Please note: FFY11 award has been reduced to the amount shown. The Vermont Department of Health (VDH) has been advised that there will almost certainly not be any award for FFY12. The PHHS Block Grant was not included in the President's Budget Request. The U.S. Centers for Disease Control said in their Budget Request narrative that their budget "reflects an elimination of the Preventive Health and Health Services Block Grant program. Through CDC's existing and expanding activities there is substantial funding to State Health Departments. These activities may be more effectively and efficiently implemented" through other new, expanded or modified grants. If Congress nonetheless continues funding for this Block Grant, the information shown above will be a placeholder for our FFY 12 application. If Congress accepts the President's Budget Request, we will follow the CDC advice and move most of these programs to other federal grants. Specifically, most of the costs other than the Incident Reporting System for EMS will be moved to a new CDC grant for Comprehensive Chronic Disease. The Incident Reporting System will be supported by the Public Health Emergency Preparedness grant.
