CLARIFICATION

Mobile Crisis Services Town Hall

Vermont was one of twenty states awarded a Federal CMS planning grant to support the expansion of community-based mobile crisis intervention services for Medicaid beneficiaries across the lifespan. This planning grant provides a unique opportunity to build on Vermont's longstanding mobile crisis services.

To ensure broad input and an inclusive process, the Vermont Agency of Human Services (AHS) is holding a virtual Town Hall. During the Town Hall AHS intends to:

- Provide an overview of the CMS grant and community mobile crisis guidance
- Discuss the key requirements for implementing the Medicaid mobile crisis intervention services
- Highlight Vermont's planning grant priorities
- Secure participant input and discuss ways interested parties can remain involved throughout the planning process.

The meeting will be recorded and posted publicly. Please contact Amanda Kanaley of Health Management Associates (HMA) for any questions or concerns, if you need accommodations to participate, or if you need Communication Access Real-Time Translation (CART) or American Sign Language interpretation.

She can be reached at akanaley@healthmanagement.com.
