State and Local Cost Allocation Plans

CERTIFICATION OF CENTRAL SERVICE COST ALLOCATION PLAN

This is to certify that I have reviewed the cost allocation plan submitted herewith and to the best of my knowledge and belief:

(1) All costs included in this proposal dated **June 29, 2015** to establish cost allocations or billings for the quarter ending **June 30, 2015** are allowable in accordance with the requirements of OMB Circular A-87, "Cost Principles for State, Local, and Indian Tribal Governments," and Federal award(s) to which they apply. Unallowable costs have been adjusted for in allocating costs as indicated in the cost allocation plan.

(2) All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the awards to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have accounted for consistently.

I declare that the foregoing is true and correct.

Agency Of Human Services Central Office (AHSCO)

I. Introduction

The following narrative represents the cost allocation plan (CAP) for the State of Vermont, Agency of Human Services (AHS). For purposes of this narrative, AHS is also referred to as the “Office of the Secretary”, as it is the Secretary’s Office that provides support functions, while all direct services, with the exception of certain grants, are administered by the departments that fall under this umbrella agency. The Departments which fall under AHS are Department of Children and Family Services (DCF); Department of Disabilities, Aging and Independent Living (DAIL); Department of Vermont Health Access (DVHA); the Vermont Department of Health (VDH); Department of Mental Health (DMH) and the Department of Corrections (COR). Appropriate costs allocated as benefitting the Agency of Human Services Central Office (AHS/AHS-CO) are further reallocated across all other agency-specific benefitting objectives.

The mission of the AHS Office of the Secretary is to:

- Ensure that citizens, policy makers, and service providers are knowledgeable about the well being of Vermonters;
- Promote integrated planning, delivery, and evaluation of resources and services; and
- Ensure that Agency resources (personnel, fiscal, technology, and space) are managed effectively.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

II. Organization

The AHS Secretary oversees the operations of the Agency, its divisions and departments. There are four divisions within the Secretary's office in addition to the Human Services Board, the Vermont Developmental Disabilities Council, Tobacco Evaluation and Review Board, Refugee Resettlement and SerVermont.

Division of Administrative Services:

The Division consists of multiple units that support the Office of the Secretary. The Fiscal Unit, made up of smaller units, is responsible for budget development and monitoring, preparation of quarterly cost allocation, management and accountability of federal funds, monitoring A133 audit issues, managing health care expenses and revenues, all financial reports and fiscal support to grant programs. This also includes processing routine operating expenses as well as administering Administrative Funds through a revolving load process with the Agency's departments. The Fiscal Unit also manages miscellaneous grants and contracts that are administered through Secretary's Office. The Division's Information Technology and Project Management Unit coordinates the deployment of new centralized systems and software applications that allows both Agency district offices and community sites to share data appropriately across geographic and organizational boundaries. Training, Administrative operations and Human Resources Investigations are also performed within the Office of the Secretary.

Division of AHS Healthcare Operations, Compliance and Improvement:

The Division works in partnership with communities and state entities to improve the well-being of Vermonters through the planning, coordination, and evaluation of human services. The Division engages in prevention planning, training and technical assistance, and evaluation with AHS Departments and other state agencies and non-governmental partners. It assists communities to assess their strengths and assets and to articulate clear and consistent goals, develop integrated and effective strategies, and deploy resources efficiently. The Division also engages in federal grant compliance monitoring and helps communities to evaluate their initiatives. The Division publishes annual summaries of Vermont State and community performance on more than 50 indicators of well-being.

Division of Rate Setting:

The Division audits and establishes choices for care payment rates for nursing facilities and private non-medical institutions for the Department of Children and Families Services (DCF) as well as intermediate care facilities for people with developmental disabilities for the Department of Disabilities, Aging and Independent Living (DAIL). Through the application of its rules, the Division evaluates the reasonableness and allowability of program budgets and expenditures to ensure both cost containment and quality of care.

Field Services Division:

This division has broad responsibility for the operations of all Agency of Human Services functions within each region. Regional Field Directors are charged with assuring the optimal functioning of the Agency, oversight of district offices and mobilization of the local community to design and implement a human services system which contributes to the health and well being of all Vermonters.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

Human Services Board:

The Board is a citizen's panel consisting of seven members created by the legislature pursuant to 3 V.S.A., Sec. 3090. Its duties are to act as a fair hearing board for appeals brought by individuals who are aggrieved by decisions or policies of departments and programs within AHS. The Board conducts hearings and issues written decisions in accordance with its rules and its statutory responsibilities. The Board also certifies Family Court copies of Child Support Orders issued by the Board prior to the creation of the Family Court.

Vermont Developmental Disabilities Council:

The Developmental Disabilities Council works to ensure that all people with developmental disabilities receive the opportunities, assistance, and services necessary to live independently and productively in integrated community settings. The Council engages in advocacy, capacity building, and systems change activities. It contributes to a self-directed and family-centered system of community services, individualized supports, and other forms of assistance that enable self advocates to exercise self-determination, to be independent, productive, and included in all facets of community life.

Tobacco Evaluation and Review Board:

The Board is an independent board established by (and accountable to) the Legislature for recommending an annual budget, program criteria and policy initiatives, and for review and evaluation of Vermont's Comprehensive Tobacco Control Program.

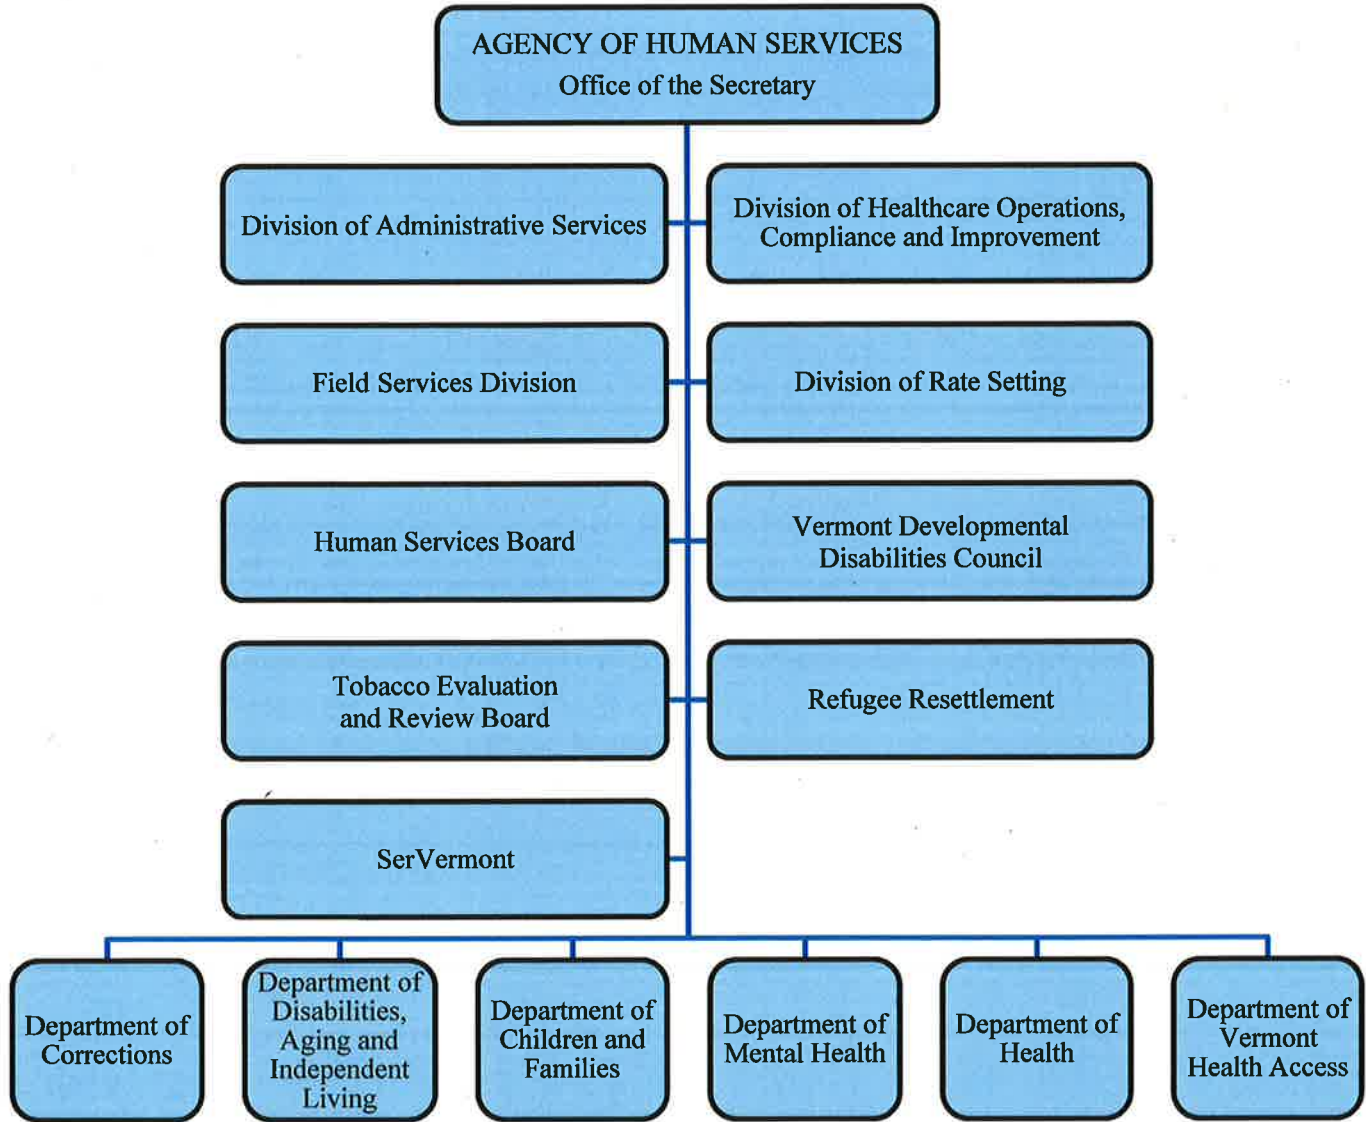

Refugee Resettlement:

The Refugee Resettlement program assists with the resettlement of refugees into a safe environment.

SerVermont

The Committee administers several federal grants to support community based initiatives throughout the state. The programs include the SerVermont VISTA Umbrella program, the Northeast Kingdom Initiative, the Vermont Youth Development Corps, and the Vermont Housing and Conservation Board.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

Department of Children and Family Services (DCF)

I. Introduction

The following narrative and supporting schedules represent the public assistance cost allocation plan for the State of Vermont, Agency of Human Services (AHS), Department for Children and Family Services (DCF). DCF is the “single state agency” for the Title IV-E, Title IV-B, Title IV-D, Temporary Assistance to Needy Families (TANF), and Food Stamps programs. DCF is also responsible for all Global Commitment eligibility processes performed in Vermont.

It is the mission of DCF to promote the social, emotional, physical, and economic well being and safety of Vermont’s children and families. This work is done through the provision of protective, developmental, therapeutic, probation, economic, and other support services for children and families in partnership with schools, businesses, community leaders, service providers, families, and youths statewide.

The major Divisions and Offices within DCF include the following:

- The Child Development Division ensures a statewide system that promotes and supports safe, accessible, quality childcare for Vermont families.
- The Office of Child Support (OCS) establishes and enforces child support court orders, locates missing parents, and ensures the steady flow of economic support to Vermont children.
- The Division of Family Services administers juvenile justice services, including the Woodside facility and administers child welfare services, including foster care and adoptive services.
- The Economic Services Division manages the SNAP program, Welfare-to-Work (Reach Up), Home Heating Assistance, General and Emergency Assistance, the Essential Person program (AABD), Choices for Care Waiver and Global Commitment.
- Disability Determination Services consists of professional disability examiners who work with part-time medical doctors representing a number of medical specialties.
- The Office of Economic Opportunity (OEO) seeks to increase the self-sufficiency of Vermonters and strengthen Vermont communities by connecting communities to governmental and private resources to eliminate poverty through weatherization services, support for community-based organizations engaged in anti-poverty efforts, and food and nutrition services.

Within this document, we have included an overview of DCF’s organizational structure and a list of the specific functions performed by DCF, referred to as plan departments or cost pools, and the allocation method for each function. Please note that cost pools are developed based on VISION program codes. VISION is the State of Vermont’s accounting system.

Plan Department 8:

Office of Child Support

Nature and Extent of Services: The Office of Child Support (OCS) establishes and enforces child support court orders, locates missing parents, and ensures the steady flow of economic support to Vermont children.

Vision Program Code	Plan Dept. Name	Description	Allocation Method
38010	Administration	Unit is responsible for the entire Vermont Office of Child Support program. This includes providing support for all facets of child support operations, including policy and procedures; developing goals, standards, and performance measures; technological functions; business functions; training; administrative support; legal supervision; legislation; strategic planning; and management.	Employee Salaries Across Office of Child Support (OCS)
38020	Cash Receipts Unit	This unit performs child support accounting functions as well as billing activities (bills are sent to non-custodial parents and employers) and the maintenance of arrearage information on child support cases. This unit performs all payment receipting and disbursement functions for public assistance and non-public assistance cases.	IV-D Cases vs. Non-IV-D Cases
38030	Customer Service Unit	This unit responds to telephone inquiries involving child support and researches complex issues for customers calling OCS. This allows field operations staff time to be attentive to the establishment, modification, and the enforcement functions for customers in the continued process of collecting child support for families.	IV-D Customer Contacts vs. Non-IV-D Customer Contacts

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

Vision Program Code	Plan Dept. Name	Description	Allocation Method
38040	Records Center	This unit receives all court orders and enters data from the court order into the mainframe computer. All applications for child support services come to this unit and this data is entered as well. The unit stores and controls all case files and hard copy documents for legal actions in Field Operations, Cash Receipts, Registry, Customer Service, Interstate, Intercept, Legal, and the Administration Units.	IV-D Cases vs. Non-IV-D Cases
38050	Program Development	This unit is responsible for the planning, coordination, and development of policies, procedures, and state plan for the IV-D program.	Direct to Title IV-D
38060	Interstate Central Registry	This unit provides support for processing all actions necessary to establish, modify, and enforce child support orders when the custodial or non-custodial parent is out of state. The unit also houses the Parent Locator function that finds absent parents. The Parent Locator service searches and locates parents in order to secure child support for families.	Direct to Title IV-D
38070	Legal	Costs incurred by the legal unit including sheriff services, recording fees, etc. This cost pool does not include family court cost, staff attorney or paralegal positions.	Direct to Title IV-D

Department of Disabilities, Aging and Independent Living (DDAIL)

I. Introduction

The following narrative and supporting schedules represent the public assistance cost allocation plan (PCAP) for the State of Vermont, Agency of Human Services (AHS), Department of Disabilities, Aging and Independent Living (DDAIL). DDAIL is responsible for administering Title III funded programming, Section 110 programming and developmental disabilities case management services for the State of Vermont.

DDAIL Mission Statement

The Department of Aging and Independent Living is the center of the Agency of Human Services' program management and policy development with respect to older persons and persons with disabilities. The Department has the following goals:

- Assist older persons and adults with physical disabilities to live as independently as possible.
- Assist persons with disabilities to find and maintain meaningful employment.
- Assure quality of care and life to individuals receiving health care and/or long term care services from licensed or certified health care providers and protect elderly and disabled adults from abuse, neglect and exploitation.

Within this document, we have included an overview of DDAIL's organizational structure and a list of the specific functions performed by DDAIL, referred to as plan departments or cost pools, and the allocation method for each function.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

II. Organization

The major programs at DDAIL are organized under the following divisions:

****It is important to note that effective 7/1/13 DAIL changed its organizational structure. You'll see in the CAP narrative that the Division of Disabilities and Aging Services was split into two divisions. One being the Adult Services Division (CFC, ASP, Nursing Homes, etc..) and the other being the Developmental Disabilities Services Division (DS, Guardianship Services, and TBI).**

Adult Services Division - These activities center around developing, overseeing and enabling access to a system of services which assist older persons and persons with disabilities to live as independently as is possible. Includes overseeing a variety of services, such as nutrition, attendant care, homemaker, adult day, respite, transportation, benefits counseling, advocacy, service coordination, information and referral, and, and legal assistance.

Developmental Disabilities Services Division – Oversees the services that help children and adults with developmental disabilities to live as independently as possible within their family, home and community, acting as the appointed (public) guardian for some persons age 60 and over.

Blind and Visually Impaired - These activities offer a wide range of vocational, independent living, social and advocacy services to individuals who are blind or visually impaired.

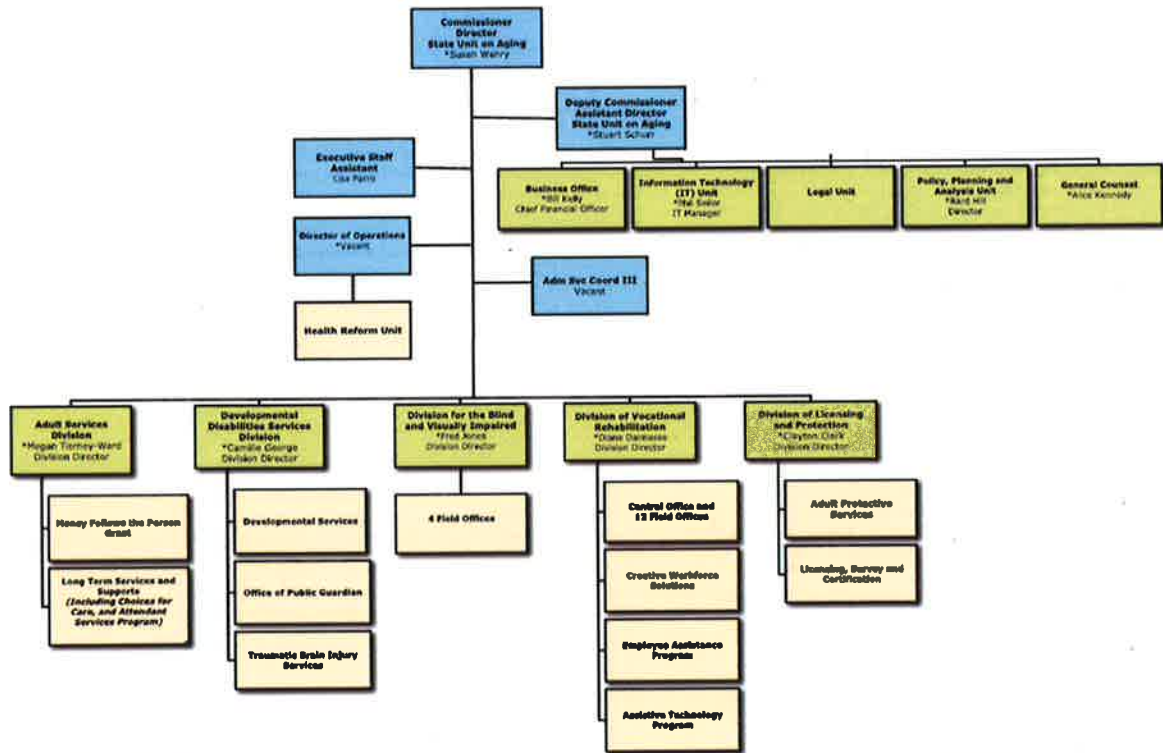

Vocational Rehabilitation - These activities are designed to assist persons with disabilities to obtain or maintain employment or independence consistent with their interests and abilities.

Licensing and Protection - These activities include the regulation of a variety of health care and residential facilities, and investigating adult abuse and/or neglect.

Also DDAIL has a Intergovernmental agreement with DVHA pertaining to the Global Commitment Health Waiver.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

**Department of Disabilities, Aging, and Independent Living (DAIL) Organizational Chart

Department of Vermont Health Access (DVHA)

I. Introduction

The DVHA is the State office responsible for the management of Medicaid, the State Children's Health Insurance Program (CHIP), and other publicly funded health insurance programs in Vermont. The DVHA is the largest insurer in Vermont in terms of dollars spent and the second largest insurer in terms of covered lives.

The mission of the DVHA is to:

- Assist beneficiaries in accessing clinically appropriate health services.
- Administer Vermont's public health insurance system efficiently and effectively.
- Collaborate with other health care system entities in bringing evidence based practices to Vermont Medicaid beneficiaries.

The DVHA is lead by the Department of Vermont Health Access Commissioner, Deputy Commissioner, Medicaid Policy, Fiscal and Support Services Division, Deputy Commissioner, Health Services and Care Management, the Deputy Commissioner of Healthcare Reform, the Health Exchange Deputy Commissioner, and the Medical Director. The Department of Vermont Health Access Commissioner is responsible for oversight of all of DVHA's operations. The Health Services and Care Management Deputy Commissioner, is primarily responsible for data analysis, health programs integration, and pharmacy and program integrity. Deputy Commissioner of Medicaid Policy, Fiscal and Support Services is responsible for policy, provider relations, benefit coordination, reimbursement and administrative services. The Deputy Commissioner of Healthcare Reform is responsible for oversight of Healthcare Reform initiatives excluding the Vermont Blueprint for Health division. The Health Insurance Exchange Deputy Commissioner is responsible for oversight of all Healthcare Exchange related activities, including the development and implementation of the Healthcare Exchange. The Medical Director is responsible for clinical operations, chronic care management and care coordination.

During the fall of 2005, the State received approval from the Centers for Medicare and Medicaid Services (CMS) for a Section 1115 Medicaid Waiver known as "Global Commitment to Health Waiver". The Waiver allows the State to fundamentally restructure the Medicaid program and imposes a cap on the amount of federal funding available for services for the Medicaid population. The State exchanged the risk of operating under a capped funding arrangement for the opportunity to use federal Medicaid funds for non-Medicaid health programs.

The goals of the Waiver include:

1. Financial and programmatic flexibility to help maintain public health care coverage and provide for more effective services.
2. To lead in exploring new ways to reduce the number of uninsured.
3. Foster innovation within health care by focusing on health care outcomes.

The five-year Waiver term became effective October, 2005, and allows the State to deviate from traditional federal Medicaid law and regulations in the following key ways:

1. Imposes a global cap on federal funds.
2. Establishes the DVHA as a managed care entity (MCE).
3. Allows the State to used federal Medicaid funds for state fiscal relief and non-Medicaid health programs.
4. Provides flexibility to reduce benefits, increase cost sharing, and limit enrollment for optional and expansion populations with some limits.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

I. Introduction (continued)

Within the Agency of Human Services (AHS), the Waiver will allow cross-departmental initiatives to obtain the greatest value from scarce health care dollars. The flexibility of the Waiver allows the State to effectively manage public resources, provide the tools necessary to make health care programs fiscally sustainable, and improve the Vermont health care system.

Under the Global Commitment to Health Waiver, the DVHA is an MCE, and must meet rules for Medicaid MCEs. The DVHA has intergovernmental agreements (IGAs) with the AHS and AHS departments that make them part of the MCE within the framework of the Global Commitment to Health Waiver. The State desires to use the Global Commitment to Health Waiver flexibility to integrate a Chronic Care Management Program (CCMP) into a system of care that can be used to benefit Medicaid beneficiaries, providers, and the DVHA.

Other Departmental Claiming

The following AHS Departments also claim allowable administrative to the Medicaid program, such as school-based and child welfare related costs

Vermont Department of Health (VDH)

I. Introduction

The Vermont Department of Health (VDH) has nine divisions within three appropriations, as follows:

Administration appropriation

- Administration division

Public Health appropriation

- Public Health Preparedness
- Health Surveillance
- Maternal and Child Health
- Health Promotion and Disease Prevention
- Office of Local Health
- Medical Practice Board
- Environmental Health

Alcohol and Drug Abuse Programs appropriation

- Alcohol and Drug Abuse Programs division

VDH's mission statement is as follows:

Mission: To protect and promote optimal health for all Vermonters.

Vision: Healthy Vermonters living in healthy communities.

Goals:

1. Effective and integrated public health programs
2. Communities with the capacity to respond to public health needs
3. Internal systems that provide consistent and responsive support
4. A competent and valued workforce that is supported in promoting and protecting the public's health
5. A public health system that is understood and valued by Vermonters
6. Health equity for all Vermonters

Within this document we have included an overview of VDH's organizational structure and a list of the specific functions performed by VDH, referred to as plan departments or cost pools, and the allocation method for each function. Please note that the plan department numbers correspond to internal AHS program codes from the state accounting system.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

II. Organization

VDH is organized into nine divisions, as listed above. For the implementation of Global Commitment, VDH activities are based on an Inter-Agency Agreement with DVHA. DVHA is the Public Managed Care Organization (Public MCO) for all enrollees under the Global Commitment to Health Waiver. The AHS, as the Single State Agency, will provide oversight of the DVHA in that capacity.

Administration:

The Administration appropriation includes:

- The Commissioner's Office
- Health Planning
- Information Technology Services
- Business Office

The Commissioner's Office provides policy direction and guidance to staff and programs of the Department. In addition, the Office keeps the public informed of issues that may affect their health and wellbeing through press releases, press conferences and responding to multiple daily press inquiries seeking information related to matters affecting public health. Information on community health is made available to the public through the periodic release of the *Health Status Report* and through establishing broad health goals such as are included in *Healthy Vermonters 2020*.

Health planning provides grants to support health systems improvements throughout the state as well as strategic planning for the VDH activities.

Information technology services maintain a 500+ user network serving 15 sites statewide. Staff development, support and maintain a large number of custom software applications serving department programs. The unit supports a key national public health initiative to develop a national electronic disease surveillance and reporting system.

The business office provides financial and logistics support for all department operations, including budget and grants management services. Budget and grants management staff manages the department's overall budget and spending. The unit manages the budgets for the nearly 100 federal and foundation funding sources that make up two thirds of the department's budget.

Public Health Preparedness:

This division includes

- Public Health Preparedness Administration
- Emergency Preparedness
- Emergency Medical Services
- Radiological Health

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

Health Surveillance:

The Health Surveillance division includes:

- Public Health Laboratory – performs laboratory tests annually to identify infectious disease toxins or contaminants in air, food, water and clinical samples;
- Epidemiology – investigates and monitors reportable diseases and operates programs that provide service and prevention for sexually transmitted disease, HIV/AIDS, hepatitis and tuberculosis;
- Immunizations – provides vaccine to children and adults, assures adherence to vaccination procedures and policies;
- Chronic Disease – investigates and monitors chronic disease-Public Health Statistics – provides statistical and analytical support to all department programs, maintains and analyzes vital records, conducts health surveys and operates the Vermont Cancer Registry.
- The Office of the Chief Medical Examiner – performs autopsies and investigates unexpected deaths from violence, injury, suicide, drugs or other circumstances;

Maternal and Child Health

- Maternal and Child Health – administers the Maternal and Child Health federal block grant and monitors and works to improve the system of health care for women, children and families, including the work through the School Based Medicaid Administration Claiming (MAC) and the Vermont Child Health Improvement Project at the University of Vermont;
- Children with Special Health Needs – provides and/or assures that health care and support services are available to children (0-21) who have complex health problems and to their families;
- WIC – federally funded program to enhance the health of infants, young children, pregnant women and new mothers.

Health Promotion and Disease Prevention (HPDP)

- HPDP Administration
- Tobacco Control
- Health Promotion
- Dental Health
- Ladies First
- Chronic Disease

Office of Local Health (OLH)

- District Offices Around the State – provide the essential health promotion and disease prevention services necessary for an effective public health system. It is through these district offices that most Health Department programs reach the people of Vermont, including
 - Healthy Babies, Kids & Families – health care and support services through pregnancy and delivery and for infants and children from birth to 5 years;
 - WIC – federally funded program to enhance the health of infants, young children, pregnant women and new mothers;
 - EPSDT – consists of two main components: (1) assuring the availability and accessibility of required health care resources; and (2) helping Global Commitment recipients and their parents or guardians effectively use these resources;

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

Board of Medical Practice:

The Board of Medical Practice licenses physicians, podiatrists and physician assistants. The Board investigates all complaints and charges of unprofessional conduct against any person subject to its jurisdiction. The Board is also required by law to create individual profiles on all health care professionals licensed, certified or registered by the department and make these profiles available to the public.

The following new division was established effective 7/1/2012, containing programs that had been located in other divisions, primarily in the Health Surveillance division.

Environmental Health:

- Administration
- Environmental Tracking
- Healthy Homes and Childhood Lead Poisoning Prevention
- Asbestos and Lead Regulation
- Radiology and Toxicology
- Food and Lodging

Alcohol & Drug Abuse Programs:

The Alcohol and Drug Abuse Program appropriation funds:

- Alcohol and Drug Research and Planning – conducts surveys and analysis to determine the prevalence of substance abuse and treatment needs of communities. Conducts program and fiscal monitoring data analyses and evaluations of key ADAP prevention, intervention and treatment services to ensure their accessibility, appropriateness, quality and cost effectiveness. Manages and monitors federal data grants and SAPT block grant data reporting.
- Alcohol and Drug Abuse Treatment – manages and provides quality assurance for the state’s substance abuse treatment system including monitoring programs and licensing of substance abuse counselors. Operates the Drinking Driver Rehabilitation (CRASH) program. Manages student assistance programs. Funds treatment services for VHAP and uninsured clients. Manages and monitors Global Commitment funding of treatment providers.
- Alcohol and Drug Prevention – collaborates with the Department of Education to help schools and colleges develop comprehensive alcohol and drug abuse prevention programs. Provides funding for prevention programs through grants to schools and community agencies and monitors implementation and results.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

III. Plan Departments and Allocation Methodologies

Plan Department 1:

Indirect Cost Allocations

Nature and Extent of Services: The State of Vermont, Agency of Human Services negotiates the annual State Wide Indirect Cost Allocation Plan (SWICAP) with the Federal Government. The approved statewide indirect costs applicable to VDH are included in the CAP and allocated to the appropriate benefiting objectives. VDH also receives allocations from the AHS Office of the Secretary.

Plan Department 2:

Administration

Nature and Extent of Services: The following plan departments, descriptions, and allocation methodologies are for costs associated with the Commissioner's Office; Information Technology Services; Health Planning; and the Business Office. It had been standard practice that any staff person in the department can code costs to any program code in the department if that code is the most appropriate description of the cost until the May 16, 2013 payday. At that time the State of Vermont converted to a new payroll system. The only Cost Allocation implication of this new payroll system is that employees are given a limited number of program codes from which to choose. However, the practice is to add program codes to employees' list of available codes upon request so that any program code is made available to any employee. We do not expect changes in the pattern of time reporting as a result. These plan dept. codes are shown within this Division as an approximate guide to the most likely users of these codes.

Plan Department 5:

Maternal and Child Health

The following plan departments, descriptions, and allocation methodologies are costs associated with the Maternal and Child Health Program, School Based MAC, Children with Special Needs Program, WIC, and Family Planning. (It is standard practice that any staff person in the department can code costs to any program code in the department if that code is the most appropriate description of the cost. These plan dept. codes are shown within this Division as an approximate guide to the most likely users of these codes.)

The Maternal and Child Health Division includes the School Based Medicaid Administration Claiming (MAC) program, code 39758. A key element in this program is the web-based random moment time study (RMTS) designed and implemented by the University of Massachusetts, our contractor, in cooperation with the Vermont Department of Health (VDH). VDH submitted descriptions of the RMTS to the Division of Cost Allocation and then to CMS in 2010 and 2011. There were a series of phone conversations with CMS and revisions and re-submission of documents describing the implementation of the RMTS during 2011. A letter approving Vermont's RMTS was sent by CMS Region I on May 16, 2013. Vermont did not receive this letter, however, until a copy was forwarded by DCA on November 25, 2014. The CMS letter approved the RMTS subject to ten conditions. Vermont accepts these conditions. Specifically,

1. Vermont agrees to amend this Cost Allocation Plan whenever there is a change from the RMTS methodology approved by CMS.
2. Vermont agrees that any CMS guidelines related to RMTS or other elements of our claims will be promptly incorporated into our program on a prospective basis.
3. Vermont agrees to seek CMS advance review of any forms or documents that are subsequently developed for this program.
4. Vermont agrees to continue to monitor the overall implementation of the RMTS and to review all claims submitted.
5. Vermont agrees to monitor the RMTS for appropriateness of the use of activity codes by coders and for the proper implementation of the RMTS methodology.
6. Vermont agrees to report to CMS any changes in: the number of RMTS moments to be included in the sample (as described in the "VDH Implementation Guide for Statewide RMTS," Section 1(B) and Appendix A, Section II); the statistical validity of the sample selection and sample results; any changes in the criteria for inclusion of contractual staff in the sample; and any changes in services or administrative activities performed.
7. Vermont agrees to provide oversight of any outside entity contracted to operate or monitor the time study, as described in the "VDH Implementation Guide for Statewide RMTS," Section II, "Oversight and Monitoring."
8. Vermont agrees to submit any changes from the approved plan to CMS prior to implementation. Any such changes will be submitted as a change to this Cost Allocation Plan.
9. Vermont agrees that any costs claimed are subject to review or audit.
10. Vermont agrees to monitor the time study to assure proper use of activity codes and proper application of the methodology.

Department of Mental Health (DMH)

I. INTRODUCTION

The Department of Mental Health (DMH) was established by the state legislature effective July 1, 2007.

Within this document we have included an overview of DMH's organizational structure and a list of the specific functions performed by DMH, referred to as plan departments or cost pools, and the allocation method for each function. Please note that the plan department numbers correspond to internal AHS program codes, from the state accounting system.

Our cost allocation plan (CAP) narrative is broken out into organizational areas called "cost centers" that are based on the sections of our organizational chart. Cost centers are comprised of various plan departments or units of cost that fall under each cost center.

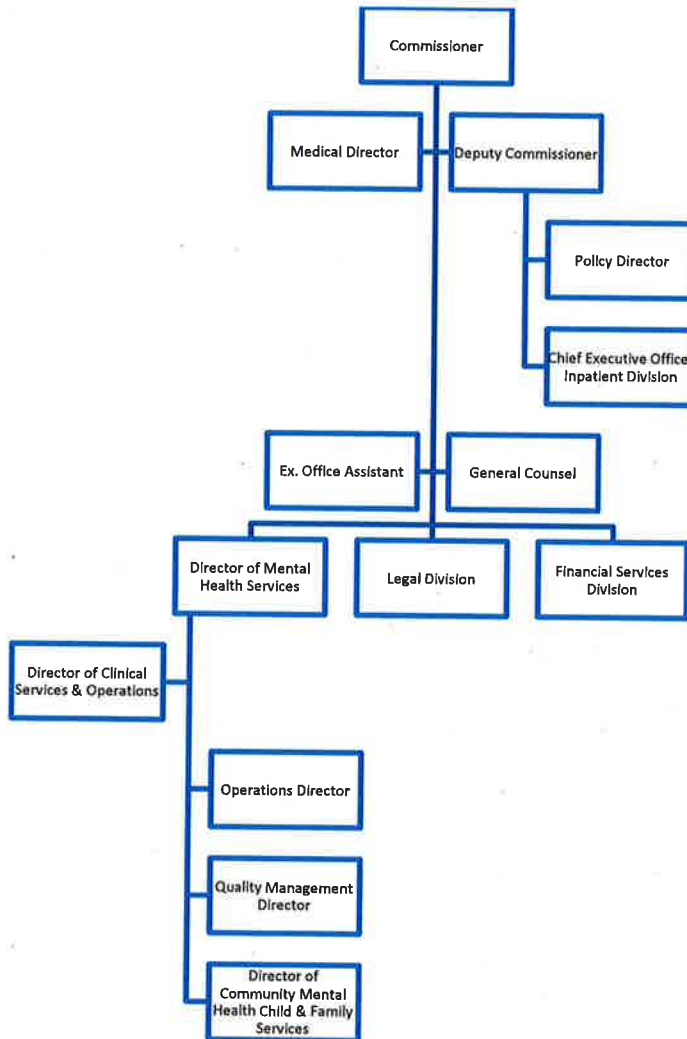

Staff at DMH direct code their time to the programs they support throughout their work day. DMH staff enter their time into the state's payroll system. When staffs enter timesheet information, they "direct code" their time, and the data feeds the VISION accounting system. Staff performing support functions will use their assigned VISION code unless they work on a specific function where they are required to direct code their time to a specific function or program. Staff who works across multiple programmatic and direct service areas will code their time appropriately to multiple VISION codes. 100% of staff time is recorded. As a result, the staff costs in each VISION code are from staff recording their time, and an individual's cost may appear in more than one code, though it cannot exceed the total cost of that employee.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

II. Organization

DMH has set up our cost allocation plan narrative to mirror the organizational structure under which it operates. Section VI of this document describes, in narrative form, our cost allocation process. We have included a table that breaks out each of our cost pools, which mimic the boxes below on the organization chart; the narrative and organizational chart crosswalk to one another, and the narrative further describes the programs that the units within DMH administer.

DEPARTMENT OF MENTAL HEALTH

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

DMH contracts with ten designated community agencies (DAs) and one two specialized service agency (SSA) to provide services to adults with severe mental illness and adults with less severe emotional or behavioral problems that still disrupt their lives; children and adolescents experiencing a serious emotional disturbance and their families; and anyone who is experiencing an acute mental-health crisis.

The contracted designated agencies also operate mental health Emergency Services Programs which are available 24 hours a day, seven days a week, responding to any individual experiencing a mental health crisis and to communities following natural disasters, accidental deaths, suicides and other traumatic events. Emergency programs also screen situations to determine if there is need for admission into involuntary and/or acute care arrangements.

On August 28, 2011 Tropical Storm Irene produced a devastating flood which wreaked havoc on the town of Waterbury including the State of Vermont office complex and the Vermont State Hospital (VSH). The Waterbury facility, where the majority of state human services staff worked, is no longer occupied. Psychiatric Services for these patients are provided at Brattleboro Retreat (BR), Rutland Regional Medical Center (RRMC), Fletcher Allen Health Care (FAHC) and Green Mountain Psychiatric Care Center (GMPCC). Vermont opened a new 25 bed acute care hospital called Vermont Psychiatric Care Hospital (VPCH at the Berlin location) on July 1, 2014 at which time the Green Mountain Psychiatric Care Center closed and staff and patients transferred to VPCH.

* With the October 1, 2005 implementation of the Global Commitment to Health 1115 Waiver, all administrative costs allocated to the Global Commitment Waiver are now claimed at the program rate.

III. FEDERAL AND STATE PROGRAMS

Vermont operates under a Medicaid waiver. The Global Commitment to Health Section 1115(a) Demonstration is designed to use a multi-disciplinary approach including the basic principles of public health, the fundamentals of effective administration of a Medicaid managed care delivery system, public-private partnership, an initiative in employer sponsored health insurance, and program flexibility. Specifically, Vermont expects to demonstrate its ability to achieve universal access to health care, cost containment, and improved quality of care. The initial Global Commitment to Health Demonstration was approved in September of 2005. As a result of the waiver, DMH allocates cost to Global Commitment (Program) and Global Commitment (Investment) based on the type of expenditure and what was determined between the Centers for Medicare and Medicaid Services (CMS) and the Department of Vermont Health Access (DVHA).
