PROPOSED

HUB Per Member Per Month Rate Increase

Policy Summary:

The Vermont Medicaid program proposes to update the PMPM rate for Hub services. Hubs are reimbursed through a PMPM methodology via two possible rates – one rate for members who receive a health home service and another for members who did not receive a health home service within a calendar month. Both PMPM rates will be increased by \$60 so the new rates will be \$460.90 PMPM without health home services and \$632.72 PMPM with health home services. The purpose of this rate increase is to enhance and expand the array of medical and evidence-based clinical services for Vermonters with Opioid Use Disorder (OUD) and co-occurring conditions who receive care in the Hubs.

Effective Date:

May 1, 2024

Authority/Legal Basis:

This change is being done through Global Commitment to Health waiver authority, where DVHA may establish rates with providers on an individual or class basis without regard to the rates currently set forth in the approved State Plan.
