PROPOSED

Orthodontic Benefit Changes

Policy Summary:

The Vermont Medicaid Program proposes to establish maximum units for limited and comprehensive orthodontic services. Vermont Medicaid members who receive one unit of limited orthodontic services will be eligible to receive up to three units of comprehensive orthodontic treatment as medically necessary. The maximum orthodontic benefit is four units.

This change is being made to allow for phased treatment, so members receive, and providers are reimbursed for medically necessary orthodontic treatments. The limits can be exceeded when medically necessary. Prior authorization and documentation of medical necessity is required.

Effective Date:

October 1, 2024

Authority/Legal Basis:
