Agency of Human Services Central Office (AHSCO)

I. Introduction

The following narrative represents the cost allocation plan (CAP) for the State of Vermont, Agency of Human Services (AHS). For purposes of this narrative, AHS is also referred to as the “Office of the Secretary”, as it is the Secretary’s Office that provides support functions, while all direct services, with the exception of certain grants, are administered by the departments that fall under this umbrella agency. The Departments which fall under AHS are Department of Children and Family Services (DCF); Department of Disabilities, Aging and Independent Living (DAIL); Department of Vermont Health Access (DVHA); the Vermont Department of Health (VDH); and the Department of Mental Health (DMH). Any costs allocated as benefitting the Agency of Human Services Central Office (AHS/AHS-CO) are further reallocated across all other agency-specific benefitting objectives.

The mission of the AHS Office of the Secretary is to:

- Ensure that citizens, policy makers, and service providers are knowledgeable about the well being of Vermonters;
- Promote integrated planning, delivery, and evaluation of resources and services; and
- Ensure that Agency resources (personnel, fiscal, technology, and space) are managed effectively.

II. Organization

The AHS Secretary oversees the four divisions within AHS in addition to the Human Services Board, the Vermont Developmental Disabilities Council, Field Services, Committee for National and Community Services and the Duals Eligible Program.

Division of Administrative Services:

The Division coordinates the development of the Agency’s budget to ensure that departmental programs reflect the Governor’s priorities and are in compliance with legislative requirements. The Division develops financial status reports and monitors key program performance indicators for each Agency department and office. The Division’s fiscal unit coordinates all federal block grant and statewide single audit functions and updates federal cost allocation plans as necessary. The Division’s Audit Unit performs monitoring functions agency wide. The Division’s Health Care Integrated Unit monitors health care expenditures and revenues functions statewide. The Division’s data processing group coordinates the deployment of new centralized systems and software applications that allows both Agency district offices and community sites to share data appropriately across geographic and organizational boundaries. The Division also coordinates the efficient use of 720,000 square feet of AHS office space statewide.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

Division of AHS Healthcare Operations, Compliance and Improvement:

The Division works in partnership with communities and state entities to improve the well-being of Vermonters through the planning, coordination, and evaluation of human services. The Division engages in prevention planning, training and technical assistance, and evaluation with AHS Departments and other state agencies and non-governmental partners. It assists communities to assess their strengths and assets and to articulate clear and consistent goals, develop integrated and effective strategies, and deploy resources efficiently. The Division also engages in federal grant compliance monitoring and helps communities to evaluate their initiatives. The Division publishes annual summaries of Vermont State and community performance on more than 50 indicators of well-being.

Division of Rate Setting:

The Division audits and establishes choices for care payment rates for nursing facilities and private non-medical institutions for the Department of Children and Families Services (DCF) as well as intermediate care facilities for people with developmental disabilities for the Department of Disabilities, Aging and Independent Living (DAIL). Through the application of its rules, the Division evaluates the reasonableness and allowability of program budgets and expenditures to ensure both cost containment and quality of care.

Human Services Board:

The Board is a citizen's panel consisting of seven members created by the legislature pursuant to 3 V.S.A., Sec. 3090. Its duties are to act as a fair hearing board for appeals brought by individuals who are aggrieved by decisions or policies of departments and programs within AHS. The Board conducts hearings and issues written decisions in accordance with its rules and its statutory responsibilities. The Board also certifies Family Court copies of Child Support Orders issued by the Board prior to the creation of the Family Court.

Vermont Developmental Disabilities Council:

The Developmental Disabilities Council works to ensure that all people with developmental disabilities receive the opportunities, assistance, and services necessary to live independently and productively in integrated community settings. The Council engages in advocacy, capacity building, and systems change activities. It contributes to a self-directed and family-centered system of community services, individualized supports, and other forms of assistance that enable self advocates to exercise self-determination, to be independent, productive, and included in all facets of community life.

Assistant Attorney General:

The chief legal advisor to the Secretary and her staff offer legal counsel and input to the Agency and the departments within the Agency.

Field Services Division

This division has broad responsibility for the operations of all Agency of Human Services functions within each region. Regional Field Directors are charged with assuring the optimal functioning of the Agency, oversight of district offices and mobilization of the local community to design and implement a human services system which contributes to the health and well being of all Vermonters.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

Committee for National and Community Services

The Committee administers several federal grants to support community based initiatives throughout the state. The programs include Neighbor to Neighbor, the Dream mentoring initiative, the Northeast Kingdom Initiative, the Vermont Youth Development Corps, and Vermont Community Stewardship program.

Duals Eligible Program

This program consists of a Project Director, an Administrative Assistant and a Data and Reporting Coordinator. This program is for the design of an innovative integrated care model to improve the quality, coordination, and cost effectiveness of care for dual populations eligible for Medicare and Medicaid in their respective state.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

III. Plan Departments (Cost Pools) and Allocation Methodologies

Plan Department:

State Wide Indirect Cost Allocation Plan (SWICAP)

Nature and Extent of Services: The State of Vermont, Agency of Administration negotiates the annual State Wide Indirect Cost Allocation Plan (SWICAP) with the Federal Government. Department for Children and Family Services (DCF)

I. Introduction

The following narrative and supporting schedules represent the public assistance cost allocation plan for the State of Vermont, Agency of Human Services (AHS), Department for Children and Family Services (DCF). DCF is the “single state agency” for the Title IV-E, Title IV-B, Title IV-D, Temporary Assistance to Needy Families (TANF), and Food Stamps programs. DCF is also responsible for all Global Commitment eligibility processes performed in Vermont.

It is the mission of DCF to promote the social, emotional, physical, and economic well being and safety of Vermont’s children and families. This work is done through the provision of protective, developmental, therapeutic, probation, economic, and other support services for children and families in partnership with schools, businesses, community leaders, service providers, families, and youths statewide.

The major Divisions and Offices within DCF include the following:

- The Child Development Division ensures a statewide system that promotes and supports safe, accessible, quality childcare for Vermont families.
- The Office of Child Support (OCS) establishes and enforces child support court orders, locates missing parents, and ensures the steady flow of economic support to Vermont children.
- The Division of Family Services administers juvenile justice services, including the Woodside facility and administers child welfare services, including foster care and adoptive services.
- The Economic Services Division manages the SNAP program, Welfare-to-Work (Reach Up), Home Heating Assistance, General and Emergency Assistance, the Essential Person program (AABD), Choices for Care Waiver and Global Commitment.
- Disability Determination Services consists of professional disability examiners who work with part-time medical doctors representing a number of medical specialties.
- The Office of Economic Opportunity (OEO) seeks to increase the self-sufficiency of Vermonters and strengthen Vermont communities by connecting communities to governmental and private resources to eliminate poverty through weatherization services, support for community-based organizations engaged in anti-poverty efforts, and food and nutrition services.

Within this document, we have included an overview of DCF’s organizational structure and a list of the specific functions performed by DCF, referred to as plan departments or cost pools, and the allocation method for each function. Please note that cost pools are developed based on VISION program codes. VISION is the State of Vermont’s accounting system.

Department of Disabilities, Aging and Independent Living (DDAIL)

I. Introduction

The following narrative and supporting schedules represent the public assistance cost allocation plan (PCAP) for the State of Vermont, Agency of Human Services (AHS), Department of Disabilities, Aging and Independent Living (DDAIL). DDAIL is responsible for administering Title III funded programming, Section 110 programming and developmental disabilities case management services for the State of Vermont.

DDAIL Mission Statement

The Department of Aging and Independent Living is the center of the Agency of Human Services' program management and policy development with respect to older persons and persons with disabilities. The Department has the following goals:

- Assist older persons and adults with physical disabilities to live as independently as possible.
- Assist persons with disabilities to find and maintain meaningful employment.
- Assure quality of care and life to individuals receiving health care and/or long term care services from licensed or certified health care providers and protect elderly and disabled adults from abuse, neglect and exploitation.

Within this document, we have included an overview of DDAIL's organizational structure and a list of the specific functions performed by DDAIL, referred to as plan departments or cost pools, and the allocation method for each function.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

II. Organization

The major programs at DDAIL are organized under the following divisions:

Division of Disability and Aging Services - These activities center around developing, overseeing and enabling access to a system of services which assist older persons and persons with disabilities to live as independently as is possible. Includes overseeing a variety of services, such as nutrition, attendant care, homemaker, adult day, respite, transportation, benefits counseling, advocacy, service coordination, information and referral, and, and legal assistance. DDAS also helps children and adults with developmental disabilities and children with health impairments and/or physical disabilities to live as independently as possible within their family, home and community, acting as the appointed (public) guardian for some persons age 60 and over.

Blind and Visually Impaired - These activities offer a wide range of vocational, independent living, social and advocacy services to individuals who are blind or visually impaired.

Vocational Rehabilitation - These activities are designed to assist persons with disabilities to obtain or maintain employment or independence consistent with their interests and abilities.

Licensing and Protection - These activities include the regulation of a variety of health care and residential facilities, and investigating adult abuse and/or neglect.

Also DDAIL has a Intergovernmental agreement with OVHA pertaining to the Global Commitment Health Waiver.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

III. Plan Departments and Allocation Methodologies

Plan Department 3:

Division of Disability and Aging Services

Nature and Extent of Services: The Division of Disability and Aging Services develops, oversees and enables access to a system of services which assist older persons and persons with disabilities to live as independently as is possible. Its responsibilities include overseeing a variety of services, such as nutrition, attendant care, homemaker, adult day, respite, transportation, benefits counseling, advocacy, service coordination, information and referral, and legal assistance. It also helps children and adults with developmental disabilities and children with health impairments and/or physical disabilities to live as independently as possible within their family, home and community. The Division of Disability and Aging Services is broken down into six distinct units. The following information describes the units.

Director of Long Term Care Services & Support Unit

This unit consists of the Data and Planning & Innovation Unit as well as the Director of DDAS and support staff. Their functions are wide ranging and contribute to the Division of Disability and Aging Services as a whole. This unit's default program code is 43070. The Method for this program/unit spreads costs based on ratio of total direct costs of each unit in DDAS expended in the quarter.

Aging and Physical Disabilities Services Unit

This unit manages the Medicaid funded long-term care programs that support older Vermonters, people with physical disabilities, and people with traumatic brain injuries. This unit helps this population of Vermonters live as independently as possible in the setting of their choice. Programs include Choices for Care, Traumatic Brain Injury Program, and Attendant Services Program. This unit also provides oversight and funding for all Older American Act programs that offer services and opportunities for older Vermonters to remain as independent as possible and to be active contributing members of their community. The director and support staff are allocated by the percent of salary dollars directly charged in the unit.

Developmental Disabilities Services Unit

The DD Unit provides oversight to services that help keep individuals of all ages with developmental disabilities living in the community with their families. They provide support to prevent institutionalizing, prevent or respond to abuse or neglect, prevent imminent risk to people's health and safety, respond to adults who may become homeless, and help people find and maintain employment. Director and staff of this unit are allocated by percent of salary dollars directly charged in the unit.

This unit also oversees the guardianship services to the elderly and mentally disabled. The ultimate objective of each public guardian is to ensure wards receive appropriate care, protection and services in the least restrictive manner and environment. The director and support staff will be allocated by percent of salary dollars directly charged in the unit.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

Department of Vermont Health Access (DVHA)

I. Introduction

The DVHA is the State office responsible for the management of Medicaid, the State Children's Health Insurance Program (CHIP), and other publicly funded health insurance programs in Vermont. The DVHA is the largest insurer in Vermont in terms of dollars spent and the second largest insurer in terms of covered lives.

The mission of the DVHA is to:

- Assist beneficiaries in accessing clinically appropriate health services.
- Administer Vermont's public health insurance system efficiently and effectively.
- Collaborate with other health care system entities in bringing evidence based practices to Vermont Medicaid beneficiaries.

The DVHA is lead by the Medicaid Commissioner, Director, Medicaid Policy, Fiscal and Support Services Division, Director, Managed Care Organization Division, the Director of Healthcare Reform, and the Medical Director. The Medicaid Commissioner is responsible for oversight of all of DVHA's operations. The Director of Program Operations is primarily responsible for data analysis, health programs integration, and pharmacy and program integrity. The Director of Administrative Operations is responsible for policy, provider relations, benefit coordination, reimbursement and administrative services. The Director of Healthcare Reform is responsible for oversight of Healthcare Reform initiatives, including Vermont Blueprint for Health. The Medical Director is responsible for clinical operations, chronic care management and care coordination.

During the fall of 2005, the State received approval from the Centers for Medicare and Medicaid Services (CMS) for a Section 1115 Medicaid Waiver known as "Global Commitment to Health Waiver". The Waiver allows the State to fundamentally restructure the Medicaid program and imposes a cap on the amount of federal funding available for services for the Medicaid population. The State exchanged the risk of operating under a capped funding arrangement for the opportunity to use federal Medicaid funds for non-Medicaid health programs.

The goals of the Waiver include:

1. Financial and programmatic flexibility to help maintain public health care coverage and provide for more effective services.
2. To lead in exploring new ways to reduce the number of uninsured.
3. Foster innovation within health care by focusing on health care outcomes.

The five-year Waiver term became effective October, 2005, and allows the State to deviate from traditional federal Medicaid law and regulations in the following key ways:

1. Imposes a global cap on federal funds.
2. Establishes the DVHA as a managed care entity (MCE).
3. Allows the State to used federal Medicaid funds for state fiscal relief and non-Medicaid health programs.
4. Provides flexibility to reduce benefits, increase cost sharing, and limit enrollment for optional and expansion populations with some limits.

Within the Agency of Human Services (AHS), the Waiver will allow cross-departmental initiatives to obtain the greatest value from scarce health care dollars. The flexibility of the Waiver allows the State to effectively manage public resources, provide the tools necessary to make health care programs fiscally sustainable, and improve the Vermont health care system.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

Vermont Department of Health (VDH)

I. Introduction

The Vermont Department of Health (VDH) has eight divisions within three appropriations, as follows:

Administration appropriation

- Administration division

Public Health appropriation

- Public Health Preparedness
- Health Surveillance
- Maternal and Child Health
- Health Promotion and Disease Prevention
- Office of Local Health
- Medical Practice Board

Alcohol and Drug Abuse Programs appropriation

- Alcohol and Drug Abuse Programs division

The Department of Mental Health (DMH) was a division within the Department of Health for two years prior to July 1, 2007 when it became a separate Department. Certain support services for the Department of Mental Health, such as budget, grants administration, accounts payable services, facilities support and information technology services, continued to be provided by staff of the Department of Health. On July 1, 2009, certain staff were transferred from VDH to DMH in order to give DMH the capacity to provide its own budgeting and statistical services. As of December 31, 2009, VDH only provided IT support for DMH, as DMH moved to Waterbury. Accordingly, this Plan continues to provide a mechanism (Program Code 39002) for VDH IT staff costs to be allocated to DMH programs as appropriate.

The VDH Blueprint for Health was transferred to the Department of Vermont Health Access effective July 1, 2010. Department of Health District Office employees in the Office of Local Health continue to perform functions related to the Blueprint program.

VDH's mission statement is as follows:

We will have the nation's premier system of public health, enabling Vermonters to lead healthy lives in healthy communities.

- We will lead our state and communities in the development of systematic approaches to health promotion, safety and disease prevention.
- We will continuously assess, vigorously pursue and document measurable improvements to the health and safety of Vermont's population.
- We will succeed through excellence in individual achievement, organizational competence and teamwork within and outside of the Department of Health.

Within this document we have included an overview of VDH's organizational structure and a list of the specific functions performed by VDH, referred to as plan departments or cost pools, and the allocation method for each function. Please note that the plan department numbers correspond to internal AHS program codes from the state accounting system.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

II. Organization

VDH is organized into nine divisions, as listed above. For the implementation of Global Commitment, VDH activities are based on an Inter-Agency Agreement with OVHA. OVHA is the Public Managed Care Organization (Public MCO) for all enrollees under the Global Commitment to Health Waiver. The AHS, as the Single State Agency, will provide oversight of the OVHA in that capacity.

Administration:

The Administration appropriation includes:

- The Commissioner's Office;
- Health Planning
- Information Technology Services;
- Business Office;

The Commissioner's Office provides policy direction and guidance to staff and programs of the Department. In addition, the Office keeps the public informed of issues that may affect their health and wellbeing through press releases, press conferences and responding to multiple daily press inquiries seeking information related to matters affecting public health. Information on community health is made available to the public through the periodic release of the *Health Status Report* and through establishing broad health goals such as are included in *Healthy Vermonters 2010*.

Health planning provides grants to support health systems improvements throughout the state as well as strategic planning for the VDH activities.

Information technology services maintain a 500+ user network serving 15 sites statewide. Staff develop, support and maintain a large number of custom software applications serving department programs. The unit supports a key national public health initiative to develop a national electronic disease surveillance and reporting system.

The business office provides financial and logistics support for all department operations, including budget and grants management services. Budget and grants management staff manages the department's overall budget and spending. The unit manages the budgets for the nearly 100 federal and foundation funding sources that make up two thirds of the department's budget.

Public Health Preparedness:

This division includes

- Public Health Preparedness Administration
- Emergency Preparedness
- Emergency Medical Services
- Radiological Health

Health Surveillance:

The Health Surveillance division includes:

- Public Health Laboratory – performs laboratory tests annually to identify infectious disease toxins or contaminants in air, food, water and clinical samples;

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

- Epidemiology – investigates and monitors reportable diseases and operates programs that provide service and prevention for sexually transmitted disease, HIV/AIDS, hepatitis and tuberculosis;
- Immunizations – provides vaccine to children and adults, assures adherence to vaccination procedures and policies;
- Chronic Disease – investigates and monitors chronic disease and operates screening programs for breast and cervical cancer and other conditions;
- Public Health Statistics – provides statistical and analytical support to all department programs, maintains and analyzes vital records, conducts health surveys and operates the Vermont Cancer Registry.
- The Office of the Chief Medical Examiner – performs autopsies and investigates unexpected deaths from violence, injury, suicide, drugs or other circumstances;
- Food and Lodging Services – inspects and licenses all restaurants, hotels, motels, inns, delis, bakeries, school food service facilities, summer camps and fairs to prevent food borne illness;
- Environmental Health Programs – evaluates the potential risks to health posed by contaminants in housing, food, water and air.
- Risk Assessment - Performs toxicological and risk assessment analyses, operates asbestos certification program, childhood lead poisoning prevention program, school indoor air program, coordinates development of state asthma plan and enforces the Clean Indoor Air Act.

Maternal and Child Health

- Maternal and Child Health – administers the Maternal and Child Health federal block grant and monitors and works to improve the system of health care for women, children and families, including the work through the School Based Medicaid Administration Claiming (MAC) and the Vermont Child Health Improvement Project at the University of Vermont;
- Children with Special Health Needs – provides and/or assures that health care and support services are available to children (0-21) who have complex health problems and to their families;
- WIC – federally funded program to enhance the health of infants, young children, pregnant women and new mothers.

Health Promotion and Disease Prevention (HPDP)

- HPDP Administration
- Tobacco Control
- Health Promotion
- Dental Health

Office of Local Health (OLH)

- District Offices Around the State – provide the essential health promotion and disease prevention services necessary for an effective public health system. It is through these district offices that most Health Department programs reach the people of Vermont, including
 - Healthy Babies, Kids & Families – health care and support services through pregnancy and delivery and for infants and children from birth to 5 years;
 - WIC – federally funded program to enhance the health of infants, young children, pregnant women and new mothers;

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

- EPSDT – consists of two main components: (1) assuring the availability and accessibility of required health care resources; and (2) helping Global Commitment recipients and their parents or guardians effectively use these resources;

Board of Medical Practice:

The Board of Medical Practice licenses physicians, podiatrists and physician assistants. The Board investigates all complaints and charges of unprofessional conduct against any person subject to its jurisdiction. The Board is also required by law to create individual profiles on all health care professionals licensed, certified or registered by the department and make these profiles available to the public.

Alcohol & Drug Abuse Programs:

The Alcohol and Drug Abuse Program appropriation funds:

- Alcohol and Drug Research and Planning – conducts surveys and analysis to determine the prevalence of substance abuse and treatment needs of communities. Conducts program and fiscal monitoring data analyses and evaluations of key ADAP prevention, intervention and treatment services to ensure their accessibility, appropriateness, quality and cost effectiveness. Manages and monitors federal data grants and SAPT block grant data reporting.
- Alcohol and Drug Abuse Treatment – manages and provides quality assurance for the state’s substance abuse treatment system including monitoring programs and licensing of substance abuse counselors. Operates the Drinking Driver Rehabilitation (CRASH) program. Manages student assistance programs. Funds treatment services for VHAP and uninsured clients. Manages and monitors Global Commitment funding of treatment providers.
- Alcohol and Drug Prevention – collaborates with the Department of Education to help schools and colleges develop comprehensive alcohol and drug abuse prevention programs. Provides funding for prevention programs through grants to schools and community agencies and monitors implementation and results.

Cost Impact:

All changes in the Cost Allocation Plan are identified in red. The cost impacts, by category, are as follows.

Category 2 - Programs in this category are used to identify new grants 100% federally funded.

Plan Dept.	Plan Dept. Name	Description	Allocation Method	Explanation
39737	WIC EBT Planning	All costs associated with grant-funded WIC EBT planning activities.	Direct to WIC EBT Planning.	New federal grant from USDA, Grant ref. no. 4VT700806.
39735	WIC Infrastructure	All costs associated with projects to improve the general infrastructure of the WIC program as funded under the WIC Infrastructure grants.	Direct to WIC Infrastructure.	USDA award, CFDA #10.557 “FY2011 WIC General Infrastructure.”
39738	WIC Weight Gain	All costs associated with a behavioral weight management program	Direct to WIC Weight Gain.	USDA: WISP-11-VT “Concept Paper Grant Program”

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

		for WIC prenatal women.		
39829	SPF – SPE Community Evaluation (name change)	All Community evaluation costs associated with the Strategic Prevention Framework State Incentive Grant (SPF-SIG).	Direct to SPF – SPE.	SAMHSA grant award 1U79SP018647
39120	Healthy Homes & Lead Poisoning Prevention (name change)	All costs associated with the Healthy Homes and Lead Poisoning Prevention Program.	Direct to Healthy Homes (name change from Childhood Lead Poisoning Prevention, 99999.68)	CDC grant award 1UE1EH000831

Category 3 – Programs in this category are new or have been updated but have no adverse federal impact.

Plan Dept.	Plan Dept. Name	Description	Allocation Method	Explanation
39344	Expanded Immunization	Time, expenses and vaccine purchases associated with the Enhanced Immunization Program.	Direct to Enhanced Immunization Program	Specified staff time, expenses and vaccine purchases are supported entirely by State Insurance company payments and additional expansion costs are eligible for Global Commitment MCO Investment. This allocation has been in place for several years. The only new charges are that the value of vaccine purchases attributable to CHIP eligibles is now treated as an MCO Investment. This is to ensure that CHIP vaccine costs do not default to funding by Vaccines For Children (VFC) or §317, in order to comply with instructions from CDC and CMS. The charges to MCO Investment are based on CDC calculation of the CHIP portion of the non-federal vaccine purchase. The current CDC algorithm identifies the CHIP vaccines at 4.6% of total State purchases (the balance is covered by revenue from Vermont insurance carriers). The MCO Investment amount, then, will be 4.6% of the non-federal vaccines purchased.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

III. Plan Departments and Allocation Methodologies

Plan Department 1:

Indirect Cost Allocations

Nature and Extent of Services: The State of Vermont, Agency of Human Services negotiates the annual State Wide Indirect Cost Allocation Plan (SWICAP) with the Federal Government. The approved statewide indirect costs applicable to VDH are included in the CAP and allocated to the appropriate benefiting objectives. VDH also receives allocations from the AHS Office of the Secretary.

Plan Dept.	Plan Dept. Name	Description	Allocation Method
1000.1	SWICAP	VDH Allocation of Statewide Indirect Costs	Relative Share of Department Salaries
1000.2	State Auditor's Office – Financial Statement & Internal Control Costs	VDH Allocation of Statewide Single Audit Indirect Costs	Relative Share of Department Salaries
1000.3	Attorney General's Office	VDH Allocation of Attorney General's Office Costs	Relative Share of Department Salaries
1000.4	AHS Secretary's Office	VDH Allocation of AHS Secretary's Office	Relative Share of Department Salaries
1000.5	AHS Field Services	VDH Allocation of the costs of AHS Field Services	Relative Share of Department Salaries
1000.6	AHS Information Technology	VDH Allocation of AHS I.T. costs	Relative Share of Department Salaries

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

Plan Department 2:

Administration

Nature and Extent of Services: The following plan departments, descriptions, and allocation methodologies are for costs associated with the Commissioner’s Office; Information Technology Services; Health Planning; and the Business Office. Certain of these costs (39002, 39003) are allocated to the Department of Mental Health as well as VDH because DMH are supported by these VDH Administration activities. In addition to these allocated costs, there are program codes (Plan Dept. codes) that were formerly listed under the VDH Mental Health or Vermont State Hospital which are now included here because there will continue to be direct charges to these programs from VDH (42005, 42014, 42015, 42755). They are not identified as new codes because they had been included in the VDH Plan prior to this reorganization. It is standard practice that any staff person in the department can code costs to any program code in the department if that code is the most appropriate description of the cost. These plan dept. codes are shown within this Division as an approximate guide to the most likely users of these codes. For editorial convenience, certain codes that were previously listed under the VDH Mental Health Division are now shown in this Administration section even though the actual costs may originate in other divisions.

Plan Dept.	Plan Dept. Name	Description	Allocation Method
39001	Administration-Departmental	Costs associated with overall management of VDH including: legal services, policy, development, planning, public affairs, administrative support, financial management and Board of Health activities.	Relative Share of Department Salaries

Plan Department 5:

Maternal and Child Health

The following plan departments, descriptions, and allocation methodologies are costs associated with the Maternal and Child Health Program, School Based MAC, Children with Special Needs Program, WIC, and Family Planning. (It is standard practice that any staff person in the department can code costs to any program code in the department if that code is the most appropriate description of the cost. These plan dept. codes are shown within this Division as an approximate guide to the most likely users of these codes.)

The Maternal and Child Health Division includes the School Based MAC Program code 39758. In a previous update to the Cost Allocation Plan (for the quarter beginning 7/1/2010), the Department submitted three documents describing the web-based random moment time study (RMTS) designed by the University of Massachusetts in cooperation with the Department. Subsequently, CMS Region I facilitated a telephone discussion of the time study procedures on February 3, 2011. Included in that telephone discussion were staff from CMS Region I, CMS Central Office, the Vermont Agency of Human Services, the Vermont Department of Health and the University of Massachusetts. Based on the advice offered during and after that discussion, the documents were revised. After CMS review of these revised materials, we had another telephone conference with CMS on July 14, 2011. Based on this advice, the documents were further revised and supplemental information was provided, and all documents were submitted to CMS August 26, 2011. The material is currently under review by CMS. Per CMS advice of 6/20/2011, these documents will be formally submitted to DCA subsequent to their approval by CMS.

Department of Mental Health (DMH)

I. Introduction

The Department of Mental Health (DMH) was established by the state legislature effective July 1, 2007.

Within this document we have included an overview of DMH's organizational structure and a list of the specific functions performed by DMH, referred to as plan departments or cost pools, and the allocation method for each function. Please note that the plan department numbers correspond to internal AHS program codes, from the state accounting system.

Although Mental Health is a separate Department, it continues to receive support services from staff in the Health Department, especially in the business office and in information technology. On July 1, 2009, certain staff were transferred from VDH to DMH in order to give DMH the capacity to provide its own budgeting and statistical services. As of December 31, 2009, VDH only provided IT support for DMH, as DMH moved to Waterbury. Accordingly, this Plan continues to provide a mechanism (Program Code 39002) for VDH IT staff costs to be allocated to DMH programs as appropriate. Costs of these services are distributed over both departments based on relative share of salaries.

II. Organization

The Mental Health Department contracts with 11 designated community agencies (DAs) to provide services to adults with severe mental illness and adults with less severe emotional or behavioral problems that still disrupt their lives; children and adolescents experiencing a serious emotional disturbance and their families; and anyone who is experiencing an acute mental-health crisis. Between 20,000 and 25,000 Vermonters currently receive mental health services from public providers. Approximately 9,800 clients receive community-based mental health services through Community Rehabilitation and Treatment (CRT) programs and Adult Outpatient programs in FY 2010.

Last year, 10,083 Vermont youth (7.7% of the estimated state population under age 18) were assigned to Children's Services programs in the public mental health system. These young Vermonters were either experiencing a severe emotional disturbance or were at substantial risk.

The contracted designated agencies also operate mental health Emergency Services Programs which are available 24 hours a day, seven days a week, responding to any individual experiencing a mental health crisis and to communities following natural disasters, accidental deaths, suicides and other traumatic events. Emergency programs also screen situations to determine if there is need for admission into involuntary and/or acute care arrangements. Approximately 3,200 Vermonters were served through these Emergency programs last year.

Inpatient services in Vermont State Hospital (VSH) are for involuntary emergency examinations and commitments in which adults have become dangerous to themselves or others or for psychiatric evaluations of competency to stand trial in criminal cases. The State Hospital, which has 54 beds, is Vermont's only public psychiatric inpatient facility. During FY 2010, VSH served 261 individuals, had 276 admissions and an average daily census of 46.6.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

On August 28, 2011 Tropical Storm Irene produced a devastating flood which wreaked havoc on the town of Waterbury including the State of Vermont office complex and the Vermont State Hospital (VSH). During the flooding emergency the VSH patients were safely evacuated to alternate locations. These included psychiatric units of other acute care hospitals, other community programs and a wing of a correctional center which was converted to a secure treatment program run by VSH staff. Among the alternate locations are Springfield Correctional Facility, Brattleboro Retreat, Second Spring in Williamstown, Fletcher Allen Health Care in Burlington, Chrysalis House in Waterbury, Robinson House and Hill House in Middlebury and The Pines in Lyndonville.

As the VSH patients were relocated to several facilities around the state, the Vermont State Hospital is not operating and earning revenue. It closed after the flood, 08/29/11. The VSH staff was relocated to several sites previously mentioned to assist in the higher level of care and to provide the supplemental services needed by these residents in these facilities. The VSH staff remained on the State payroll while performing these duties. These expenses are not included in the rates of these facilities. The State employees assisting at the Springfield Correctional Facility are being funded using State funds.

For the July 1 – September 30, 2011 quarter DMH charged VSH staff and expenses to State funds.

Expenditures related to Tropical Storm Irene from the quarter ended September 30, 2011 will be handled with prior quarter adjustments in the October 1 to December 31, 2011 quarter.

The CAP methodologies in the past have included the VSH costs also; therefore DMH has created new VSH cost centers for the post Irene dislocation that will have costs allocated to them. DMH will consider direct care to be program costs and there will be no duplicative billing or costs. DMH will consider non-direct care to be administrative expenditures. The three new DMH cost centers are VSH-Direct Patient Care at the Springfield Correctional Center (these costs are not Medicaid eligible), VSH-Direct Patient Care at all other locations (these costs are Medicaid eligible) and VSH-Administration and Program Support costs that benefit clients in all locations.

In addition, the Department of Mental Health received a FEMA Crisis Counseling and Training Program / Immediate Services Program Grant to provide group and individual crisis counseling related to Tropical Storm Irene. These emergency disaster funds provide for a contract with Washington County Mental Health for the counseling services and data collection.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

III. Plan Departments and Allocation Methodologies

Plan Department 1:

Indirect Cost Allocations

Nature and Extent of Services: The State of Vermont, Agency of Human Services negotiates the annual State Wide Indirect Cost Allocation Plan (SWICAP) with the Federal Government. The approved statewide indirect costs applicable to DMH are included in the CAP and allocated to the appropriate benefiting objectives. VDH also receives allocations from the AHS Office of the Secretary.
