CALL TO ORDER

Meeting was called to order at 3:05 p.m.

WELCOME

Alex updated the group on the collective status of the two subcommittees, noting that expectations were reasonably set as of now, and that full recommendations from both groups is reasonable. The only difference Alex has noticed has been the other groups' inclusion of a Workforce facet. Regulatory reform, including Act 250, will be one of our strategic focal points.

Next weeks' meeting is canceled for thanksgiving.

Reviewed Tactical Action Plan (T.A.P) Draft and had the following questions:

- Section 2: By-right provisions- can we hear from someone who has more experience with these?

- Section 3. Permitting/regulatory process: could we consider a reduction in time to issue corrective plans?

Reminder for Alex to research narrowing of appeals.

Goals:

- List existing plans
- Identify which could benefit for added funding
- New programs to be established that are current .

Reviewed up to tax section of the Proposals document.
