 - Training documents

The screenshot displays the EasyRMTS Participant Dashboard. At the top, the logo for EasyRMTS (Random Moment Sampling Software) is visible on the left, and the instance name 'VT DCF BPS' is shown in a dropdown menu on the right, along with 'Log Out' and 'VTDCFBS' links. The dashboard is divided into several sections:

- Moments:** A list of three outstanding moments with timestamps: 11/24/2020 06:52 PM, 11/24/2020 07:00 PM, and 11/24/2020 07:12 PM.
- Instructions:** A welcome message from the Vermont Department for Children and Families Benefit Program Specialists, providing contact information for questions regarding the RMTS.
- Important Dates:** A section indicating 'No Dates at this time'.
- Reports:** A dropdown menu for 'Participant Response Rate Report' and a 'Go' button.
- Site News:** A message welcoming users to the redesigned EasyRMTS and providing contact information for the PCG administrator.
- Training:** Two sections for training documents: 'Compliance Training Document' and 'Additional Training Document', both indicating that no documents are available for download.

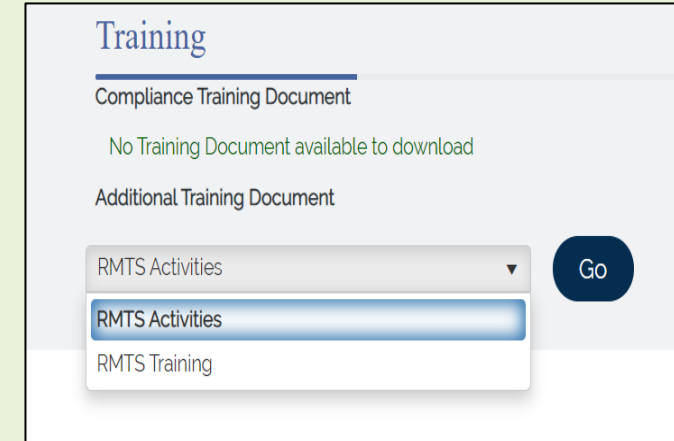

The footer of the dashboard features the logo for PUBLIC CONSULTING GROUP.

Select the Specific Moment

Once you are logged in, you'll select the specific moment to respond to. If you have multiple outstanding moments, they will all be listed.

Participants can only respond to one moment at a time.

Select the link to answer a moment.

* Note: An Activity Descriptions Link and RMTS instructions link are listed on this screen to provide access to this training presentation.

Question 1: Were You Working on a Case or on behalf of a Client?*

Moment Response – 12/07/2020 01:16 PM

Were you working on a case or on behalf of a client?

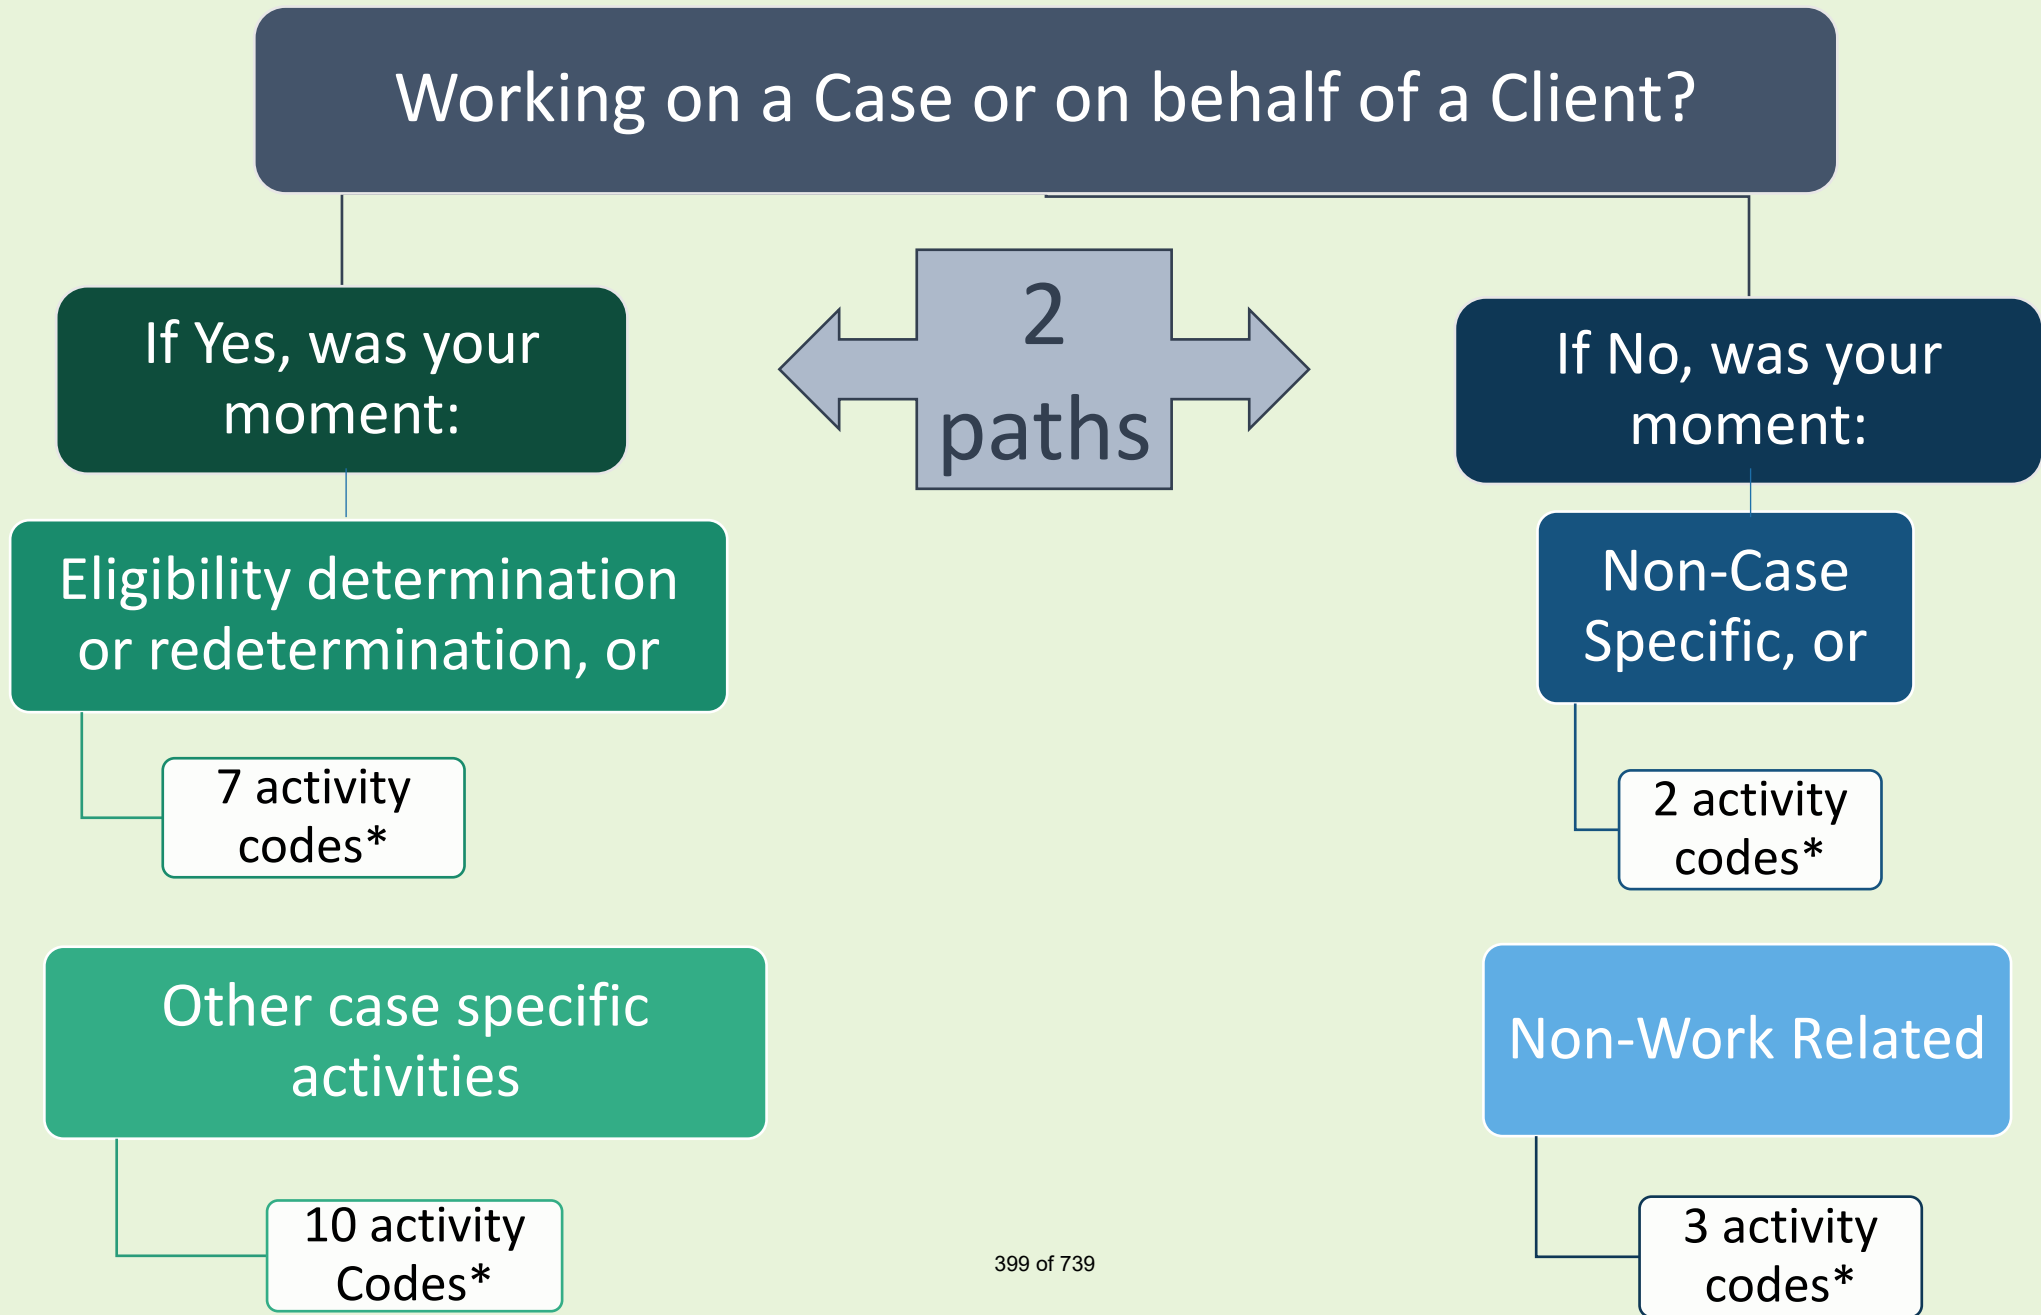

Yes

No

Previous

Next

*in other words, any case where you are actively working on assisting the client to access or continue to access state or federal benefit programs.

Working on a Case or on behalf of a Client?

If Yes, was your moment:

Eligibility determination or redetermination, or

7 activity codes*

Other case specific activities

10 activity Codes*

If No, was your moment:

Non-Case Specific, or

2 activity codes*

Non-Work Related

3 activity codes*

*Codes will be described in more detail later in this training.

Working on a Case or on behalf of a Client?

If Yes, was your moment:

Eligibility determination or redetermination, or

7 activity codes*

Other case specific activities

10 activity Codes*

If No, was your moment:

Non-Case Specific, or

2 activity codes*

Non-Work Related

3 activity codes*

*Codes will be described in more detail later in this training.

Based on your answer above, you will be asked to choose an activity.

For example:

Moment Response – 05/09/2022 02:18 PM

Please select the eligibility determination/redetermination activity you were performing at the time of your moment, not the type of case.

- Conducting Client Interviews
- Processing Income Documents
- Processing Housing Documents
- Processing All Other Non-Income Documents
- Calculation Deductions
- Processing Interim Reports
- Issuing Vouchers for Prescriptions, Dental Emergencies, or Durable Medical Equipment

Previous

Next

Moment Response – 12/07/2020 01:16 PM

Please select the program(s) you were supporting at the time of your moment.

- Reach Up
- 3 Squares
- GA and EA
- EP/AABD
- Reach Up/3 Squares
- Reach Up/3 Squares/Fuel
- Reach Up/3 Squares/Fuel/GA and EA
- 3 Squares/Fuel
- 3 Squares/Essential Person
- 3 Squares/Reach Up/GA and EA
- 3 Squares/Reach Up/EP
- 3 Squares/Fuel/EP
- 3 Squares/GA and EA
- 3 Squares/Reach Up/Fuel/EP
- All Programs: Reach Up/3 Squares/Fuel/GA and EA/Essential Person

Next you will be asked to select the program you were *primarily* supporting at the time of the moment.

For example:

- If the activity is primarily related to 3 Squares, you should select “3 Squares” even if the case is open to or associated with multiple programs.
- You will only be able to choose a program that is relevant to the activity you selected.

[Previous](#)[Next](#)

If your moment was client related...

you will be required to provide the following customer information:

First Initial

Last Name; AND

Last four digits of the SSN

If your moment was NOT client related...you will be asked to briefly describe the activity in your own words.

Moment Response – 12/07/2020 01:16 PM

Please provide a description of your activity.

Previous

Next

Editing

We all make mistakes, so the system has an “Edit” button.

If your response is incorrect, please select the “Edit” button and you will be able to start over from the initial question.

Moment Response – 12/07/2020 01:16 PM

Response Summary

- Question 1: Were you working on a case or on behalf of a client?
Answer: Yes
- Question 2: Were you performing an eligibility determination or redetermination at the time of your moment?
Answer: Yes
- Question 3: Please select the eligibility determination/redetermination activity you were performing at the time of your moment, not the type of case.
Answer: Conducting Client Interviews
- Question 4: Please select the program(s) you were supporting at the time of your moment.
Answer: Reach Up/3 Squares/Fuel/GA and EA
- Question 5: Please provide the client's first initial and last name.
Answer: T Smith
- Question 6: Please provide the LAST FOUR DIGITS ONLY of the client's social security number.
Answer: 1234

I certify that my moment response accurately reflects the activity I was performing at the time of my moment.

Moment Response Submit Screen

Just like when time sheets are completed, you will be asked to review the information provided, and click “submit”.

Moment Response – 12/07/2020 01:16 PM

Response Summary

Question 1: Were you working on a case or on behalf of a client?
Answer: Yes

Question 2: Were you performing an eligibility determination or redetermination at the time of your moment?
Answer: Yes

Question 3: Please select the eligibility determination/redetermination activity you were performing at the time of your moment, not the type of case.
Answer: Conducting Client Interviews

Question 4: Please select the program(s) you were supporting at the time of your moment.
Answer: Reach Up/3 Squares/Fuel/GA and EA

Question 5: Please provide the client's first initial and last name.
Answer: T Smith

Question 6: Please provide the LAST FOUR DIGITS ONLY of the client's social security number.
Answer: 1234

I certify that my moment response accurately reflects the activity I was performing at the time of my moment.

Edit

Submit

THE SUBSAMPLE PROCESS

10% of RMTS responses will trigger a message like this:

“You have been selected for the federally required 10% subsample process to review the activity/program you have selected. Please describe in your own words what you were doing at the time of your assigned moment.”

Federal regulations require that 10% of the time study moments be checked for accuracy.

- This subsample is randomly generated. You will be notified and asked a final question that requires you to describe your activity in your own words. (This is not optional)

Answering the Subsample: How much detail?

If the moment is *case or work activity related*, you will need to provide details by answering the follow up questions. Please be as descriptive as possible in your responses.

If you receive a moment at a time when you are *not* engaged in a work activity, such as on lunch or on a break, you only need to briefly state that fact. You can then just click through the follow up questions. Extraneous details are unnecessary. Note: This becomes a federal document.

What happens to a subsample?

- Members of the ESD Operations team are responsible for comparing the subsample descriptions you write, against the program/activity code that was selected, to see if they match/are accurate.
- If your written response does not correspond to the codes in the survey, we may need to throw the response away and start again.

ACTIVITY CODES:

Choosing the most accurate description for your activity

How to choose the most accurate code

Take a minute to analyze your activity. Choose the answer that best reflects what you were doing at that moment.

The activity descriptions, along with the training presentation are available in the EasyRMTS system.

They can be downloaded through the Activities Descriptions link on the moment list or from SharePoint.

”

A Note About Codes

Some codes you will use frequently and others you may never use.

That's OK.

It's not about the diversity of what you do, it's about correctly coding your activities!

Activities related to: Working on a Case or on behalf of a Client

Eligibility determination or redetermination, or

7 activity codes*

Other case specific activities

10 activity Codes*

Eligibility Determination or Redetermination Codes

Eligibility determination
or redetermination, or

7 activity
codes*

1. Conducting client interviews
2. Processing income documents
3. Processing housing documents
4. Processing all other non-income documents
5. Calculating deductions
6. Processing Interim Reports
7. Issuing vouchers for emergency dental, prescriptions, or durable medical equipment

1. Conducting client interviews

Includes all actions related to this interview at this time including, but not limited to:

- Scheduling, conducting & documenting interviews
- Discussing reporting requirements
- Checking the Electronic Disqualified Recipient System(EDRS)
- Individual Career Advancement Network Referral ICAN(218FS)
- and all other activities related to that interview

”

2. Processing income documents

This includes, but isn't limited to:

- Paystubs
- Tax forms
- Letters from employers around income
- 204B
- 204R
- Benefit letters from Social Security/VA/Pensions

Note: Do not use this code if you are processing documents as part of a client interview. Use this code when you are later processing documents needed to approve the case.

3. Processing housing documents

This is a new RMTS code starting in April 2022

It covers all actions related to processing applications and supporting documents for the *Transitional Housing Program* and *THP Provisional Housing* including:

- Reviewing applications or supporting documents
- Conducting collateral calls
- Sending a verification request (V) for income

4. Processing non-income documents

Note: Do not use this code if you are processing documents as part of a client interview. Use this code when you are later processing documents needed to approve the case.

This includes verification not related to income, such as:

- 210A Disability verification
- 202FSH Caretaker/Companion for Fuel
- Proof of Citizenship Status
- 210HRP High Risk Pregnancy verification
- 137 Absent Parent form

5. Calculating Deductions

FMED DOCUMENTS

SHELTER EXPENSES

DCEX INFORMATION

Note: Do not use this code if you are processing documents as part of a client interview. Use this code when you are later processing documents needed to approve the case.

6. Processing Interim Reports

Use this code for all activities related to processing the IR, such as documenting changes, CATNs, and work completing the IR in OnBase. *(Reach Up, 3 Squares only)*

7. Issuing GA Vouchers

EMERGENCY DENTAL

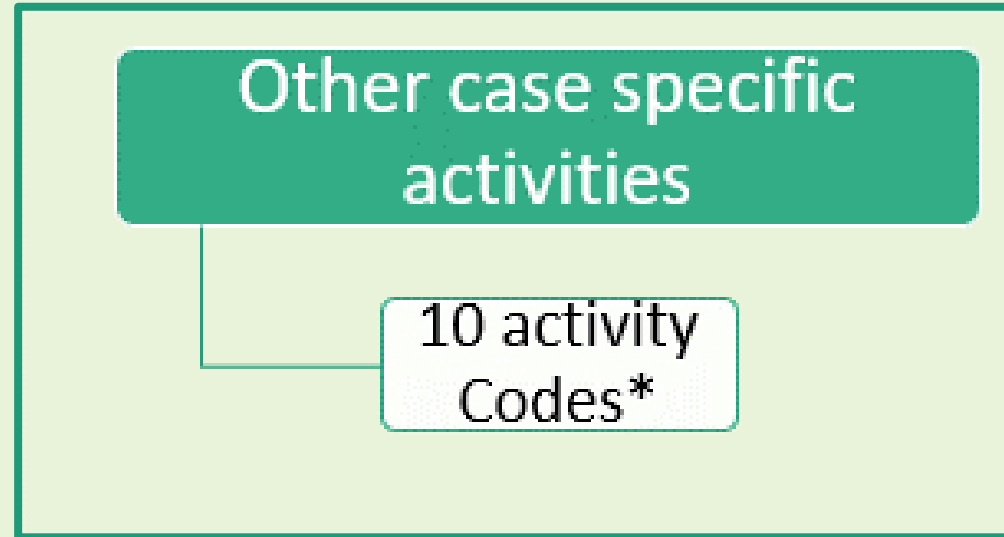

PRESCRIPTIONS

DURABLE MEDICAL
EQUIPMENT

Other Case Specific Activity Codes

*For the most detailed description of these activities, read the *Benefits Program Specialists Statewide Random Moment Time Study Instructions* attached to this training. This document is also linked below and available on SharePoint.

Other Case Specific Activities

1. Customer education regarding eligibility results:

- Explaining the results of eligibility determination to a customer, as well as explaining to a customer their responsibilities under a specific program and how to maintain eligibility.

2. Providing EBT specific information to customer:

- Providing any information to a customer who already has an EBT card including providing balance information, password resets, and access issue assistance.

Other Case Specific Activities

3. Active Case Updates/Changes: documenting case notes or a change to the case.

Any change to an already active case, including but not limited to:

- Employment status
- Household Comp changes
- Reviewing for accuracy
- Generating, printing/copying and/or mailing notification letters to clients
- Closing a case or previewing a pending closure case due to “unable to locate
- “To-Dos” or “Dailys” related to active cases
- Assisting a coworker with any of the above

4. Fraud Referrals:

- All tasks involved in processing fraud referrals and responses

Other Case Specific Activities

5. Fair Hearings and Appeals:

- All worker tasks related to fair hearings and appeals

6. Reach Up Sanctions:

- Activities related to Reach Up Sanctions, including processing payments to landlords, meetings, phone calls, collateral calls, e-mails, filing, etc. (*Reach Up only*)

7. Reach Up Controlled Vendor Payments:

- Monitoring and making controlled vendor payments for various expenses, including money mismanagement or processing payment requests from the client. (*Reach Up only*)

Other Case Specific Activities

8. Education:

- Educating clients/the public about the benefits and availability of services/programs.
- Assisting a client to fill out a program application.
- Compiling or distributing educational materials about assistance programs.

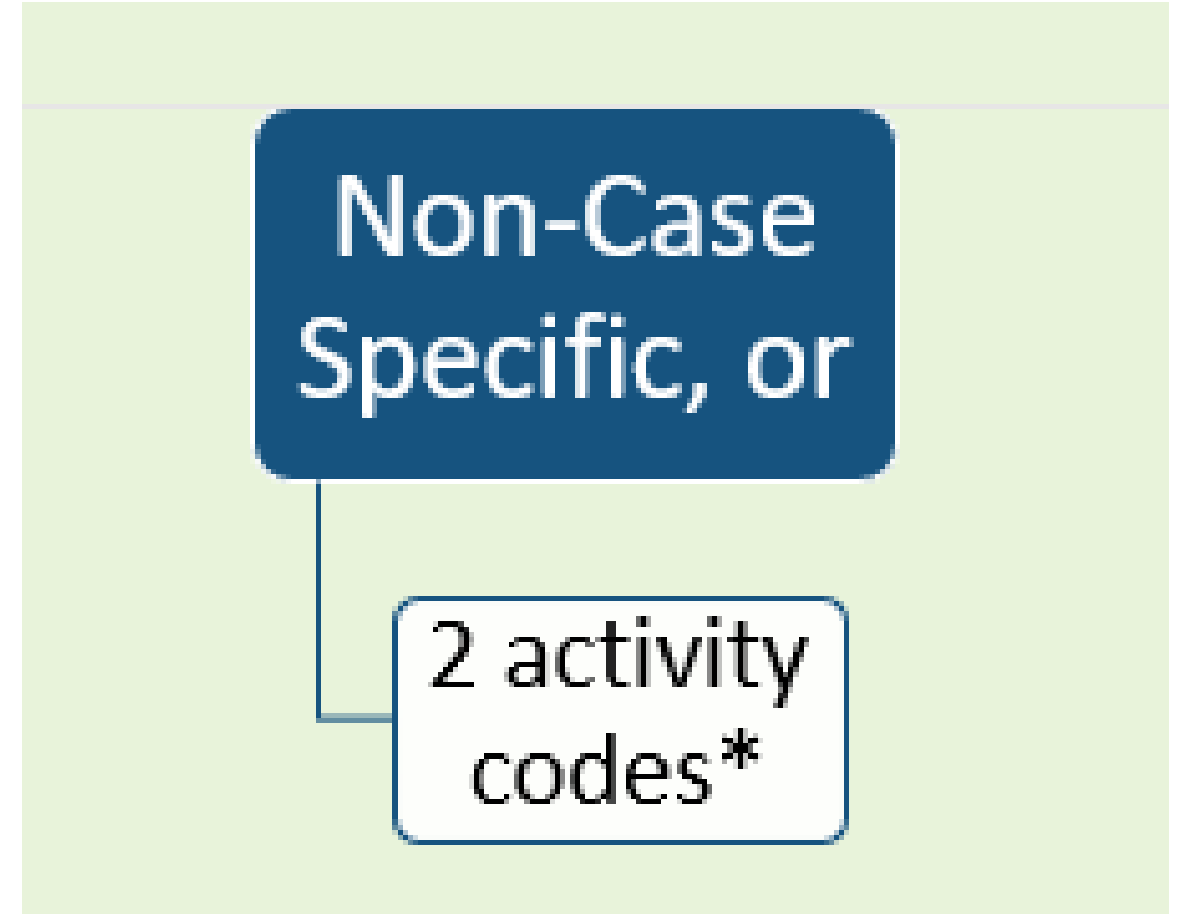

9. Referrals to Medicaid and/or Medical/Behavioral Health Services :

- Referral of a client to Medicaid or other governmental or private agencies for Medical/Behavioral Health services that are not part of the services offered by BPS. (*Medicaid or SSI only*)

10. Referrals to Non-Medicaid/Non-Medical, Community Services:

- Referral to/coordination of social services for client, including housing agencies, Family Services, or other governmental or private agencies for Non-Medical services that are not part of the services offered by BPS. (*Not for activities associated with the utility programs.*)

Non Case Specific Activity Codes

1. Program specific training or reporting

Used for program specific trainings. The trainings and reports can be for any specific program you support clients with:

- Reach Up Financial Assistance
- 3Squares
- Fuel
- General Assistance/Emergency Assistance
- Essential Person
- Emergency Housing;
- Transitional Housing

You will be asked to select which program(s) the training or report covered. Any administrative efforts related to this activity should also be coded here.

Note on How to Code Training Activities

Program Specific trainings should be coded as such. This includes Combined Eligibility, GA, and trainings in LINC, among others.

If your RMTS occurs while you are traveling to or from a training, it should still be coded as "Training" with the code for the specific program(s) you are attending training for.

If attending a Combined Eligibility or another multi-program training, and you can choose a specific program based on the daily agenda, do so. If the topic covers more than one program, you should choose that combination of programs

Ex. Household Composition would include 3SVT, Fuel and Reach Up, while FMED would just be for 3SVT.

2. General Administrative and General Training Activities

This code includes activities not related to case work and specific clients, but necessary for your job, including:

- Staff meetings
- General trainings not specifically related to ESD program training, such as DV, customer service, interviewing, technology, etc.
- General tasks: breaks; tidying, timesheets, front desk, HR, computer testing/issues, etc.

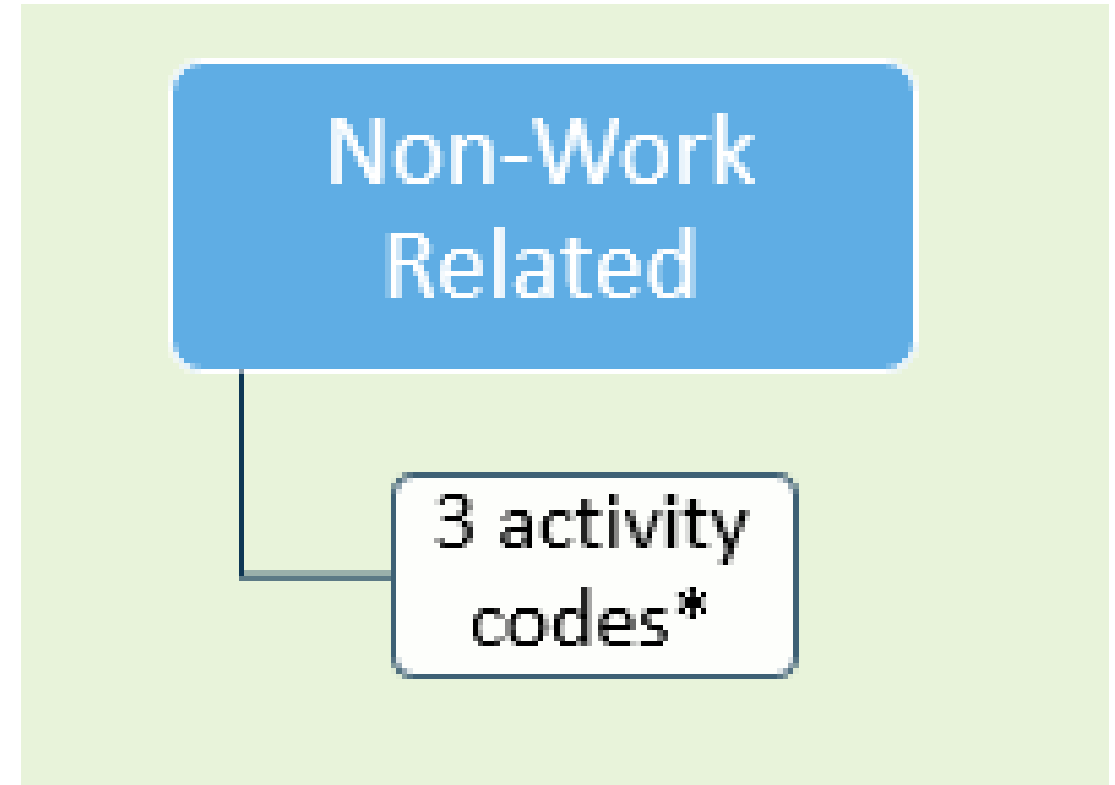

Reminder:

All breaks except lunch are work-related activities.

Breaks are frequently mis-coded as time off. They aren't. We are getting paid during all breaks except lunch. Please code them as General Administrative.

Non-Work Related Activity Codes

1. Paid Time Off

(Annual/sick/school/administrative)

Used when you are not working but are being paid for the time off.

Examples include:

- using regular annual leave for vacation
- sick time
- Family Medical Leave Act (FMLA)
- banked leave time
- union leave
- approved personal educational leave
- paid days not working due to a weather emergency

2. Unpaid time off (lunch, not scheduled to work, flex time)

Lunch or any approved leave you take that you are not paid for should be coded here.

Also use this code **if you were not scheduled to work** at the time of the moment.

For example, the moment might be before your regular start time, or after your regular end time, or the sample is received at a time when you are not scheduled to work due to your adjusted work schedule. (7:49 a.m. and you do not start until 8:00 a.m.).

Note: If you are using any paid leave time, do not use this code.

Lunch = “Unpaid” Time

- We are having an issue where a statistically impossible number of people are having “lunch” during their sample moment.
- Please only use “unpaid” code if you are truly on lunch. If you are working a case or doing administrative tasks, use the relevant code for that activity.

3. Non-DCF Activity or Other Emergency

Use when you perform an activity unrelated to any responsibility that you would normally have as an employee of DCF.

Performing a function for another state agency or working on non-human services activities (Such as in the event of a natural disaster).

Donating blood.

(Participants will be required to provide a brief description of the activity being performed.)

PROGRAM CODES:

Choose only the program(s) that you are supporting that client with gaining access to, updating the case notes for, or educating client about at that moment.

Reach Up

3SquaresVT

Fuel

General Assistance (GA) Emergency Assistance (EA)

Essential Person

Utility Discount

Select the program, or combination of programs, based on your activity at the “moment”.

Note: 7 new codes have been added related to GA, Emergency Housing and Transitional Housing.

Coding FAQs

Activity Type Clarification

A. Stretching your back, getting a drink, going to the restroom, or saying “hi” to a co-worker are all coded as “*General Administrative*”.

B. The “*Paid Time Off*” code is used for Annual or Sick leave, or any other time you are not at the office but are getting paid for it.

C. “Unpaid Time Off” is used for lunch and other times when you are not scheduled to work.

Note: It is important for your work schedule to be correct in the RMTS system because if you are not scheduled to work, you should not be receiving RMTS emails. If you are, report it to your supervisor.

Working Dailies: Eligibility Determination or Active Case Changes?

Is it a pending application for identified programs or a case due for recertification?

Select “Eligibility Determination or Redetermination”.

Is it changes or updates to an already active case?

Select: “Active Case Changes/Updates”

Assisting a co-worker?

Answering a procedural question?

Choose “General Administrative and Training Activities”.

Conducting a Peer Review?

Choose “Working on a case or on behalf of a client,” then choose case specific activity code.

Program Code Example

You're doing a TODO where you have verification for a shelter deduction. The person is active 3SVT, RU, AND FUEL.

You receive a "moment".

You select 3SVT and Reach Up as they are the programs relevant to calculating deductions.

That means that "moment" will be covered by the 3SVT and Reach Up program budgets.

Review Section

Note: The questions in this section are for you to review for understanding. There are no answer buttons to select.

Question 1

An RMTS moment comes in at 12:02 PM. You don't see it until 2:25 PM. Because it was around lunch time, you code it as "Unpaid Time Off", even though you are not sure you were at lunch at that time. What are the possible ramifications?

- A. Vermont's RMTS data shows there is too much "Unpaid Time Off" being taken.
- B. It may invalidate our data with the Feds.
- C. We can't collect federal dollars for the activity, so VT has less money to hire more front-line workers
- D. All of the above.

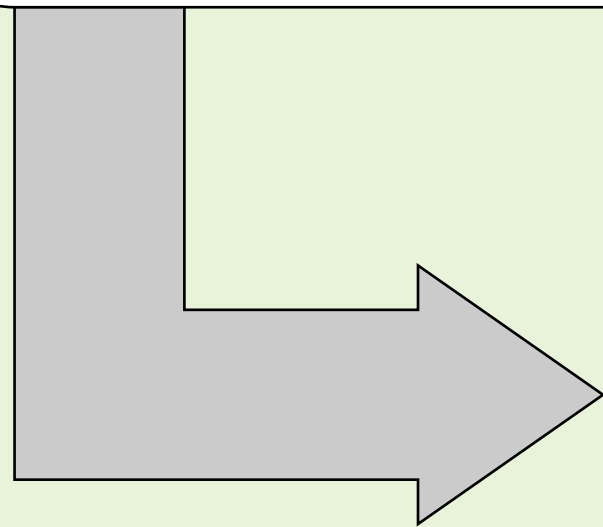

D. All of the above.

Question 2

You were in the office's morning meeting receiving your daily work assignment. No specific cases were discussed. How do you code this?

No for - “Were you working on a Case or on behalf of a client?”

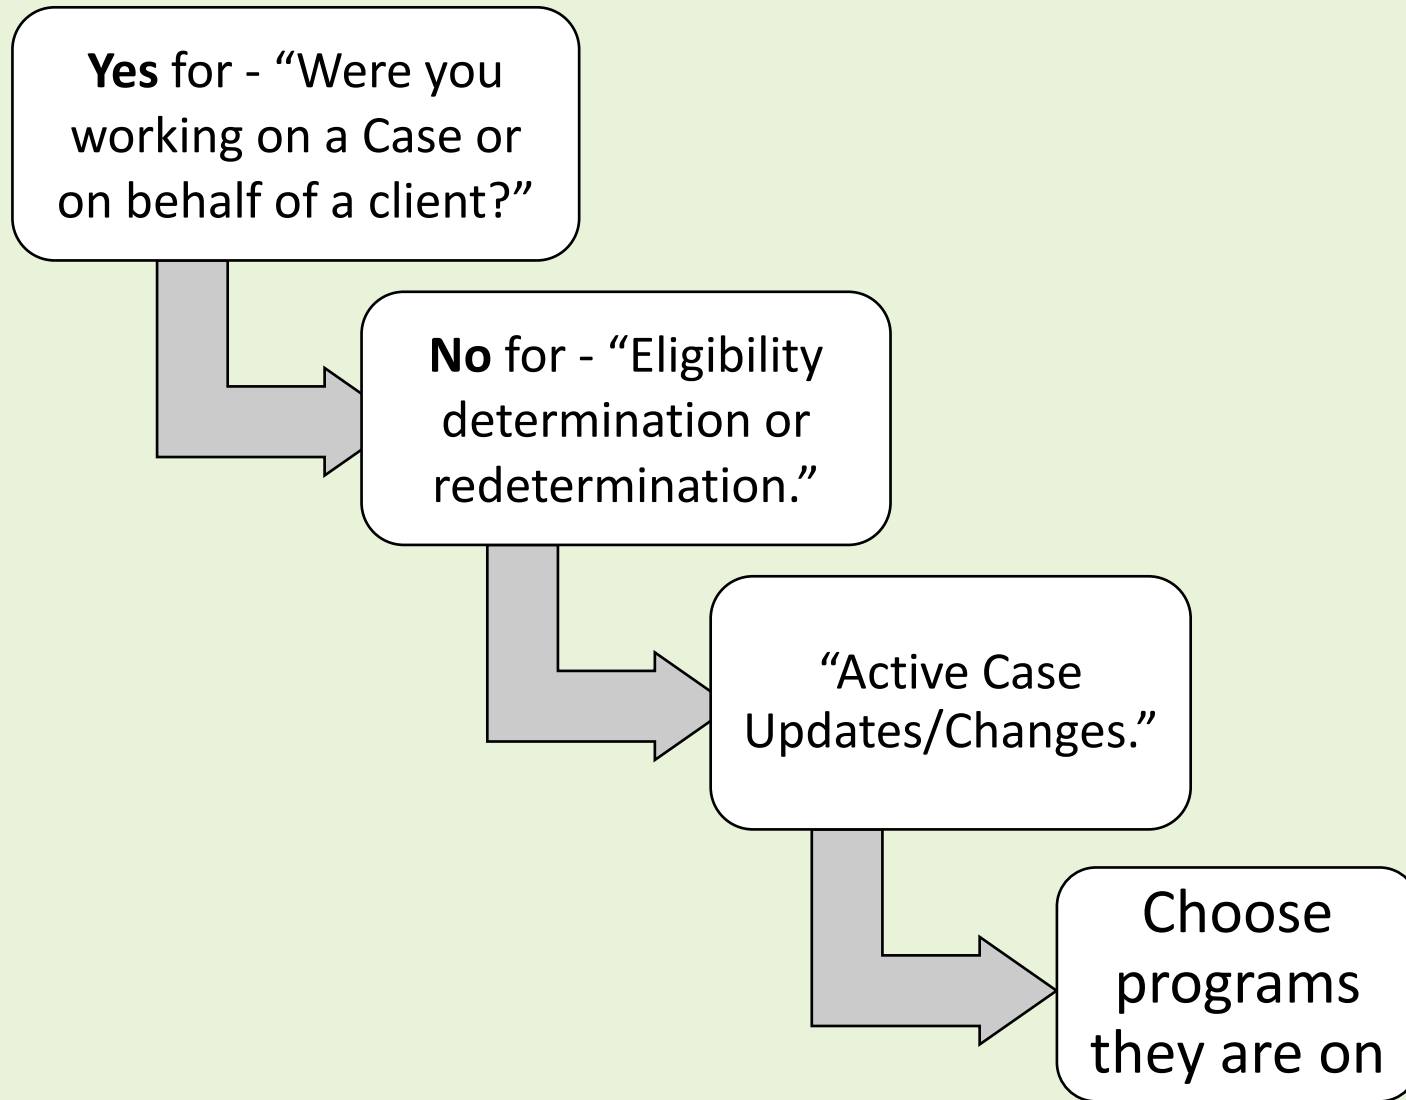

“General Administrative Activity”

(Attending general staff meetings not related to cases)

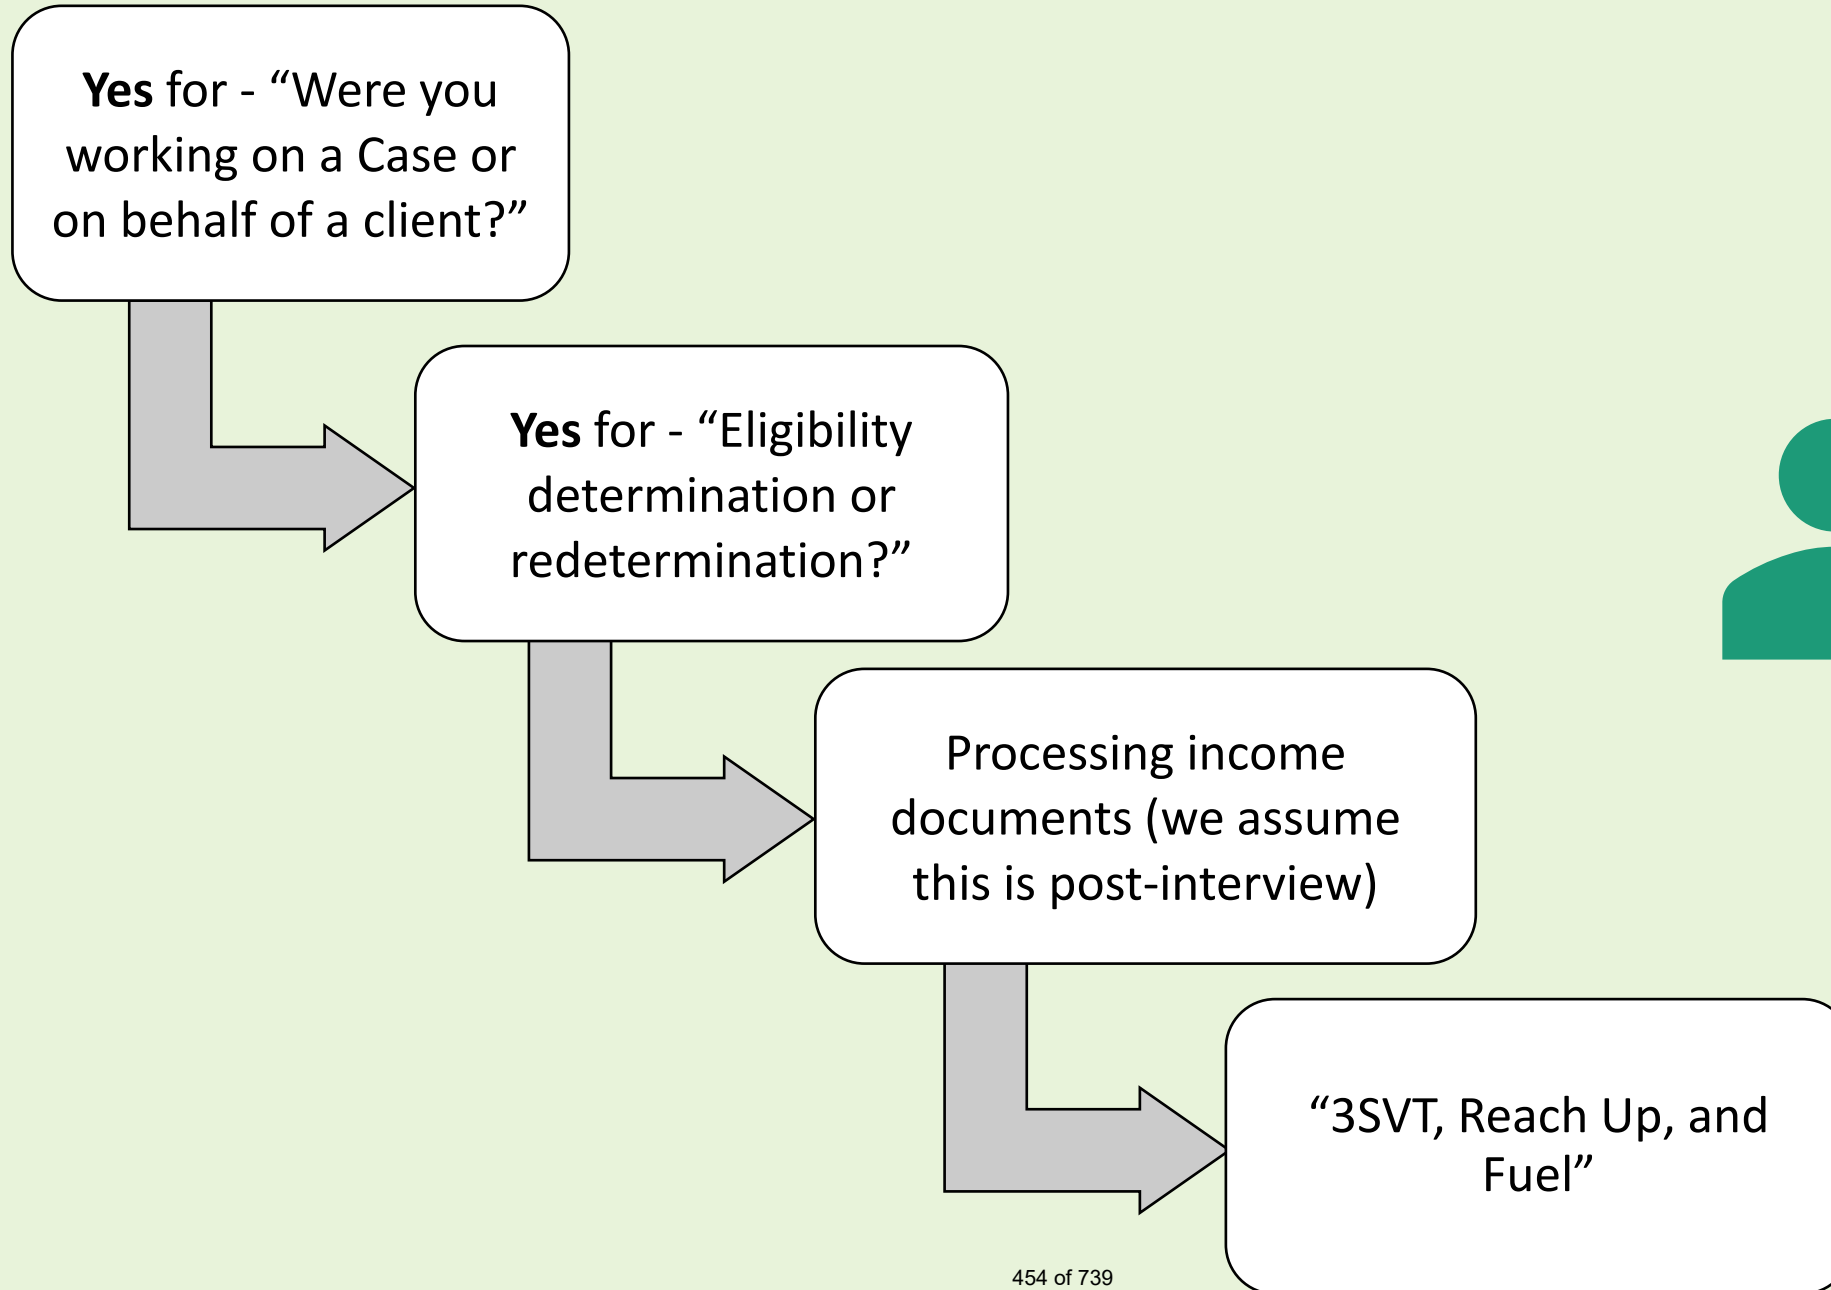

Question 3

You were working the general queue and a call came through from a current 3SVT customer reporting a change in address. You updated the address in ACCESS. How would you code this?

Question 4

You were assisting a co-worker with determining self-employment income for a new 3SVT, Fuel, and Reach Up application. How should this be coded?

Question 5

You were eating lunch. How should this be coded?

No for - “Were you working on a Case or on behalf of a client?”

**“Unpaid Time Off:
Lunch or Not
Scheduled to
Work/Flex Time”**

Question 5, part 2

You received a subsample notice for the time you were eating lunch and are asked to provide more detail.

Do you:

- A. Provide extensive information about what you are eating that day.
- B. Briefly answer, “eating lunch” and ignore the questions requiring more detail.

B. Briefly answer, “eating lunch” and ignore the questions requiring more detail.

Question 6

You were helping a co-worker with a SharePoint issue.

How should this be coded?

No for - “Were you working on a Case or on behalf of a client?”

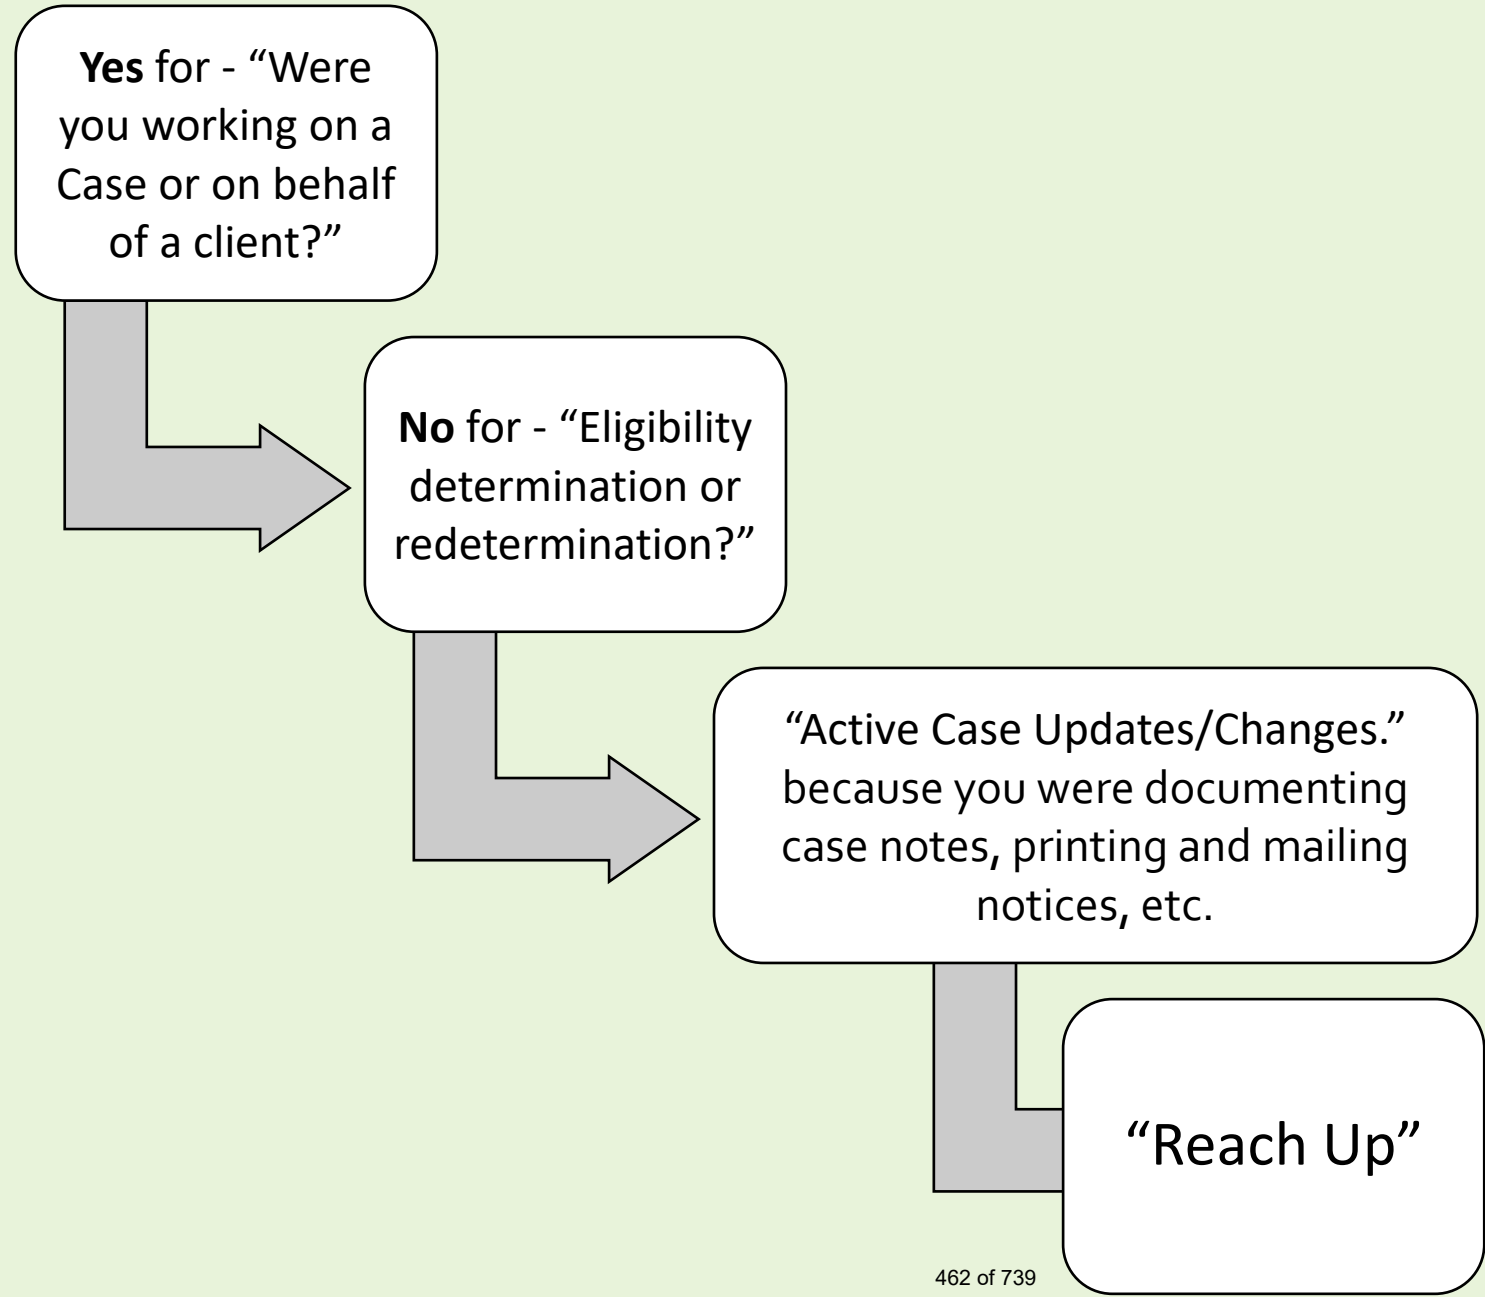

“General Administrative and Training”

Question 7

A participant calls wanting to know why her Reach Up is going down next month. You let her know that without a current housing form, her grant will be smaller. You send her the document needed to have her benefits readjusted and make a CATN.

How should this be coded?

Congratulations

You have completed the RMTS Training!

- The Activity Descriptions, along with this training presentation, are available to staff each time they access the EasyRMTS™ system. They can be downloaded as a PDF through the Activity Descriptions link on the moment list screen or through [SharePoint](#).
- If you are unsure about the activity categories or have any other time study questions, please contact your supervisor.

RANDOM MOMENT TIME STUDY

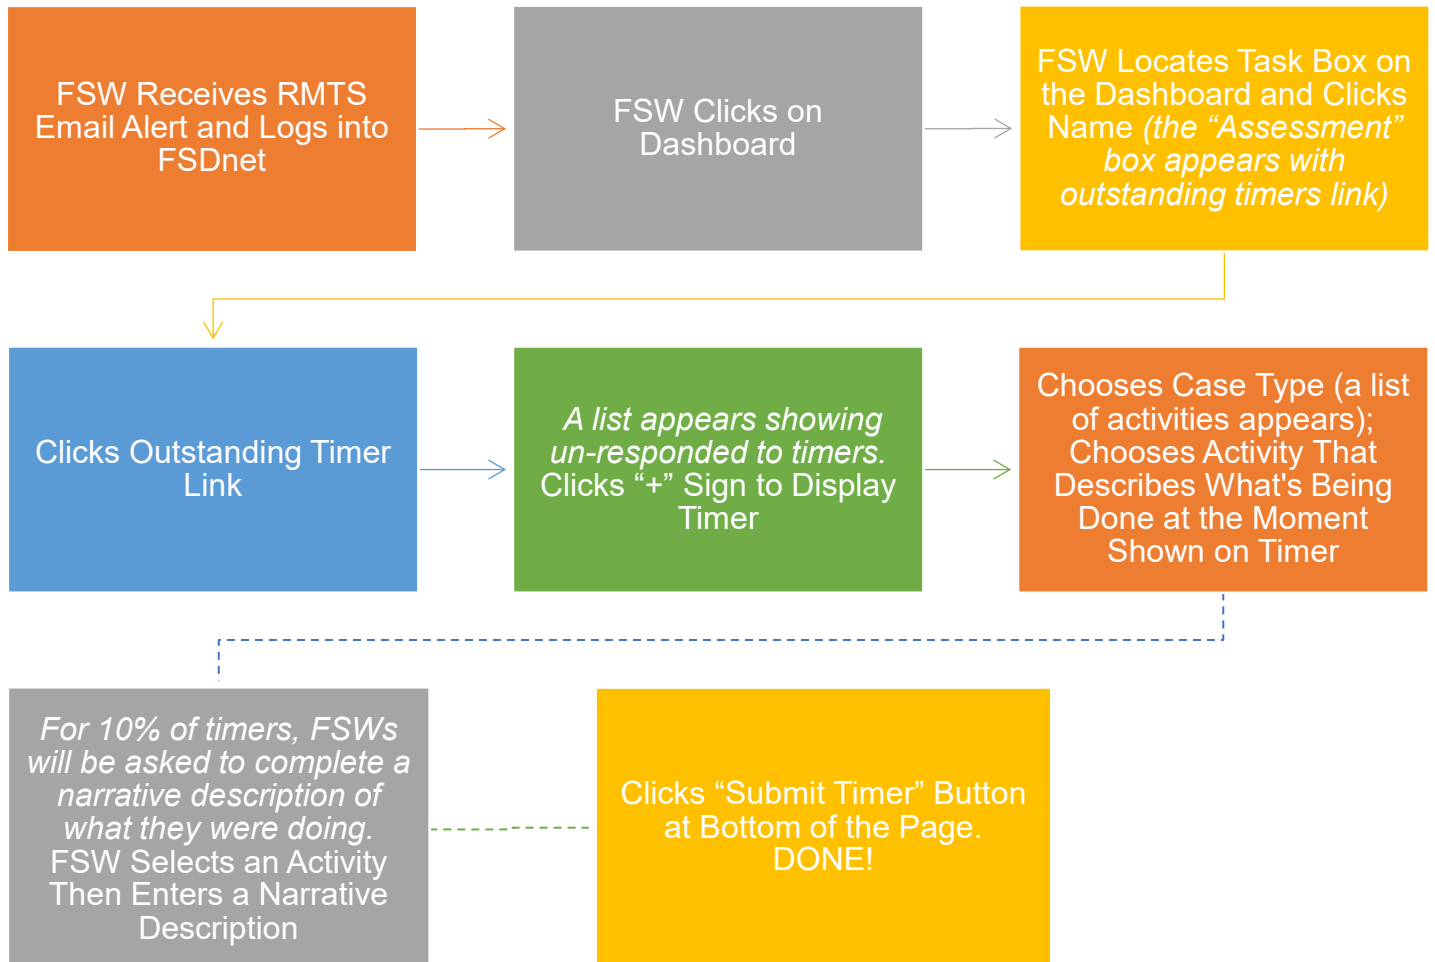

Introduction

The Random Moment Time Study is a federally approved, statistically valid sampling technique used to survey all activities performed by Family Services Workers in the Family Services Division Vermont Department for Children and Families. Participating staff comprise those whose role is 100% dedicated to case work in district offices throughout Vermont. Based on time study results, the total effort of FSWs is determined with a high degree of confidence that approximates the same results as having observed employees for 100% of their time at work. The results of the RMTS are used in the quarterly cost allocation plan (CAP) to allocate department costs to reimbursable and non-reimbursable areas. This level of detail is required for DCF to participate in federal claiming efforts.

The RMTS is conducted continuously to support quarterly claiming efforts.

This essential function is not possible without the assistance of our FSWs. We thank you for all your efforts in making this a success. Any participant with questions is welcome to email the RMTS administrator: AHS.DCFFSDRMTSAdmin@vermont.gov.

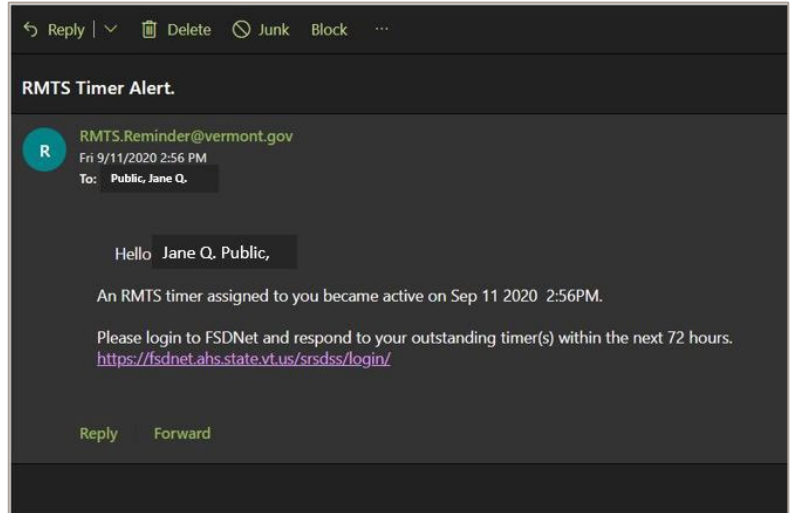

How to Complete an RMTS Timer

RANDOM MOMENT TIME STUDY

Things to Remember

- Timers expire after 72 hours. Once expired, unanswered timers can no longer be responded to and will be counted as “unanswered.” The state must maintain a high percentage of responses, so responding to the timers within 72 hours is essential.
- RMTS participants receive a *Timer Alert* email immediately after moments appear in their FSDNet task box.
- The RMTS Reminder System sends an email to FSWs and their supervisors after 48 and 64 hours of the timer generation for any “open” (not responded to) timers. The goal is to make sure these timers are responded to before they expire.
- Sub-sample process: in 10% of all timers issued in a quarter, there will be one additional question in which the FSWs will enter – in their own words – a description of what they were doing at that moment. Make this a brief description and exclude any case identifying information.
 - This narrative is compared to the activity selected for that moment to ensure they match.
 - If / when they do not match, the RMTS administrator may contact the FSW to provide any training that may be needed to avoid future errors.
- The “right” answer is the truth; no answer is more favorable than another.
- Travel, paperwork, reading or responding to emails, filing, phone calls, meetings, and any other effort associated with an activity is included in that activity (i.e., when the timer is generated, if you are driving to a home visit to discuss case planning, you would choose “Develop/update/transfer case plan” as the activity). Do not code these activities to General Administration unless they truly are.

Tips for Completing RMTS Timers

1. Remember: the RMTS timer corresponds to one minute. What you were doing before or after the one assigned minute is irrelevant.
2. When you receive an RMTS email notification, jot down what you were doing at the assigned time if unable to respond precisely at that moment.
3. Before submitting your moment, please review your answers to ensure they make sense and do not contain any contradictions, as many of the options are similar.
4. Look out for / avoid using any acronyms in your response.

RANDOM MOMENT TIME STUDY

5. A sufficient response will provide adequate detail on the topic / context / purpose / content of the activity being performed. An insufficient response will only provide a literal / physical description of the activity.
6. If you were engaged in communication at the time of your moment (either in person or via email or telephone), describe the topic of the conversation / communication (when case-specific).
7. Whenever engaged in a case-related activity, be sure to indicate the appropriate case type in your response and select the activity most closely aligned with what you were doing (e.g., the activity for driving a CF/CS client to a medical appointment would be *“Activities directed to assist families/individuals to access medical, behavioral, social and educational services, including referrals”*).

Root Question

Each RMTS timer/moment starts with the same root question: What are you working on?

From that question, the FSW selects case type being worked, or the category of non-case-related activities if appropriate. RMTS Case Types are as follows:

Prior to Safety Assessment Child Safety Intervention

- CA, CI, CJ case types
- Encompasses the **first 24 hours** of the investigation or assessment prior to the completion of the Safety Assessment Tool
- Once Safety Assessment is completed, choose activities from different, appropriate case type

Immediately Following Safety Assessment Child Living with Parents or Older Adolescents Living Independently Non-CF or CS Case

- Many of these activities are completed in the front end
- Includes the following open case types: CA, CI, CJ, DP, DY, UY, US, DS, CC, DC, UC (placed at home), out of home sexual abuse cases
- Excludes Family Support, Conditional Custody, and Out of Home Placement

Immediately Following Safety Assessment CF, CS, US, or DS Case

- Includes the following open case types: Family Support cases (CF); Conditional Custody cases, even when placed with a relative (CS); Post-disposition CHINS(C) or CHINS(D) cases (US); Active Delinquency petition, Pre-disposition AND conditional custody or protective supervision order (DS)

RANDOM MOMENT TIME STUDY

Out of Home Placement: In DCF Custody

- CC, UC, DC, and VC case types
- Does NOT include any CCO cases
- Requires both out of home placement and DCF custody

Case Not Open

- Captures situations where case is not open to FSD, but FSW participates in community meeting (i.e. LIT, CSP) to problem-solve to meet the needs of the family and/or prevent out of home care

Questions and Answers about the RMTS

Q. How will I know I have to record a random moment?

A. Participating FSWs receive 1) an email “alert” notifying them of timers / moments requiring action; 2) a series of emails specifying the selected moment; and 3) reminder notifications of overdue timers.

Q. I forgot my password; what do I do?

A. Click the “Forgot Password?” link on the RMTS log-in page.

Q. What if I am out sick, on vacation, or on leave at the time of my random moment?

A. Select Leave Time or Not Working. Indicate you were sick, on vacation, or on leave by choosing the appropriate pre-defined option (if applicable). If/when unable to respond, do not worry; the system factors in such occurrences. If, however, you know ahead of time that you will be absent or on an extended leave – more than six weeks – notify your supervisor prior to the cut-off dates shown at right. The supervisor will notify the RMTS Administrator; so, no timers will be sent to you during that quarter.

The cut-off for the subsequent quarters would be (prior to the 28th of each month before a new quarter)

FY 1stQtr (July-Sept)	Before June 28
FY 2ndQtr (Oct-Dec)	Before September 28
FY 3rdQtr (Jan-March)	Before December 28
FY 4thQtr (Apr-June)	Before March 28

RANDOM MOMENT TIME STUDY

Q. What if I am traveling at the time of my random moment?

A. Indicate if you were traveling to/from: work, a therapy session, or other meetings please provide the specific purpose of your travel. If case-related, e.g., driving a client to a medical appointment, indicate case type and the appropriate activity.

Q. What if I am assigned to a student and he/she is not in school at the time?

A. Answer the moment indicating what you are doing at the time (do not worry about what you are not doing).

Q. What if I am multi-tasking during a random moment?

A. Select the predominant activity and provide appropriate detail.

Q. What if I cannot remember what I was doing?

A. Record that you cannot remember the activity that you were completing.

Q. Does the 85% response rate exclude people on leave, people on vacation, people who are sick; basically, people who are not expected to check their emails?

A. Yes. Business Operations staff shut off timers for people on leave at least six weeks in a quarter; the SSMIS employee table (from which all current participating FSWs are chosen for timers) is updated quarterly to account for new and terminated staff as well as those on long-term leave.

Q. What activity/case categories do I select if/when on the High-End Staffing list and staffing a youth during a period shown on the RMTS timer?

A. If/when you receive an RMTS timer while staffing a youth (i.e., you get a timer for a period when you are staffing a high-end youth) choose: "Non-FSD Activity" | This may seem strange; however, this activity is related most closely to what would have fallen under Woodside, and, as such, should not claim funding that supports the rest of the FSD-specific activities.

Q. What happens if there is a fire drill, bomb threat, etc., where does that fall?

A. There is a contingency plan to address the system functions; however, if you're in the office and an emergency occurs at a time shown on an RMTS timer, select General Administration and General Training (it would be a "break" from your duties/tasks).

Q. Would attending an RMTS training be considered general training for the RMTS activity?

A. Yes.

RANDOM MOMENT TIME STUDY

Q. Due to the COVID Coding, what would an employee indicate if providing childcare at the time the moment is requested but is working from home?

A. If caring for your child, select Not Working; if doing FSD work, select the correct case type and code.

Q. What are the cut-off dates to discontinue RMTS timers for employees on extended leave, transferring to new jobs, etc.?

A. Timers are distributed quarterly on the 28th (or closest business day) of the month preceding the start of the new quarter.

The cut-off for the subsequent quarters would be (prior to the 28th of each month before a new quarter)

FY 1stQtr (July-Sept)	Before June 28
FY 2 nd Qtr (Oct-Dec)	Before September 28
FY 3 rd Qtr (Jan-March)	Before December 28
FY 4 th Qtr (Apr-June)	Before March 28

Activity List

Use the table on the following pages as a guide to determine the correct activity; it lists all RMTS activities in the order shown in the timer and includes activity examples. The *Training* section lists training titles under each category type. At the end of the activity list is a guide to the case codes. Questions? Please contact the RMTS administrator at any time for guidance: AHS.DCFFSDRMTSAdmin@vermont.gov .

Remember: travel, paperwork, phone calls, emails, etc. associated with the activity are included in the activity.

Leave Time	n/a	Any approved leave time	L	Reallocated
Not Working	n/a	Time spent on lunch break or before or after normal work hours, if not working	Z	n/a
Non-FSD Activity	n/a	Time spent performing activities that are not described above and outside the purview of the work of FSD	F	Direct to General Fund

Code Funding

FSD Random Moment Time Study Procedures Manual

Note: This information is not forwarded to Time Study Participants

Introduction

The purpose of this random moment time study (RMTS) is to measure the level of effort spent on the activities performed by Family Services Workers (FSW) in the State of Vermont. These staff, who are all employed by the state, perform child abuse and neglect investigations and assessments, assess and support children and high-risk families, assess and supervise youth who are unmanageable or involved with the juvenile justice system, and manage cases involving children in the custody of the state and/or out of home placement. Organizationally, FSW staff work in the Family Service Divisions (FSD) of the Department for Children and Families (DCF).

This manual provides step-by-step explanation of the operation of the Vermont DCF FSD RMTS. It has been created to assist DCF in managing and administering the RMTS. It serves as a procedural guide and instructional tool for sustaining the RMTS for its ongoing support of the cost allocation plan (CAP) process.

Please note that DCF FSD is a state-administered system. The use of the phrase “district office” indicates where the participant is physically located. The reference is still a person employed by the state.

Operation

FSD operates a Random Moment Timer System within the FSDNet platform. FSDNet is the web-based platform in which Family Services Workers complete case documentation such as case notes. FSDNet communicates with the SSMIS system, which is the case management system that contains all case related information. When a participant has a moment assigned to them, that moment will be displayed in their FSDNet Worklist.

Training on the RMTS system is the responsibility of the FSD Revenue Enhancement Director in collaboration with the Policy and Operations Managers who supervise the work of the District Offices. These trainings are conducted annually. In addition, pre-recorded introductory training is available on-line that can be accessed at any time including when a new FSW is hired. Completion of the RMTS training is part of the New Employee Checklist that is reviewed for completion by FSD management prior to an FSW being added to the RMTS participant list. If staff have questions about the RMTS system, they will know to contact the RMTS administrators for assistance. The RMTS administrators and back up administrators are all part of an email alias to ensure that assistance is available whenever needed. The RMTS administer alias contact information is included in all training, other communication about the RMTS system, and in the timer system itself.

Annual Refresher Trainings	X		

Sampling Population

The sample population includes all district-assigned Family Services Workers who have completed their six-month pre-caseload training period. FSWs who have not completed the six-month pre-caseload training period are excluded from the RMTS; only FSWs who are assigned a full caseload will participate in the RMTS. Family Services Workers who are assigned to Central Office in the Residential Licensing and Special Investigations Unit (RLSI) and Centralized Intake and Emergency Services Unit are excluded from the sample. RLSI and CIES are excluded because the staff in those units are required to positively report their efforts in their time reporting.

Supervisors are not included in the RMTS.

The sample is drawn quarterly (on the 28th of the last month of the requisite quarter) from employee's data in the SSMIS system. The staff who are a part of the sample are drawn from the SSMIS employee table, which contains all current participating Family Services Workers. This table is kept current throughout the quarter by the FSD RMTS administrator who updates the table to account for new staff, terminated staff and staff on long-term leave (note that these changes have no effect on the current quarter's sample). The sample will be drawn two days preceding the quarter. Prior to that date, the FSD RMTS administrator will review and update the employee table in SSMIS three business days preceding the quarter to ensure staff who are no longer employed or are on long-term leave are not assigned moments. Additionally, the administrator will ensure that all eligible staff who have completed their pre-caseload training period prior to the quarter are included in the sample. If a Family Services Worker leaves employment or goes on long-term leave (defined as at least six weeks in a single quarter) during the quarter, the administrator will be notified by the district staff and a note made to exclude the staff person from the subsequent sample. The sample for the current quarter will not be altered; the moments assigned to a worker who is no longer employed or is out on long term leave will be counted as non-responses for the remainder of the quarter.

FSD Random Moment Time Study Procedures Manual

Sampling Unit

The RMTS asks participants what they are doing at a specific moment in time. The RMTS sampling unit is defined as a single minute, or 60-second length of time, randomly selected within the workday of each participant. All FSWs have the same work schedule; staff who work in the FSW role are not eligible to work an alternate schedule. The moments for the participants occur between the scheduled FSW work hours: 7:45am-4:30pm Monday-Friday, excluding State and Federal holidays. The moments are drawn from the standard hours for each working day in a quarter. Moments appear in participants' FSDNet Worklists within a few minutes after their assigned random moment time. There is no pre-notification of when participants will have moments assigned to them; however, shortly after moments appear in their FSDNet task lists, each receives an RMTS email alert.

Responses and Response Time

Participants have 72 hours to respond to all moments. When participants do not respond to their moments within the first 48 and 64 hours, reminder e-mails are sent to both participants and their supervisors requesting that they answer their moments. The moment expires and will not allow the FSW to complete after 72 hours. Reminder emails do not include the participant's login credentials; no one other than the participant is able to respond to their moments. Monthly, FSD RMTS Administrator generates a report through the Report Server with details on all participants including whether they responded or not to assigned moments, what activity they choose, and at what time they responded. This report allows the RMTS administrator to contact the participants and/or supervisors of those participants who have not responded to moments to offer additional support and training on any area of the RMTS where participants may be unsure. The Administrator will also highlight the importance of completing the RMTS.

Sampling Period

The sampling period is a calendar quarter.

Confidence and Precision Level

This level is kept at 95% confidence level with +/- 2% precision for all activities. This level is consistent with federal regulations for statistical validity. Cost Allocation Services (CAS, formerly the Division of Cost Allocation or DCA) determines that statistically validity is met when the minimum number of moments received (responded to) as determined in the formula below.

Sample Size

DCF generates 2,761 moments per quarter for the RMTS to ensure 2,401 moments are received per quarter. This number ensures that 2,000 valid observations are obtained as required by CAS and

FSD Random Moment Time Study Procedures Manual

complies with the federally required formula below. CMS has taken to requesting 2,401 with a 15% oversample and this number of moments will satisfy all federal agencies.

The formula used to determine the baseline number of moments is as follows:

$$N = \frac{P(1-P)}{\left(\frac{SE}{T}\right)^2}$$

Where

N	=	Sample Size
P	=	Anticipated Rate of Occurrence of the Activities Being Observed
SE	=	Desired Sample Precision
T	=	Confidence Level Factor (1.96 for 95%)

Sample Calculation

Solving for N (with a maximum rate of occurrence of **50%**):

$$N = \frac{.50(1-.50)}{\left(\frac{.02}{1.96}\right)^2} = 2401 (+15\% \text{ oversample})$$

Standard Observation Form and Definitions

A standard observation form has been developed, also known as a “timer” that includes one question: “What are you working on?” The list of activities is organized by the type of case on which the participant is working. There are four types of open cases that a participant may choose, and one option of “Case Not Open.” Within those case types there are up to 12 activities that can be chosen by a participant. Many of the activities are repeated in multiple case types because the same work may be performed in different case types. The case type is important because it often determines the appropriate funding source for the activity. The RMTS encompasses the universe of activities that the population being surveyed performs.

- The sample is generated (e.g., moments are assigned to participants) just prior to the beginning of the quarter.
- Moments appear in FSDNet in the Task List of the participant, indicating that they have been selected to report their activity for the moment shown (e.g., 10:12 a.m. on 11/8/2018).
- The participant clicks on the moment shown, which opens the timer.
- The participant selects the appropriate activity from the list.
- In 10% of timers, participants will also be required to enter in a text box a narrative explanation of what they are doing at that moment.
- There is no advance notification of moments; however, shortly after moments appear in participants’ FSDNet task lists, each receives an RMTS email alert.

FSD Random Moment Time Study Procedures Manual

Participants receive an RMTS email alert shortly after a moment appears in their task lists; they also receive 48 and 64-hour reminder e-mails (if the participant has not yet responded) and have 72 hours to complete each moment for it to be considered valid. Participants are not able to respond to moments once they have expired. Expired/non-response moments are not included in the RMTS activity percentage calculations.

A participant is asked one root question in the time study, “What are you working on?” Under that question is a list of case types to choose from, one with sub-types included. Those case types are:

- Child Safety Intervention, prior to safety assessment
- Immediately Following Safety Assessment: Child Living with Parents (non-CF/CS cases)
- Immediately Following Safety Assessment: CF or CS Case
- Out of Home Placement
- Case Not Open

There are also four options that are not related to case specific activities. Those are:

- Training
- General Administration and General Training
- Leave Time
- Not Working

Once the participant chooses the case type or the non-case-specific activity, a drop-down list appears with the specific activities that are possible. The activities are listed in the approximate order that they would be conducted through the normal life of a case, and not related to the funding source of the activity. The full list of activities can be found in Appendix A, which is the FSD RMTS Funding Matrix. The participants will be provided with a desk guide that provides further information about each activity to use as a reference when completing a timer (Appendix B). The participants are not provided coding or other information related how each activity is funded.

Date Stamp

The moment date/time is displayed to the participant in their Worklist in FSDNet. Each response is date and time stamped when the participant responds to the moment.

Technical Assistance/Help

Participants can contact the RMTS administrators with any questions or requests for help through the Administrator email alias. If the issue is a system or IT related problem, the RMTS administrator submits a LANdesk ticket to initiate a resolution by IT. For other questions, the administrator will provide the answer or direct the question to the staff person most able to assist the participant. The email alias information for the administrators will be provided to participants in training, within the timer itself, and in all communication about the RMTS.

FSD Random Moment Time Study Procedures Manual

Training

New employees participate in training prior to completing their first timer. Training sessions occur for all participants on an annual basis. Periodic communications about the RMTS are also sent to participants.

Analysis of Results

On a monthly basis, the results of the RMTS are compared to previous months to determine if there are any significant variances in the responses. If a significant variance is discovered, a review is conducted determine the reason for the variance. If the reason for the variance is due to bias or improper technique, it will be determined whether to make a change to the RMTS form. Additional training may also be conducted. The state will also, as necessary, send communication and memorandum to participants to clarify any common issues.

On a monthly basis, reports are forwarded to the RMTS participants' supervisors for follow up with non-responsive participants. District Directors and Policy and Operations Managers are involved as necessary. The system generates 48- and 64-hour follow-up e-mails. Additional follow-ups will be employed as necessary.

Evaluation and Modification of the System

The RMTS system, activity list, and distribution procedures are continuously evaluated to identify necessary modifications to improve efficiency and effectiveness. Any modifications deemed necessary are promptly made.

Subsample Process

For the entire FSD time study, 10% of all moments are randomly selected as part of the subsample process. Participants who are selected for the subsample are required to answer one additional question when responding to their moments, requiring them to write in their own words the activity they were performing at the identified moment. The RMTS administrator generates a report detailing those moments that have been selected as part of the subsample on the third business day of every month (for moments that occurred in the previous month). RMTS administrator then reviews the reports, comparing the activity selection to the participants own description of their activity to ensure that they match appropriately. If the activity selection does not match, the RMTS administrator contacts the participant. If validation is not confirmed on any moments within the 10% subsample for whatever reason, these moments are reallocated direct to state general fund in the RMTS statistic report. The RMTS statistic updated accordingly. This information is also provided to the DCF Business Office to ensure that these responses are not included in the quarterly Cost Allocation Plan statistic.

FSD Random Moment Time Study Procedures Manual

Documentation

All aspects of the RMTS process are documented. This documentation includes but is not limited to the following:

- Assigned moments;
- Data related to tabulations;
- Analysis of sample results; and
- Final computation of results that are used in the cost allocation plan.

Procedural documentation is also kept on the procedures used.

Quality Assurance

Quality assurance is performed on the RMTS on an ongoing basis. The subsample process ensures participants are selecting the activity that matches the descriptions of what they were actually doing. When there is a mismatch between the chosen activity and the written description, the RMTS administrator follows up with the individual participant to clarify and also collects information about common errors to use in developing additional training for all participants, as needed.

If new activities are added or removed from the time study, the RMTS is reviewed and updated accordingly to ensure edits have been made correctly. Edits to the system are effective the first day of the quarter, in line with an accompanying CAP amendment. All amendments related to the RMTS process are prospective.

The following items, at a minimum, are reviewed throughout the quarter and prior to sample generation for the subsequent quarter:

- Identification of upcoming Vermont state or observed federal holidays (excluded from the sample).
- Data related to participant information, including full name, employment and leave status.
- Participant roster updates to reactivate an employee who may have been on extended leave or to deactivate someone who will be on extended leave or no longer working in the FSW role at FSD.
- Workers who select the wrong activity (based on their own description of their work) are e-mailed directly to explain what the appropriate selection was so that the mistake does not continue to occur (either from reviewing the subsample moments or general observations regarding common mistakes made by participants).

Any employee on extended leave (exceeding six weeks during a single quarter) will be deactivated from the system until further notice. All other instances of leave will be determined on a case-by-case basis by RMTS administrators.

FSD Random Moment Time Study Procedures Manual

Quarterly Calculation of Results

DCF calculates the quarterly results based on the total number of moments received, minus the number of Not Working, and no-response moments. Therefore, if 3,000 moments are generated and 500 of those moments received are a combination of unpaid time off or Not Working the denominator for the calculation is 2,500. All responses in the system, inclusive of Not Working, count as “responses” in determining the overall response rate.

Contingency Plan

In the event of a technical failure or emergency situation, when staff are not able to receive or respond to moments for longer than five days, DCF will take the following steps to ensure that a valid sample can still be obtained and that the time study’s statistical validity is not compromised:

1. Upon resumption of the RMTS, DCF will determine how many moments were affected. DCF will then generate a concurrent sample, starting on the day the RMTS is resumed or shortly thereafter, containing the same number of moments that were affected by the outage through the end of the sample period. For example, if 200 moments were affected due to a technical failure, DCF will generate a second sample of 200 moments, to run concurrently with the original sample through the end of the sample period.
2. If the situation occurs closer to the end of the quarter and a concurrent sample is not possible or if the issue will be prolonged, the prior quarter RMTS results will be used for the affected quarter.

Any situation where either option is considered will be communicated with CAS and the appropriate cognizant agencies and documented in the RMTS backup and the backup for all claims prepared using this data.

In the event of Contingency Plan activation, the DCF Business Office CAP group will to be notified so that they can update the narrative documents accordingly and so that the communication to CAS can occur.

Helpful Hints

RMTS AND DCF/FSD FUNDING

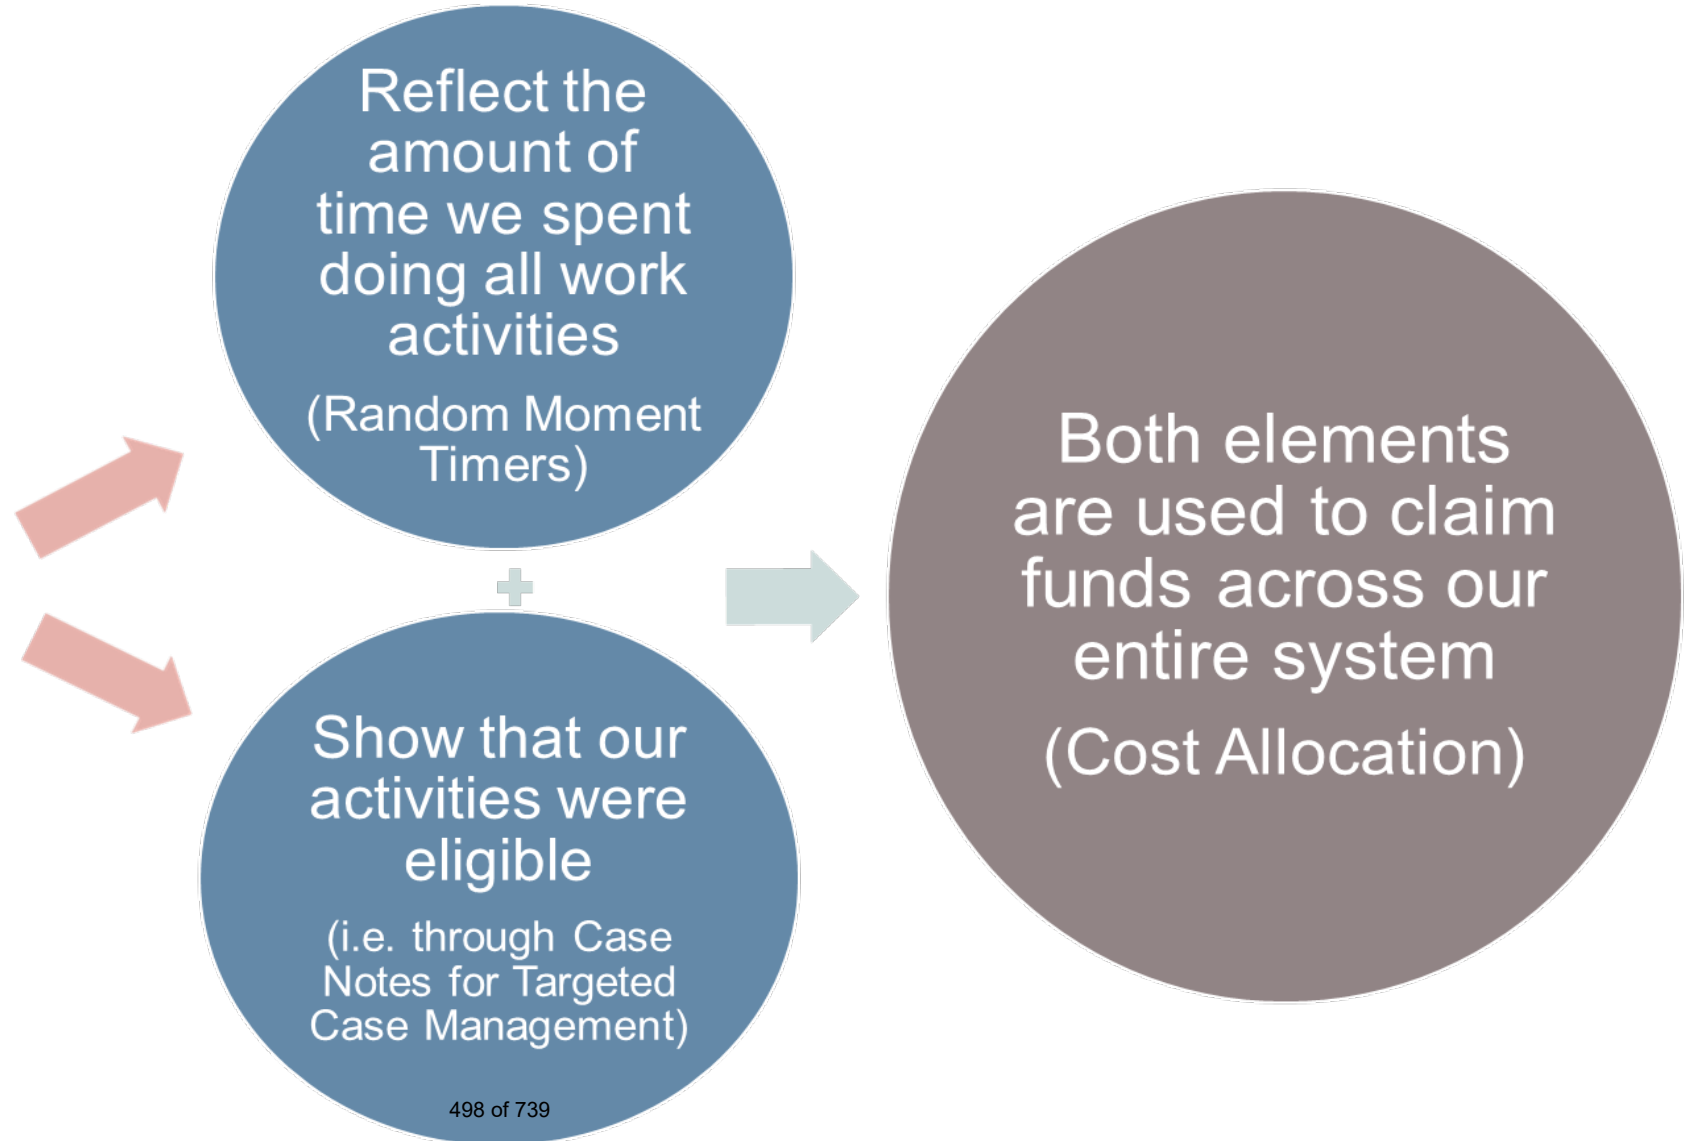

Funding Basics

FUNDING BASICS - THE WHY AND HOW OF RMTS

Family Services does work that is eligible to be paid for by the Federal government.

In order to claim Federal funds, FSD must prove that we earned those funds.

RANDOM MOMENT TIME STUDY – A DEFINITION

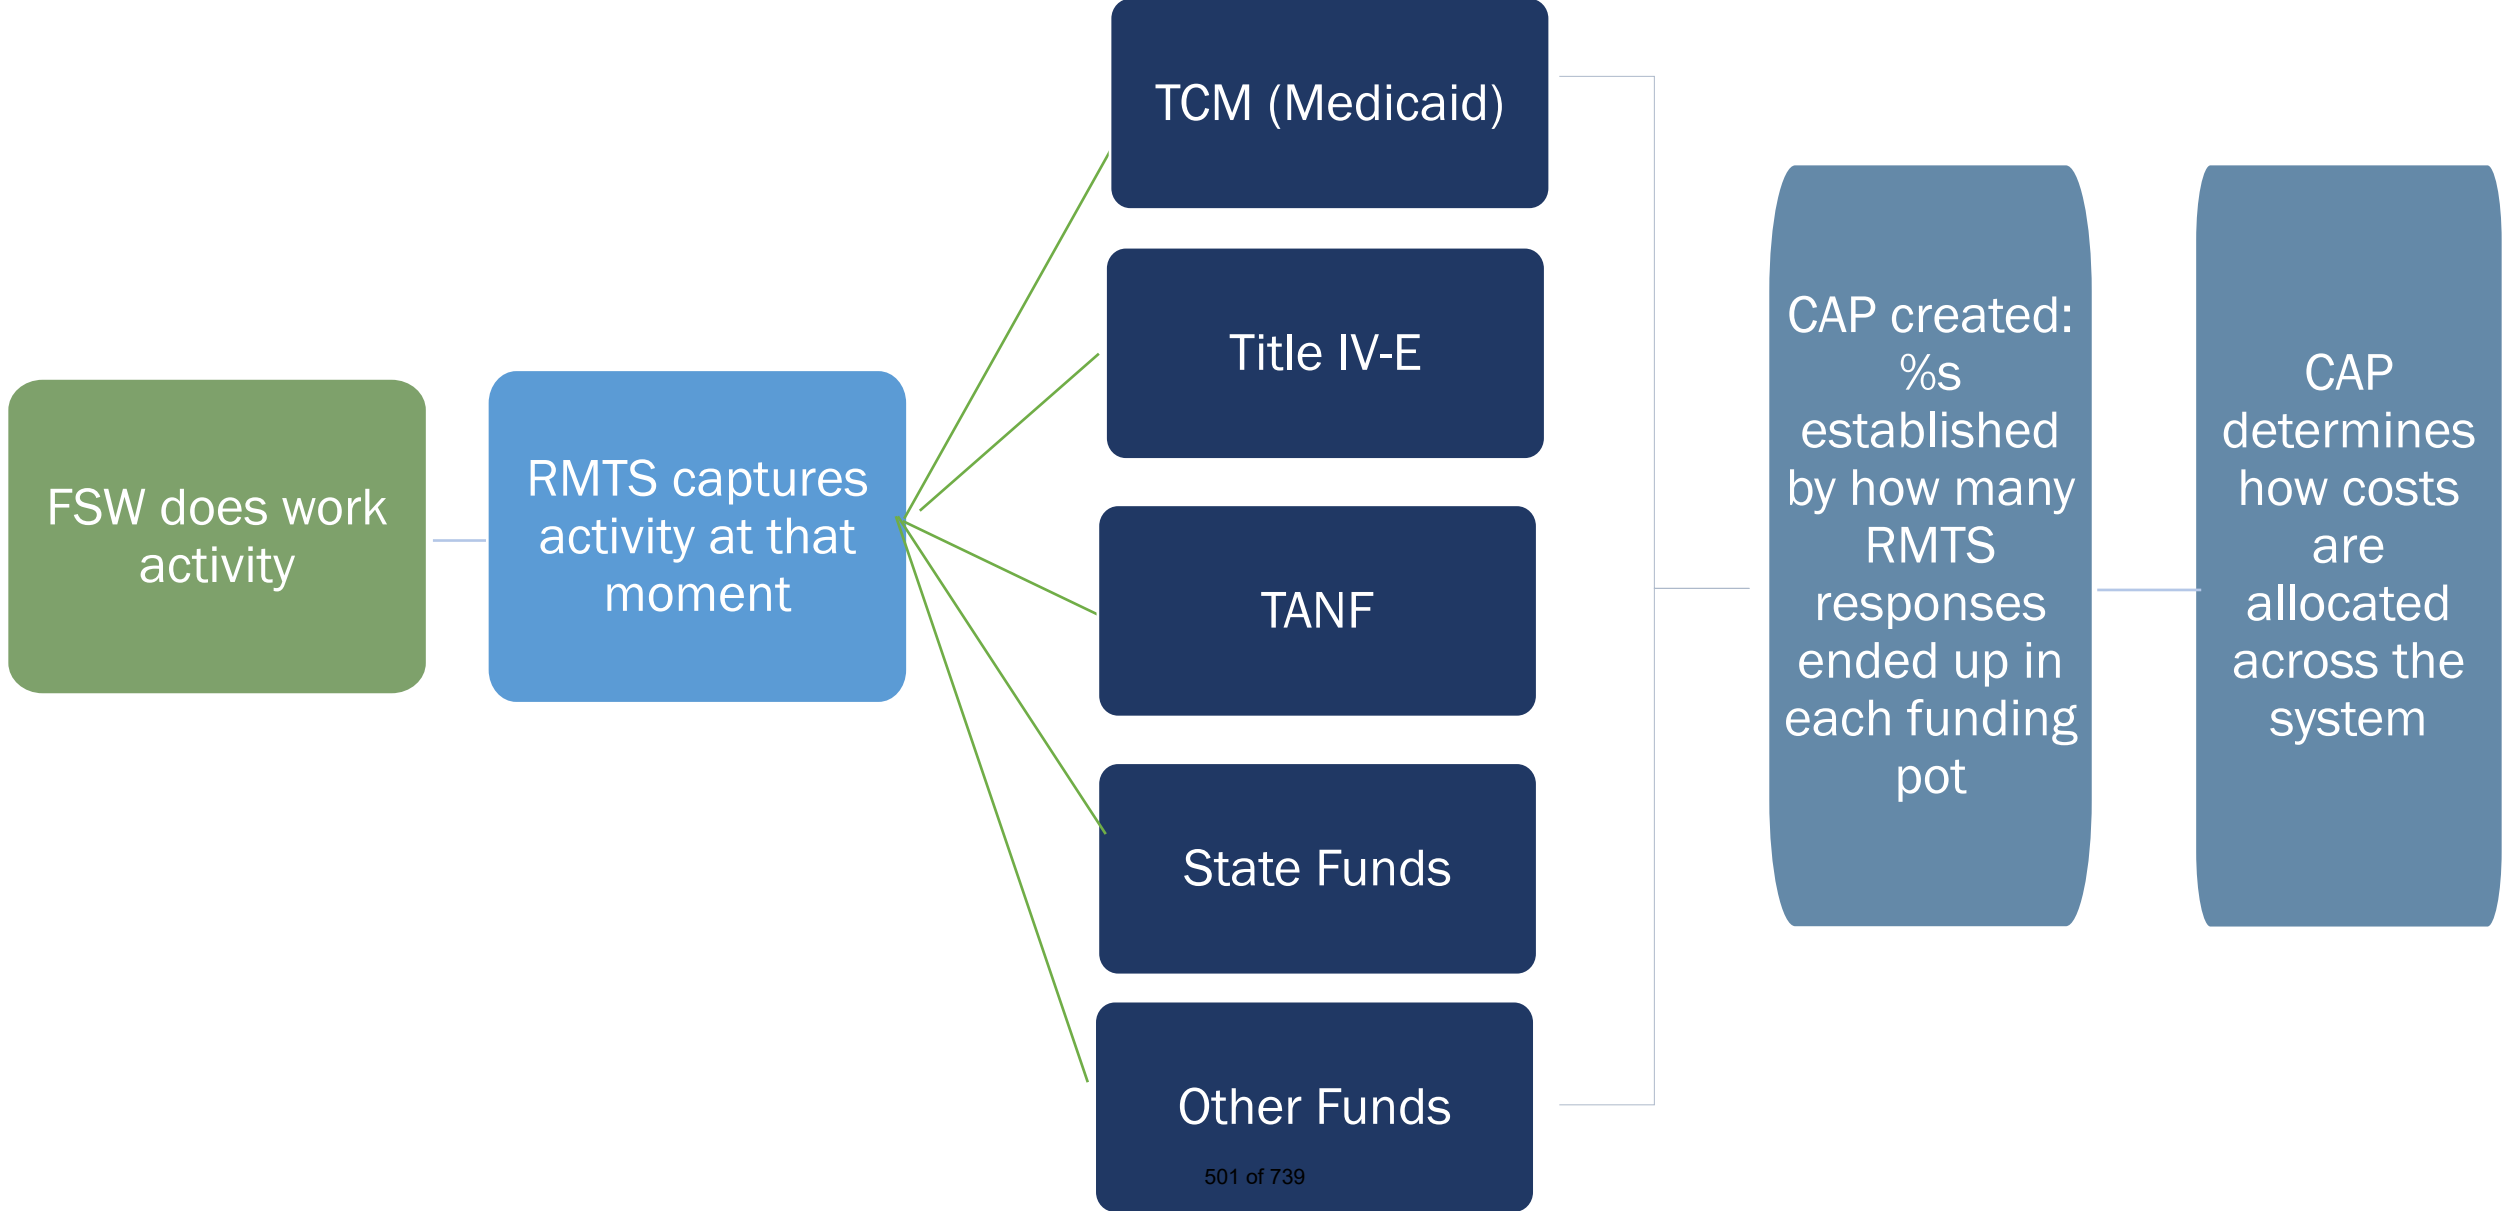

- The Random Moment Time Study is a federally approved method used to accurately determine proportions of FSW time spent providing certain services to specific groups of FSD clients.
- The Vermont FSD RMTS was developed according to federal requirements, is regularly reviewed, and has been approved by the federal government.

RANDOM MOMENT TIME STUDY

- The RMTS is used to determine the amount of specific funding FSD can claim
- FSWs record what they are doing during a random moment (a 60-second period) during the workday
- The results of all the moments tell us the percentage of time FSWs spend on each part of their work
- Each activity is tied to one or more funding sources
- Aggregated results establish a percentage of funds charged toward a funding source (*cost allocation*)

HOW THE RMTS WORKS

RMTS IMPACT

Tracking how much time is spent on each activity is federally required

The RMTS is a federally approved method for tracking our efforts

A valid sample of moments on which to base our CAP requires:

- At least 2300 responses to moments each quarter- our system will generate 2761 total moments
- Response rate that remains above 85%

Failing to meet those requirements may result in rejection of the entire CAP by the Federal government, meaning FSD would receive **no** federal dollars

This is a BAD OUTCOME

RMTS MYTHS DEBUNKED

- The time study is not a tool to monitor workers
- It is not a job performance evaluation tool
- The RMTS cannot be used to determine what a single worker is doing throughout the day
- The “right” answer is the *truth*; no answer is more favorable than another

TIMERS

Timers Capture the Moment

TIMERS EXPIRE — BUT THERE ARE REMINDERS

RMTS participants will receive an email after the moment appears in their task list. There is no advanced notice of timers.

Participants also receive 48- and 64-hour reminder e-mails (if they hasn't yet completed the moment response)

All RMTS participants have 72 hours to complete each moment for it to be considered valid for the study results . Once expired they are gone forever.

Expired/non-response moments are not included in the RMTS activity percentage calculations – and can lower the response rate for your district and the state

Supervisors also receive reminder e-mails (sent at 48 and 64 hours) for any unanswered timers by FSWs they supervise

HOW TO COMPLETE A TIMER (CONT'D)

CASE TYPES AND ACTIVITIES

Review of the Cases and Activity Types

Prior to Safety
Assessment
Child Safety
Intervention
Includes CA, CI, CJ

ACTIVITY

Commence a case

Conduct Investigation and assessment activities

Completing Safety Assessment Tool

Safety Planning Activities

Coordinate and consult with substance abuse case manager, DV specialist, law enforcement

Immediately Following Safety Assessment Child Living with Parents or Older Adolescents Living Independently Non-CF or CS Case

Includes CA, CI, CJ, DP, DY, UY, US, DS, CC, DC,
UC
(not in placement)

ACTIVITY

Conduct investigation and assessment activities

Gathering information to inform comprehensive assessment (including review of prior history)

Activities directed to assist families/individuals to access medical, behavioral, social and educational services, including referrals.

Conducting risk assessment and safety planning activities

Develop/update/transfer case plan

Plan, facilitate, and/or participate meetings to assess and assist families to access medical, behavioral, social, and educational services (incl. family meetings, Coordinated Service Planning (CSP), Local Interagency Team (LIT), Family Safety Planning (FSP), or Family Group Conferencing (FGC))

Routine contacts, monitoring, and communication regarding goals, and status of the child with parents, children, caregivers, or other providers

Preparing for and participating in court proceedings

Activities meant to combat sex trafficking on behalf of a child/youth in custody, including conducting sex trafficking screens, determining appropriate services and making referrals, completing reports required for law enforcement or ACF

Other activities that do not meet the definition above.

Immediately Following Safety Assessment

CF, CS, US, or DS Cases

ACTIVITY

Conduct investigation and assessment activities

Gathering information to inform comprehensive assessment (including review of prior history)

Activities directed to assist families/individuals to access medical, behavioral, social and educational services, including referrals

Conducting risk assessment and safety planning activities

Develop/update/transfer case plan

Services to prevent out of home placement

Plan, facilitate, and/or participate in meetings to assess and assist families to access medical, behavioral, social, and educational services (incl. family meetings, Coordinated Service Planning (CSP), Local Interagency Team (LIT), Family Safety Planning (FSP), or Family Group Conferencing (FGC))

Plan, facilitate, and or participate in meeting to prevent out of home placement (incl. family meetings, Coordinated Service Planning (CSP), Local Interagency Team (LIT), Family Safety Planning (FSP), or Family Group Conferencing (FGC))

Routine contacts, monitoring, and communication regarding goals, and status of the child with parents, children, caregivers, or other providers

Preparing for and participating in court proceedings

Preparing the child for placement

Activities meant to combat sex trafficking on behalf of a child/youth in custody, including conducting sex trafficking screens, determining appropriate services and making referrals, completing reports required for law enforcement or ACF

ICPC Home study, referrals. ICJ activities

Other activities that do not meet the definition above

Out of Home Placement - in DCF Custody

Includes CC, UC, DC, VC

ACTIVITY

Gathering information to inform comprehensive assessment (including review of prior history)

Activities directed to assist families/individuals to access medical, behavioral, social and educational services, including referrals

Conducting risk assessment and safety planning activities

Develop/update/transfer case plan

Plan, facilitate, and/or participate meetings to assess and assist families to access medical, behavioral, social, and educational services (incl. family meetings, Coordinated Service Planning (CSP), Local Interagency Team (LIT), Family Safety Planning (FSP), or Family Group Conferencing (FGC))

Routine contacts, monitoring, and communication regarding case plan, goals, and status of the child, with parents, children, caregivers, or other providers

Plan, facilitate, and or participate in meeting for planning purposes (incl. family meetings, Coordinated Service Planning (CSP), Local Interagency Team (LIT), Family Safety Planning (FSP), or Family Group Conferencing (FGC))

Identifying, preparing child for, and monitoring and supporting placements

Planning for permanency, including participation in permanency meetings and face to face visits with child, family members and caregivers

Activities meant to combat sex trafficking on behalf of a child/youth in custody, including conducting sex trafficking screens, determining appropriate services and making referrals, completing reports required for law enforcement or ACF

ICPC /ICJ activities, including ICPC home study, completion of ICPC packet, ICJ activities

Other activities that do not meet the definition above

Case
Not
Open

ACTIVITY

Plan, facilitate, and participate meetings to assess and assist families to access medical, behavioral, social, and educational services (incl. family meetings, Coordinated Service Planning (CSP), Local Interagency Team (LIT), or Family Safety Planning (FSP))

Courtesy home visit of a child placed in Vermont by another state

Training

ACTIVITY

Type A: Participating in, preparing for, or delivering training related to: working with children, youth, and families served by FSD, including impact of trauma, child abuse, social work practice (incl coaching), permanency planning, referral to services (but not how to provide services), trainings for caregivers, descriptions of sexual assault/abuse

Type B: Participating in, preparing for, or delivering training related to: case documentation, case reviewer training, the Division conference

Type C: Participating in, preparing for, or delivering training related to: physical abuse, serious physical injury

Type D: Participating in, preparing for, or delivering training related to: Forensic Interviewing; Advanced Forensic Interviewing, Assessment and Investigation Policy and Practice

Type E: Participating in, preparing for, or delivering training related to: Working with adolescents, including using Youth Assessment Screening Instrument (YASI), juvenile justice, Youth Justice Summit

Type F: Participating in, preparing for, or delivering training related to: Gang Violence; Harm Reduction; 8-Day Hearings

Type G: Participating in, preparing for, or delivering training related to: Staff Safety

Type H: Participating in, preparing for, or delivering training related to: Adoption Competence; Fostering to Forever

Type I: Participating in, preparing for, or delivering training related to: Training topics not listed above

Non-Case-Related Items

CATEGORY	ACTIVITY
General Administration and General Training	General administration and general training activities: receiving supervision; staff or team meeting; short break; completing time sheet or expense module; completing FS-110 and any follow-up; participating as a case reviewer, general training such as HIPAA, CPR, IT Security; any other general administration that is not included above
Leave Time	Any approved leave time
Not Working	Time spent on lunch break or before or after normal work hours, if not working
Non-FSD Activity	Time spent performing activities not described above and outside the purview of the work of FSD

QUALITY ASSURANCE

Completed on an On-Going Basis

QUALITY ASSURANCE PROCESS

Quality assurance is performed on the RMTS on an ongoing basis

1

Reminder emails to respond to generated moments

2

Report: how much of each activities chosen

3

Report: answered and unanswered timers by FSW

4

Report: how much of each activity chosen by FSW

5

Sub-sample report; confirms accuracy of chosen activities

SUBSAMPLE – A DEFINITION

Subsampling is a federally mandated quality assurance component of the Random Moment Time Study and is used to confirm the validity of the RMTS results.

SUBSAMPLE PROCESS

- 10% of all timers are randomly selected to be part of the subsample process.
- Timers that are part of the subsample contain one additional question where the FSW is required to write in their own words the activity they were performing at the identified moment.
- FSWs must also select an activity in the timer.
- The activities chosen and the narratives are compared to ensure they match and thus confirm the *validity* of the study results.

HELPFUL HINTS

ACTIVITY HELPFUL HINTS

Travel, paperwork, emailing, phone calls, etc. associated with the activity are included in the activity

Receiving supervision, staff meetings, completing time or expense sheets, taking a short break, completing an FS-110- all fall under General Administration

Ask for help from your supervisor or the RMTS Administrator if you aren't sure which activity to choose

Any activity that involves case information or training belongs in one of the other categories- not General Administration, i.e. discussion internally or with collateral contacts, interacting with children and families, court preparation, etc.

ISSUES TO AVOID

- **FSW selects same responses all the time**
 - FSW indicates the same Case Type, Case Code and Activity for each moment received
 - FSW always selects same Case Type, Case Code and *Other activities that do not mee the definition above* as the Activity
- Skews the data for the entire district – and state
- Eliminates better- and best-available federal funding stream opportunities
- **FSW never or seldom responds**
 - FSW ignores timer notices all together
 - FSW opens timer yet fails to complete the steps
- Denies FSWs fair representation of work performed
- Jeopardizes validity of report – and funding

WRAP UP

TRAINING REVIEW & MORE

- Important Take-Aways

- Keep up the good work! Completing timers really matters!
- Make sure to choose case-related activities when possible
- Choose your case types and activities wisely- nobody completes activities in only one RMTS case type or does only one activity.

- Good News

- We have had a response rate above the Federal standard so far through all of FY21; and district consistency has continually improved
- **REU SharePoint site now available!!!**

[Revenue Enhancement Unit - Home \(sharepoint.com\)](https://sharepoint.com)

Overview

The School-Based Medicaid program allows School-Based Medicaid Providers to seek federal reimbursement through the Medicaid/Dr. Dynasaur program. The School-Based Medicaid program consists of two components – Direct Services Claiming (DSC) and Medicaid Administrative Claiming (MAC). Through MAC, School-Based Medicaid Providers may be reimbursed for participating in activities that support the administration of the State’s Medicaid program.

The Random Moment Time Study (RMTS) process identifies the portion of time that staff and contracted employees of each Supervisory Union (SU) spend performing reimbursable tasks under the School-Based Medicaid program. The results of the time study are used in the Medicaid Administrative Claim (MAC) for each SU. This RMTS Implementation Guide describes the steps SU’s must take as part of the RMTS process.

The Vermont Department of Health (VDH) has overall responsibility for the administration of the RMTS, but has contracted with the University of Massachusetts Medical School (UMASS) for the day-to-day administration of the RMTS. Each SU also must designate a local Project Coordinator who is responsible for coordinating the RMTS process for that SU.

VDH Central Office Staff

The oversight body for the MAC program is located at the VDH central office, and is administered by the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) services program within the Division of Maternal and Child Health. The EPSDT Program Chief and designated staff are responsible for managing their MAC contract (VDH has worked with UMASS on MAC and the related time studies since 2005) with their vendor (UMASS), working with the vendor on program oversight and development, review and approval of related manuals and training materials, processing MAC reimbursement to SUs, and developing and processing MAC agreements with SUs. VDH central office staff will work with supporting VDH personnel to assure proper administration and oversight of the MAC program at the local level (VDH School Liaisons). The EPSDT Program will work closely with UMASS and Center for Medicaid/Medicare Services (CMS) School-Based Claiming personnel to adhere to CMS guidelines for proper administration of the MAC program in the state of Vermont.

VDH School Liaisons

The VDH School Liaisons are located at each of the 12 VDH Office of Local Health district offices located throughout the state. Each district office is responsible for working with specific SUs. The Liaisons establish relationships and build rapport with the schools located in these SUs through their day to day interactions related to various public health programs and initiatives, coordinated school health work, other EPSDT-related work, as well as the MAC program specifically. Their programmatic role is supported by the guidance from the EPSDT program, located in the VDH central office in the Division of Maternal and Child Health. Central office personnel assure that the Liaisons have the knowledge and training necessary for proper implementation of the MAC program at the

local level. The Liaisons then become the programmatic support persons for each of the SUs.

VDH School Liaisons will work closely with the project coordinators and SU staff responsible for all necessary rosters, calendars, and salary and fringe benefit information. The Liaisons provide assurance that the project coordinators and business office staff have appropriate knowledge of the program, supporting manuals and training materials, the required documentation and reports, as well as the timeline for when all items must be addressed or completed and submitted to the MAC vendor or VDH. The Liaisons are the primary contacts and the conduits for communications to and from the SUs, including information from VDH central office personnel. The Liaisons will be the SU's contact person for questions, but if the SUs have questions beyond the Liaison's knowledge base, the Liaison will contact central office for the information, and relay the answers and any supporting materials back to the SU. A constant and open line of communication between central office and the School Liaisons is essential for coordination and proper implementation of the MAC program.

SU Project Coordinators

Each SU will identify a Project Coordinator who is familiar with preventive health services and the school's Coordinated School Health Program. The Project Coordinator will oversee the operation of the MAC agreement (between VDH and the SU) at the SU, and work in a collaborative manner with their VDH district office to achieve EPSDT objectives. The Project Coordinator will work closely with the VDH School Liaisons, as well as all appropriate SU business office personnel, to assure that all appropriate staff are trained and participating in the MAC processes, that all required information and paperwork is submitted to either the MAC vendor or VDH as appropriate, and to assure that the SU is taking the necessary steps to achieve at least 85% compliance with the RMTS, as discussed below.

Section I. Collection of Time Study Moments

The Vermont School-Based Medicaid program will use a Random Moment Time Study (RMTS) to collect the statewide time study data required for the MAC claims. To administer the RMTS, VDH will first identify individuals from all participating SUs who are eligible to participate in the time study. The State will then randomly select individuals to complete the time study. The number of individuals selected will be based on the number of moments needed to ensure a statistically valid statewide time study sample. The VDH will ensure an appropriate response rate both by encouraging individuals to complete a time study on their requested moment and by oversampling.

A. Identify individuals to be included in cost pool

Step 1: VDH will identify individuals to be included in the statewide cost pool using information supplied by the SUs. SUs will identify the personnel who are eligible to participate in the time study, based on the actual job function that they perform, not on their job title. Individuals who are expected to perform Medicaid-related administrative activities should participate in the time study. Staff is excluded from the cost pool if they are reimbursed 100% by Federal funds.

The following list contains individuals who participate in the RMTS.

- Speech/Language Therapist, Assistant or Aide
- Occupational Therapist, Assistant or Aide
- Physical Therapist Assistant or Aide
- School Psychologist
- Psychologist
- Registered Nurse
- Licensed Practical Nurse
- Nurse's Aide
- Audiologist/Hearing Impaired Specialist
- Psychiatrist/Physician
- Case Manager
- School Adjustment Counselor
- School Social Worker
- Guidance Counselor
- Certified Alcohol Counselor
- Student Assistance Professional (SAPS)
- Home School Coordinator
- Counselor/Mental Health Practitioner
- Substance Abuse Worker
- Project Coordinator
- Dentist, Dental Hygienist
- Special Education Director, Administrators/Assistant
- Special Education clerical and technical support Personnel
- Pupil Support Services Director, Administrators/Assistant
- Pupil Support Services clerical and technical support Personnel

- Health Coordinator
- Nursing Director, Administrators/Assistant
- Nursing clerical and technical support Personnel
- Director of Guidance

Step 2: For initial program implementation, each SU Project Coordinator will complete the RMTS participant template. SUs that enroll as providers subsequent to the initial implementation of the RMTS will also complete the RMTS participant template. On an ongoing basis, UMASS will send a list of participants for upcoming time studies to each SU’s Project Coordinator 45 days before the start of each quarter. Each Project Coordinator should update the list of current participants and return it electronically no later than 30 days prior to the start of each quarter. VDH may grant exceptions to this deadline at its discretion.

Sample Time Study Template							
Employee ID #	Last Name	First Name	Email address	Job Description	Job Type	Fed Fund %	FTE
200	Smith	Mary	Msmith@yahoo.com	Registered Nurse	E	0	1
201	Doe	John	Johndoe@yahoo.com	Speech/language Therapist	C	20	1
202	Brown	Jane	JBrown@yahoo.com	Physical Therapist	E	2	.8
203	Jones	Ann	AJones@yahoo.com	Occupational Therapist	C	100	1

Sample Template Instructions

Populate the template by entering the Employee ID #, Last Name, First Name, and Email address. Select the job description from the dropdown. Enter ‘E’ in the Job Type column for an employee of the school district and ‘C’ for someone who is a contractor. Enter the percent of the salary that is federally funded in the Fed Fund % column and enter the full time equivalency in the FTE column.

B. Determine number of moments

The State will use the following statistical calculation to determine the number of moments required to meet the confidence level statewide. Computations are made using the statistical power analysis program nQuery Advisor 6.0 and are based on the tables by Machin and Campbell, which in turn were generated using the normal approximation to the binomial as described on pages 105-107 in Dixon and Massey. The expression for the sample size n is:

$$n = \left(\frac{Z_{1-\alpha/2}}{e} \right)^2 \left[\pi(1-\pi) \right]$$

where w is the desired $1-\alpha$ interval width, $1-\alpha$ is assumed to be 95%, and π is the assumed true population proportion. The finite population adjusted sample size n_F is obtained by applying a finite population correction:

$$n_F = \frac{nA}{N}$$

Each SU must submit their annual school calendar prior to August 1st. An updated calendar, including any changes to the original calendar and the updated last day of school must be submitted by March 1st. VDH may grant exceptions to these deadlines at its discretion.

All individual minutes within the quarter are included in the potential minutes to be chosen as moments for the time study. The total pool of minutes for the quarter does not include weekends, holidays, time outside of normal working hours and school days on which students are not present (i.e. teacher in-service days).

VDH uses a sampling methodology to achieve a level of precision of +/- 2% with a 95% confidence level for activities. Once compiled, the statewide time study pool is sampled to identify participants in the RMTS. The participant sample is selected from the statewide RMTS pool using a statistically valid random sampling technique. Using a statistically valid random sampling technique, a desired number of random moments is also selected. Each moment is for a specific one minute interval that is within school working hours. Next, each randomly selected moment is matched up, using a statistically valid random sampling technique, with an individual from the total pool of participants.

Each time the selection of a moment and the selection of a name occurs, both the moment and the name are returned to the overall sample pool to be available for selection again. In other words, the random selection process is done with replacement so that each moment and each person are available to be selected each time a selection occurs. This step guarantees the randomness of the selection process. Results from the power analysis indicate that 2,401 sampled moments are required for each quarter. VDH intends to oversample by 15% for a total of 2,761 moments. The statistician's analysis with these results is included in section VI.

Each selected moment is defined as a specific one-minute unit of a specific day from the total pool of time study moments in the quarter and is assigned to a specific time study participant. Each moment selected from the pool is included in the time study and coded according to the documentation submitted by the participant.

Participants complete the time study for a randomly selected moment(s) during the three quarters that overlap with the school year. RMTS quarters are defined as:

- October – December
- January – March
- April – June

The average of the RMTS results for the three prior quarters is applied to the summer quarter, July-September. For most schools, the summer quarter includes services provided to students who receive services during summer school and services provided during the beginning of the school year (late August and September). This approach aligns quarterly costs with quarterly time study results.

Effective April 1, 2020, in case of a State of Emergency that causes extended statewide school closures and impacts the statistical validity of the RMTS as defined in this section, such as a public health emergency, the RMTS will not be conducted. The average of the RMTS results from all other quarters in which RMTS was statistically valid during the same fiscal year will be applied to the state of emergency quarter(s). Vermont will notify CMS within 15 days of determining that a quarter is statistically invalid, including the reason for the determination, along with details and dates of the declaration of emergency.

C. Random moment time study process

Names of the time study participants from each of the SU's list of time study participants will be placed into the statewide cost pool. From the pool, participant days and times will be randomly selected. Each participant selected will receive notification emails three (3) days prior, one (1) hour prior and at the time of the moment for which they have been selected. At the time of the moment for which they have been selected, each participant will answer the following three (3) questions and certify their responses:

- What were you doing?
- Who were you with? Please do not use actual names.
- Why were you performing this activity?
- In addition, sampled participants will certify the accuracy of their response prior to submission.

In order to answer these questions, the participant must access a secure, web-based system through which UMASS, on behalf of the VDH, administers the RMTS process. Additional details about the system are included in the attached Random Moment Time Study (RMTS) Manual. Within the system, the participant can select answers to the questions from a drop-down menu or, if none of the answers provided appropriately answer the questions, the participant should provide a written narrative response.

If this is not done at the time of the selected moment, reminder emails will be sent two (2) hours, 24 hours, 48 hours, 72 hours and 96 hours after the selected moment until the random moment is completed. After five (5) school days the participant will no longer be able to enter or edit data for the selected moment.

D. Non-responses and ensuring appropriate response rate

To ensure that the time study is completed properly, UMASS, in its role as the RMTS Administrator, and each SU's Project Coordinator monitor response rates and provide follow-up to participants who have not completed their moment(s). If a participant has changed positions and is no longer working in a position that is eligible to participate in the

RMTS, any sampled moments for that participant would be excluded from the State's non-response rate calculation. Similarly, if a participant is no longer employed or retired their sampled moment(s) would also be excluded.

Except as stipulated in the paragraph above, the non-response rate includes any selected moments not completed by selected RMTS participants within five (5) school days of the moment date.

To ensure that enough moments are received to have a statistically valid sample, VDH will over-sample by 15%.

If the statewide response rate does not reach 85% for a given quarter, all moments for which there is no response are treated as non-Medicaid activities. The VDH central office staff will send a notification letter to every SU whose response rate was lower than 85% in a given quarter. If the statewide response rate does not reach 85% in a given quarter, SUs who had received a notification letter within the last two years and whose response rate was lower than 85% in that quarter may be unable to claim reimbursement for that quarter. VDH reserves the right to grant exceptions to this rule on claiming prohibitions for individual SUs in instances of extreme unforeseen circumstances, such as a natural disaster, on a case-by-case basis. If a School-Based Medicaid Provider repeatedly has a response rate lower than 85%, VDH may impose sanctions. Possible sanctions may include, but are not limited to, conducting more frequent monitoring reviews, imposing a corrective action plan and reducing or eliminating the providers claimed portion of the FFP distribution amount.

If the statewide response rate reaches or exceeds 85%, all non-responses will be discarded.

A series of management reports will be available to monitor participation. All reports are real time and are accessible by each SU's Project Coordinator and VDH School Liaison. Refer to the attached Random Moment Time Study (RMTS) Manual for additional details and sample reports.

Section II. Coding of Time Study Moments

Individual time study responses will be coded by the vendor (UMASS), according to the time study codes described below. Most codes will be assigned based on a web-based algorithm that has been approved by the State. Additionally, a Central Coder at UMASS will be responsible for ensuring that results are appropriately coded. Staff from the VDH will review a 5% sample of coded responses each quarter to ensure appropriate coding.

A. Coding the moments

The time study will be completed online using a web-based system. The system will automatically code all responses when predefined answers are selected for the RMTS questions from provided drop-down menus, and the combination of predefined answers for the three questions indicate a response that is consistent with an activity code. However, study participants also have the option to write their own free-text answers to the questions. If the time study participant chooses to write in an answer for any question, a Central Coder employed by UMASS will be responsible for coding the response. The Central Coder will follow up directly with any time study participant whose response(s) does not provide enough information to accurately code the moment. Once the additional information is obtained, a code will be assigned. If additional information is not submitted, the moment will not be included in the calculation of the activity code percentages, and will count as a non response.

The web-based system will be used for tabulating the results from the on-line time studies. All coded responses are included in tabulating results.

B. List of activity codes

An activity code will correspond with time study responses submitted by time study participants. The activities are segregated to identify reimbursable versus non-reimbursable costs. The RMTS activity codes will be used by the Central Coder to code the participant's responses. The following chart lists the activity codes used in the time study and indicates whether the activity code is Medicaid reimbursable or non-reimbursable. Detailed descriptions of activity codes, including examples, are furnished.

Activity Codes	Reimbursable Category	Reimbursable Percent
A. Non-Medicaid /Dr. Dynasaur Outreach	No	Not applicable
B. Medicaid /Dr. Dynasaur Outreach	Administrative	100%
C. Facilitating Application for Non-Medicaid /Dr. Dynasaur Programs	No	Not applicable
D. Facilitating Medicaid /Dr. Dynasaur Eligibility Determination	Administrative	100%
E. School Related and Educational Activities	No	Not applicable
F. Direct Medical Services	No	Not applicable
G. Transportation for Non-Medicaid/Dr. Dynasaur Services	No	Not applicable
H. Transportation-Related Activities in Support of Medicaid/Dr. Dynasaur Covered Services	Administrative	Medicaid Eligibility %
I. Non-Medicaid/Dr. Dynasaur Translation	No	Not applicable
J. Translation Related to Medicaid/Dr. Dynasaur Services	Administrative	Medicaid Eligibility %
K. Program Planning, Policy Development, and Interagency Coordination Related to Non-Medical Services	No	Not applicable
L. Program Planning, Policy Development, and Interagency Coordination Related to Medical Services	Administrative	Medicaid Eligibility %
M. Non-Medical/Non-Medicaid/Dr. Dynasaur Related Training	No	Not applicable
N. Medical/ Medicaid/Dr. Dynasaur Related Training	Administrative	Medicaid Eligibility %
O. Referral, Coordination, and Monitoring of Non-Medicaid/Dr. Dynasaur Services	No	Not applicable
P. Referral, Coordination, and Monitoring of Medicaid/Dr. Dynasaur Services	Administrative	Medicaid Eligibility %
Q. General Administration	Administrative	Allocated

CODE A. NON-MEDICAID/DR. DYNASAUR OUTREACH

This code should be used for activities that inform individuals about their eligibility for non-Medicaid/Dr. Dynasaur social, vocational and educational programs (including special education) and how to access them; describing the range of benefits covered under these programs and how to obtain them. Both written and oral methods may be used. Include related paperwork, clerical activities or staff travel required to perform these activities.

1. Informing families about wellness programs and how to access these programs.

2. Scheduling and promoting activities that educate individuals about the benefits of healthy life-styles and practices.
3. Conducting general health education programs or campaigns that address life-style changes in the general population (e.g., dental prevention, anti-smoking, alcohol reduction, etc.).
4. Conducting outreach campaigns that encourage persons to access social, educational, legal or other services not covered by Medicaid/Dr. Dynasaur.
5. Assisting in early identification of children with special medical/dental/mental health needs through various child find activities.
6. Outreach activities in support of programs that are 100 percent funded by state general revenue.
7. Developing outreach materials such as brochures or handbooks for these programs.
8. Distributing outreach materials regarding the benefits and availability of these programs.

CODE B. MEDICAID/DR. DYNASAUR OUTREACH

This code should be used for activities that inform eligible or potentially eligible individuals about Medicaid/Dr. Dynasaur and how to access the program. Such activities include bringing potential eligibles into the Medicaid/Dr. Dynasaur system for the purpose of the eligibility process. Outreach may only be conducted for the populations served by the school districts, i.e., students and their parents or guardians.

The following are examples of activities that are considered Medicaid/Dr. Dynasaur outreach:

1. Informing Medicaid/Dr. Dynasaur eligible and potential Medicaid/Dr. Dynasaur eligible children and families about the benefits and availability of services provided by Medicaid/Dr. Dynasaur (including preventive treatment, and screening) including services provided through the EPSDT program.
2. Developing and/or compiling materials to inform individuals about the Medicaid/Dr. Dynasaur program (including EPSDT) and how and where to obtain those benefits. Note: This activity should not be used when Medicaid/Dr. Dynasaur -related materials are already available to the schools (such as through the Medicaid//Dr. Dynasaur appropriate, school developed outreach materials should have prior approval of the Medicaid agency.
3. Distributing literature about the benefits, eligibility requirements, and availability of the Medicaid/Dr. Dynasaur program, including EPSDT.

4. Assisting the Medicaid/Dr. Dynasaur agency to fulfill the outreach objectives of the Medicaid/Dr. Dynasaur program by informing individuals, students and their families about health resources available through the Medicaid program.
5. Providing information about Medicaid/Dr. Dynasaur, EPSDT screening (e.g., dental, vision) in schools that will help identify medical conditions that can be corrected or improved by services offered through the Medicaid program.
6. Contacting pregnant and parenting teenagers about the availability of Medicaid/Dr. Dynasaur prenatal, and well baby care programs and services.
7. Providing information regarding Medicaid/Dr. Dynasaur managed care programs and health plans to individuals and families and how to access that system.
8. Encouraging families to access medical/dental/mental health services provided by the Medicaid/Dr. Dynasaur program.

CODE C. FACILITATING APPLICATION FOR NON-MEDICAID/DR. DYNASAUR PROGRAMS

This code should be used for activities which inform an individual or family about programs such as Temporary Assistance for Needy Families (TANF), Food Stamps, Women, Infants, and Children (WIC), day care, legal aid, and other social or educational programs and referring them to the appropriate agency to make application.

1. Explaining the eligibility process for non-Medicaid/Dr. Dynasaur programs, including IDEA.
2. Assisting the individual or family collect/gather information and documents for the non-Medicaid/Dr. Dynasaur program application.
3. Assisting the individual or family in completing the application, including necessary translation activities.
4. Developing and verifying initial and continuing eligibility for the Free and Reduced Lunch Program.
5. Developing and verifying initial and continuing eligibility for non-Medicaid/Dr. Dynasaur programs.
6. Providing necessary forms and packaging all forms in preparation for the non-Medicaid/Dr. Dynasaur eligibility determination.

CODE D. FACILITATING MEDICAID/DR. DYNASAUR ELIGIBILITY DETERMINATION

This code should be used for activities which assist individuals in the Medicaid/Dr. Dynasaur eligibility process. Include related paperwork, clerical activities, or staff travel required to perform these activities. This activity does not include the actual determination of Medicaid eligibility.

1. Verifying an individual's current Medicaid/Dr. Dynasaur eligibility status for purposes of the Medicaid/Dr. Dynasaur eligibility process.
2. Explaining Medicaid/Dr. Dynasaur eligibility rules and the Medicaid eligibility process to prospective applicants.
3. Assisting individuals or families to complete a Medicaid/Dr. Dynasaur eligibility application.

4. Gathering information related to the application and eligibility determination for an individual, including resource information and third party liability (TPL) information, as a prelude to submitting a formal Medicaid/Dr. Dynasaur application.
5. Providing necessary forms and packaging all forms in preparation for the Medicaid eligibility determination.
6. Referring an individual or family to the local Assistance Office to make application for Medicaid benefits.
7. Assisting the individual or family in collecting/gathering required information and documents for the Medicaid application.
8. Participating as a Medicaid eligibility outreach outstation, but does not include determining eligibility.

CODE E. SCHOOL-RELATED AND EDUCATIONAL ACTIVITIES

This code should be used for school-related activities, including social services, educational services, teaching services, employment and job training, and other activities that are not Medicaid-related. These activities include the development, coordination, and monitoring of a student's education plan. Include related paperwork, clerical activities, or staff travel required to perform these activities.

1. Providing classroom instruction (including lesson planning).
2. Testing, correcting papers.
3. Developing, coordinating, and monitoring the Individualized Education Program (IEP) for a student, which includes ensuring annual reviews of the IEP are conducted, parental sign-offs are obtained, and the actual IEP meetings with the parents. (If appropriate, this would also refer to the same activities performed in support of an Individualized Family Service Plan (IFSP).)
4. Compiling attendance reports.
5. Performing activities that are specific to instructional, curriculum, and student-focused areas.
6. Reviewing the education record for students who are new to the school district.
7. Providing general supervision of students (e.g., playground, lunchroom).
8. Monitoring student academic achievement.
9. Providing individualized instruction (e.g., math concepts) to a special education student.
10. Conducting external relations related to school educational issues/matters.
11. Compiling report cards.
12. Carrying out discipline.
13. Performing clerical activities specific to instructional or curriculum areas.
14. Activities related to the educational aspects of meeting immunization requirements for school attendance.
15. Compiling, preparing, and reviewing reports on textbooks or attendance.
16. Enrolling new students or obtaining registration information.
17. Conferring with students or parents about discipline, academic matters or other school related issues.
18. Evaluating curriculum and instructional services, policies, and procedures.
19. Participating in or presenting training related to curriculum or instruction (e.g., language arts workshop, computer instruction).
20. Translating an academic test for a student.

CODE F. DIRECT MEDICAL SERVICES

This code should be used when RMTS participants are providing care, treatment, and/or counseling services to an individual. This code also includes administrative activities that are an integral part of or extension of a medical service (e.g., patient follow-up, patient assessment, patient counseling, patient education, parent consultations, billing activities). This code also includes all related paperwork, clerical activities, or staff travel required to perform these activities.

1. Providing health/mental health services contained in an IEP.
2. Medical/health assessment and evaluation as part of the development of an IEP.
3. Conducting medical/health assessments/evaluations and diagnostic testing and preparing related reports.
4. Providing personal aide services.
5. Providing speech, occupational, physical and other therapies.
6. Administering first aid, or prescribed injection or medication to a student.
7. Providing direct clinical/treatment services.
8. Performing developmental assessments.
9. Providing counseling services to treat health, mental health, or substance abuse conditions.
10. Developing a treatment plan (medical plan of care) for a student if provided as a medical service.
11. Performing routine or mandated child health screens including but not limited to vision, hearing, dental, and EPSDT screens.
12. Providing immunizations.
13. Targeted Case Management (if provided or covered as a medical service under Medicaid).
14. Transportation (if covered as a medical service under Medicaid). See Code H on claiming for transportation as an administrative cost.
15. Activities that are services, or components of services, listed in the state's Medicaid plan.

CODE G. TRANSPORTATION FOR NON-MEDICAID/DR. DYNASAUR SERVICES

This code should be used when RMTS participants are assisting an individual to obtain transportation to services not covered by Medicaid/Dr. Dynasaur, or accompanying the individual to services not covered by Medicaid/Dr. Dynasaur. Include related paperwork, clerical activities or staff travel required to perform these activities.

1. Scheduling or arranging transportation to social, vocational, and/or educational programs and activities.

CODE H. TRANSPORTATION-RELATED ACTIVITIES IN SUPPORT OF MEDICAID/DR. DYNASAUR COVERED SERVICES

This code should be used when RMTS participants are assisting an individual to obtain transportation to services covered by Medicaid/Dr. Dynasaur. This does not include the provision of the actual transportation service or the direct costs of the transportation (bus fare, taxi fare, etc.), but rather the administrative activities involved in providing transportation. Include related paperwork, clerical activities or staff travel required to perform these activities.

1. Scheduling or arranging transportation to Medicaid covered services.

CODE I. NON-MEDICAID/DR. DYNASAUR TRANSLATION

This code should be used when RMTS participants are providing translation services for non-Medicaid/Dr. Dynasaur activities should use this code. Include related paperwork, clerical activities or staff travel required to perform these activities. Non-Medicaid/Dr. Dynasaur translation can be reported in two ways: As a separate non-Medicaid/Dr. Dynasaur code (Code I.) or as an example within one or more non-Medicaid/Dr. Dynasaur activity codes.

1. Arranging for or providing translation services (oral or signing services) that assist the individual to access and understand social, educational, and vocational services.
2. Arranging for or providing translation services (oral or signing services) that assist the individual to access and understand state education or state-mandated health screenings (e.g., vision, hearing, and scoliosis) and general health education outreach campaigns intended for the student population.
3. Developing translation materials that assist individuals to access and understand social, educational, and vocational services.

CODE J. TRANSLATION RELATED TO MEDICAID/DR. DYNASAUR SERVICES

Translation may be allowable as an administrative activity, if it is not included and paid for as part of a medical assistance service. However, translation must be provided either by separate units or separate employees performing solely translation functions for the school and it must facilitate access to Medicaid/Dr. Dynasaur covered services. Please note that a school district does not need to have a separate administrative claiming unit for translation. School employees who provide Medicaid/Dr. Dynasaur translation services should use this code. Include related paperwork, clerical activities or staff travel required to perform these activities. Medicaid/Dr. Dynasaur translation can be reported in two ways: As a separate Medicaid code (Code J) or as an example within one or more Medicaid/Dr. Dynasaur activity codes.

1. Arranging for or providing translation services (oral and signing) that assist the individual to access and understand necessary care or treatment covered by Medicaid/Dr. Dynasaur.
2. Developing translation materials that assist individuals to access and understand necessary care or treatment covered by Medicaid/Dr. Dynasaur.

CODE K. PROGRAM PLANNING, POLICY DEVELOPMENT, AND INTERAGENCY COORDINATION RELATED TO NON-MEDICAL SERVICES

This code should be used when RMTS participants are performing activities associated with developing strategies to improve the coordination and delivery of non-medical services to school age children. Non-medical services may include social services, educational services, vocational services, and state or state education mandated child health screenings provided to the general school population. Employees whose position descriptions include program planning, policy development, and interagency coordination may use this code. Include related paperwork, clerical activities or staff travel required to perform these activities.

1. Identifying gaps or duplication of non-medical services (e.g., social, vocational educational and state mandated general health care programs) to school age children and developing strategies to improve the delivery and coordination of these services.

2. Developing strategies to assess or increase the capacity of non-medical school programs.
3. Monitoring the non-medical delivery systems in schools.
4. Developing procedures for tracking families' requests for assistance with non-medical services and the providers of such services.
5. Evaluating the need for non-medical services in relation to specific populations or geographic areas.
6. Analyzing non-medical data related to a specific program, population, or geographic area.
7. Working with other agencies providing non-medical services to improve the coordination and delivery of services and to improve collaboration around the early identification of non-medical problems.
8. Defining the relationship of each agency's non-medical services to one another.
9. Developing advisory or work groups of professionals to provide consultation and advice regarding the delivery of non-medical services and state-mandated health screenings to the school populations.
10. Developing non-medical referral sources.
11. Coordinating with interagency committees to identify, promote and develop non-medical services in the school system.

CODE L. PROGRAM PLANNING, POLICY DEVELOPMENT, AND INTERAGENCY COORDINATION RELATED TO MEDICAL SERVICES

This code should be used when RMTS participants are performing activities associated with the development of strategies to improve the coordination and delivery of medical/dental/mental health services to school age children, and when performing collaborative activities with other agencies and/or providers. Employees whose position descriptions include program planning, policy development, and interagency coordination may use this code. This code refers to activities such as planning and developing procedures to track requests for services; the actual tracking of requests for Medicaid/Dr. Dynasaur services would be coded under Code P, Referral, Coordination and Monitoring of Medical Services. Include related paperwork, clerical activities or staff travel required to perform these activities.

1. Identifying gaps or duplication of medical/dental/mental services to school age children and developing strategies to improve the delivery and coordination of these services.
2. Developing strategies to assess or increase the capacity of school medical/dental/mental health programs.
3. Monitoring the medical/dental/mental health delivery systems in schools.
4. Developing procedures for tracking families' requests for assistance with medical/dental/mental services and providers, including Medicaid/Dr. Dynasaur. (This does not include the actual tracking of requests for Medicaid services.)
5. Evaluating the need for medical/dental/mental services in relation to specific populations or geographic areas.
6. Analyzing Medicaid/Dr. Dynasaur data related to a specific program, population, or geographic area.
7. Working with other agencies and/or providers that provide medical/dental/mental services to improve the coordination and delivery of services, to expand access to specific populations of Medicaid/Dr. Dynasaur eligibles, and to increase provider participation and improve provider relations.
8. Working with other agencies and/or providers to improve collaboration around the early identification of medical/dental/mental problems.

9. Developing strategies to assess or increase the cost effectiveness of school medical/dental/mental health programs.
10. Defining the relationship of each agency's Medicaid/Dr. Dynasaur services to one another.
11. Working with Medicaid resources, such as the Medicaid/Dr. Dynasaur agency and Medicaid/Dr. Dynasaur managed care plans, to make good faith efforts to locate and develop EPSDT health services referral relationships.
12. Developing advisory or work groups of health professionals to provide consultation and advice regarding the delivery of health care services to the school populations.
13. Working with the Medicaid agency to identify, recruit and promote the enrollment of potential Medicaid providers.
14. Developing medical referral sources such as directories of Medicaid providers and managed care plans, who will provide services to targeted population groups, e.g., EPSDT children.
15. Coordinating with interagency committees to identify, promote and develop EPSDT services in the school system.
16. Evaluating Vermont School Nurse Report data, Immunization Status Report data, Youth Risk Behavior Survey data, Youth Health Survey data, etc. to determine needs for increased program development or to improve accessing medical or dental homes.

CODE M. NON-MEDICAL/NON-MEDICAID/DR. DYNASAUR RELATED TRAINING

This code should be used when RMTS participants are coordinating, conducting, or participating in training events and seminars for outreach staff regarding the benefit of the programs other than the Medicaid program. For example, training may include how to assist families to access the services of education programs, and how to more effectively refer students for those services. Include related paperwork, clerical activities, or staff travel required to perform these activities.

Non-medical/non-Medicaid training can be reported in two ways: As a separate code (Code M) or as an example within one or more non-medical/non-Medicaid activity codes.

1. Participating in or coordinating training that improves the delivery of services for programs other than Medicaid.
2. Participating in or coordinating training that enhances IDEA child find programs.

CODE N. MEDICAL/MEDICAID/DR. DYNASAUR RELATED TRAINING

This code should be used when RMTS participants are coordinating, conducting, or participating in training events and seminars for outreach staff regarding the benefits of medical/Medicaid related services, how to assist families to access such services, and how to more effectively refer students for services. Include related paperwork, clerical activities, or staff travel required to perform these activities. Medical/Medicaid training can be reported in two ways: As a separate code (Code N) or as an example within one or more Medical/Medicaid activity codes.

1. Participating in or coordinating training that improves the delivery of medical/Medicaid/Dr. Dynasaur related services.
2. Participating in or coordinating training that enhances early identification, intervention, screening and referral of students with special health needs to such services (e.g.,

Medicaid/Dr. Dynasaur EPSDT services). (This is distinguished from IDEA child find programs.)

3. Participating in training on administrative requirements related to medical/Medicaid/Dr. Dynasaur services.

CODE O. REFERRAL, COORDINATION, AND MONITORING OF NON-MEDICAID/DR. DYNASAUR SERVICES

This code should be used when RMTS participants are making referrals for, coordinating, and/or monitoring the delivery of non-medical, such as educational services. Include related paperwork, clerical activities or staff travel required to perform these activities.

1. Making referrals for and coordinating access to social and educational services such as child care, employment, job training, and housing.
2. Making referrals for, coordinating, and/or monitoring the delivery of state education agency mandated child health screens (e.g., vision, hearing, and scoliosis).
3. Making referrals for, coordinating, and monitoring the delivery of scholastic, vocational, and other non-health related examinations.
4. Gathering any information that may be required in advance of these non-Medicaid related referrals.
5. Participating in a meeting/discussion to coordinate or review a student's need for scholastic, vocational, and non-health related services not covered by Medicaid.
6. Monitoring and evaluating the non-medical components of the individualized plan as appropriate.

Case Management. Note that case management as an administrative activity involves the facilitation of access and coordination of program services. Such activities may be provided under the term Case Management or may also be referred to as Referral, Coordination, and Monitoring of non-Medicaid Services.

Case management may also be provided as an integral part of the service and would be included in the service cost.

School staff should use this code when making referrals for, coordinating, and/or monitoring the delivery of NON-Medicaid covered services.

CODE P. REFERRAL, COORDINATION, AND MONITORING OF MEDICAID/DR. DYNASAUR SERVICES

This code should be used when RMTS participants are making referrals for, coordinating, and/or monitoring the delivery of medical (Medicaid/Dr. Dynasaur covered) services. Referral, coordination and monitoring activities related to services in an IEP are reported in this code. Activities that are part of a direct service are not claimable as an administrative activity. Furthermore, **activities that are an integral part of or an extension of a medical service (e.g., patient follow-up, patient assessment, patient counseling, patient education, patient consultation, billing activities) should be reported under Code F, Direct Medical Services.** Activities related to the development of an IEP should be reported under Code E, School Related and Educational Activities. Include related paperwork, clerical activities, or staff travel necessary to perform these activities.

1. Identifying and referring adolescents who may be in need of Medicaid family planning services.
2. Making referrals for and/or coordinating medical or physical examinations and necessary medical/dental/mental health evaluations.
3. Making referrals for and/or scheduling EPSDT screens, inter-periodic screens, and appropriate immunization, but NOT to include the state-mandated health services.
4. Referring students for necessary medical health, mental health, or substance abuse services covered by Medicaid/Dr. Dynasaur.
5. Arranging for any Medicaid/Dr. Dynasaur covered medical/dental/mental health diagnostic or treatment services that may be required as the result of a specifically identified medical/dental/mental health condition.
6. Gathering any information that may be required in advance of medical/dental/mental health referrals.
7. Participating in a meeting/discussion to coordinate or review a student's needs for health-related services covered by Medicaid/Dr. Dynasaur.
8. Providing follow-up contact to ensure that a child has received the prescribed medical/dental/mental health services covered by Medicaid/Dr. Dynasaur.
9. Coordinating the delivery of community based medical/dental/mental health services for a child with special/severe health care needs.
10. Coordinating the completion of the prescribed services, termination of services, and the referral of the child to other Medicaid/Dr. Dynasaur service providers as may be required to provide continuity of care.
11. Providing information to other staff on the child's related medical/dental/mental health services and plans.
12. Monitoring and evaluating the Medicaid/Dr. Dynasaur service components of the IEP as appropriate.
13. Coordinating medical/dental/mental health service provision with managed care plans as appropriate.

Case Management. Note that case management as an administrative activity involves the facilitation of access and coordination of services covered under the state's Medicaid/Dr. Dynasaur program. Such activities may be provided under the term Administrative Case Management or may also be referred to as Referral, Coordination, and Monitoring of Medicaid Services.

Case management may also be provided as an integral part of a medical service and would be included in the service cost. The state may also cover targeted case management as an optional service under Medicaid/Dr. Dynasaur.

School staff should use this code when making referrals for, coordinating, and/or monitoring the delivery of Medicaid/Dr. Dynasaur covered services. Include related paperwork, clerical activities or staff travel required to perform these activities.

CODE Q. GENERAL ADMINISTRATION

This code should be used when RMTS participants are performing activities that are not directly assignable to program activities. Include related paperwork, clerical activities, or staff travel required to perform these activities. Note that certain functions, such as payroll, maintaining inventories, developing budgets, executive direction, etc., are considered overhead and, therefore, are only allowable through the application of an approved indirect cost rate. Below are typical examples of general administrative activities, but they are not all inclusive.

1. Taking lunch, breaks, leave, or other paid time not at work.
2. Establishing goals and objectives of health-related programs as part of the school's annual or multi-year plan.
3. Reviewing school or district procedures and rules.
4. Attending or facilitating school or unit staff meetings, training, or board meetings.
5. Performing administrative or clerical activities related to general building or district functions or operations.
6. Providing general supervision of staff, including supervision of student teachers or classroom volunteers, and evaluation of employee performance.
7. Reviewing technical literature and research articles.
8. Other general administrative activities of a similar nature as listed above that cannot be specifically identified under other activity
9. Data entry for Vermont School Nurse Report and Immunization Status Report

C. *Moment validation*

Each quarter, UMASS will randomly select a 5% sample of coded responses for validation by VDH. The validation will consist of reviewing the participant responses and the corresponding code assigned by UMASS Central Coding Staff to determine if the coding was accurate. The VDH will review the results and independently code the activity and compare it to the MAC activity recorded by the original coder. VDH will communicate validation results to UMASS, and will require them to submit a corrective action plan if there is a variance.

D. *Calculation of quarterly statewide time study results*

Quarterly, the percentage for each activity code will be calculated by dividing the number of responses assigned to a specific activity code by the total number of responses assigned to all activity codes. All coded responses are included in tabulating results.

E. *Medicaid eligibility percentage*

The Medicaid Eligibility Percentage is defined as the ratio of Medicaid recipients to all students. This percentage is calculated by VDH for each SU, and is provided to UMASS for claim calculation on behalf of each SU.

Section III. Training

Three types of training will be conducted (1) School Liaison and Project Coordinator Training, (2) UMASS Coding Staff Training and (3) RMTS Participant Training. The following is an overview of each training type.

School Liaison and Project Coordinator Training

UMASS will provide a handbook to VDH outlining the RMTS process, including an overview of the RMTS software system and information on how to access and input information into the system. School Liaisons are also required to view the online training modules. It is essential for the liaisons to understand the purpose of the RMTS, the appropriate completion of the RMTS, the timeframes and deadlines for participation, and that their role is crucial to the success of the program. VDH and School Liaisons will provide the same training to the Project Coordinators.

UMASS Coding Staff Training

Central Coders will be employed by UMASS and will review the documentation of RMTS participant activities performed during the selected moments. They will then determine the appropriate MAC activity code. When a RMTS participant chooses from the predefined answers, the coding will be completed systematically. If the RMTS participant writes a response to the RMTS questions, or chooses a combination of predefined answers that do not correspond to a MAC activity code, the central UMASS coder will manually select the appropriate MAC activity code. If the response provided is not sufficient to determine the appropriate MAC activity code, the central UMASS coder will contact the RMTS participant for additional information about the moment. Once the information is received the moment will be coded and included in the final time study percentage calculation. The moments and the assigned MAC codes will be reviewed for consistency and adherence to the state approved MAC activity codes.

UMASS/VDH will provide training to the central coding staff on an as-needed basis. On a quarterly basis, VDH will review a sample of the coding process and RMTS participant documentation for quality assurance to ensure the data submitted in the time study questionnaires support the code selected and therefore show the codes are valid and accurate. In addition to the quarterly review, at its discretion, VDH can review the completed coding and original RMTS documentation at any time throughout the claim process or as needed for further review or audit purposes.

RMTS Participant Training

RMTS participants are trained on understanding the purpose of the RMTS, and how to complete the RMTS through the use of online training instructions. Such instruction will include selecting answers from the list of predefined responses, entering a written response, understanding the response deadline, and certifying and saving responses. Since RMTS participants will not be selecting MAC activity codes, the training will focus on program requirements and the completion of the RMTS survey. The RMTS participant

training will not include an overview of MAC activity codes since all coding will be completed by central UMASS coders.

NOTE: The trainings listed above are not related to or to be confused with the School Nurse Education Modules (SNEM) which is another service that UMass provides to VDH under the same contractual agreement. The SNEM are topic specific education units used to orient all new SNs in Vermont whom are working towards Agency of Education (AOE) certification as a SN. The SNEM will be an ongoing resource for existing SNs, and VDH School Liaisons, as well. New SNs will receive a certificate of completion from VDH once they have reviewed all modules, and have completed the related quiz questions in such a manner as to achieve a satisfactory score (to be determined by VDH). The modules will remain available for SNs after their review, for future reference. UMass will send monthly (and as requested) reports to VDH identifying individuals who have either accessed or completed the SNEM, and these reports will be used by VDH to issue certificates of completion to SNs. There is no MAC or RMTS specific training provided through the SNEM.

Section IV. Oversight and Monitoring

VDH is responsible for oversight and monitoring of the RMTS program. In particular, VDH monitors the activities of its contractor (UMASS), and monitors the supervisory unions. This includes training, data collection and coding of responses.

1. VDH reviews and approves the process for identifying the population and the sampling methodology and results based on quarterly reports submitted by UMASS. UMASS will submit a population report before each quarter indicating the total population number by supervisory union/school district and the sample size picked by UMASS. UMASS will submit a report before each quarter with the name of the sampled respondent, the supervisory union/school district, the job title, and the moment selected. UMASS will submit a report after the end of each quarter with the name of the sampled respondent, the supervisory union/school district, the job title, and the moment selected, and the code assigned for that moment.
2. VDH reviews and approves all training materials. UMASS submits a quarterly report to VDH on training activities for the quarter.
3. VDH will review and approve system coding of predefined answers to activity codes.
4. VDH will review and approve all manuals created by UMASS.

For more information related to oversight and monitoring, please see the Vermont RMTS Oversight and Monitoring Plan in the Appendix.

SECTION I

INTRODUCTION

Supervisory Unions (SUs) are Local Educational Authorities (LEAs) that provide a range of health-related services to students on a daily basis to ensure their overall development. Some of the students served through school health programs are covered by Medicaid, a joint state and federal health care insurance program. Because Medicaid is funded at both the state and federal level, LEAs are eligible to be reimbursed for a portion of the costs associated with providing medical and administrative health services to students insured by Medicaid/Dr. Dynasaur. The Vermont Department of Health (VDH) is responsible for administering the Medicaid Administrative Claiming (MAC) program for the State of Vermont.

SUs provide two types of services that are eligible for Medicaid. They provide medical services (for example, occupational therapy, nursing or psychology services), and they also provide administrative services.

VDH determines reimbursable personnel costs for Medicaid administrative services through the following steps:

- (1) Accumulating personnel costs for those involved in administrative services.
- (2) Multiplying the costs by percentages of time spent on administrative services using a statewide Random Moment Time Study (RMTS); and
- (3) Multiplying the above by the relevant Medicaid eligibility percentages.

VDH uses a RMTS to determine percentages of staff time devoted to administrative services (step 2 above). This manual is intended to fully document the administration of the RMTS (Section II) and to provide guidance to SU personnel completing the RMTS (Section III). Section IV describes the MAC activity codes.

SECTION II

ADMINISTRATION OF THE RMTS

VDH has overall responsibility for the administration of the RMTS. VDH has contracted with the University of Massachusetts Medical School (UMASS) for the day to day administration of the RMTS. Each SU also has an assigned VDH School Liaison responsible for assisting with the administration of the RMTS in the SU, and working with the SU's Project Coordinator at the local level. Each SU that has signed a MAC agreement with VDH participates in the statewide RMTS.

RMTS Participants

All SU personnel to be included in the administrative services claim are required to participate in the RMTS, and will be included in the RMTS sampling pool.

Each SU participating in the MAC program must provide a list of personnel who provide Medicaid administrative activities at the beginning of the school year with quarterly updates. School personnel eligible to participate in the RMTS are based on the actual function that they perform rather than their job title.

There will be one statewide cost and RMTS pool for those personnel being claimed for administrative services. The information on these rosters will include the individual's name, job position, FTE, federally funded percentage, and ID number. Participants include salaried and contracted personnel, and full and part-time personnel. Staff is excluded from the cost pool and RMTS pool if they are reimbursed 100% by federal funds.

RMTS responses are aggregated across all SUs. Each SU will use the statewide RMTS time study results applied to each SU's costs, and each SU's reimbursable Medicaid Eligibility percentages.

A random sample of RMTS participants is asked to participate in the RMTS each quarter. All sampled time study participants who have not submitted their moment are contacted multiple times before the end of the grace period and reminded to complete the sampled moment. All coded responses are used in calculating the statewide time study percentages.

Minimum Response Rate and Non-Response Policy

To be sure the time study is completed properly, the VDH School Liaisons, Project Coordinators at the SU, and UMASS monitor response rates and provide assistance as needed, such as reminding individuals to complete the time study, and overall time study coordination.

Appendix – A. Random Moment Time Study Manual

If a RMTS participant has changed positions, and is no longer working in a position that is eligible to participate in the RMTS, or is on a leave of absence, any sampled moments for that participant would be excluded from the State's non-response rate calculation. Similarly, if a participant is no longer employed, or retired, their sampled moment(s) would also be excluded.

Except as stipulated in the paragraph above, the non-response rate includes any selected moments not completed by selected RMTS participants within five (5) school days. Responses not returned or not coded will not be included in the calculation of RMTS activity code percentages. If a RMTS participant submits an incomplete or contradictory response, UMASS coders will follow up to obtain additional information in order to code the response accurately.

If the statewide return rate does not reach 85% for a given quarter, all moments for which there is no response are treated as non-Medicaid activities. To ensure that enough moments are received to have a statistically valid sample, VDH will over-sample by 15%.

VDH will also monitor response rates by SU to ensure that all RMTS participants are returning moments. If a SU has non-returns greater than 15% in a quarter, VDH will send a notification letter.

If the statewide response rate does not reach 85% in a given quarter, School-Based Medicaid Providers who had received a notification letter within the last two years and whose response rate was lower than 85% in that quarter may be unable to claim reimbursement for that quarter. VDH reserves the right to grant exceptions to this rule on claiming prohibitions for individual providers in instances of extreme unforeseen circumstances, such as a natural disaster, on a case-by-case basis. If a School-Based Medicaid Provider repeatedly has a response rate lower than 85%, VDH may impose sanctions. Possible sanctions may include, but are not limited to, conducting more frequent monitoring reviews, imposing a corrective action plan, and reducing or eliminating the providers claimed portion of the FFP distribution amount.

If the statewide response rate reaches or exceeds 85%, all non-responses will be discarded.

RMTS Moments

Each quarter, VDH will determine the dates that each SU will be in session based on individual SU calendars. All days, including and through the end of the school year, will be included in the potential days to be chosen for the RMTS, even if they do not correspond to the calendar or fiscal quarter end date.

The total pool of "moments" within the RMTS is represented by applying each school calendar and hours to potential RMTS participants eligible to participate in the RMTS for that SU. The total pool of moments for the quarter does not include weekends, holidays,

Appendix – A. Random Moment Time Study Manual

hours during which employees are not scheduled to work, and school days in which students are not present (i.e. teacher in-service days).

Effective April 1, 2020, in case of a State of Emergency that causes extended statewide school closures and impacts the statistical validity of the RMTS as defined in this section, such as a public health emergency, the RMTS will not be conducted. The average of the RMTS results from all other quarters in which RMTS was statistically valid during the same fiscal year will be applied to the state of emergency quarter(s). Vermont will notify CMS within 15 days of determining that a quarter is statistically invalid, including the reason for the determination, along with details and dates of the declaration of emergency.

Participants complete the time study for a randomly selected moment(s) during the three quarters that overlap with the school year. RMTS quarters are defined as:

- October – December
- January – March
- April – June

An average of the RMTS results from the prior three quarters is applied to the summer quarter, July-September. This approach aligns quarterly costs with quarterly time study results.

For the AAC claim for quarter ending 9/30/10 the average of the time study results for QEs 12/31/09, 3/31/10 and 6/30/10 will be used with the activity codes that are described in the July 2005 Time Study Manual for Administrative Activities.

Random Sampling of Moments/Participants

VDH uses a sampling methodology to achieve a level of precision of +/- 2% with a 95% confidence level for activities. Once compiled, the statewide time study pool is sampled to identify participants in the RMTS. The participant sample is selected from the statewide RMTS pool using a statistically valid random sampling technique. Using a statistically valid random sampling technique, a desired number of random moments is also selected. Each moment is for a specific one minute interval that is within school working hours. Next, each randomly selected moment is matched up, using a statistically valid random sampling technique, with an individual from the total pool of participants.

Each time the selection of a moment and the selection of a name occurs, both the moment and the name are returned to the overall sample pool to be available for selection again. In other words, the random selection process is done with replacement so that each moment and each person are available to be selected each time a selection occurs. This step guarantees the randomness of the selection process. Results from the power analysis indicate that 2,401 sampled moments are required for each quarter. VDH intends to oversample by 15% for a total of 2,761 moments. The statistician's analysis with these results is included in section VI.

Appendix – A. Random Moment Time Study Manual

Each selected moment is defined as a specific one-minute unit of a specific day from the total pool of time study moments in the quarter and is assigned to a specific time study participant. Each moment selected from the pool is included in the time study and coded according to the documentation submitted by the participant.

Notify RMTS Participants about their Selected Moments and Monitor Responses

The RMTS participants are notified via email of their requirement to participate in the time study and of their sampled moment. Sampled participants will be notified of their sampled moment three days prior to the sampled moment, one hour prior to the sampled moment and at the sampled moment. At the prescribed moment, each sampled participant is asked to record and submit his/her activity for that particular moment online. The participant will also receive reminders two hours, 24 hours, 48 hours, 72 hours and 96 hours after the moment until the random moment is completed. The participant will not have access to the moment after five school days have elapsed, and the moment will be considered “incomplete expired.”

VDH, UMASS, School Liaisons, and Project Coordinators will have access to reports that monitor the status of moments.

Prior to calculating the time study results at the end of each quarter, UMASS will verify that at least 85% of the sampled moments have been completed.

Coding, Tabulating and Verifying RMTS Results

The time study will be completed online using a web-based system. All RMTS participants will see the same screens. The system will automatically code all responses when predefined answers are selected for all RMTS questions. For all the questions, the RMTS participant is free to write his/her own answer. Furthermore, the following instructions will be included on the screen, “Review the list of possible responses for each question. If the list does not contain an option that **accurately** describes your response to that question, use the box to type one that does. **DO NOT** include the proper names of students, parents, or co-workers.”

If the RMTS participant elects to type in his/her own answer for any question, UMASS will be responsible for coding the response. Coders at UMASS will see different screens than RMTS participants in the schools, so that they can review the answers, and select the appropriate MAC activity code. UMASS will follow up directly with RMTS participants whose responses do not provide enough information to code. Once the additional information is obtained, a code will be assigned. If additional information is not submitted, the moment will not be included in the calculation of the RMTS activity code percentages.

The online system has several features that assure that the RMTS is completed correctly. Predefined answers to each question are provided. RMTS participants may select from the list, or provide a written response if the provided lists of responses do not fully or

Appendix – A. Random Moment Time Study Manual

accurately describe their activity. Respondents can select only one response for each question. Before the survey can be submitted online, the respondent must check a box that says, "I certify that this information is complete and accurate." The VDH contractor (UMASS), the School Liaisons and the Project Coordinators can monitor the status of moments using online, real-time reports. The RMTS participant will also receive reminders two hours, 24 hours, 48 hours, 72 hours and 96 hours after the moment until the random moment is completed. The RMTS participant will not have access to the moment after five school days have elapsed, and the moment will be considered "incomplete expired."

UMASS is responsible for tabulating the results from the online time studies. All coded responses are included in tabulating results.

Training

Three types of training will be conducted (1) School Liaison and Project Coordinator Training, (2) UMASS Coding Staff Training and (3) RMTS Participant Training. The following is an overview of each training type.

School Liaison and Project Coordinator Training

UMASS will provide initial training for the School Liaisons, which will include an overview of the RMTS software system and information on how to access and input information into the system. It is essential for the liaisons to understand the purpose of the RMTS, the appropriate completion of the RMTS, the timeframes and deadlines for participation, and that their role is crucial to the success of the program. VDH School Liaisons will provide the same training to the Project Coordinators at the SU level.

UMASS Coding Staff Training

Central Coders will be employed by UMASS. Each coder receives training by UMASS management staff. Coders review the documentation of RMTS participant activities performed during the selected moments. They will then determine the appropriate MAC activity code. Management staff review coded responses to ensure accuracy. When a RMTS participant chooses from the predefined answers, the coding will be completed systematically. If the RMTS participant writes a response to the RMTS questions, or chooses a combination of predefined answers that do not correspond to a MAC activity code, the central UMASS coder will manually select the appropriate MAC activity code. If the response provided is not sufficient to determine the appropriate MAC activity code, the central UMASS coder will contact the RMTS participant for additional information about the moment. Once the information is received, the moment will be coded and included in the final time study percentage calculation. The moments and the assigned MAC codes will be reviewed for consistency and adherence to the state approved MAC activity codes.

UMASS/VDH will provide training to the central coding staff on an as-needed basis. On a quarterly basis, VDH will review a sample of the coding process and RMTS participant documentation for Quality Assurance. This is to assure the data submitted in the time study questionnaires support the code selected, and, therefore, show the coding process is

Appendix – A. Random Moment Time Study Manual

valid and accurate. In addition to the quarterly review, at its discretion, VDH can review the completed coding and original RMTS documentation at any time throughout the claim process, or as needed for further review or audit purposes.

RMTS Participant Training

RMTS participants are trained on how to complete the RMTS through the use of online training instructions. Such instruction will include selecting answers from the list of predefined responses, drafting a written response, understanding the response deadline, and certifying and saving responses. Since RMTS participants will not be selecting MAC activity codes, the training will focus on program requirements and the completion of the RMTS survey. The sampled staff training will not include an overview of MAC activity codes since all coding will be completed by central UMASS coders.

Validation

UMASS will randomly select a 5% sample of coded responses which will be submitted to VDH each quarter for validation. The validation will consist of reviewing the RMTS participant responses and the corresponding code assigned by UMASS to determine if the code was accurate. VDH will review the results and independently code the activity and compare it to the MAC activity recorded by the coder. VDH will communicate validation results to UMASS, and will require them to submit a corrective action plan if there is a variance.

Oversight and Monitoring

VDH is responsible for oversight and monitoring of the RMTS program. In particular, VDH monitors the activities of its contractor (UMASS), and monitors the SUs. This includes training, data collection, and coding of responses.

1. VDH reviews and approves the process for identifying the population and the sampling methodology and results based on quarterly reports submitted by UMASS. UMASS will submit a population report before each quarter indicating the total population number by SU, and the sample size picked by UMASS. UMASS will submit a report before each quarter with the name of the sampled respondent, the SU, the job title, and the moment selected. UMASS will submit a report after the end of each quarter with the name of the sampled respondent, the SU, the job title, the moment selected, and the code assigned for that moment.
2. VDH reviews and approves all training materials. UMASS submits a quarterly report to VDH on training activities for the quarter.
3. VDH will review and approve system coding of predefined answers to activity codes.

SECTION III

COMPLETING THE RMTS TIME STUDY

The purpose of Section III is to guide RMTS participants in completing the RMTS. For each randomly selected moment, the RMTS participant should select the answer which best answers the following questions:

- What were you doing?
- Who were you with? Please do not use actual names.
- Why were you performing this activity?
- In addition, sampled participants will certify the accuracy of their response prior to submission.

If none of the standard answers provided on the dropdown lists appropriately answer the question, the RMTS participant must provide a written response. The number of sampled moments must be completed within five school days after the sampled moment. Documentation of moments not received within the required time frame cannot be used in the calculation of the necessary number of moments needed to satisfy the level of precision of +/- 2% with a 95% confidence interval.

MAC Activity Codes

There is a code that will correspond with all functions performed by personnel completing the RMTS. It is important that time is tracked according *to the activity* being performed *rather than for whom* the activity is being performed (whether or not a student is on Medicaid is **not** relevant for the time study). The activities are segregated to identify reimbursable administrative time versus non-reimbursable time. The MAC activity codes will be used by UMASS to code the RMTS participant's responses. The following chart lists the activity codes used in the time study and indicates whether the activity code is Medicaid reimbursable administrative time or non-reimbursable time. These activity codes were adopted directly from the May 2003 CMS Administrative claiming guide. These MAC activity codes are mutually exclusive and ensure that there is no duplication. Activity codes are described in more detail in Section IV and examples are furnished.

- CODE A Non-Medicaid/Dr. Dynasaur Outreach
- CODE B. Medicaid/Dr. Dynasaur Outreach
- CODE C. Facilitating Application for Non-Medicaid/Dr. Dynasaur Programs
- CODE D. Facilitating Medicaid/Dr. Dynasaur Eligibility Determination
- CODE E. School Related and Educational Activities
- CODE F. Direct Medical Services
- CODE G. Transportation for Non-Medicaid/Dr. Dynasaur Services
- CODE H. Transportation-Related Activities in Support of Medicaid/Dr. Dynasaur Covered Services
- CODE I. Non-Medicaid/Dr. Dynasaur Translation
- CODE J. Translation Related to Medicaid/Dr. Dynasaur Services

Appendix – A. Random Moment Time Study Manual

CODE K. Program Planning, Policy Development, and Interagency Coordination Related to Non-Medical Services
 CODE L. Program Planning, Policy Development, and Interagency Coordination Related to Medical Services
 CODE M Non-Medical/Non-Medicaid/Dr. Dynasaur Related Training
 CODE N. Medical/Medicaid/Dr. Dynasaur Related Training
 CODE O. Referral, Coordination, and Monitoring of Non-Medicaid/Dr. Dynasaur Services
 CODE P. Referral, Coordination, and Monitoring of Medicaid/Dr. Dynasaur Services
 CODE Q. General Administration

Using the Web-based RMTS

UMASS makes available to SUs, an easy-to-use, secure method of completing the RMTS that also complies with state and federal privacy guidelines, and eliminates the need for schools to maintain paper documentation.

Logging In

1. If you are logging in for the first time, you will receive an e-mail from Schoolbasedclaiming@umassmed.edu with your User ID, a temporary password, and a link to the website.

- a) Click on the link: <https://www.chcf.net/chcfweb/>
- b) Type in, or copy and paste, your temporary password. Click “OK”.
- c) You will be prompted to create a new, private password, made up of eight characters.

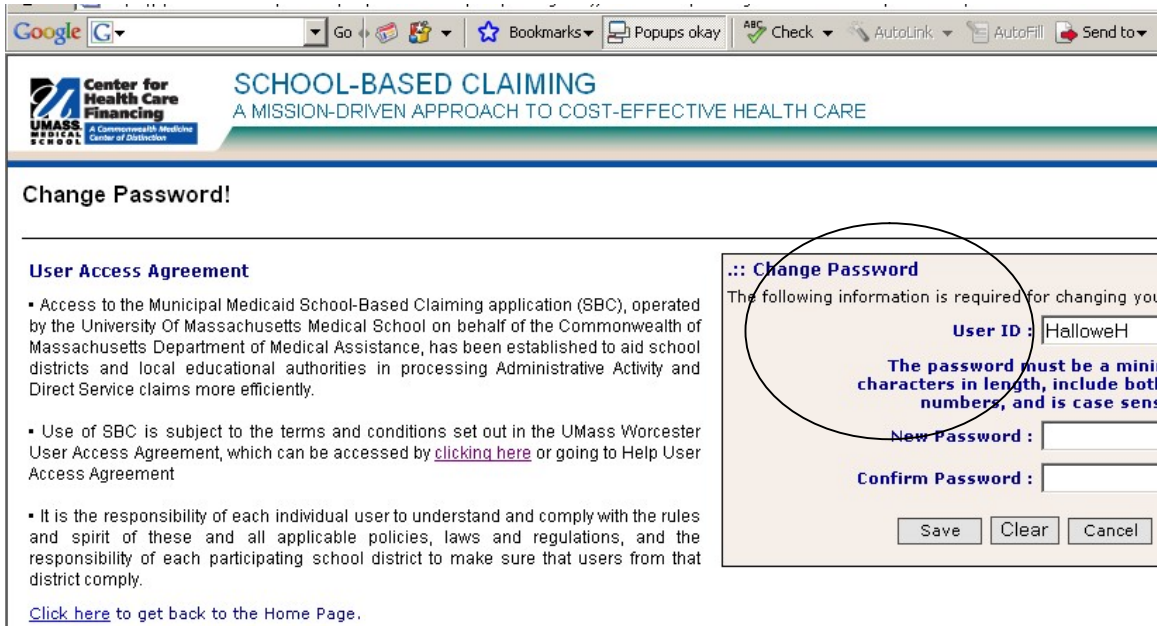

NOTE: Your password must be a combination of eight or more letters and numbers. It is case sensitive so the capital and lower-case letters that you choose must be used exactly as you indicate. Your password will expire every 90 days at which time the system will prompt you to create a new one.

- d) Your User ID, composed of parts of your last and first name, will appear in the User ID field.
- e) Verify the password by typing it in a second time.
- f) Click “Save”.

NOTE: The RMTS system is available 24 hours per day, 7 days per week.

NOTE: The project coordinator at the SU should verify with their information technology person for each of the school buildings, that the above web address, and emails from the address above are not filtered out, or blocked by security settings.

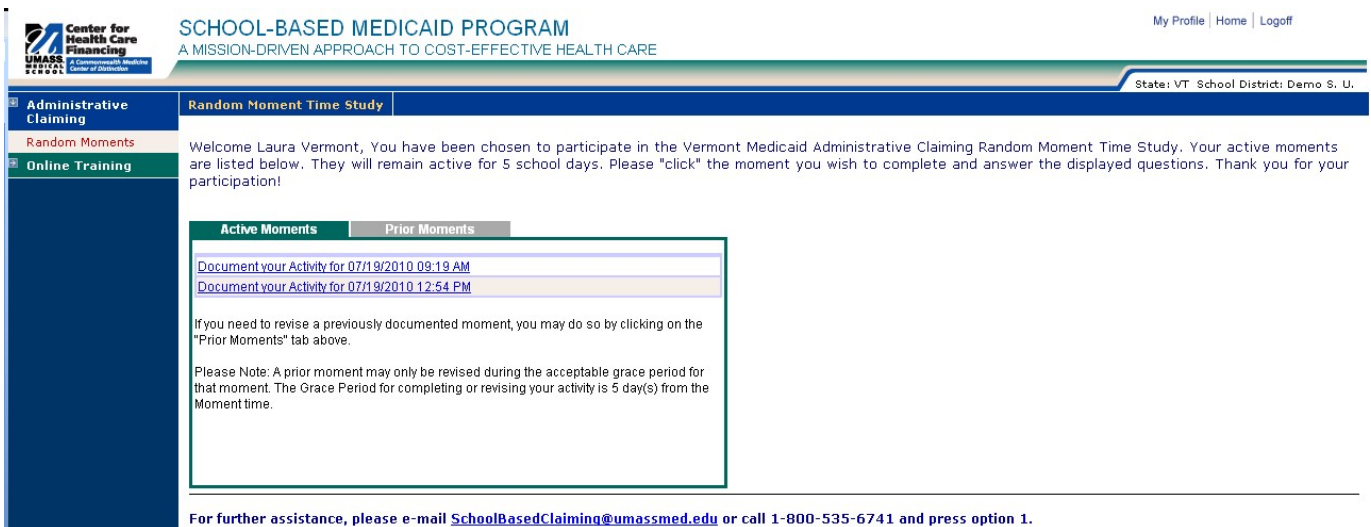

Appendix – A. Random Moment Time Study Manual

NOTE: You will also receive confirmation of your successful password change when logging in for the first time.

- If you have logged in before, log into the RMTS system with your current User ID and password. The User ID will be displayed automatically if the “Remember Me” box was previously clicked.
- The RMTS page will appear on your screen.

Appendix – A. Random Moment Time Study Manual

Explanation of RMTS Screen

1. In this screen, your name and SU appear in the heading. Review this information to make sure that it is correct.
2. Active Moments are any moments that are currently available to be completed and are within the allowable grace period.
3. Click on the moment to complete the RMTS survey.

NOTE: It is not possible to view future dates. Your moment will only appear AFTER the assigned time has passed. You do not need to complete the moment at the time it is assigned.

Completing the RMTS

1. There are two ways to complete the RMTS survey:
 - a. Click on the “Answer the Question” link after each question and a list of predefined answers will appear. (See #1 in the screen print below.) Select the appropriate answer from the list by clicking on it.

SCHOOL-BASED MEDICAID PROGRAM
A MISSION-DRIVEN APPROACH TO COST-EFFECTIVE HEALTH CARE

Appendix – A. Random Moment Time Study Manual

- b. If none of the answers on the list are appropriate, type your answer in the box below. ‘Review the list of possible responses for each question. If the list does not contain an option that **accurately** describes your activity, use the box to type one that does. DO NOT include the actual names of students, parents, or co-workers’. Click ‘Save.’

[SERVICES \(OT, PT, Speech, Audiology, Psych, Nursing\) under the scope of your license](#)

[Providing OT, PT, Nursing, Speech, or Audiology services in the IEP to a student, provided under the scope of your license](#)

[Providing Psychological or Psychiatric services in the IEP to a student, provided under the scope of your license](#)

[Providing Personal Care services that are in the IEP](#)

[School closed due to inclement weather or other emergency](#)

[Training/professional development to improve/enhance the curriculum or educational instruction](#)

Review the list of possible responses for each question. If the list does not contain an option that accurately describes your activity, use the box to type one that does. DO NOT include the actual names of students, parents, or co-workers:

Then click

SECTION IV – MAC ACTIVITY CODES AND EXAMPLES

CODE A. NON-MEDICAID/DR. DYNASAUR OUTREACH

This code should be used for activities that inform individuals about their eligibility for non-Medicaid/Dr. Dynasaur social, vocational and educational programs (including special education) and how to access them; describing the range of benefits covered under these programs and how to obtain them. Both written and oral methods may be used. Include related paperwork, clerical activities or staff travel required to perform these activities.

1. Informing families about wellness programs and how to access these programs.
2. Scheduling and promoting activities that educate individuals about the benefits of healthy life-styles and practices.
3. Conducting general health education programs or campaigns that address life-style changes in the general population (e.g., dental prevention, anti-smoking, alcohol reduction, etc.).
4. Conducting outreach campaigns that encourage persons to access social, educational, legal or other services not covered by Medicaid/Dr. Dynasaur.
5. Assisting in early identification of children with special medical/dental/mental health needs through various child find activities.
6. Outreach activities in support of programs that are 100 percent funded by state general revenue.
7. Developing outreach materials such as brochures or handbooks for these programs.
8. Distributing outreach materials regarding the benefits and availability of these programs.

CODE B. MEDICAID/DR. DYNASAUR OUTREACH

This code should be used for activities that inform eligible or potentially eligible individuals about Medicaid/Dr. Dynasaur and how to access the program. Such activities include bringing potential eligibles into the Medicaid/Dr. Dynasaur system for the purpose of the eligibility process. Outreach may only be conducted for the populations served by the school districts, i.e., students and their parents or guardians.

The following are examples of activities that are considered Medicaid/Dr. Dynasaur outreach:

1. Informing Medicaid/Dr. Dynasaur eligible and potential Medicaid/Dr. Dynasaur eligible children and families about the benefits and availability of services provided by Medicaid/Dr. Dynasaur (including preventive treatment, and screening) including services provided through the EPSDT program.
2. Developing and/or compiling materials to inform individuals about the Medicaid/Dr. Dynasaur program (including EPSDT) and how and where to obtain those benefits. Note: This activity should not be used when Medicaid/Dr. Dynasaur -related materials are already available to the schools (such as through the Medicaid//Dr. Dynasaur appropriate, school developed outreach materials should have prior approval of the Medicaid agency).
3. Distributing literature about the benefits, eligibility requirements, and availability of the Medicaid/Dr. Dynasaur program, including EPSDT.

Appendix – A. Random Moment Time Study Manual

4. Assisting the Medicaid/Dr. Dynasaur agency to fulfill the outreach objectives of the Medicaid/Dr. Dynasaur program by informing individuals, students and their families about health resources available through the Medicaid program.
5. Providing information about Medicaid/Dr. Dynasaur, EPSDT screening (e.g., dental, vision) in schools that will help identify medical conditions that can be corrected or improved by services offered through the Medicaid program.
6. Contacting pregnant and parenting teenagers about the availability of Medicaid/Dr. Dynasaur prenatal, and well baby care programs and services.
7. Providing information regarding Medicaid/Dr. Dynasaur managed care programs and health plans to individuals and families and how to access that system.
8. Encouraging families to access medical/dental/mental health services provided by the Medicaid/Dr. Dynasaur program.

CODE C. FACILITATING APPLICATION FOR NON-MEDICAID/DR. DYNASAUR PROGRAMS

This code should be used for activities which inform an individual or family about programs such as Temporary Assistance for Needy Families (TANF), Food Stamps, Women, Infants, and Children (WIC), day care, legal aid, and other social or educational programs and referring them to the appropriate agency to make application.

1. Explaining the eligibility process for non-Medicaid/Dr. Dynasaur programs, including IDEA.
2. Assisting the individual or family collect/gather information and documents for the non-Medicaid/Dr. Dynasaur program application.
3. Assisting the individual or family in completing the application, including necessary translation activities.
4. Developing and verifying initial and continuing eligibility for the Free and Reduced Lunch Program.
5. Developing and verifying initial and continuing eligibility for non-Medicaid/Dr. Dynasaur programs.
6. Providing necessary forms and packaging all forms in preparation for the non-Medicaid/Dr. Dynasaur eligibility determination.

CODE D. FACILITATING MEDICAID/DR. DYNASAUR ELIGIBILITY DETERMINATION

This code should be used for activities which assist individuals in the Medicaid/Dr. Dynasaur eligibility process. Include related paperwork, clerical activities, or staff travel required to perform these activities. This activity does not include the actual determination of Medicaid eligibility.

1. Verifying an individual's current Medicaid/Dr. Dynasaur eligibility status for purposes of the Medicaid/Dr. Dynasaur eligibility process.
2. Explaining Medicaid/Dr. Dynasaur eligibility rules and the Medicaid eligibility process to prospective applicants.
3. Assisting individuals or families to complete a Medicaid/Dr. Dynasaur eligibility application.

Appendix – A. Random Moment Time Study Manual

4. Gathering information related to the application and eligibility determination for an individual, including resource information and third party liability (TPL) information, as a prelude to submitting a formal Medicaid/Dr. Dynasaur application.
5. Providing necessary forms and packaging all forms in preparation for the Medicaid eligibility determination.
6. Referring an individual or family to the local Assistance Office to make application for Medicaid benefits.
7. Assisting the individual or family in collecting/gathering required information and documents for the Medicaid application.
8. Participating as a Medicaid eligibility outreach outstation, but does not include determining eligibility.

CODE E. SCHOOL-RELATED AND EDUCATIONAL ACTIVITIES

This code should be used for school-related activities, including social services, educational services, teaching services, employment and job training, and other activities that are not Medicaid-related. These activities include the development, coordination, and monitoring of a student's education plan. Include related paperwork, clerical activities, or staff travel required to perform these activities.

1. Providing classroom instruction (including lesson planning).
2. Testing, correcting papers.
3. Developing, coordinating, and monitoring the Individualized Education Program (IEP) for a student, which includes ensuring annual reviews of the IEP are conducted, parental sign-offs are obtained, and the actual IEP meetings with the parents. (If appropriate, this would also refer to the same activities performed in support of an Individualized Family Service Plan (IFSP).)
4. Compiling attendance reports.
5. Performing activities that are specific to instructional, curriculum, and student-focused areas.
6. Reviewing the education record for students who are new to the school district.
7. Providing general supervision of students (e.g., playground, lunchroom).
8. Monitoring student academic achievement.
9. Providing individualized instruction (e.g., math concepts) to a special education student.
10. Conducting external relations related to school educational issues/matters.
11. Compiling report cards.
12. Carrying out discipline.
13. Performing clerical activities specific to instructional or curriculum areas.
14. Activities related to the educational aspects of meeting immunization requirements for school attendance.
15. Compiling, preparing, and reviewing reports on textbooks or attendance.
16. Enrolling new students or obtaining registration information.
17. Conferring with students or parents about discipline, academic matters or other school related issues.
18. Evaluating curriculum and instructional services, policies, and procedures.
19. Participating in or presenting training related to curriculum or instruction (e.g., language arts workshop, computer instruction).
20. Translating an academic test for a student.

Appendix – A. Random Moment Time Study Manual

CODE F. DIRECT MEDICAL SERVICES

This code should be used when RMTS participants are providing care, treatment, and/or counseling services to an individual. This code also includes administrative activities that are an integral part of or extension of a medical service (e.g., patient follow-up, patient assessment, patient counseling, patient education, parent consultations, billing activities). This code also includes all related paperwork, clerical activities, or staff travel required to perform these activities.

1. Providing health/mental health services contained in an IEP.
2. Medical/health assessment and evaluation as part of the development of an IEP.
3. Conducting medical/health assessments/evaluations and diagnostic testing and preparing related reports.
4. Providing personal aide services.
5. Providing speech, occupational, physical and other therapies.
6. Administering first aid, or prescribed injection or medication to a student.
7. Providing direct clinical/treatment services.
8. Performing developmental assessments.
9. Providing counseling services to treat health, mental health, or substance abuse conditions.
10. Developing a treatment plan (medical plan of care) for a student if provided as a medical service.
11. Performing routine or mandated child health screens including but not limited to vision, hearing, dental, and EPSDT screens.
12. Providing immunizations.
13. Targeted Case Management (if provided or covered as a medical service under Medicaid).
14. Transportation (if covered as a medical service under Medicaid). See Code H on claiming for transportation as an administrative cost.
15. Activities that are services, or components of services, listed in the state's Medicaid plan.

CODE G. TRANSPORTATION FOR NON-MEDICAID/DR. DYNASAUR SERVICES

This code should be used when RMTS participants are assisting an individual to obtain transportation to services not covered by Medicaid/Dr. Dynasaur, or accompanying the individual to services not covered by Medicaid/Dr. Dynasaur. Include related paperwork, clerical activities or staff travel required to perform these activities.

1. Scheduling or arranging transportation to social, vocational, and/or educational programs and activities.

CODE H. TRANSPORTATION-RELATED ACTIVITIES IN SUPPORT OF MEDICAID/DR. DYNASAUR COVERED SERVICES

This code should be used when RMTS participants are assisting an individual to obtain transportation to services covered by Medicaid/Dr. Dynasaur. This does not include the provision of the actual transportation service or the direct costs of the transportation (bus fare, taxi fare, etc.), but rather the administrative activities involved in providing transportation.

Appendix – A. Random Moment Time Study Manual

Include related paperwork, clerical activities or staff travel required to perform these activities.

1. Scheduling or arranging transportation to Medicaid covered services.

CODE I. NON-MEDICAID/DR. DYNASAUR TRANSLATION

This code should be used when RMTS participants are providing translation services for non-Medicaid/Dr. Dynasaur activities should use this code. Include related paperwork, clerical activities or staff travel required to perform these activities. Non-Medicaid/Dr. Dynasaur translation can be reported in two ways: As a separate non-Medicaid/Dr. Dynasaur code (Code I.) or as an example within one or more non-Medicaid/Dr. Dynasaur activity codes.

1. Arranging for or providing translation services (oral or signing services) that assist the individual to access and understand social, educational, and vocational services.
2. Arranging for or providing translation services (oral or signing services) that assist the individual to access and understand state education or state-mandated health screenings (e.g., vision, hearing, and scoliosis) and general health education outreach campaigns intended for the student population.
3. Developing translation materials that assist individuals to access and understand social, educational, and vocational services.

CODE J. TRANSLATION RELATED TO MEDICAID/DR. DYNASAUR SERVICES

Translation may be allowable as an administrative activity, if it is not included and paid for as part of a medical assistance service. However, translation must be provided either by separate units or separate employees performing solely translation functions for the school and it must facilitate access to Medicaid/Dr. Dynasaur covered services. Please note that a school district does not need to have a separate administrative claiming unit for translation. School employees who provide Medicaid/Dr. Dynasaur translation services should use this code. Include related paperwork, clerical activities or staff travel required to perform these activities. Medicaid/Dr. Dynasaur translation can be reported in two ways: As a separate Medicaid code (Code J) or as an example within one or more Medicaid/Dr. Dynasaur activity codes.

1. Arranging for or providing translation services (oral and signing) that assist the individual to access and understand necessary care or treatment covered by Medicaid/Dr. Dynasaur.
2. Developing translation materials that assist individuals to access and understand necessary care or treatment covered by Medicaid/Dr. Dynasaur.

CODE K. PROGRAM PLANNING, POLICY DEVELOPMENT, AND INTERAGENCY COORDINATION RELATED TO NON-MEDICAL SERVICES

This code should be used when RMTS participants are performing activities associated with developing strategies to improve the coordination and delivery of non-medical services to school age children. Non-medical services may include social services, educational services, vocational services, and state or state education mandated child health screenings provided to

Appendix – A. Random Moment Time Study Manual

the general school population. Employees whose position descriptions include program planning, policy development, and interagency coordination may use this code. Include related paperwork, clerical activities or staff travel required to perform these activities.

1. Identifying gaps or duplication of non-medical services (e.g., social, vocational educational and state mandated general health care programs) to school age children and developing strategies to improve the delivery and coordination of these services.
2. Developing strategies to assess or increase the capacity of non-medical school programs.
3. Monitoring the non-medical delivery systems in schools.
4. Developing procedures for tracking families' requests for assistance with non-medical services and the providers of such services.
5. Evaluating the need for non-medical services in relation to specific populations or geographic areas.
6. Analyzing non-medical data related to a specific program, population, or geographic area.
7. Working with other agencies providing non-medical services to improve the coordination and delivery of services and to improve collaboration around the early identification of non-medical problems.
8. Defining the relationship of each agency's non-medical services to one another.
9. Developing advisory or work groups of professionals to provide consultation and advice regarding the delivery of non-medical services and state-mandated health screenings to the school populations.
10. Developing non-medical referral sources.
11. Coordinating with interagency committees to identify, promote and develop non-medical services in the school system.

CODE L. PROGRAM PLANNING, POLICY DEVELOPMENT, AND INTERAGENCY COORDINATION RELATED TO MEDICAL SERVICES

This code should be used when RMTS participants are performing activities associated with the development of strategies to improve the coordination and delivery of medical/dental/mental health services to school age children, and when performing collaborative activities with other agencies and/or providers. Employees whose position descriptions include program planning, policy development, and interagency coordination may use this code. This code refers to activities such as planning and developing procedures to track requests for services; the actual tracking of requests for Medicaid/Dr. Dynasaur services would be coded under Code P, Referral, Coordination and Monitoring of Medical Services. Include related paperwork, clerical activities or staff travel required to perform these activities.

1. Identifying gaps or duplication of medical/dental/mental services to school age children and developing strategies to improve the delivery and coordination of these services.
2. Developing strategies to assess or increase the capacity of school medical/dental/mental health programs.
3. Monitoring the medical/dental/mental health delivery systems in schools.
4. Developing procedures for tracking families' requests for assistance with medical/dental/mental services and providers, including Medicaid/Dr. Dynasaur. (This does not include the actual tracking of requests for Medicaid services.)

Appendix – A. Random Moment Time Study Manual

5. Evaluating the need for medical/dental/mental services in relation to specific populations or geographic areas.
6. Analyzing Medicaid/Dr. Dynasaur data related to a specific program, population, or geographic area.
7. Working with other agencies and/or providers that provide medical/dental/mental services to improve the coordination and delivery of services, to expand access to specific populations of Medicaid/Dr. Dynasaur eligibles, and to increase provider participation and improve provider relations.
8. Working with other agencies and/or providers to improve collaboration around the early identification of medical/dental/mental problems.
9. Developing strategies to assess or increase the cost effectiveness of school medical/dental/mental health programs.
10. Defining the relationship of each agency's Medicaid/Dr. Dynasaur services to one another.
11. Working with Medicaid resources, such as the Medicaid/Dr. Dynasaur agency and Medicaid/Dr. Dynasaur managed care plans, to make good faith efforts to locate and develop EPSDT health services referral relationships.
12. Developing advisory or work groups of health professionals to provide consultation and advice regarding the delivery of health care services to the school populations.
13. Working with the Medicaid agency to identify, recruit and promote the enrollment of potential Medicaid providers.
14. Developing medical referral sources such as directories of Medicaid providers and managed care plans, who will provide services to targeted population groups, e.g., EPSDT children.
15. Coordinating with interagency committees to identify, promote and develop EPSDT services in the school system.
16. Evaluating Vermont School Nurse Report data, Immunization Status Report data, Youth Risk Behavior Survey data, Youth Health Survey data, etc. to determine needs for increased program development or to improve accessing medical or dental homes.

CODE M. NON-MEDICAL/NON-MEDICAID/DR. DYNASAUR RELATED TRAINING

This code should be used when RMTS participants are coordinating, conducting, or participating in training events and seminars for outreach staff regarding the benefit of the programs other than the Medicaid program. For example, training may include how to assist families to access the services of education programs, and how to more effectively refer students for those services. Include related paperwork, clerical activities, or staff travel required to perform these activities.

Non-medical/non-Medicaid training can be reported in two ways: As a separate code (Code M) or as an example within one or more non-medical/non-Medicaid activity codes.

1. Participating in or coordinating training that improves the delivery of services for programs other than Medicaid.
2. Participating in or coordinating training that enhances IDEA child find programs.

CODE N. MEDICAL/MEDICAID/DR. DYNASAUR RELATED TRAINING

Appendix – A. Random Moment Time Study Manual

This code should be used when RMTS participants are coordinating, conducting, or participating in training events and seminars for outreach staff regarding the benefits of medical/Medicaid related services, how to assist families to access such services, and how to more effectively refer students for services. Include related paperwork, clerical activities, or staff travel required to perform these activities. Medical/Medicaid training can be reported in two ways: As a separate code (Code N) or as an example within one or more Medical/Medicaid activity codes.

1. Participating in or coordinating training that improves the delivery of medical/Medicaid/Dr. Dynasaur related services.
2. Participating in or coordinating training that enhances early identification, intervention, screening and referral of students with special health needs to such services (e.g., Medicaid/Dr. Dynasaur EPSDT services). (This is distinguished from IDEA child find programs.)
3. Participating in training on administrative requirements related to medical/Medicaid/Dr. Dynasaur services.

CODE O. REFERRAL, COORDINATION, AND MONITORING OF NON-MEDICAID/DR. DYNASAUR SERVICES

This code should be used when RMTS participants are making referrals for, coordinating, and/or monitoring the delivery of non-medical, such as educational services. Include related paperwork, clerical activities or staff travel required to perform these activities.

1. Making referrals for and coordinating access to social and educational services such as child care, employment, job training, and housing.
2. Making referrals for, coordinating, and/or monitoring the delivery of state education agency mandated child health screens (e.g., vision, hearing, and scoliosis).
3. Making referrals for, coordinating, and monitoring the delivery of scholastic, vocational, and other non-health related examinations.
4. Gathering any information that may be required in advance of these non-Medicaid related referrals.
5. Participating in a meeting/discussion to coordinate or review a student's need for scholastic, vocational, and non-health related services not covered by Medicaid.
6. Monitoring and evaluating the non-medical components of the individualized plan as appropriate.

Case Management. Note that case management as an administrative activity involves the facilitation of access and coordination of program services. Such activities may be provided under the term Case Management or may also be referred to as Referral, Coordination, and Monitoring of non-Medicaid Services.

Case management may also be provided as an integral part of the service and would be included in the service cost.

School staff should use this code when making referrals for, coordinating, and/or monitoring the delivery of NON-Medicaid covered services.

CODE P. REFERRAL, COORDINATION, AND MONITORING OF MEDICAID/DR. DYNASAUR SERVICES

Appendix – A. Random Moment Time Study Manual

This code should be used when RMTS participants are making referrals for, coordinating, and/or monitoring the delivery of medical (Medicaid/Dr. Dynasaur covered) services. Referral, coordination and monitoring activities related to services in an IEP are reported in this code. Activities that are part of a direct service are not claimable as an administrative activity. Furthermore, **activities that are an integral part of or an extension of a medical service (e.g., patient follow-up, patient assessment, patient counseling, patient education, patient consultation, billing activities) should be reported under Code F, Direct Medical Services.** Activities related to the development of an IEP should be reported under Code E, School Related and Educational Activities. Include related paperwork, clerical activities, or staff travel necessary to perform these activities.

1. Identifying and referring adolescents who may be in need of Medicaid family planning services.
2. Making referrals for and/or coordinating medical or physical examinations and necessary medical/dental/mental health evaluations.
3. Making referrals for and/or scheduling EPSDT screens, inter-periodic screens, and appropriate immunization, but NOT to include the state-mandated health services.
4. Referring students for necessary medical health, mental health, or substance abuse services covered by Medicaid/Dr. Dynasaur.
5. Arranging for any Medicaid/Dr. Dynasaur covered medical/dental/mental health diagnostic or treatment services that may be required as the result of a specifically identified medical/dental/mental health condition.
6. Gathering any information that may be required in advance of medical/dental/mental health referrals.
7. Participating in a meeting/discussion to coordinate or review a student's needs for health-related services covered by Medicaid/Dr. Dynasaur.
8. Providing follow-up contact to ensure that a child has received the prescribed medical/dental/mental health services covered by Medicaid/Dr. Dynasaur.
9. Coordinating the delivery of community based medical/dental/mental health services for a child with special/severe health care needs.
10. Coordinating the completion of the prescribed services, termination of services, and the referral of the child to other Medicaid/Dr. Dynasaur service providers as may be required to provide continuity of care.
11. Providing information to other staff on the child's related medical/dental/mental health services and plans.
12. Monitoring and evaluating the Medicaid/Dr. Dynasaur service components of the IEP as appropriate.
13. Coordinating medical/dental/mental health service provision with managed care plans as appropriate.

Case Management. Note that case management as an administrative activity involves the facilitation of access and coordination of services covered under the state's Medicaid/Dr. Dynasaur program. Such activities may be provided under the term Administrative Case Management or may also be referred to as Referral, Coordination, and Monitoring of Medicaid Services.

Case management may also be provided as an integral part of a medical service and would be included in the service cost. The state may also cover targeted case management as an optional service under Medicaid/Dr. Dynasaur.

Appendix – A. Random Moment Time Study Manual

School staff should use this code when making referrals for, coordinating, and/or monitoring the delivery of Medicaid/Dr. Dynasaur covered services. Include related paperwork, clerical activities or staff travel required to perform these activities.

CODE Q. GENERAL ADMINISTRATION

This code should be used when RMTS participants are performing activities that are not directly assignable to program activities. Include related paperwork, clerical activities, or staff travel required to perform these activities. Note that certain functions, such as payroll, maintaining inventories, developing budgets, executive direction, etc., are considered overhead and, therefore, are only allowable through the application of an approved indirect cost rate.

Below are typical examples of general administrative activities, but they are not all inclusive.

1. Taking lunch, breaks, leave, or other paid time not at work.
2. Establishing goals and objectives of health-related programs as part of the school's annual or multi-year plan.
3. Reviewing school or district procedures and rules.
4. Attending or facilitating school or unit staff meetings, training, or board meetings.
5. Performing administrative or clerical activities related to general building or district functions or operations.
6. Providing general supervision of staff, including supervision of student teachers or classroom volunteers, and evaluation of employee performance.
7. Reviewing technical literature and research articles.
8. Other general administrative activities of a similar nature as listed above that cannot be specifically identified under other activity
9. Data entry for Vermont School Nurse Report and Immunization Status Report

SECTION V TIME STUDY PARTICIPANTS

Speech/Language Therapist, Assistant or Aide
Occupational Therapist, Assistant or Aide
Physical Therapist Assistant or Aide
School Psychologist
Psychologist
Registered Nurse
Licensed Practical Nurse
Nurse's Aide
Audiologist/Hearing Impaired Specialist
Psychiatrist/Physician
Case Manager
School Adjustment Counselor
School Social Worker
Guidance Counselor
Certified Alcohol Counselors
Student Assistance Professionals (SAPS)
Home School Coordinators
Counselor/Mental Health Practitioner
Substance Abuse Workers
Project Coordinator
Dentist, Dental Hygienist
Special Education Director, Administrators/Assistants
Special Education clerical and technical support Personnel
Pupil Support Services Director, Administrators/Assistants
Pupil Support Services clerical and technical support Personnel
Health Coordinators
Nursing Director, Administrators/Assistants
Nursing clerical and technical support Personnel
Director of Guidance

NOTE School personnel eligible to participate in this program are based on the actual job function that they perform, not on their job title. Individuals who are expected to perform Medicaid related administrative activities should participate in the time study.

SECTION VI RESULTS OF POWER ANALYSIS

VDH will use the following statistical calculation to determine the number of moments required to meet the confidence level statewide. Computations are made using the statistical power analysis program nQuery Advisor 6.0 and are based on the tables by Machin and Campbell, which in turn were generated using the normal approximation to the binomial as described on pages 105-107 in Dixon and Massey. The expression for the sample size n is:

$$n = \left(\frac{Z_{1-\alpha/2}}{\omega} \right)^2 \left[\pi(1-\pi) \right]$$

where ω is the desired $1-\alpha$ interval width, $1-\alpha$ is assumed to be 95%, and π is the assumed true population proportion. The finite population adjusted sample size n_F is obtained by applying a finite population correction:

$$n_F = \frac{nN}{n-1}$$

Appendix – B. Claiming Manual

SECTION I: INTRODUCTION

This manual is a guide to assist supervisory unions (SUs) in the completion of quarterly Medicaid Administrative Claims (MAC). The objective of MAC is to identify costs associated with health-related administrative activities (*not* educational activities) that support Vermont Medicaid, a medical insurer that provides coverage for medical, preventive and/or evaluative services. School health personnel perform a variety of administrative activities that serve to ensure the integrity and delivery of Vermont Medicaid services. In order to capture these costs, a Random Moment Time Study (RMTS) must be completed three times a year. School personnel eligible to participate in the RMTS are identified based on the actual job function that they perform and not by their job title. Individuals who are expected to perform Medicaid-related administrative activities should participate in the time study.

The quarters for which RMTS data shall be submitted are defined as October - December, January - March and April - June. An average of the RMTS data from the previous three quarters will be used for the July - September quarter. The RMTS data, in conjunction with expenditure and cost information, create an administrative claim that is submitted to the federal government for payment.

Appendix – B. Claiming Manual

SECTION II: TERMS AND DEFINITIONS

1. **DOE** - Department of Education.
2. **FFP** - Federal financial participation rate for Administrative costs which, based on the 1115a waiver “Global Commitment to Health,” is the same as the Federal Medical Assistance Percentage (as specified in 42 CFR 433.10).
3. **Fringe benefits** - The cost of actual staff benefits (including health and life insurance, unemployment compensation, Medicare and pension contributions, Workers’ compensation/Injury payments, and other benefits) funded from state/local revenue are eligible for claiming.
4. **General administrative overhead factor** - The total of time spent on administrative activity codes (B, D, H, J, L, N and P) divided by the total worked time (Codes A to P) for each job position grouping. If no allowable administrative activities are performed, no time associated with the administrative overhead factor should be included.
5. **Gross claim** - The summation of claimable salaries and fringe benefits.
6. **LEA** - Local Education Authority.
7. **Medicaid Eligibility Percentage**- The ratio of Medicaid eligible students in the LEA to the number of total students in the LEA.
8. **Net claim** - The product of the gross claim amount multiplied by the appropriate FFP rate.
9. **Salary**- Only that portion of the actual salary or contractual agreement funded by state/local revenue is eligible for claiming during the quarter for which the claim is being submitted.
10. **School-Based Health Services** - Health related services provided by a state or locally funded health professional to students enrolled in public or Special Education schools.
11. **Supervisory Union** – an administrative, planning and public educational service unit created by the State Board of Education under Vermont statute (Title 16) which consists of two or more school districts.

Appendix – B. Claiming Manual

SECTION III: HOW TO COMPLETE THE CLAIM

A) SOURCES OF DATA**1) RANDOM MOMENT TIME STUDY DATA**

- 2) **Summarizing** - Calculate the percentage of time spent on each administrative activity (MAC Activity Codes A-Q as described in the Vermont Department of Health Random Moment Time Study Manual For School-Based Medicaid Administrative Claiming (MAC) Services, July, 2011) in relationship to the total worked time.

3) COST DATA

- Gather actual expenses incurred during the quarter for Time Study Participants (see example). Include personnel information and salary costs for all individuals who were eligible to participate in the RMTS for that quarter and who were included on the participant roster submitted for that quarter. If an individual started working for the SU after the participant roster was submitted, their costs may be included in the claim, and they must be included on the RMTS participant roster for the following quarter.
- For claims for the quarter 7/1 to 9/30, include all participants for whom you have costs and who were included on the participant roster for the RMTS during **any** of the three prior quarters. If an individual started working for the SU after the last RMTS, their costs may be included in the claim and they must be included on the RMTS roster for the following quarter.
 - The claimable expense categories are as follows:
 - Salaries or contractual agreements
 - Fringe benefits
- Restricted federal funding should be deducted from the actual expenses, such that *only state/local funding sources are included in the claim calculations.*

Appendix – B. Claiming Manual

B) CALCULATING THE CLAIM

- 1) Quarterly actual expenses should be allocated to each activity code (A-Q) based upon the results of the quarterly RMTS.
- 2) The Medicaid Eligibility Percentage for the SU should be applied to actual expenses for Transportation-Related Activities in Support of Medicaid/Dr. Dynasaur Covered Services (activity code H), Translation Related to Medicaid/Dr. Dynasaur Covered Services (activity code J), Provider Networking/Program Planning/Interagency Coordination Related to Medical Services (activity code L), Medical/Medicaid/Dr. Dynasaur related Training (activity code N), and Referral, Coordination and Monitoring of Medicaid/Dr. Dynasaur Services (activity code P).
- 3) Actual expenses allocated to General Administration (activity code Q) should be multiplied by the general administrative overhead factor. If no allowable administrative activities are performed, no time associated with the administrative overhead factor should be included.
- 4) The gross cost pool total amount per administrative activity is produced by completing the steps indicated above, and only includes Activity Codes B, D, H, J, L, N, P and Q.
- 5) Multiply the grand total gross claim amount by the appropriate FFP rate to produce the net claim amount.
- 6) No FFP is applicable to actual expenses in Non-Medicaid/Dr. Dynasaur Outreach (activity code A), Facilitating Application for Non-Medicaid/Dr. Dynasaur Programs (activity code C), School Related and Educational Activities (activity code E), Direct Medical Services (activity code F), Transportation for Non-Medicaid/Dr. Dynasaur Services (activity code G), Non-Medicaid/Dr. Dynasaur Translation (activity code I), Program Planning, Policy Development, and Interagency, Coordination Related to Non-Medical Services (activity code K), Non-Medical/Non-Medicaid/Dr. Dynasaur Related Training (activity code M), and Referral, Coordination, and Monitoring of Non-Medicaid/Dr. Dynasaur Services (activity code O).

Appendix – B. Claiming Manual

SECTION IV: CLAIM SUBMISSION REQUIREMENTS

1. The following items are included in the SU's quarterly claim:
 - ✓ Claim Summary Report
 - ✓ Cost Pool Calculation Report
 - ✓ Claim Calculation Report
 - ✓ Time Study Report

Appendix – B. Claiming Manual

Example: Claim Summary Report

Gross Claim Amount		\$26,801.93
Net Claim Amount		\$13,400.97

Example: Cost Pool Calculation Report

	NAME	FTE	Quarterly Salary	Fringe Benefits	Total
	Black, Mary	1.00	\$14,241.90	\$4,907.19	\$19,149.09

Section I. Calendar Request Form

Each year the project coordinator will be requested to complete the form below by **8/1** for the upcoming school year. In addition in March of each year the project coordinator will be requested to update the last day of the school year.

This is the cover email for the form.

Dear MAC Project Coordinator,

In preparation for participation in the RMTS for School-Based Medicaid Administrative Services program in the upcoming 2011-12 school year, schools need to complete the attached “Vermont School Year Calendar Form”. Please submit this form to schoolbasedclaiming@umassmed.edu no later than August 1, 2011.

The form includes pre-populated school staff hours from the previous school year. If the school and/or staff hours have changed, please put the new information in the appropriate section on the form. Please complete all sections of the form. This information is required so the Random Moment Time Study (RMTS) process can accurately select days/times your staff will be working.

If you have any questions or need further clarification, please do not hesitate to contact us at 1-800-535-6741 Option 1 or email us at Schoolbasedclaiming@umassmed.edu.

Thank you,
School-Based Claiming
800 535 6741 Option 1

VERMONT SCHOOL YEAR CALENDAR For 2011-2012

Please complete the following form for your
Supervisory Union and submit **no later than 8/1/11**

School Year:	2011 - 2012

Section II. RMTS Participant List and Template

Forty-five days before the beginning of each RMTS quarter the project coordinator will receive a template populated with the participants from the previous RMTS. The project coordinator needs to update the template and return the updated template no later than 30 days prior to the start of the quarter. Once the pool of moments for the quarter has been created, participants may not be added to the participant roster for that quarter.

Employee ID	Last Name	First Name	Email Address	Job Description	Job Type E or C
-------------	-----------	------------	---------------	-----------------	-----------------

Active Y or N	FFP	FTE	School
---------------	-----	-----	--------

The Project Coordinator will choose the job description from a dropdown that includes:

- School Psychologist
- Psychologist
- Registered Nurse
- Licensed Practical Nurse
- Nurse’s Aide
- Psychiatrist/Physician
- Case Manager
- School Adjustment Counselor
- School Social Worker
- Guidance Counselor

Section IV. Notification and Reminder Emails

RMST participants will receive notification of their moment 3 days prior, 1 hour prior and at the moment. If the moment is not completed they will receive reminder emails 2, 24, 48, 72, and 96 hours after the moment. The wording of those emails is below. The Project Coordinator and School Liaison will be copied on the 96 hour emails.

Welcome Email to New User:**Subject Line:**

Vermont Department of Health – Medicaid Administrative Claiming Login Information

Body Text:

Welcome \$FirstName\$ \$LastName\$,

Appendix – C. Random Moment Time Study Supplemental Training Guide

This confirms your registration in the University of Massachusetts Medical School's Medicaid Administrative Claiming (MAC) system.

In the event you are selected to participate in this quarter's MAC Random Moment Time Study process, you will receive future email notification(s) to that effect.

You will then need the following information to log in and complete your assigned moment(s):

Your user ID is \$UserId\$

Your initial, temporary password: \$Password\$

The website: \$URL\$

IMPORTANT INFORMATION:

1) The user ID and password are case sensitive. Enter them exactly as shown above in upper and lower-case.

2) For security reasons, when you login for the first time, you will be asked to create a new password. Passwords must be at least eight (8) characters long and include both letters and numbers. Once you create your private password, the initial, temporary password becomes invalid.

3) If you forget your password or need a new one, you can reset your password: On the main login screen, click on the "Reset/Forgot Password?" link and follow the instructions.

4) If you would like to review the RMTS process, log in, select "Online Training" from the left navigation, and follow the instructions.

Email / Online Time Study Contact Information:

For further assistance, please e-mail SchoolBasedClaiming@umassmed.edu or call 1-800-535-6741 and press option 1.

Prior RMTS Email Notices

Subject Line 3 days prior:

Vermont Department of Health – 3 day advance notice of MAC RMTS moment

3 days prior Body Text:

Welcome \$FirstName\$ \$LastName\$,

The purpose of this email is to provide a three-day advance notice that you have been selected to participate in the MAC Random Moment Sample Time Study for \$\$SchoolDistrict\$.

Your sample moment in time will occur at \$RMSTime\$.

You will receive one additional reminder, one hour before the time. Once the assigned moment has arrived, you will be able to click the link provided and complete your observation form.

Your User ID, \$UserId\$, will be pre-populated, but you will need your password to access your form.

Here is the link to the site. It is also provided in subsequent reminder emails:

\$URL\$

Thank you for your time and dedication to this important revenue-generating program for your Supervisory Union/School District which will help with efforts to promote health outcomes for children in Vermont.

Email / Online Time Study Contact Information:

For further assistance, please e-mail SchoolBasedClaiming@umassmed.edu or call 1-800-535-6741 and press option 1.

Appendix – C. Random Moment Time Study Supplemental Training Guide

Subject Line 1 hour prior:

Vermont Department of Health – 1 hour advance notice of MAC RMTS moment

1 hour prior Body Text:

Welcome \$FirstName\$ \$LastName\$,

The purpose of this email is to provide a one-hour advance notice that you have been selected to participate in the MAC Random Moment Sample Time Study for \$SchoolDistrict\$.

Your sample moment in time will occur at \$RMSTime\$.

Once the assigned moment has arrived, you will be able to click the link below and complete your observation form. You will also receive a final notification immediately prior to the actual moment assigned to you.

Note that your User ID, \$UserId\$, will be pre-populated, but you will need your password to access your form.

Here is the link to the site, also provided in the final notice that the actual moment has arrived:

\$URL\$

Thank you for your time and dedication to this important revenue-generating program for your Supervisory Union/School District which will help with efforts to promote health outcomes for children in Vermont

Email / Online Time Study Contact Information:

For further assistance, please e-mail SchoolBasedClaiming@umassmed.edu or call 1-800-535-6741 and press option 1.

Appendix – C. Random Moment Time Study Supplemental Training Guide

Subject Line:

Vermont Department of Health – Time to complete your MAC RMTS moment now

Body Text:

Welcome \$FirstName\$ \$LastName\$,

As indicated through prior emails, you have been selected to participate in the Vermont Medicaid Administrative Claiming Random Moment Time Study for \$SchoolDistrict\$.

It is essential that you now take the time to click on the link below and document your activity. This will ensure that your Supervisory Union/School District receives the proper Medicaid Administrative Claiming reimbursement.

Your sample moment in time occurs at \$RMSTime\$. Once your moment is 'active' you will have 5 school days to document your time.

\$URL\$

Note: Your User ID, \$UserId\$, will be pre-populated, but you will need your password to access your form. Click on the 'Reset/Forgot Password?' link on the site if you need to have your password reset.

If you have already completed your moment, you may verify or edit your entry by logging in, and clicking 'Prior Moments'.

Thank you for your time and dedication to this important revenue-generating program for your Supervisory Union/School District which will help with efforts to promote health outcomes for children in Vermont

Email / Online Time Study Contact Information:

For further assistance, please e-mail SchoolBasedClaiming@umassmed.edu or call 1-800-535-6741 and press option 1.

Appendix – C. Random Moment Time Study Supplemental Training Guide

Section V. Moment Statuses and their Definitions

Incomplete: The moment is in the future or the time study participant has not answered the questions and the grace period has not ended.

Incomplete Expired: The time study participant has not answered the questions and the grace period is over.

Manual Incomplete: The time study participant has answered the questions and a coder has not reviewed the answers.

Automapped: The time study participant has answered the questions and the system has assigned an activity code.

Pending 1, 2 & 3: The coder has reviewed the time study participant's answers but needs additional information to accurately code the response.

Pending Expired Three requests for additional information have been sent to the time study participant and the time study participant has not responded.

First Approval: One coder has assigned an activity code to the moment and a second coder has not reviewed the assigned code yet.

Approved: The coder has reviewed the time study participant's answers and assigned an activity code.

Not Paid Time: The time study participant has indicated that they were not scheduled to work at the time of their moment.

Left SD/LOA: A Change of Status form has been received and the moment was put into this category.

Appendix – C. Random Moment Time Study Supplemental Training Guide

Section VI. Change of Status

This form should be completed and submitted when a participant leaves the supervisory union during the quarter or goes on a long term leave of absence.

Vermont Medicaid Administrative Claiming

CHANGE OF STATUS DURING THE QUARTER

In the event that a random moment time study participant leaves the supervisory union/school district permanently or temporarily, or changes jobs and is no longer eligible to complete the time study, the project coordinator for the supervisory union/school district must complete this form, and email it to the School-Based Medicaid Program at the University of Massachusetts.

Supervisory Union/School District Name: _____

Time Study Participant Name: _____ Employee ID:

Temporary Leave of Absence: ____ **OR** Terminated Employment with Supervisory Union ____

Effective Date: _____

Number of generated moments this participant is responsible for that fall after the effective date: _____

Person Filling Out Form: _____ Today's Date:

Title: _____

This form must be submitted within the quarter the change occurs.

Please email completed form to schoolbasedclaiming@umassmed.edu

If you have any questions please email schoolbasedclaiming@umassmed.edu or call 800 535 6741 and select option 1.

***If a time study participant takes a temporary Leave of Absence, they will be included in the next quarters' RMTS participant list and their status should be reviewed prior to submitting the**

Appendix – C. Random Moment Time Study Supplemental Training Guide

list to UMASS. If the time study participant has terminated employment with the Supervisory Union they will be made inactive and not be included in subsequent time studies.

Section VII. Predefined Answers

This list of predefined answers will be displayed so when the participant is completing the moment. If a time study participant does not understand the answers below please instruct him/her to free type in their response.

What were you doing?
Academic, social, vocational counseling to a student
Assisting people in applying for non-Medicaid programs
Assisting people in the Medicaid/Dr. Dynasaur eligibility process
Completing an evaluation including testing, assessment and paperwork regarding educational issues.
Completing an evaluation including testing, assessment and paperwork regarding health issues
Providing Direct Medical Services
IEP Meeting or development
Informing people about Medicaid/Dr. Dynasaur, and how to access the program, and health resources available through the Medicaid program
Informing people about non-Medicaid programs and how to access them, and the health resources available through these non-Medicaid resources.
Lunch or Break Time
Making notes following the delivery of medical services to a student
Making referrals for and/or coordinating access to social and educational services
Making referrals for and/or coordinating medical or physical examinations and necessary medical/dental/mental health evaluations/assessment - when this is not an integral part of a direct medical service.
Not Scheduled to work - non paid time
School closed due to inclement weather
Sick, personal or vacation time - paid time off
Supervising students (bus, lunch or hall duty)
Teaching an academic subject
Training/professional development to improve/enhance the curriculum or academic instruction.
Training/professional development to improve/enhance the delivery of health services to students.
Who were you with? Please do not use actual names.
Alone
Alone - telephone conversation
Not Applicable
Parents/Guardians
School Staff
School staff and parents/guardians

Appendix – C. Random Moment Time Study Supplemental Training Guide

Student(s)

Students and School Staff

Why were you performing this activity?

Administrative Task

Correct or ameliorate a medical condition

Crisis Management - Health related issue

Crisis Management - Non-Health related issue

Determine student's eligibility for related services

Educational Requirement

Improve health services for students

Not Applicable

Parent request

Part of job duties and requirements

Prescribed in IEP

Provide information regarding educational status or progress toward academic goals

Provide information regarding status or progress toward goals for health related services (OT, PT, Speech, Vision, Audiology)

Supervising Staff

Supervision of students

Section VIII. RMTS Compliance Reports

1. RMTS Participant Moment by Date: This report lists all moments for a specific date range within the quarter by the individual Provider. It allows school Time Study Coordinators to monitor the status of moments during a specified time. It would be used to send reminders to time study participants. It includes the time study participant's name, employee ID number, job description, job code, email, school district, school (if available), the date and time of the moment, the date and time of the end of the grace period and the status of the moment.
2. RMTS Participant Moments Completed: This report lists details of moments the time study participant has completed. It allows Time Study Coordinators to know which time study participants have successfully answered the questions for their assigned moment in a timely fashion. It includes the time study participant's name, employee ID number, job description, job code, email, school district, school, if available, the date and time of the moment, the date and time of the end of the grace period and the status of the moment.

Appendix – C. Random Moment Time Study Supplemental Training Guide

3. **RMTS Participant Moment Not Completed:** This report lists details of moments the time study participant has not completed. It allows Time Study Coordinators to know which time study participants have not answered the questions for their assigned moment so they can send additional reminders. It includes the time study participant's name, employee ID number, job description, job code, email, school district, school (if available), the date and time of the moment, the date and time of the end of the grace period and the status of the moment.
4. **RMTS Compliance Status Report:** This report shows details of how many moments each job group has during the quarter and how many are completed. It allows Time Study Coordinators to monitor in aggregate how many moments have occurred, how many are completed and the percentage of completed moments to total quarterly moments. For each job group it includes Total Number of Moments for quarter, Number of Moments occurred to date, Number of Moments completed to date, Number of Moments not completed and expired, Number of Moments not completed and not expired, and Number of Moments Completed to date/Total Number of Moments for quarter.

The following steps outline the process for accessing and using the compliance reports:

Step 1: Click on the left navigation bar 'Reports.'

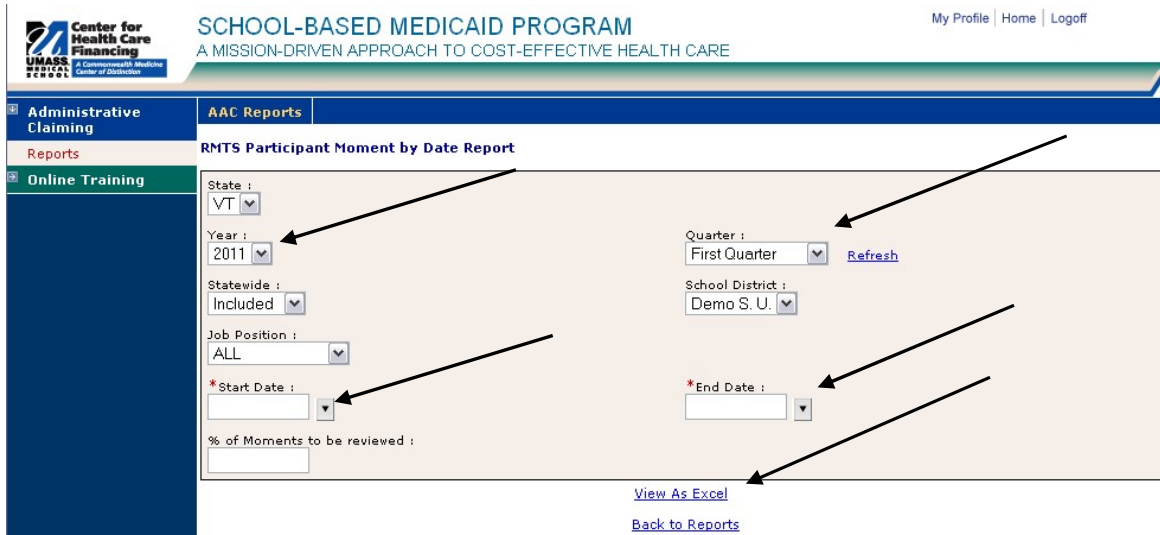

The screenshot shows a web browser window with the URL 'SCHOOL-BASED MEDICAID PROGRAM'. The page features a navigation menu on the left with the following items: Administrative Claiming, Random Moments, Reports, and Online Training. The 'Reports' item is highlighted. The main content area displays the 'Random Moment Time Study' report, which includes a welcome message and instructions on how to view or edit prior moments. A box highlights the 'Active Moments' and 'Prior Moments' tabs, with a message stating: 'You have no active moments to complete at this time. If you need to revise a previously documented moment, you may do so by clicking on the "Prior Moments" tab above. Please Note: A prior moment may only be revised during the acceptable grace period for that moment. The Grace Period for completing or revising your activity is 10 day(s) from the Moment time.'

Step 2: Click on the name of the report you wish to view or print.

Appendix – C. Random Moment Time Study Supplemental Training Guide

Step3: Select quarter and year and click on refresh. Enter date range, then click on 'View as excel.' Note: The system defaults to the current quarter and year.

Select Training Documents Viewed Report

Appendix – C. Random Moment Time Study Supplemental Training Guide

Training Documents Viewed Report = shows all the time study participants who went into the online training and viewed the online training. It may include duplicate names; the report captures all activity from the user.

Training Summary Exception Report = shows all the time study participants who did not go in and view the online training.

The screenshot shows a web interface for the 'Training Documents Viewed Report'. It includes a 'Training Summary' header, a title bar, and a filter section with fields for State (VT), School District (Addison Central S. U.), Name (ALL), Start Date, End Date, and Training Material (ALL). A box labeled '4.' points to the 'School District' dropdown menu. Below the filter section are links for 'View As Excel' and 'Back to Reports'.

Once you selected the VIEWED report:

4. Select a school district by using the drop down menu. Only the SU/SD you are responsible for will appear.

This screenshot shows the same web interface as above, but with the 'School District' dropdown menu open. The menu lists various school districts, including Addison Central S. U., Addison Northeast S. U., Addison Northwest S. U., Addison Rutland S. U., Barre S. U., Battenkill Valley S. U., Bennington Rutland S. U., Blue Mountain S. U., Burlington S. U., Caledonia Central S. U., Caledonia North S. U., Chittenden Central S. U., Chittenden East S. U., Chittenden South S. U., Colchester S. U., Essex Caledonia S. U., Essex North S. U., Essex Town S. U., Franklin Central S. U., and Franklin Northeast S. U. The 'Back to Reports' link is visible below the dropdown menu.

Appendix – C. Random Moment Time Study Supplemental Training Guide

The screenshot shows a web interface for generating a report. At the top, there is a blue header with 'Training Summary' and 'Training Documents Viewed Report'. Below this is a form with several fields: 'State' (VT), 'School District' (Addison Central S. U.), 'Name' (ALL), 'Start Date', and 'End Date'. A 'Training Material' dropdown menu is open, showing options: 'ALL', 'VT - Understanding RMTS', and 'VT - Completing RMTS'. Below the form are two links: 'View As Excel' and 'Back to Reports'. Three numbered callouts are present: '5.' points to the date fields, '6.' points to the 'Training Material' dropdown, and '7.' points to the 'View As Excel' link.

5. Input the start and end dates is OPTIONAL – you may select dates or you may leave it blank

6. Select 'Training Material' which displays the online trainings available.

7. Click 'View as Excel'

Click OPEN when the Excel message appears

Below is a sample report. It will include which staff logged into the system, what they viewed and when.

State : VT

Appendix – D. Vermont RMTS Oversight and Monitoring Plan

VERMONT RMTS OVERSIGHT AND MONITORING PLAN

Oversight and Monitoring

This plan for Vermont’s Medicaid Administrative Claiming Program is designed to reflect the federal guidelines for required oversight and monitoring of administrative claiming programs. As required, oversight and monitoring occurs at both the claiming unit and State level.

State Level Oversight and Monitoring

The Vermont Department of Health (**VDH**) is the state entity charged with performing appropriate oversight and monitoring of the Random Moment Time Study (**RMTS**) and Vermont’s Medicaid Administrative Claiming (**MAC**) program to ensure compliance with state and federal guidelines. The state has written agreements, which clearly state the responsibilities for all parties, with all participating claiming units. The Claiming Unit in Vermont is a Supervisory Union (**SU**), the entity legally authorized to represent individual schools and school districts. Agreements are signed annually with VDH in order to participate in our MAC program. VDH School Liaisons, based in each of 12 VDH District Offices, work with the SUs locally to assure timely completion and submission of agreements, and will act as a conduit at the local level for communicating information to and from the SU.

VDH monitors and reviews the following components of Vermont’s MAC program. The areas of review include, but are not limited to:

- **Participant List / Roster:** (ensure only eligible categories of staff are reported on the participant list based on the approved RMTS categories in the implementation plan)

VDH School Liaisons (**Liaisons**) work closely with SUs to assure proper completion and submission of the participant rosters each quarter, and that only eligible categories of staff are reported on the participant list based on the approved RMTS categories in the implementation plan. The contractor working with VDH and the SUs is currently the University of Massachusetts Medical School through its Center for Health Care Financing (**UMASS**). Liaisons monitor communication regarding roster submission between the SU and UMASS, monitor locally for timely completion and submission of these rosters, and educate the SUs on the importance of timely and accurate submission. The following guidance is provided in Vermont’s *RMTS Manual*: Each SU participating in the MAC program must provide a list of personnel who provide Medicaid administrative activities at the beginning of the school year, with quarterly

Appendix – D. Vermont RMTS Oversight and Monitoring Plan

updates. School personnel eligible to participate in the RMTS are based on the actual function that they perform rather than their job title, and individuals who are expected to perform Medicaid related administrative activities should participate in the time study. The information on these rosters includes the individual's name, job position, FTE, federally funded percentage, and ID number. Participants include salaried and contracted personnel, and full and part-time personnel. Staff is excluded from the cost pool and RMTS pool if they are reimbursed 100% by federal funds; the pool of RMTS participant positions from which RMTS moments are randomly assigned, is the same pool of participant positions included in the quarterly claim calculations for administrative services (with the exception of new hires that will be participating in subsequent RMTS').

Liaisons assist by answering questions locally if further guidance is needed related to eligible participants.

Each SU identifies a **Project Coordinator** who is familiar with preventive health services and the school's Coordinated School Health Program. The Project Coordinator works closely with the School Liaisons, as well as all appropriate SU business office personnel, to assure that all appropriate staff is trained and participating in the MAC processes. The SU Project Coordinators complete the RMTS participant templates.

- **RMTS Time Study**: (sampling methodology, the sample, and time study results)

VDH monitors the **sampling methodology** implemented by UMASS, which was designed to achieve a level of precision of +/- 2% with a 95% confidence level for activities. Once compiled, the statewide time study pool is sampled to identify participants in the RMTS. The participant **sample** is selected from the statewide RMTS pool using a statistically valid random sampling technique. Using a statistically valid random sampling technique, a desired number of random moments is also selected, and each randomly selected moment is matched up with an individual from the total pool of participants.

Results: to ensure that enough moments are received to have a statistically valid sample, VDH will over-sample by 15%. If the statewide response rate does not reach 85% for a given quarter, all moments for which there is no response are treated as non-Medicaid activities. Every School-Based Medicaid Provider (SU) whose response rate was lower than 85% in a given quarter will receive a notification from VDH. If the statewide response rate does not reach 85% in a

Appendix – D. Vermont RMTS Oversight and Monitoring Plan

given quarter, SUs who had received a notification letter within the last two years and whose response rate was lower than 85% in that quarter may be unable to claim reimbursement for that quarter. VDH reserves the right to grant exceptions to this rule on claiming prohibitions for individual SUs in instances of extreme unforeseen circumstances, such as a natural disaster, on a case-by-case basis. If a School-Based Medicaid Provider repeatedly has a response rate lower than 85%, VDH may impose sanctions. Possible sanctions may include, but are not limited to, conducting more frequent monitoring reviews, imposing a corrective action plan and reducing or eliminating the providers claimed portion of the FFP distribution amount. If the statewide response rate reaches or exceeds 85%, all non-responses will be discarded. A series of management reports is available in real time to monitor participation; all reports are accessible by each SU's Project Coordinator and VDH School Liaison. UMASS is responsible for tabulating the results from the online time studies. All coded responses are included in tabulating results.

- **RMTS Central Coding:** (review at a minimum a 5% sample per quarter of the completed coding)

Each quarter, UMASS randomly selects a 5% sample of the manually coded responses for validation by VDH. The validation consists of reviewing the participant responses and the corresponding code assigned by UMASS Central Coding Staff to determine if the coding was accurate. VDH reviews the results and independently codes the activity and compares it to the MAC activity recorded by the original coder. VDH communicates validation results to UMASS and requires them to submit a corrective action plan if there is a variance.

- **Training:** (compliance with training requirements: program contact, central coder and SU staff)

Program contacts: UMASS provides VDH **program contacts** with a handbook outlining the RMTS process, including an overview of the RMTS software system and information on how to access and input information into the system. Liaisons are required to view the same online training modules created by UMASS for RMTS participant training; content includes understanding the purpose of the RMTS and how to complete the RMTS, the timeframes and deadlines for participation, and the importance of their role in the success of the program.

Central Coders are employed and trained by UMASS, with additional training by VDH as needed.

Appendix – D. Vermont RMTS Oversight and Monitoring Plan

Claiming Unit staff: (SU) RMTS participants and Project Coordinators are also trained on understanding the purpose of the RMTS, and how to complete the RMTS, through the use of online training instructions. Such instruction includes selecting answers from the list of predefined responses, entering a written response, understanding the response deadline, and certifying and saving responses. Since RMTS participants are not selecting MAC activity codes, the training is focused on program requirements and the completion of the RMTS survey. Project Coordinators are also required to review the UMASS handbook outlining the RMTS process, an overview of the RMTS software system and information on how to access and input information into the system. Instructions for monitoring training completion are provided in the *Supplemental Training Guide* (or Handbook), which includes instructions on “Running RMTS Online Training Summary Reports.” This allows Liaisons and Project Coordinators the ability to determine who has completed the online training modules.

- **Financial Reporting:** (costs are only reported for eligible cost categories and meet reporting requirements)

Each quarter the claiming unit must submit a signed Cost Report form to VDH which includes the following statement: “Funds for all expenditures reported here are State or local public funds, and do not include any Federal Funds.” They indicate the quarter and fiscal year on this form and may not sign the form before the last day of the quarter indicated. These reports are only sent to VDH. In addition, Liaisons coordinate with the SUs to assure that Salary and Fringe Benefit Reports are received by the appropriate staff in the SU and are submitted to UMASS in a timely manner. Liaisons include discussion on how failure to submit the appropriate financial reports will result in delays in claims calculations and reimbursement. Salary and Fringe Benefit Reports include personnel information and salary costs for all individuals who were eligible to participate in the RMTS for that quarter and who were included on the participant roster submitted for that quarter. Restricted federal funding is deducted from the actual expenses, such that only state/local funding sources are included in the claim calculations.

Frequency

All claiming units are monitored periodically throughout each school year to assist the SUs in maintaining compliance throughout each quarter and assist with reducing barriers to successful RMTS participation. Any discrepancies revealed during these reviews are addressed with the claiming units. Claiming units are required to fully cooperate in providing information and access to necessary staff in a timely manner to facilitate these efforts. Claiming units that do not fully cooperate in the review process would be subject to sanctions.

Appendix – D. Vermont RMTS Oversight and Monitoring Plan

VDH Liaisons are instructed in, and responsible for, running reports for monitoring moment completion and compliance. Vermont has been very successful in maintaining a high compliance rate. Liaisons and SU Project Coordinators are copied on the 72 and 96- hour reminder emails that participants receive to further assure compliance.

UMASS also assists in assuring compliance throughout the quarter by sending compliance reports to VDH Central Office staff. If an SU is at or below the compliance threshold of 85% within one of these reports, the Central Office staff notifies the local Liaison that works with this SU and requests that they make contact with the Project Coordinator to identify underlying issues that need to be addressed or remind the participant to respond prior to the deadline for moment submission.

In addition to the monitoring described above, Claims are also compared to prior quarters for consistency. Any significant variations from historical trending are communicated to the claiming units for explanation of the variance. Furthermore, UMASS also conducts ongoing review by providing continuous monitoring of incoming data (prior to claim submission to VDH) to assure that all data is complete, to check for extremely high salaries, to assure that fringe benefits have not been included for contractors, to compare Medicaid eligibility percentage to prior year's, and to review staff included in claims and confirm that they should be included.

VDH is in constant communication with the contractor to discuss any issues that may arise. VDH also schedules and participates in regular meetings and conference calls with the contractor to discuss time study trends, the 85% compliance level, coding and any other MAC or RMTS issues.

Remedial Actions

The State will pursue remedial action for claiming units that fail to meet program requirements or fail to correct problems identified during review. Examples of actions that will cause implementation of sanctions include, but are not limited to:

- **Participant Roster:** If the participant roster is not submitted within the timeframe as described in the implementation guide, the SU will not have its participants included in the pool of participants from which moments are randomly assigned. If they are unable to be randomly assigned a moment, then the time study results cannot be applied towards their cost data, and the SU cannot have a claim calculated, and they will not be reimbursed.
- **Salary and Fringe Benefit Report:** If the SU does not submit their correctly completed Salary and Fringe Benefit Report back to UMASS within one month

Appendix – D. Vermont RMTS Oversight and Monitoring Plan

of the end of the quarter, their claim will not be calculated for the related quarter, and they will not receive a reimbursement for their MAC activities within the normal timeframe. The claim will be calculated at the same time as the following quarter claim if all delinquent Salary and Fringe Benefit Report information has been provided.

- **Cost Report:** If the SU does not submit their correctly completed Cost Report (as described above) back to VDH within one month of the end of the quarter, their claim will be delayed for the related quarter, and they may not receive a reimbursement for their MAC activities within the normal timeframe. If not received within 90 days of the end of the quarter, their claim will not be processed by VDH until claims are processed the following quarter, assuming they have submitted the completed cost report for the delinquent quarter.

- **Compliance:** If the statewide time studies do not reach a compliance of at least 85% for a given quarter, all moments for which there is no response are treated as non-Medicaid activities. Every SU whose response rate is lower than 85% in a given quarter will be notified by VDH. If the statewide response rate does not reach 85% in a given quarter, SUs who had received a notification letter within the last two years and whose response rate was lower than 85% in that quarter may be unable to claim reimbursement for that quarter. VDH reserves the right to grant exceptions to this rule on claiming prohibitions for individual SUs in instances of extreme unforeseen circumstances, such as a natural disaster, on a case-by-case basis. If an SU repeatedly has a response rate lower than 85%, VDH may impose sanctions. Possible sanctions may include, but are not limited to, conducting more frequent monitoring reviews, imposing a corrective action plan and reducing or eliminating the providers claimed portion of the FFP distribution amount.
 - **School Liaisons and Project Coordinators:** The Supplemental Training Guide (a.k.a. handbook) includes instructions on how to run reports for monitoring moment completion and compliance; Liaisons include this as part of their local instruction and monitor these reports periodically to assist the SUs in maintaining compliance throughout the quarter and problem solving barriers to participation. Vermont has been very successful in maintaining a high compliance rate since implementation of the RMTS process. To further assure compliance, the School Liaison

Appendix – D. Vermont RMTS Oversight and Monitoring Plan

and Project Coordinator is copied on the 72 and 96 hour reminder emails that go to the participants as described in the RMTS Time Study section above.

- **UMASS:** UMASS also assists in maintaining compliance throughout the quarter by sending compliance reports to VDH Central Office staff. If an SU is at or below the compliance threshold of 85% within one of these reports, the Central Office staff notifies the local Liaison that works with this SU, and requests that they make contact with the Project Coordinator to identify underlying issues that need to be addressed, or reminds the participant to respond prior to the deadline for moment submission.

CONTRACTOR LEVEL OVERSIGHT and MONITORING

- **Training:** The UMASS program provides reports to support monitoring to ensure that all SU participants have completed required training in order to participate in RMTS. Actual review of compliance is done by the SU Project Coordinators, with support from the Liaisons as described above.
- **Compliance rate:** See “Compliance” under the “Remedial Action” section above. SU Project Coordinators are trained to understand the critical nature of the response rate and their responsibility in the event of non-compliance.
- **Roster Updates:** UMASS prepares roster updates, and emails them to SU Project Coordinators. UMASS receives updated rosters in return, and review and perform quality checks on these. UMASS then uploads individual SU rosters into their database with all other participating SUs.
- **Time Study Tasks:** UMASS randomly selects time study participants from the database as discussed in the “RMTS Time Study” section above. Project Coordinators at the SU are able to run reports each quarter, indicating who has been assigned random moments for the quarter, who has completed their random moments, and who has not completed their random moments. Instructions for running these reports are included in the Supplemental Training Guide as described in the “Compliance” section above. The Liaisons also have the ability to access

Appendix – D. Vermont RMTS Oversight and Monitoring Plan

these reports and assist the Project Coordinator as needed. Each participant selected receives notification emails three (3) days prior, one (1) hour prior, and at the time of the moment for which they have been selected. If the participant does not enter their response at the time of the selected moment, reminder emails are sent two (2) hours, 24 hours, 48 hours, 72 hours, and 96 hours after the selected moment until the random moment is completed. After five (5) school days the participant is no longer able to enter or edit data for the selected moment. To further assure compliance, the Liaison and Project Coordinator are copied on the 72 and 96 hour reminder emails that go to the participants so they can follow-up with the participant. The UMASS system automatically codes all responses when predefined answers are selected for the RMTS questions from provided drop-down menus, and the combination of predefined answers for the three questions indicate a response that is consistent with an activity code. However, time study participants also have the option to write their own free-text answers to the questions. If the time study participant chooses to write in an answer for any question, a Central Coder employed by UMASS is responsible for coding the response. The Central Coder follows up directly with any time study participant whose response(s) does not provide enough information to accurately code the moment. Once the additional information is obtained, a code is assigned. If additional information is not submitted, the moment is not included in the calculation of the activity code percentages, and is counted as a non response. Staff from the VDH reviews a 5% sample of coded responses each quarter to ensure appropriate coding. Data gathered from the quarterly RMTS is applied to the claims calculations for the quarter as described in Vermont's *Claiming Manual*.

- **Financial Tasks:** UMASS prepares the quarterly Salary and Fringe Benefit Report template and sends them to the designated financial contact at the SU. The Liaisons meet with the recipient of the Salary and Fringe Benefit Reports (usually the SU's Business Manager) which is sent to the SU via email from UMASS. The Liaisons review the financial reporting requirements with the SUs then, and as needed. Instructions for completing the Salary and Fringe Benefit Report are included in the template sent from UMASS. Once completed, the SU submits the completed report back to UMASS as described in the "Remedial Actions" section above. Once received, UMASS performs quality checks on the report to identify any potential errors as described in the "Frequency" section above. If necessary, UMASS will contact the SU for any revisions. Once all necessary elements of a claim are compiled, UMASS calculates the SU's claim as described in Vermont's *Claiming Manual*. The results of the claims for all participating SU's are compiled into

Appendix – D. Vermont RMTS Oversight and Monitoring Plan

electronic and hardcopy reports and submitted to VDH for processing the payments to the SUs. At the same time that the Salary and Fringe Benefit Report is being completed for the SU, the SU also completes a Cost Report on which the following statement is included: “Funds for all expenditures reported here are State or local public funds, and do not include any Federal Funds.” These Cost Reports are signed and submitted to VDH. Once both the claim calculation results and Cost Report are received by Central Office VDH staff, the claim payments are processed and sent to the SU along with a copy of the Cost Report which includes the claim results.

- **Miscellaneous Tasks:** VDH is in constant communication with the UMASS to discuss any issues that may arise, and schedules and participates in regular meetings and/or conference calls with UMASS to discuss time study trends, the 85% compliance level, coding and any other MAC or RMTS issues. UMASS answers general questions from the SUs throughout the quarter. UMASS receives the Medicaid Eligibility Percentage from VDH for use in claims calculations, as described in Vermont’s *Claiming Manual*. Once all necessary data elements are gathered for the quarter, UMASS prepares the claim and submits the results for the quarter to VDH within 60 days of the quarter ending. In addition to the electronic copy sent to VDH summarizing the claims calculations for the quarter, UMASS sends VDH hard copies of each SU’s claim calculation, as described in the “Financial Tasks” section above. Once VDH has processed the claim for payment to the SU, VDH will send the SU a copy of the Cost Report which includes the claims results.

Local CLAIMING UNIT Level Oversight and Monitoring

Each SU participating in the MAC program is responsible for appropriate oversight and monitoring actions that ensure compliance with program requirements. As specified in agreements between VDH and participating SUs, actions must be taken to ensure, at a minimum, that:

- The time study is performed correctly by requiring all participants, Project Coordinators, and Liaisons to take the online training modules as discussed in the training sections above.

Appendix – D. Vermont RMTS Oversight and Monitoring Plan

- The time study results are valid, by requiring participants to review their answers and click on the box stating, “I certify that the answers submitted are accurate and complete,” as discussed in Vermont’s *RMTS Manual*.
- The financial data submitted is true and correct, by following instructions provided on the Salary and Fringe Benefit report template, and by completing the Cost Report for VDH indicating, “Funds for all expenditures reported here are State or local public funds, and do not include any Federal Funds.”
- RMTS training requirements are met though the monitoring describe in the Training sections above.
- Appropriate documentation is maintained to support the time study and the claim to ensure the availability of documentation required in the event of an audit, by retaining all appropriate records and documents for five years after the claim revision or, if an audit is in process, five years after the completion of the audit. This includes copies of the position descriptions of each SU employee participating in MAC.

Required Personnel: Each SU must identify a school Project Coordinator who is familiar with preventive health services and the school’s Coordinated School Health Program. The Project Coordinator is responsible for oversight of the operation of the agreement between VDH and the SU and works in a collaborative manner with VDH personnel, including the Liaison, to achieve the objectives of this agreement.

The SU must also designate a contact for the financial reporting requirements associated with preparation of a claim. This is typically the SU Business Manager, whom might also be the Project Coordinator if appropriate.

DEPARTMENT OF HEALTH & HUMAN SERVICES
Centers for Medicare & Medicaid Services
Boston Regional Office
JFK Federal Building, Government Center, Room 2275
Boston, Massachusetts 02203

Division of Medicaid and Children's Health Operations/Boston Regional Office

May 16, 2013

Mr. Douglas A. Racine, Secretary
Agency of Human Services
208 Hurricane Lane, Suite 103
Williston, Vermont 05495

Dear Mr. Racine:

I am pleased to inform you that the Centers for Medicare & Medicaid Services (CMS) has completed its review of the Vermont Department of Health's (VDH) proposed Medicaid school-based administrative claiming plan, composed of the following documents: "VDH Claiming Manual," "VDH Random Moment Time Study Manual," and "VDH School-Based Medicaid Program Implementation Guide for the Statewide Random Moment Time Study (RMTS)." The proposed Medicaid school-based claiming plan is approved for use in developing Medicaid administrative claims for school-based expenditures, effective with the date of this letter, subject to the conditions stipulated below.

The conditions of this approval are:

- 1) In accordance with 45 Code of Federal Regulation (CFR) 95.507 (b) (6), the State of Vermont (the state) will submit an amendment to its cost allocation plan (CAP) to the Division of Cost Allocation, referencing the methodology approved herein;
- 2) The state agrees that any regulations or national guidelines issued by CMS, relating to the use of time study codes, methodologies for conducting time studies or other elements of claims for administrative activities, will be promptly incorporated into its program on a prospective basis;
- 3) The state agrees to provide an opportunity for CMS to review any forms and/or documents that are subsequently developed or modified for use by this program, prior to modification or execution;
- 4) The state agrees to monitor the overall implementation process including, but not limited to, review of training materials, observation of training, and the overall RMTS process. The state will review and verify all claims submitted;
- 5) The state agrees to monitor the time study to assure proper use of the time study activity codes by the designated coder and proper application of the random moment methodology;

- 6) The state agrees to provide summary reports to the CMS Regional and Central Offices detailing the results and issues/concerns identified in the monitoring process on a quarterly basis. The state, in the quarterly summary report, should include data on the number of RMTS moments, statistical validity, the contractual staff, and the services and/or administrative activities performed;
- 7) The state agrees to provide oversight of any outside entity contracted to operate or monitor the time study process;
- 8) The state agrees to submit any changes to the approved plan to CMS for review and approval prior to implementation;
- 9) The state agrees that any costs claimed under the approved program are subject to review or audit; and
- 10) The state agrees to monitor the time study to assure proper use of the RMTS activity codes and proper application of the methodology designated in this Plan.

This approval letter does not relieve the state of its responsibility to comply with changes in federal laws and regulations. The state should ensure that claims for federal funding are consistent with all applicable requirements.

CMS appreciates the work and time your staff devoted to developing the time study methodology.

If you have any questions about this conditional approval letter, please call me or have your staff contact Arthur Douglas at 603-271-4200.

Sincerely,

Richard R. McGreal
Associate Regional Administrator

HAEEU Time Study – Training Materials

The random moment time study (RMTS) is a survey process that includes all the activities performed by the Economic Services Division (ESD), Health Access Eligibility and Enrollment Unit (HAEEU) workers within DVHA. The time study began on July 1, 2015. Participating staff are those who support multiple programs administered by DVHA in HAEEU. Based on these observations, the total effort of a group of employees is determined with a high degree of confidence that approximates the same results as having observed employees for 100% of their time at work. The results of the RMTS are used in the quarterly cost allocation plan (CAP) to allocate department costs to reimbursable and non-reimbursable areas. This level of detail is required for DVHA to participate in federal claiming efforts.

The RMTS must be conducted on a continuous basis to support quarterly claiming efforts.

We thank participants in advance for their time and cooperation. Please direct all questions to either Public Consulting Group, Inc. (PCG) at ytdvhahaue@pcgus.com or DVHA at AHS.DCFHAEUSupervisor@vermont.gov. Participants may also call the PCG hotline at 866-912-2984.

How to Complete the Random Moment Time Study

Participants receive an e-mail that directs them to a website via a web link. Participants log in to the system and then answer several different questions. Depending on the answers to the questions, they select from a list of individual activity and program codes that fall under their subsequent programs.

After answering all of the questions provided, the user selects a Submit button to respond to the survey. The surveys must be completed within 72 hours. Participants receive a reminder e-mail 24 hours and 48 hours after each moment if the survey has not yet been completed. If a participant is working on a case, the worker is asked to provide the client's contact ID from VHC or UID from ACCESS as a unique case identifier.

The RMTS is mandatory and must be completed in a timely manner. Every survey that is assigned must be completed! Moments stay 'live' in the system for 72 hours so if a participant is on leave for a short time, they must still complete the moment upon their return.

Root Questions

The following describes each of the activities available to RMTS participants. Activities performed and programs administered on behalf of the client are described below. The RMTS is a decision-tree based process whereby the response provided to each question determines what the subsequent question is. *Please note that meetings, phone calls, e-mails, filing, driving, service requests, and similar other administrative tasks should be tied to the activity that they are in support of; these are not general administrative activities unless they are truly not tied to a case.*

The first question a participant is asked when completing the time study is: Were you working on a Case or on behalf of a current or potential customer at the time of your moment?

The participant responds Yes or No.

If the participant selects “Yes”, the second question asks: Which eligibility system were you working in at the time of your moment?

The participants responds “Vermont Health Connect (VHC)” or “ACCESS”. After selecting one of the two responses, the participant is asked to identify their activity. Of the “Case Specific Activity Codes”, only certain activities are available for selection in the RMTS system when the worker selects VHC or ACCESS. Please refer to the table following the “Case Specific Activity Codes” section for a crosswalk.

Participants are also asked to provide a Case Identifier. In VHC, this is the Contact ID; in ACCESS, this is the UID.

If the participant selects “No”, the participant is asked to choose from a “Non-Case Specific Activity” or “Non-Work Related Activity”).

Case Specific Activity Codes

Please select the case-specific activity you are performing in the eligibility system at the time of your moment.

1. Collection, Review, and Reconciliation of Application and Data

This activity includes conducting interviews, preliminary review of application forms, verification of documents, data entry, and documenting application/data in VHC or ACCESS. Any other related work that can be conducted in the office, in the field, by mail, or by telephone should also be coded here, including receiving information from others who may be filling out or compiling application on behalf of the client. This activity should only be selected if the worker is physically performing these activities, or related administrative tasks, within the VHC or ACCESS system.

2. Processing Change of Circumstances and/or Updating a Case

This activity should be selected when (documenting case notes or) processing a change of circumstance to the case (in a client record). Related to factors such as changes in employment status or number of children, supporting an audit request/case read by rerunning/correcting budgets or producing documents missing from the file, reviewing or performing a case read for accuracy, splitting a case, processing over/under payments (performing QA variances), or cleaning up the case file. This activity also includes generating notification letters and printing/copying and/or mailing notification letters to clients. This activity should only be selected if the worker is physically performing these activities, or related administrative tasks, within the VHC or ACCESS system.

3. Issuing Eligibility Notices to Customers

This activity should be selected when generating or printing eligibility notices to send to clients, including using the manual notification tool (MNT). This includes annual review (per year requests), term letters, denial letters, or a letter request for more information. This activity should only be selected if the worker is physically performing these activities, or related administrative tasks, within the VHC or ACCESS system.

4. On-going Case Reviews or Renewals

This activity includes reviewing case records, scheduling and conducting client interviews for renewal purposes, verifying documents, answering verification requests, data entry for eligibility renewal purposes, completing necessary online forms for eligibility reviews and renewals, and discussing eligibility review and renewal with a client or a DVHA case participant. This activity can be completed when the client is present or on the telephone. This activity should only be selected if the worker is physically performing these activities, or related administrative tasks, within the VHC or ACCESS system.

5. Processing Cases for Eligibility Determinations

This activity includes scheduling and conducting client intake, reviewing case records, verifying documents, answering verification requests, preparing calculation entries or computations, data entry for eligibility purposes, completing necessary online forms to determine eligibility, and discussing eligibility determination requirements with a client or a DVHA case participant. This activity can be completed when the client is present or on the telephone. This activity should only be selected if the worker is physically performing these activities, or related administrative tasks, within the VHC or ACCESS system.

6. Customer Service and E-mail/Portal Response Processing related to Eligibility Determination Issues

This activity should be selected when reviewing or responding to client's comments and questions via phone or e-mail/ helpdesk portal. This includes time spent researching and reviewing the client's case, as well as researching policy regarding eligibility to make clear to the client what they qualify for. This activity can be completed when the client is on the telephone, through e-mail, or through the VHC portal inbox. This activity should only be selected if the worker is physically performing these activities, or related administrative tasks, within the VHC or ACCESS system.

7. Customer Service Response Processing related to General Processing Issues (not related to Eligibility Determinations)

This activity should be selected when reviewing or responding to client's comments and questions. This includes time spent researching and reviewing the client's case, answering questions related to premium processing, reconciling payment discrepancies, as well as researching policy specific to the question or concern being dealt with. This activity can be completed when the client is on the telephone, or through e-mail. Meetings, phone calls, e-mails, filing, driving, mailing, contact with case managers, service requests, and other similar administrative tasks associated with this activity should also be coded here.

8. Documenting, Initiating, Answering Case-related Questions for, or Testifying about Appeals (for the Appeals Unit to Process)

This activity involves responding to fair hearing requests, meeting with the client for pre-hearing conferences, attending administrative hearings, testifying at administrative hearings, attending an appeals case, or preparing pre-process or post-hearing paperwork or other documentation for any of these scenarios, including the 113 report. Meetings, phone calls, e-mails, filing, driving, mailing, contact with case managers, service requests, and other similar administrative tasks associated with this activity should also be coded here.

9. On-going Case Maintenance related to Plan Choice, including Referring Customers to Carriers

This activity should be selected when educating and advising a client on the plan options available to them. This also includes any time you spend researching the plans and providing the client with the contact information for the providers. Meetings, phone calls, e-mails, filing, driving, mailing, contact with case managers, service requests, and other similar administrative tasks associated with this activity should also be coded here.

10. Policy Development and Research related to Eligibility Determination Standards and Methodologies

This activity should be selected when reading, reviewing, or researching policy related to eligibility determination for a client. Meetings, phone calls, e-mails, filing, driving, mailing, contact with case managers, service requests, and other similar administrative tasks associated with this activity should also be coded here.

11. Phone-based Assistance to Fill Out Applications

This activity should be selected when assisting a client over the phone with filling out an eligibility related form or application, including answering any client questions about the form or necessary backup and supplemental documentation for the VHC system. Meetings, phone calls, e-mails, filing, mailing, contact with case managers, service requests, and other similar administrative tasks associated with this activity should also be coded here.

12. Referring Customers to Navigators

This activity should be selected when referring a client to a navigator for additional assistance in learning about their health insurance options and select/enroll in a health insurance plan. Meetings, phone calls, e-mails, filing, mailing, contact with case managers, service requests, and other similar administrative tasks associated with this activity should also be coded here.

13. General Outreach and Marketing Activities, related to Open Enrollment

This activity should be used when performing activities related to education and outreach about the assistance programs offered by DVHA. This activity includes any time spent educating clients about the benefits and availability of services, attending community events or fairs to speak to Vermonters about VHC, as well as encouraging clients to access the services and programs. This activity also includes all time spent compiling and distributing educational materials about the assistance program or assisting a client fill out a program application. Meetings, phone calls, e-mails, filing, driving, mailing, contact with case managers, service requests, and other similar administrative tasks associated with this activity should also be coded here.

14. Premium Tax Credit Form (1095-A) Processing

This activity involves reviewing all 1095-A forms to ensure accuracy (dates, premiums, address, etc.) and to also ensure every form is mailed to clients. This activity also includes following up with client complaints regarding their 1095-A, correcting errors, and resending the form if necessary. Meetings, phone calls, e-mails, filing, mailing, contact with case managers, service requests, and other similar administrative tasks associated with this activity should also be coded here.

15. Referrals to Medicaid and/or Medical/Behavioral Health Services

This activity includes referral of client to medical or other governmental or private agencies for Medical/Behavioral Health services that are not part of the services offered by HAEEU. Meetings, phone calls, e-mails, filing, driving, mailing, contact with case managers, service requests and other similar administrative tasks associated with this activity should also be coded here.

16. Referrals to Non-Medicaid/Non-Medical, Community Services

This activity includes referral of client to social services, housing agencies, or other governmental or private agencies for Non-Medical services that are not part of the services offered by HAEEU. This activity includes time spent working with Community Connections and Community Partners. Meetings, phone calls, e-mails, filing, driving, mailing, contact with case managers, service requests, and other similar administrative tasks associated with this activity should also be coded here.

Non-Case Specific Activity Codes

1. Delivery of or Participation in HAEEU -Specific Training and Staff Development

This activity should be used for trainings related to your job as a Vermont Healthcare Service Specialist (formerly HAEEU worker). These trainings can be on any specific program you support clients with. Examples include trainings on topics such as Siebel, ADA, ACCESS, Health Plan Selection, Customer Service, Eligibility Rules, Paper Application Processing, Wex, professional development trainings, ININ phone system training, New Worker training, email system usage, fire drills, time study trainings, general office trainings. You will be asked to select which program/topic the training covered. Any administrative efforts related to this activity should also be coded here.

2. All Staff or Supervision Meetings

Please use this activity code for work-related conferences within your office or one-on-one with your supervisor to discuss non-case related issues. All meetings related to clients should be coded to a Case-Specific Activity Code. Any administrative efforts related to this activity should also be coded here.

3. General Administrative Activities

This activity includes activities performed not related to case work and specific clients but necessary for your job. Examples include cleaning or organizing workspace, timesheet completion, preparation for or involvement in office functions, filling out personnel forms for human resources, mentoring new staff without a client present, general staff meetings not related to your cases, processing mail/faxes/e-mails not related to a case, testing computer systems, working with IT to fix a computer problem, reading new policies, completing general service requests not related to your cases, etc. You will be asked to describe the activity in your own words, and this activity should not be used for any phone call, email, documentation activity, travel to/from meetings with clients or required trainings that you attend, or filing activity if you can tie it to a specific case. Any administrative efforts related to this activity should also be coded here.

Non-Work Related Activity Codes

1. Paid Time Off (Annual/Sick/School/Administrative Leave/Comp)

This activity is used when the participant is using regular annual leave for vacation, sick hours, Family Medical Leave Act (FMLA), banked leave time, union leave, or approved personal educational leave. Paid days not working due to a weather emergency would also be recorded here.

2. Lunch/Break

Scheduled or unscheduled breaks (bathroom trips, lunch break, coffee breaks, and personal phone calls) should be coded here.

3. Not Scheduled to Work/Flex

Use this activity code if you were either not scheduled to work at the time of the observation, (i.e., it is before your regular start time, or after your regular end time, or the sample is received at a time when you are not scheduled to work due to your adjusted work schedule.) For example, you flex on Monday and the sample is received on Monday. The sample is before or after your regular work hours (e.g., at

*State of Vermont
Agency of Human Services
Department of Vermont Health Access
QE 0621*

7:49 a.m. and you do not start until 8:00 a.m.). Sick, vacation, annual leave, and “snow or weather” days should not be coded here.

4. Unpaid Time Off

Any leave you take that you are not paid for should be coded here.

5. Non-HAEEU Activity or Other Emergency Situation

This activity should be used when the participant performs an activity unrelated to any responsibility that they would normally have as a HAEEU worker at DVHA. Examples may include performing a function for another state agency or working on non-human services activities in the event of a natural disaster.

Participants are required to provide a brief description of the activity being performed when this activity is chosen.

HAEEU Random Moment Time Study Matrix

Program/Activity	VHC	ACCESS	Non Case-Specific	Non-Work
Collection, Review, and Reconciliation of Application and Data	Case Count between CHIP, VHC, and Medicaid 75%	Case Count between CHIP and Medicaid 50%

HAEEU Random Moment Time Study Procedures

Random Moment Time Study Procedure Manual

Health Access Eligibility Unit Workers

Introduction

The purpose of this random moment time study (RMTS) is to measure the level of effort spent on various eligibility activities performed by the Health Access Eligibility and Enrollment Unit (HAEEU) workers in the State of Vermont. These staff, who are all state employees, perform Medicaid eligibility determination activities on behalf of residents in the state and clients served by DVHA and other Departments within the Agency of Human Services (AHS) umbrella. Organizationally, HAEEU staff work within the Medicaid Policy, Fiscal & Support Services Division of DVHA.

The time study is administered using EasyRMTS™, which is a tool that has been developed by Public Consulting Group, Inc. (PCG). EasyRMTS™ is an automated, web-based RMTS application that gives users a comprehensive tool for administering a time study for federal claiming, cost allocation, or other similar activities. Fully customizable for an individual agency or school district's specific requirements, EasyRMTS™ gives an administrative user the capability to assign random moments, monitor staff participation, update respondents' information, create and produce reports for federal claiming and other purposes, and view and analyze tabulated responses from participating staff. Participants of an EasyRMTS™ administered time study only need to have access to the Internet and an e-mail address in order to receive and complete their assigned random moments.

The application serves its state and local government or school district users by allowing for a timely and effective system to record staff activities performed, especially with respect to key federal programs that are supported by their staff. The automated RMTS application was developed to comply with all federal rules and regulations related to cost allocation practices and claiming for reimbursement of federal dollars. The software supports accurate reporting of reimbursable administrative activities, which are generally required by federal approving agencies to be measured through a time study. EasyRMTS™ puts the least administrative burden on staff as possible while allowing users to measure their time and claim for federal revenue. The system allows participants to indicate directly, via a series of survey questions in the software, the activities and programs they are supporting.

The purpose of this manual is to provide step by step explanation of how to complete the Vermont DVHA HAEEU RMTS. It has been created to assist DVHA in managing and administering the RMTS. It serves as a procedural guide and instructional tool for sustaining the RMTS for its ongoing support of the cost allocation plan (CAP) process.

Operation

There is a single RMTS (with 2300 moments per quarter) operated for HAEEU workers. PCG provides the EasyRMTS™ system (via a web-hosted service), generates each quarterly sample, provides assistance to DVHA with monitoring participant responses, and provides customer service. The sample is generated using data from the payroll system on a quarterly basis. Participants are responsible for selecting activity and program codes when they respond to the RMTS. Initial training is provided by PCG, while annual refresher and ongoing new worker training is conducted by DVHA. The following table displays the responsibilities of PCG and DVHA when it comes to RMTS administration.

Task	DVHA	PCG
Host EasyRMTS™ on Server		X
Provide DVHA with System and Administrator Support/Address Technical Issues with System		X
Gather Participant Rosters	X	
Support Users on System Use through Dedicated E-mail Address	X	X
Support Users on System Use through Dedicated Hotline <i>(Note: the hotline will be staffed from 9:00 a.m. to 5:00 p.m. EST, excluding weekends and holidays; a voice-mail box will always be available in the event that a live worker is unable to answer immediately).</i>	X	X

Ongoing CAP Amendments for Changes to RMTS Activities	X	
Adding Activities to the Decision-Tree in EasyRMTS™	X	X
Quality Control <i>(refer to the Quality Control section of this appendix)</i>	X	X
Quarterly Moment Generation	X	
Quarterly Trainings for New Hires/Participants	X	
Annual Refresher Trainings	X	

Sampling Population

The sampling population includes eligibility workers within DVHA. These participants work to assess the need and determine eligibility for Medicaid. Specifically, workers included in the RMTS are Health Access Eligibility and Enrollment Unit (HAEEU) workers.

HAEEU staff ensure that each person or family that applies for health care programs, including health insurance exchange programs, through the Vermont Health Connect (VHC), the state's health insurance exchange (HIX) eligibility system. HAEEU workers determine eligibility for Medicaid and work regularly in VHC. Customers are ultimately determined eligible for Medicaid, CHIP, or other insurance coverage through a qualified health plan. HAEEU staff review the application and decides which forms and verifications are needed. The specialists then evaluate the information contained in all documents and uses standard policies and procedures to determine eligibility. HAEEU staff provide all families with information about the expectations and goals of the Medicaid program. These positions also process changes as necessary on active cases.

Supervisors are not included in the RMTS.

On a quarterly basis, DVHA updates the information for all staff members participating in the RMTS to account for new staff, terminated staff, and staff on long-term leave and updates the actual sample on a quarterly basis (for each new quarterly sample). Throughout the quarter and before the subsequent quarterly sample is drawn, RMTS administrators at DVHA collect additions, deletions, and schedule changes and update the software system accordingly (note that these changes have no effect on the current sample). Changes are accepted by DVHA until the sample is drawn for the next quarter. If a person leaves mid-way through the quarter, their supervisor notifies the RMTS administrators, and the leave information is noted so as to not initiate additional follow up. RMTS administrators change that individuals e-mail to a "dummy" e-mail address to stop e-mails from going out, but there is no type of replacement in the system. These moments are counted as non-responses.

It is important to note the DVHA participants who have participated in the RMTS in the past, but whom are no longer in the sample selection (e.g., retired, left position), are not deleted from the EasyRMTS™ database but are deactivated so that prior quarter data is available for audit trail purposes.

Sampling Unit

An RMTS asks a participant what they are doing at a specific moment in time (e.g., 11:48 a.m.). The RMTS sampling unit is defined as a single minute, or sixty second length of time, randomly selected within the workday of each participant. The moments for the participants occur between 8:00 a.m. to 4:30 p.m., and the moments are drawn from the core hours for each working day in a quarter, exclusive of official state holidays. Participants receive the e-mail within a few minutes after their assigned random moment time. There is no pre-notification of when a participant will have a moment assigned to them.

*State of Vermont
Agency of Human Services
Department of Vermont Health Access
QE 0621*

Responses and Response Time

Participants have 72 hours to respond to all moments. If the participant does not respond to their moment within the first 24 and 48 hours, reminder e-mails are sent to both the participant and their supervisor, requesting that they answer their moment. The moment expires after 72 hours. Reminder e-mails do not include the participant's username and password to ensure that only the participant has access to their unique login credentials and that no one other than the participant responds to their moments.

DVHA RMTS administrators are cc'd on all reminder e-mails and follow-up with non-responders as needed. If a specific individual is identified as a non-responded, the RMTS administrators notify the specific supervisor so that person may be further trained on the importance of completing the RMTS. If a systemic issue is identified, communication is sent to all participants. PCG and DVHA may also send out occasional e-mails over the holidays or other times when participation may be less to ensure that individuals are responding to the RMTS whenever possible.

Sampling Period

The sampling period is a calendar quarter.

Confidence and Precision Level

This level is kept at 95% confidence level with +/- 2% precision for all activities. This level is consistent with federal regulations for statistical validity. Cost Allocation Services (CAS, formerly the Division of Cost Allocation or DCA) determines that statistically validity is met when the minimum number of moments received (responded to) as determined in the formula below.

Sample Size

DVHA generates 2,300 moments per quarter for the RMTS. This number is to ensure that 2,000 valid observations are obtained and is in compliance with the federally-required formula below. Specifically, the Public Assistance Cost Allocation Plan Review Guide states that:

The sample size needed may be determined from the formula included in the State Guide. The State Guide specifies that a minimum 2,000 valid observations per sample period be obtained. A “valid observation” is defined as any observation other than a “non-strike”. A “non-strike” occurs whenever a selected employee could not be contacted at the selected moment, i.e., the employee no longer works in the office, the employee is on a flex-schedule and not at work at the time of the observation, etc.

The formula used to determine the baseline number of moments is as follows:

$$N = \frac{P(1-P)}{(SE/T)^2}$$

Where

- N = Sample Size
- P = Anticipated Rate of Occurrence of the Activities Being Observed
- SE = Desired Sample Precision
- T = Confidence Level Factor (1.96 for 95%)

With the updated system, DVHA will update the maximum rate of occurrence and adjust the sample size as needed but also ensure the floor of moments responded to (2,000), as required by CAS.

Sample Calculation

Solving for N (with a maximum rate of occurrence of 21%):

$$N = \frac{.21 \cdot .23(1 - .21 \cdot .23)}{(.02/1.96)^2} = \del{1,861} \mathbf{2,036}$$

As mentioned above, this formula will be recalculated and updated on an annual basis. If the formula indicates a number less than 2,000 at any point, DVHA will generate enough moments to still maintain 2,000 valid samples.

Please note that because the HAEEU RMTS is a new process, the above formula is truly a sample calculation. Once the first quarter has been completed, the sample calculation will be updated with the actual maximum rate of occurrence.

Standard Observation Form and Definitions

A standard observation form has been developed that includes numerous questions, up to 24 distinct activity codes that encompass the universe of activities that the population being surveyed performs.

1. The sample is generated (e.g., moments are assigned to participants) just prior to the beginning of the quarter.
2. E-mails are sent to the participant, indicating that they have been selected to report their activity for the moment shown (e.g., 10:12 a.m. on 1/5/14).
3. The e-mail contains a username and password and link to the website to respond to the moment.
4. The participant selects the link to the website. At the website, they logon and have access to the questions and activity/program codes.
5. The participant answers the questions and selects the appropriate activity and program (client specific activities require a patient identification number and/or name).
6. There is no advance notification of moments.

Participants are sent 24 and 48-hour reminder e-mails (if the participant has not yet responded) and have 72 hours to complete each moment for it to be considered valid. Participants are not able to respond to moments once they have expired. Expired/non-response moments are not included in the RMTS activity percentage calculations.

A participant is asked numerous questions in the time study. The root question is “Were you working on a Case or on behalf of a current or potential customer at the time of your moment?” (Y/N). Below, is the sequence of questions depending on how they answer the root (first) question.

For answering “Yes” to case-related activity.

1. Which eligibility system were you working in at the time of your moment?
 - a. Vermont Health Connect (VHC)
 - b. Access
2. Please select the activity you were performing at the time of your moment.
3. Please provide the client’s contact ID from VHS or UID from ACCESS.

For answering “No” to case-related activity.

1. Please select the activity you were performing at the time of your moment. Below

are the case specific activity codes:

Case Specific Activity Codes

1. Collection, Review, and Reconciliation of Application and Data
2. Processing Change of Circumstances and/or Updating a Case
3. Issuing Eligibility Notices to Customers
4. On-going Case Reviews or Renewals
5. Processing Cases for Eligibility Determinations
6. Customer Service and E-mail/Portal Response Processing related to Eligibility Determination Issues

7. Customer Service Response Processing related to General Processing Issues (not related to Eligibility Determinations)
8. Documenting, Initiating, Answering Case-related Questions for, or Testifying about Appeals (for the Appeals Unit to Process)
9. On-going Case Maintenance related to Plan Choice, including Referring Customers to Carriers
10. Policy Development and Research related to Eligibility Determination Standards and Methodologies
11. Phone-based Assistance to Fill Out Applications
12. Referring Customers to Navigators
13. General Outreach and Marketing Activities, related to Open Enrollment
14. Premium Tax Credit Form (1095-A) Processing
15. Referrals to Medicaid and/or Medical/Behavioral Health Services
16. Referrals to Non-Medicaid/Non-Medical, Community Services

Below are the non-case specific activity codes:

Non-Case Specific Activity Codes

1. Delivery of or Participation in HAEEU -Specific Training and Staff Development
2. All Staff or Supervision Meetings
3. General Administrative Activities

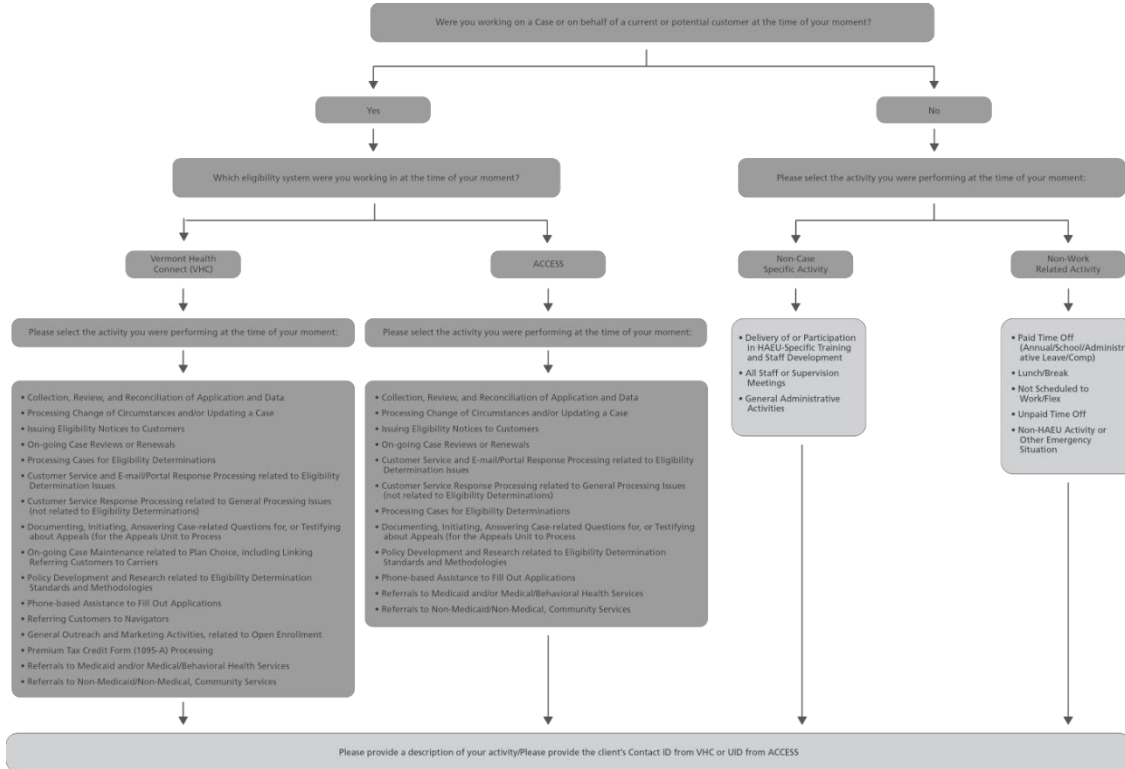

Below are the non-work related activity codes:

Non-Work Related Activity Codes

7. Paid Time Off (Annual/Sick/School/Administrative Leave/Comp)
8. Lunch/Break
9. Not Scheduled to Work/Flex
10. Unpaid Time Off
11. Non-HAEEU Activity or Other Emergency Situation

Please note that the activity codes are not numbered in the system. Some activity codes are also only shown for case-related work, while others only appear for non-case-related or non-work-related activities.

Please refer to the allocation matrix for the valid combinations of eligibility system/activity codes available to participants through the decision tree nature of the EasyRMTS™ software. Additionally, the following graphic represents the questions participants are walked through in order to select an activity/program combination; this graphic is provided to participants as part of the training presentation.

Date Stamp

The moment date/time is provided to the participant in the e-mail notification and is viewed by the participant when they log in to EasyRMTS™ to complete their moment. Each response is date stamped when the participant responds to the moment.

Help Desk

A Help Desk is operated where participants can call (via an 800 number) and speak to PCG if they have questions. This number is contained in all e-mails and on the RMTS system when participants log in to the system. If someone is unavailable, they can leave a message. All messages related to questions asked about activities are logged. Participants can also respond to the e-mail that they receive and receive an e-mail response.

Training

Employees must participate in a web-based training before completing their first random moment. Training sessions occur for all participants on an annual basis. Quarterly sessions are also held for workers who would like to attend or are required to attend additional trainings (participants who regularly fail to respond) as necessary. Periodic newsletters or memos are also sent to participants.

Analysis of Results

On a monthly basis, the results of the RMTS are compared to previous months to determine if there are any significant variances in the responses. If a significant variance is discovered, a review is conducted in order to determine the reason for the variance. If the reason for the variance is due to bias or improper technique, it will be determined whether to make a change to the RMTS form. Additional training may also be conducted. The state will also, as necessary, send communication and memorandum to participants to clarify any common issues.

On a monthly basis, reports are forwarded to the HAEEU RMTS coordinators so that they can follow up with non-responsive participants. Individual supervisors are involved as necessary. The system generates 24 and 48-hour follow-up e-mails. Additional follow-ups will be employed as necessary.

Evaluation and Modification of the System

The RMTS system, observation form, and distribution procedures are continuously evaluated to identify necessary modifications in order to improve their efficiency and effectiveness. If modifications are determined necessary, they are made promptly.

Subsample Process

For the entire HAEEU time study, 10% of all moments are randomly selected as part of the subsample process. Participants who are selected for the subsample are required to answer one additional question when responding to their moments, requiring them to write in their own words the activity they were performing. The RMTS administrators generate a report detailing those moments that have been selected as part of the subsample on the 18th day of the month (for moments that occurred in the first two weeks of the month) and 3rd day of every month (for moments that occurred in the second two weeks of the month). RMTS administrators will then review the reports, comparing the activity selection to the participant's own description of their task to ensure that they match appropriately. If the activity selection does not match, RMTS administrators will contact the participants. If validation is not confirmed on any moments within the 10% subsample for whatever reason, these moments will be reallocated direct to state general fund. The RMTS statistic will be updated accordingly.

Documentation

All aspects of the RMTS process are documented. This documentation includes but is not limited to the following:

1. Assigned moments e-mailed;
2. Data related to tabulations;
 - a. Analysis of sample results; and
3. Final computation of results that are used in the cost allocation plan. Procedural documentation is also kept on the procedures used.

Quality Control

Quality control is performed on the RMTS on an ongoing basis. Some codes require the participant to enter the case number they are working on during their random moment to ensure those cases are active for the department. For codes that require the participant to provide a description, those descriptions are reviewed by DVHA to ensure the participants are using them appropriately. This information, along with other common participant errors recognized by DVHA, is used to determine training needs.

The decision-tree setup of EasyRMTS™ ensures that participants cannot select incompatible combinations (please refer to the allocation matrix). If new activities are added or removed from the time study, EasyRMTS™ is reviewed and updated accordingly to ensure edits have been made correctly. Edits to the system are effective the first day of the quarter, in line with an accompanying CAP amendment. All amendments related to the RMTS process are prospective.

The following items, at a minimum, are reviewed throughout the quarter and prior to sample generation for the subsequent quarter:

1. Identification of upcoming Vermont state or observed federal holidays (excluded from the sample).
2. Data related to participant contact information, including full name and e-mail address.
3. Participant roster updates to reactivate an employee who may have been on extended leave or to deactivate someone who will be on extended leave or no longer working in the HAEEU position at DVHA.
4. Workers who select the wrong activity (based on their own description of their work) are e-mailed directly to explain what the appropriate selection was so that the mistake does not continue to occur (either from reviewing the subsample moments or general observations regarding common mistakes made by participants).

Any employee on extended leave (exceeding six weeks during a single quarter) will be deactivated from the system until further notice. All other instances of leave will be determined on a case-by-case basis by RMTS administrators.

Quarterly Calculation of Results

DVHA calculates the quarterly results based on the total number of moment received, minus the number of not scheduled to work (NSTW), and no response moments. Therefore, if 3,000 moments are generated and 500 of those moments received are a combination of unpaid time off or NSTW the

denominator for the calculation is 2,500. All responses in the system, inclusive of NSTW, count as “responses” in determining the overall response rate.

Contingency Plan

In the event of a technical failure or emergency situation, when staff are not able to receive or respond to moments for longer than 5 days, DVHA will take the following steps to ensure that a valid sample can still be obtained and that the time study’s statistical validity is not compromised:

1. Upon resumption of the RMTS, DVHA will determine how many moments were affected. DVHA will then generate a concurrent sample, starting on the day the RMTS is resumed or shortly thereafter, containing the same number of moments that were affected by the outage through the end of the sample period. For example, if 200 moments were affected due to a technical failure DVHA will generate a second sample of 200 moments, to run concurrently with the original sample through the end of the sample period.
2. If the situation occurs closer to the end of the quarter and a concurrent sample is not possible or if the issue will be prolonged, the prior quarter RMTS results will be used for the affected quarter.

Any situation where either option is considered will be communicated with CAS and the appropriate cognizant agencies and documented in the RMTS backup and the backup for all claims prepared using this data.

XII. APPENDICES

A. ACCOUNTING SYSTEM CHART OF ACCOUNTS

The State of Vermont Financial and accounting system VISION is used to meet the state's accounting and financial reporting responsibilities. VISION is an acronym for Vermont Integrated System for Information and Organizational Needs. VISION is a PeopleSoft product.

VISION-Financials is a Web based Oracle/PeopleSoft enterprise financial management system utilizing the following modules: Travel & Expense, General Ledger, Accounts Payable, Purchasing, Accounts Receivable, Billing, Asset Management, Inventory, and Sub recipient Grant Tracking (VT custom module). The system is managed by the Department of Finance & Management in conjunction with the Department of Information & Innovation.

The Chart of Accounts for VISION include the following fields:

Chartfield Name	Length	Description
Business Unit	5 numeric	Identifies the Governmental Agency/Department established Statutorily or Administratively.
Account	6 numeric	Classifies the nature of the operation transactions. Holds the detail coding values for assets, liabilities, equity, revenues, and expenses/expenditure transactions.
Fund	5 numeric	Maintains the fiscal and accounting entities in which financial resources and the use of those resources are grouped according to Statute, regulation, or current accounting standards.
Dept ID	10 numeric	Identifies Governmental Agency/Department operation unit subdivisions.
Program	5 numeric	Maintains a description and a set of objectives toward which activities and resources are directed. AHS uses this field for CAP cost pools.
Class	5 alpha/numeric	Used to track activities relating to programs across program lines based on departmental, administrative, or legislative needs.
Project	15 alpha/numeric	Captures and controls project or grant information which funding sources are applied.
Affiliate	5 numeric	Reference Business unit for intrastate transactions

B. Summary Table of Unique Allocation Methods

These allocation methods reflect allocation from the **March** quarter reports.

Method Name	Method Description	Department
ADMIN FUND	Direct to Admin Fund	State of Vermont Agency of Human Services Secretary's Office
AHS	Direct to AHS	State of Vermont Agency of Human Services Secretary's Office
AHS STAFF	Positions Across AHS	State of Vermont Agency of Human Services Secretary's Office
