

Vermont's Medicaid Permanent Supportive Housing (PSH) Assistance Program – Providers and Partner Agency Feedback Survey

AHS, in partnership with the Technical Assistance Collaborative (TAC), is providing this volunteer survey opportunity to stakeholders in Vermont to gain a better understanding of current services, practices, challenges, barriers, and strengths that will contribute to successful implementation of the Program.

The information you share will not be attributed to you and will be summarized to provide key learnings and insights for implementation of the Program. This survey is intended for providers and partners who will be impacted by the Program. The survey should take approximately 20-30 minutes to complete.
